Mr. L. W. Tyner was present in regard to dances at Town Hall. In addition to following resolution passed by the Board Feb. 19, 1931 (see page 1), Mr. Tyner stated that an inspector should be present at each dance, and that an additional sum of \$2.00 to cover cost of inspector should be charged the person or persons renting the Hall. Water
Pumping System
Sal. Plat

Mr. Holworth was present in regard to the water situation in Gallagher Plat. He inquired as to the cost of putting in a pumping system for that section. Total cost of material & labor as quoted by the Crane Co. was approximately \$4,765.⁰⁵. ^{Stenographer's statement filed} Then Mr. Holworth went to the City Water Department next, and Mr. Lem Smith gave him the following estimate of putting in city water.

1- 6" pipe together with necessary shut-offs and hydrants, \$2.00 per foot. There are approximately 2100 feet. This would make \$4,200.- for the installation of the pipe line to handle the plat.

2- This amount must be paid in advance.

3- Property owners must apply for annexation upon connecting.

4- Servicing each house \$30.00.

5- 5" meter \$15.00

6- \$5.00 deposit of all water bills.

All except the first item of this would also have to be added to the cost as shown by the Crane Co.'s estimate.

The annexation could be probably be deferred for about seven years. For the above letter in detail, see files (under "Health").

Co. Trunk T.

July 24, 1931 - 8:00 P.M.

A meeting was held at the Town Hall for the purpose of hearing the people living on the Marshall Road or Country Trunk T. Three members of Board & Clerk present.

About 33 were present. The Chairman asked to hear from those present in regard to the matter. Mr. Milo Swanton said the dust was so bad it was practically impossible to see cars when driving on the road, etc., it was dangerous. He said a petition had been signed by those living on the road, then taken to the County Highway Commission. The Co. said that T. was not on the program for Tarrina this year, but agreed to help if the Town would, half & half proposition.

Mr. Chas. Lansing said that something would have to be done as the dust was so bad (clothes could not be hung out, etc.) He thought that as taxes had been collected from the people on the road they should receive some benefit, too.

Mrs. Swanton (Milo) stated that the dust was so bad it was practically impossible to stand it. As those living on the road were taxpayers, they should receive help.

Cost was \$1,000 per mile. Three miles would have to be siled. Board suggested siling half this year & the rest next year, but the people objected to that.

Mr. Fred Brandt stated that he didn't think it was fair for the town to help the county. As it was a County road, the County should take care of it.

Amendment to
Zoning Ordinance

Board met at the Town Hall for the purpose of holding the hearing for the amendment of the zoning Ordinance as petitioned. Three members of Board & clerk present.

Mr. Fenrite called the meeting to order, and asked if there was any one present who wished to appear in favor of changing Lots 3 & 4, Block 1, Shore Acres, to business lots (instead of residential). No one appeared. Mr. L. H. Lyerne, who petitioned for the change, did not appear.

Mr. Fenrite then asked to hear from anyone against the change.

Mr. A. S. Jackman said he was against it. He said Mr. Lyerne had put up the chicken fence on the lots and that did not look well. But if small cabins were erected on the lots it would be worse. It would be anything but quiet with tourists coming & going any hour of the day & night. Mr. Jackman said he wanted it kept strictly residential.

Mr. H. J. Robt was against the change. Mr. Benson appeared for Mrs. Melas & Mrs. Lorgerson, both being against the change. Mr. Henry Pomeroy, Mr. Alfred Alman & Mr. Wagner appeared against the change. Mr. Jackman presented a letter from Thor Hosten, who was against the change. Mr. H. J. Wilson appeared for the Monona Farms Co., against the change.

Mr. Perry Peterson was against the change. Mr. Schellberg, Monona Drive, sent his objections to the change of ordinance. Those appearing against said they were against the cabins as they would not look well in a residential district, and they were against any kind of store or filling station as they wanted it kept strictly residential.

Motion was made by Mr. Fenwick that the petition be denied. Motion unanimously carried.

The problem of school children crossing from the Monona Farms to Shore Acres was brought up again, being dangerous for the children. After some discussion it was suggested that a committee go before the County & see if some protection could not be obtained. A sign stating sidewalk crossing perhaps would warn the drivers to slow down.

