MEMORANDUM

TO: Sheri Wituki, Contract/Grant Analyst
DAS, Finance

FROM: Michael J. Grange, P.E. 
Assistant Executive Secretary

DATE: July 15, 2021

SUBJECT: Glen Canyon SSD of Big Water
Agreement # 3S1801P
Tax ID # 87-0413039
Contract # 220180

Attached is a planning grant agreement in the amount of \$39,300 to Glen Canyon Special Service District of Big Water. The funding was authorized by the Drinking Water Board on May 20, 2021. It will be paid from Fund 5240 once expenditures have been submitted and approved.

Please sign the agreement and return it to Elisa Brawley at ebrawley@utah.gov in the Division of Drinking Water, Dept of Environmental Quality #4830. If you have any questions, please call Skye Sieber at (385) 515-0038 or at sasieber@utah.gov. You may also contact Sandy Pett at (801) 536-4212 or at spett@utah.gov.

Thanks

STREET		JOB NAME <i>Valve Replacement</i>	
CITY, STATE and ZIP CODE <i>Big Water, UT</i>		LOCATION <i>Various locations</i>	
ARCHITECT	DATE OF PLANS		JOB PHONE

We hereby submit specifications and estimates to:

Replace failing gate valves and leaking 2" pressure reducer bypass line:

Several 6" gate valves in the SITLA portion of town are unable to close completely, making repairs or additions to those lines very time consuming and disruptive to these residences. It is our opinion eight new valves are needed to replace the failed valves, or to be placed where no valves currently exist.

Removal/replace 6" Gate valve: 3,280⁰⁰ Each

The 2" pressure reducing bypass line at Ethan Allen + hwy. 89 is leaking & needs replacing. 4,280⁰⁰

We Propose hereby to furnish material and labor — complete in accordance with above specifications, for the sum of:

_____ dollars (\$ _____).

Payment to be made as follows:

All material is guaranteed to be as specified. All work to be completed in a workmanlike manner according to standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents or delays beyond our control. Owner to carry fire, tornado and other necessary insurance. Our workers are fully covered by Workman's Compensation Insurance.

Authorized Signature

A handwritten signature in black ink, appearing to read 'Tony K. McGee'.

Note: This proposal may be withdrawn by us if not accepted within _____ days

ACCEPTANCE OF PROPOSAL — The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as outlined above.

RE: Big Water IFFP, IFA, and Construction Standards

Dear David,

Enclosed please find invoice #133718 in the amount of \$39,300.00 for services rendered through April 2023. This invoice is for the above referenced projects. The work on the Culinary Water Master Plan was completed previously and we have now wrapped up the Construction Design Standards task. I emailed the draft document for this on May 4th. Please let me know if you have any comments or questions.

Since the project is complete the Town should be able to receive final reimbursement from the State DDW. Let me know if you have questions or need help with that process.

It is our pleasure to work with Big Water Town. If you have any questions or comments or need further explanation regarding this invoice or any other matter, please feel free to give us a call, 435.652.8450.

Sincerely,

Carole Ingalls

CLUFF BROTHERS DRILLING.

Date 08/02/2023

Estimate

Address
Attention: David Schmuker
Big Water, UT

10" diameter public supply well

Estimate is based on a 900' well depth.

<i>Activity</i>	<i>Description</i>	<i>Qty</i>	<i>Rate</i>	<i>Amount</i>
Drilling	Borehole and casing	900'	\$225	\$202,500
Screen/Filter	Stainless steel screen	100'	\$650	\$65,000
Formation stabilization	Formation stabilization		\$5000	\$5000
Surface seal	100' Concrete seal		\$5000	\$5000
Development	Air dev	24hrs	\$500	\$12000
				\$289,500

Estimates are based on drillers experience and other wells in the area. Cluff Brothers Drilling will not exceed estimated quantities without customer consent. Equipment and services, such as pumps or abandonment are not included in the estimate if not specifically listed above. If significant changes are needed due to formations encountered owner will be contacted to discuss changes to methods and prices. Owners are responsible for suitable access. We will not be responsible for any damages including but not limited to roads and cattle guards, etc.