Orders were drawn per order register.

Hearing
Re-assessment
Benefits
Frost's Road.

All three members of Board & Clerk were present at a meeting at the Town Hall, for the purpose of re-assessing the cost of improvements on the lots abutting on Burton St., Graham Drive & Woodlawn Blvd. in Frost's Woods. Andrew Shallen, R. J. Reynolds & L. B. Stone were present in regard to re-assessments. Mr. Stone presented the same problem of assessing lots as he did at a former meeting, held Sept. 8, 1931, (see page 53) stating that Woodlawn Blvd. between stations 10+66 & 22+21 should be lowered & cost put on to ^{lots} streets abutting on Graham & Burton Sts., as 10¢ per foot was being charged & owners on Woodlawn Blvd. as mentioned above. After some discussion

it was decided to lower the cost of improvement 5¢ per foot on Lots 1-19 inclusive, Blk. 1, Frost's Woods; Lots 1-6 inc., Blk. 2, Lots 4-7, inc. Blk. 6 and Lots 1-6 inc., Blk. 9, all of Frost's Woods, making the cost 31¢ per foot instead of 36¢, and to raise cost of improvement 5¢ per foot on Lots 1-7 inclusive, Blk. 2, and Lots 39, 35, 36 & 37. ^{making the cost 41¢ per foot instead of 36¢.} This averages the cost so that the lots on Woodlawn Blvd. may be charged the additional 10¢ per foot by the Land Co., & the total cost will be the same as the other streets. This plan was satisfactory to everyone concerned.

Mrs. J. C. Sommer was present in regard to the St. assessment on her property. She wanted it lowered. After some discussion, the Board decided that the assessment was to remain the same as previously assessed.

Orders were drawn per order register.

drainage ditch

Mr. Ferrite, Mr. Brandt & clerk were present at a meeting held at the Town Hall for the purpose of discussing ~~digging~~ ^{digging} a ditch from Belle ^{Lyggen} to Joe Fyke's property. Those present were as follows: Joe Fyke, S.J. Leaman, H.L. Howard, M. Loftsgordon, Henry Schluter & son, Clarence Goldkin, Mr. Peterson representing the Security State Bank,

Mr. Hanson and Andrew Dahlen.

Mr. Fennite explained that the County is sending men out to various townships for relief work. That is, men who have received Co. aid or are about to receive it, are sent out by the County. The town would not have to bear any of the cost of labor.

The ditch begins at Belle Isle cutting three several lots in that plat, thence to the new road, thence following lot lines to Joe Fikes property.

The ground is all low and would be benefited by the ditch. The elevation is staked out. There would be about 3,000 yds. of dirt to be removed. About a 5 ft. ditch would be necessary.

Mr. H. P. Woodward made a motion that a survey of the proposed ditch be made & work be begun at once.

Before the motion was acted upon, the problem of supervision, cost, etc., was discussed. The survey would be \$35.00, Mr. Dahlen stated. It was thought that perhaps 12 men would be available from the County. Some one would have to supervise the work, and if some one would have to be hired to do this, the cost would be more.

Mr. Pearson stated that a motion was before the house.

The motion might be destroyed in view of the fact that the cost was uncertain, Mr. Woodward said. He suggested that a committee be appointed to investigate as to the cost.

The question was brought up as to the arrangement of collecting payments or assessing cost to the property. Mr. Fennite stated that the Town could not assess ^{cost} against property, as there was no law permitting such assessment. The drainage laws have been stricken from the Statutes.

In order to determine the cost, the work, shovels &

grab - how would be needed. Each man would have to be furnished with a pair of rubber boots. There would be about 10 abutting property owners. Some non-abutting property owners would be benefited by the ditch and would contribute to the cost.

Mr. Fenrite suggested that a committee be appointed to investigate.

Lix men present said they would see that Mr. Wahlen be paid \$35.00 for the survey. Mr. Fenrite was to find out how many men would be available from the County.

It was decided that the proposition be considered more thoroly, and that another meeting would be held Wed, April 12, 1932, at 8:00 P.M., for interested parties.

A letter from the Fairhaven Land Co. to Mr. Fix was placed in file with Clerk. See letter below

Park.

Mr. Lisman said that there were a great number of trees that should be taken out of the park in Monona Heights. The wood could be given to the poor. Mr. Fenrite said he would be glad to go over the park with Mr. Lisman & mark the trees that should be taken out.

Joseph Fix
Clomming Grove

Dear Mr. Fix:

In reference to the proposed improvement in extending the lagoon from Belle Lake for the purpose of draining the lands where we are. Mutually interested, and my inability to be present at meeting of town board Friday evening I give you the right to act for me in the affirmative. It being understood however that

the cost all but surveying of this project, is to be born by the town, and the property owners are to pay for survey if in the survey it is necessary to use some of our lands for the extension. I am perfectly willing to cooperate to see this needed improvement go through.

Very truly yours,
S. D. Holdenberg, acting
for Fairhaven Realty Co.

April 13, 1932, 8:00 P.M.

Mr. Ferrite, Mr. Brandt, Mr. Bense and clerk met at the Town Hall in regard to the proposed ditch from Belle Lake to Fives property.

Those present were Joe Fiv, Mr. Peterson, representing the Security State Bank, Clarence Goldwin, H. A. Andward, S. J. Silsman and Andrew Hablen, engineer.

The meeting was called to order by Mr. Ferrite, chairman.

An explanation was given by Andrew Hablen of ^{which he had prepared} plans of the ditch from Belle Lake to Fives property. He said it would be necessary to excavate about 2,000 yds. of dirt. Soil was mostly mud, some blue clay.

Size of ditch would be according to depth. If ditch was 3 ft. deep, it would have to have to have an 8 ft. top. If it was 10 ft. deep, it would have to have a 4 ft. top. (Est per ft. about 3¢)

Boats would be necessary as there would be water in the ditch all the time.

Motion was made by Mr. Peterson that a committee of three men be appointed to ascertain cost of project. Get in touch with all property owners and find out if each one is willing to contribute toward cost.

Motion was seconded by Mr. Woodward, and carried.

The following committee was appointed:
Mr. Peterson.

Joe Fint

S. J. Lesman

The cost was further discussed. Probable cost:

12 shovels @ \$1.50	\$18.00
4 axes @ 2.50	10.00
2 grub hoes @ 2.50	5.00
12 pr. rubber boots @ 3.00	36.00

Transportation

In regard to transportation, Mr. Fenwick said he was in favor of transporting men. Mr. Brandt said that when the patrolmen were busy patching, etc., on town roads, it would waste too much time. Board unanimously agreed to donate \$50.00 toward transportation. Perhaps some one with a truck could supervise the work, and take care of the tools, etc., & transport the men.

Mr. Woodward volunteered to see Mr. Koen in regard to several lots in Belle Isle, three which the ditch would go.

Mr. S. O. Johnson, treasurer, was present. Mr. Fenrite approved his bond after which Mr. Johnson was sworn into office by the clerk.

Mr. Richard Hering, constable, was sworn into office by the clerk. Mr. Busse, supervisor, was also sworn into office by the clerk.

Mrs. Pearl Day, re-elected clerk, was sworn into office by the chairman.

Rece sale

Flamm Hill

In regard to Flamm Hill, 30¢ per hour should be paid, it was decided. Decided to ask Mr. Adgeard & Fred Serber if they could help. Perhaps some one, or several men, with trucks could be hired.

J. M. Johnson

Mr. Hagner, who owns a lot in Lake Edge Park, had sold this lot & had to take it back. The people who owned it purchased a culvert from the town. Hagner does not live in Lake Edge Park & as they have no use for the culvert, would like to know if the town would take the culvert back. Board decided to take culvert. New Town
Clark Records

The clerk's large record book is almost filled, some sections are completely filled, and, as the book now used is inadequate for the Town records, the Town having grown as much in the last several years, it was discussed by the Board what to do. The clerk had talked to Mr. Rothman of the N. H. Tax Commission and he said a different system should be used. Loose leaf record books should be used, he said. The cost would be more at first, but only the leaves would be necessary after that, as the covers would last a long time. It was decided that the new records should be purchased, and that the corduroy covers should be purchased as they would last so much longer than the paper ones. Board also decided that some one from the Tax Commission should be employed 1 day to help clerk install new records, this being the usual procedure. Following is the resolution:

The three members of the board, the assessor & clerk met at the Town Hall for Board of Review. Mr. Conrad Hauer, Chairman, Everett McLoey & Carl Sackjen, Supervisors, Am-Harvey, Assessor & Sam Messerschmidt, clerk were present from the Town of Burke.

The valuations of the 2 townships were compared. Especially in Jt. 1 School District, Towns of Burke & Blooming Grove. Comparisons in values were made. The valuation of both land & buildings is lower in Burke than in Blooming Grove. The best farming land is being assessed at \$65.00 per acre in Burke and \$70.00 per acre in our town. As to buildings, an 80 acre farm never has a higher value than \$4,000 in Burke, while here they are assessed higher if the buildings are good.

Board decided to meet with the Townships of Dunn & Fitchburg to compare valuations. Meeting to be held at the Stambesa Beach School July 17, 1932, at 8:00 P.m.

Soft drink

Board authorized clerk to issue soft drink licenses to those who had obtained one the year previous, except ~~that~~ Fred Norton, who is to be denied a license. Complaints have been made by his neighbors that cars are coming & going till very late hours, that talking & arguments are heard late at night disturbing the residents nearby. (Mr. Norton is running Sacks old place).

The three members of the Board, assessor and clerk met at the Hambeca Beach School House with the Town Boards, assessors and clerks of the Townships of Dunn & Fitchburg. As the school is not equipped with electric lights, and the lamps were not in condition to be used, it was decided, upon the suggestion of Mr. Chas. Lally, Chairman of Dunn, to adjourn to the Dunn Town Hall.

The meeting at the Dunn Town Hall was called to order by Mr. Lally. A motion was made by Mr. Lally that W.O. Fenwick be chairman of the meeting. Motion seconded & carried. A motion was then made by Mr. Lally that Pearl Hegg act as clerk of the meeting. Motion seconded & carried.

The purpose of the meeting was to examine and compare the valuations of the land and improvements in the three Townships.

Farms & buildings in Joint 5 School District were compared, Fitchburg & Blooming Grove, were compared. Valuations in both towns were well equalized according to the grade of land & how good the buildings were.

Farms & buildings in Joint School District No. 9, Dunn & Blooming Grove were then compared. The Mc Connell farm & Libby farm were compared and found to be well equalized. Other land & improvements were compared with the same results.

Lots in Edwards Park, Blooming Grove, and south of Edwards Park in Dunn were compared. The assessments were very well equalized.

Dunn was to have a 10% cut in valuation. Mr. Fredenick had said, Mr. Lally stated:

Town of Blooming Grove was allowed a cut, also, of about 10%.

Good land was being assessed at about 70 per acre in Dunn & Blooming Grove, but in Burke (see page 99) good land was being assessed lower. Buildings also were lower in Burke. After some discussion it was decided to call this difference in valuation to the attention of Mr. Fredenwick. Mr. Lally said that Mr. Fredenwick would be with the Town Board of Dunn at the Dunn Town Hall Mon., July 11, about 11:00 o'clock, and invited the Town Boards & assessors of Blooming Grove & Fitchburg to attend the meeting. Mr. Thomas Foley, Chairman of Fitchburg, said he would be present. Mr. Ferrite said he would be there, and also Fred Braudt, Chas. Busse, Henry Frohn & Pearl Hegg were willing to attend. As many others as could would attend meeting.

The Board of Review meeting of the Town of Blooming Grove adjourned till July 14, 1932, 8:00 P.M., at Blooming Grove Town Hall.

4 The 3 members of Board, assessor and clerk met at the Dunn Town Hall. Mr. Thomas Foley, Chairman of ~~Dunn~~ ^{Fitchburg}, 3 members of Board, assessor & assistant assessor & clerk of Dunn, & Mr. Fredenwick were all present.

It was explained to Mr. Fredenwick that Burke had lowered its valuations last year while Blooming Grove & Dunn had not. The results of the previous meetings (P. 99 & P. 101) were told to Mr. Fredenwick.

It was evident that Burke had not followed instructions outlined by Mr. Fedemick. Mr. Fedemick said he was meeting with the Town Board & assessors of Burke that afternoon, and would talk to them. If the values were not equalized Mr. Fedemick said he would meet with the School District, Jt. 1- Burke & Blooming Grove, the Town Boards & assessors, also, to be present.

Fence Viewers-

The Town Board of Blooming Grove went to Mrs. Orr's farm, where the fence viewers meeting was to be held.

The following letter was presented to the Board by the clerk, having been filed with the clerk:

Madison, Wis.

July 7, 1932

To Board of Fence Viewers:

On request of Mrs. Kemison I have agreed to drop my original action against Mrs. Ellison Orr & C. F. Busse.

I agreed to drop same, or rather withdraw my complaint so the parties concerned could voluntarily put in the fence without causing Mrs. Kemison any enemies on my account.

So will be very much obliged if same is taken care of at once.

Respectfully,

N. F. Sunderlage -

Note: The above letter was presented to the Board before the meeting took place, but as date was set, the meeting had to be held.

The board viewed the fences at Mrs. Orr's and Chas. Bussey farms. The fences were poor, it was found. Mrs. Orr & Chas. Bussey were asked to build new fences by Sept. 1, 1932, to which they agreed.

Orders were drawn per order register.

Zoning Ordinance

The board & clerk then went to see John Olson, Haltungscht Plat, in regard to an oil station he is building. Mr. Farnish told Mr. Olson he was making himself liable by putting up a filling station in a residential section. The station is being put up outside of the 20 foot set back line, also. Mr. Olson was given a copy of the zoning Ordinance of the town. Mr. Olson said he had started the station & did not like to give it up, now. He said he would get some information on whether he would have to stop building.

it is on the lot next to them. Mr. H. L. Woodward, attorney for Mr. Olson, told Mr. Olson that as the lot already had a public garage on it, the lot was an industrial lot and not residential. Mr. Olson said he would move the station back to the 20 foot set back line. Mr. & Mrs. Hannish said it would be very annoying to have a station there, as cars would be driving in & out at all hours of the day & night. They wanted the board to try to stop the station.

Jarvis
Woodlawn Ave.

A petition was presented by Mr. H. H. Spear for putting Jarvis on Woodlawn Ave. Laid over till next meeting.

Fred Grady was present in regard to a lot in Morningside Heights, Lot 18, Block 8. The lot comes to a point & has been assessed for street improvement on 2 sides. This assessment should have been lowered at the time of assessing the street improvement. Board decided to refund the 1931 street assessment & cancel the 1932 assessment, and pay the 1931 tax.

Residents petitioned to have the pier at Longworth cleaned up. Board decided to do this.

Board decided to receive bids for the machine shed for the town July 25, 1932, 8:00 P.M. Plans & specifications on file with H. O. Fenwick, chairman.

Bids for machine
shed

The three members of the board & clerk were present at the Town Hall to receive bids for shed to build for machinery for town.

Questions were asked by different ones in regard to the plans. After some discussion it was learned that some bidders had used one kind of lumber & others different kinds, as well as different grades. Other things that had not been clearly specified were brought up, thus making the bids quite varied.

J. B. Johnson suggested that a new set of plans be drawn up, with more detailed specifications. Those present agreed. It was decided to have blue prints made.

Those present were to be sent a set of specifications by the clerk. Those present were:

Henry Jensen, R. 3	J. B. Johnson, R. 3
S. Svenson, R. 3	Roy Brandt, "
Ray Lawrence, "	D. W. Edgerton, R. 2
Aug. Pepper, "	Henry Goldbin, R. 3
Albert Bohusack, R. 3	John King, "
Fred Hanson, "	A. T. Phillips, "
A. T. Napstad, "	Fred Aufrecht, "

The board, J. B. Johnson & Roy Brandt drew up a new set of specifications.

Mr. & Mrs. Harnish were present in regard to Olson's filling station. They asked the board if town would try to stop Mr. Olson. They said they thought the town should stop Mr. Olson rather than they. The board stated that the Town did not wish to enter into a law suit, as it would cost a great deal, perhaps.

Board decided not to do anything in regard to Olson's filling station, because of the cost that would fall on the Town.

Orders were drawn per order register.

NOTICE OF HEARING, ZONING ORDINANCE

Town of Blooming Grove,
Dane County, Wisconsin

Notice is hereby given that a hearing for an amendment to the Zoning Ordinance will be held at the Town Hall Monday, October 24, 1932, at 8:00 P. M.

The amendment petitioned for is as follows:

That Lots 6, 7, 8, 9, 10 & 11, Block 7, Shore Acres, be made business territory instead of residential, as now zoned.

Dated at the Town Hall this 7 day of October, 1932.

H. C. Femrite, Chairman,

F. W. Brandt, Supervisor,

C. F. Busse, Supervisor.

I hereby certify that the above is a true & correct copy of the three notices which I posted in three public places, namely: 1 on Town Hall, 1 near Lot 6, Blk. 7, Shore Acres and 1 near Lot 11, Blk. 7, Shore Acres. Notices were posted Oct. 10, 1932.

Unsafe Wells,
Hoboken Beach

Board met at Town Hall in regard to wells in Hoboken Beach. 3 members & clerk present.

About 30 residents & property owners were present. Mr. Femrite called the meeting to order. Mr. [unclear] gave a talk on what could be done & the cost. He estimated 3000 ft. of 6" water main; planned an 8 ft x 16 ft building to house pump. Drilling, pump & tank, \$1,765.25

Building

323 -
\$2,088.25

He figured on the water as used in the average home, for lawn, automobile, etc. (about 100 gal. per day). System, same as Nakoma, Booster System. Water hydrants should be about every 500 ft. (He figured 6 in

all. It would be necessary to have one man look after the pump once a day, but man should be in charge. He figured a 10 horse power motor; cost, 13¢ per hour to operate. Should pump 175 gallons water in a minute. This would be necessary for average fire protection. (The 20 horse power motor would cost 26¢ per hr). If there were 10 families using 150 gal. water daily, 15,000 gal. would be total daily need, at biggest cost of \$2,407.00

Cost of well, etc, \$2,098.25

Cost of operation 2,407.-

Total \$4,495.25

It would probably cost about \$150 to lay pipe to lot line; Perhaps about \$400 to have water piped to house.

Mr. Frank Heston had a letter from Mr. L. A. Smith, Supt., City Water System, which briefly, covered the following: There are 4 ways of having water supply.

I. Borehole System.

Assuming 20 property owners. 1500 ft. total length.

Cost per year perhaps \$20.-. (Fire hydrants increase cost.)

II Same, but assuming 3000 ft. - Cost increased, etc.

III Running pipe line -

Probable cost \$400 per person, piped to house

IV Laying a 12" water main from south end of Plate to Sewerage Dist. Plant. Maybe laid in near future. A \$20,000 well in Sew. Dist. Plant.

After some discussion on the above information, Mr. Heston moved that the meeting be adjourned 2 weeks, in order to give Mr. Smith time to get results from Washington in regard to the loan. Seconded - carried.

Mr. Frank Bliss requested that each property owner be notified of next meeting. Chairman stated that the law did not require that, but it was decided that all owners owning property in Hoboken Beach, Griffith Beach, The Pines,

Raywood Hts., Beecroft Sub. & all surrounding territory, should be notified. (From vidant to Lunds). Next meeting to be Nov. 4, 1932, at 8:00 P.M.

Orders were drawn per order register.

Meeting adjourned.

Hearing,
Zoning
Ordinance
Amendment.

The 3 members of the Board & clerk met at the Town Hall. Meeting was hearing for the amendment of the zoning Ordinance.

Mr. Ferrite, Chairman, called the meeting to order. He asked to hear from anyone who was for or against the amendment. Mr. M. J. Soehnlein said he was against the change, as it was a residence section & should be kept as such.

Mr. Sidell said if just Lot 9, the lot where the garage now stands, were changed, that would be all right. As Mr. Stoddall said he planned to make a store out of the garage, Mr. Sidell said a store would be all right.

Mr. Hallman was in favor of changing just L. 9. In favor of stores also. The garage was built 4 years ago, before the property was zoned, as the building for business purposes such as a store would have to be permitted.

Mr. Sutton was against changing of ordinance. He thought a petition signed by all property owners for or against should be obtained. Several others present were Mr. Engel, Mr. Buck & Mr. Cattell.

Mr. Stoddall said he wanted all the lots changed. He might put cottages on some of them. He also wanted to build a filling station at the store. He had thought of building one across from the store, he said. But those present were very much against any changes in the zoning Ordinance.

except Lot 9, Block 7. After further discussion, the following amendment was made:

The three members of the Board & clerk met at
the Town Hall for the purpose of further discussing
the problem of polluted wells.

About 25 people attended the meeting.

The city plans in 1935, to build a line from
the sewerage disposal plant. Instead of going by
Dr. Barnes' property, it would be very possible to
run the pipes through Hoboken Beach, then
the property owners living there could obtain water
that way, thereby eliminating the necessity of a
private system.

Dr. F. F. Bowman gave a talk on the City System,
the pollution of wells & probable cost.

After some further general discussion, Mr.
Frank Weston made a motion that the meeting be
adjourned till such time as information may

Board of Review. The Board of Review met at the Town Hall. The 3 members of the Board, assessor & clerk were present.

**Erroneous
assessment**

Mr. Chas. Shinner was present. His assessment was too high in comparison with other nearby lots. Assessment should have been lowered in 1932. Refunded Mr. Shinner \$5.55.

Drainage

assessments

Misses Emma & Marie Zippel, Mrs. Gutz, Mrs. Dolbe, Mr. Loomis & several others appeared in regard to the drainage problem. They would have to organize, Mr. Fenwick told them. Board had nothing to do with the drainage assessments.

Mr. Geo. John appeared. His lot in Interlake is too high, he said. Agreed to lower value \$50.00 for 1933.

Reassessment

John Curtain's son appeared in regard to his weed assessment. It was much too high, he said. The assessment was \$21.00 and he said his father could have had the weeds cut for \$5.00. Board decided to let it go as it was for the time being.

Anna Hermsmeider called the clerk & asked her to speak to the Board for her (as she is unable to appear) in regard to her assessment & also the weed assessment. The land & buildings had already been lowered. Board did not think the weed assessment unjust.

**Re-platting of
Shore Acres.**

Andrew Walker appeared in regard to re-surveying & platting Shore Acres. Asked him to make an estimate as to the cost. Decided to have a meeting July 7, 1933, at 8:00 P.M. at the Town Hall, so that the people could discuss it with the Board.

George & Earl Liggelkow appeared in regard to their assessment. Compared neighboring farms, etc.

Several others appeared, also, for a general discussion of taxes & assessments.

Need
Assessment Mrs. Gausert & Hilke were represented. Need assessment was wrong, he said. They had hired a man to cut weeds, he said, & the weeds had been cut. He produced the notice & also a receipt given to Mr. H. Orris for \$1.50 for cutting weeds on his lots. However, Mr. H. J. Lobb, Commissioner, said he could prove that the weeds had not been cut on lots 8 & 9, Blk. 6, Morningside St., & that Mr. Pilday & Mr. Johnson cut them. The amount of the assessment was \$2.40. Amount was not refunded.

Class B Board refused the application signed by Richard Reichle for a Class B license, on the grounds that he is advertising dancing. Board decided not to issue any license to people who advertise dancing that have not a Dance Hall license.

Class D. Glenn Fater, who was to operate for Mr. Reichle, was refused a Class D. license, automatically.

Class B Board went to see Mr. J. H. Berwick. Agreed to grant him a Class B. license if he would file a petition signed by his nearest neighbors stating they were in favor of him having a license.

Class D. Approved an application for a Class D. license signed by Mr. J. H. Berwick.

Henry Meier
Fire Mr. Henry Meier asked Mr. Fennite if the Board could come to his place to see his hay field. Last fall when the road men were burning along the road, his hay field caught fire. He said he did not say

anything about it at the time, but decided to wait & see if it ruined the hay. He found now that it had ruined the hay. Board decided to give him \$40.00 for damages.

Orders were drawn per order register.

Boat Livery
in
Residential
Section

Mr. Sedell, Mr. Lamboly & one other man were present in regard to Mr. Sutton's boat livery in a residential section. Those present complained that people would go to Sutton's place to fish & make a lot of noise with the boats very early in the morning. They also complained about so many out of town people coming to fish. They thought the fishing should be done as much as possible by residents of Madison & nearby places, etc. Board decided to have a meeting July 6, 1933, at 8:00 P.M.

at the Town Hall for the purpose of discussing this problem.

A number of people were present in regard to digging a drainage ditch from Joe Fix's property to Belle Isle. Among those present were H. L. Woodward, S. J. Freeman, J. H. Haterman, Joe Fix, Henry Schluter & his sons. As the Whinequah Road is built on one side of the 100 foot right of way, a boulevard might be made, Mr. Ferrite suggested. Then the drainage ditch could be dug along the road. Or the ditch could be dug where the old one was. It was decided that petitions should be circulated for a boulevard to see how many would be in favor of it.

Orders were drawn per order register.

Meeting adjourned.

July 6, 1933, 8:10 P.M.

The 3 members of the Board & Clerk met at the Town Hall.

Boat Livery in
Residential Section

Mr. H. O. Ferrite, Chairman, called the meeting to order & explained that the meeting was for the purpose of discussing Mr. Sutton's Boat Livery, either protesting against it or approving of it. He asked if anyone wished to protest. As no one spoke he asked if Mr. Sutton would care to say anything. Mr. Cyril Marks, attorney for Mr. Sutton, talked to

the Board in regard to the zoning Ordinance. He said Mr. Sutton was trying to make an honest living with his boat livery & in these times things should be overlooked to a greater extent, work being hard to find, etc.

Mrs. Lamboly said it isn't that it's just a boat livery but what it will lead to. He is adding more & more boats, she said.

Mr. A. S. Jackman, Shore Acres, said he had nothing against Mr. Sutton, but he thought the time had come when a residence section should be kept a residence section.

Mr. Henry Pomeroy stated about the same as Mr. Jackman.

Mr. Sidell said he would like to see the zoning Ordinance go through Court to see if it would hold!

The people bought the lots in Tongawatha Springs with the understanding that they should be for residential purposes only. They said they wanted to keep the section residential. They objected most of all to the noise of the boat livery at such early hours, & especially on Sunday mornings.

A man from Chicago spoke in favor of the boat livery. He owns 2 lots near Mr. Sutton, he said.

After some further discussion the Board together with Mr. Sutton & his attorney, agreed that Mr. Sutton might run his livery for a reasonable time, perhaps a month or so. Mr. Sutton is not to sell his property to anyone else.

for the purpose of running a boat livery. Mr. Marker said he saw no reason why the Town should not have a zoning Ordinance.

The store in Shore Acres should be notified, it was decided, to stop the boat livery run there.

Mr. Fenrite asked Messrs. Jackman, Peterson and Tommerend what they thought of widening the corner near Mr. Jackman's lot. Some land would have to be taken off from Mr. Jackman's lot. Mr. Jackman said a few feet could be used for widening the curve without buying it from him. But those asked to express their opinions, agreed that it was unnecessary. The cars drive too fast on that street, anyway. It was decided to leave it as it is.

Class B.

An application for a Class B. License was refused Mrs. Minnie McFetridge & A.E. Brewsterfeld. The Board had previously decided that no place advertising free dancing & allowing free dance should be given a Class B. License.

Class D.

An application for a Class D. License by Edith Haguen (Pribbenow's Tavern, The Cornish Flat) was refused, as she is not a resident of the Town & the Board does not know her.

An application for a Class D. License was granted to -

Geo. S. Bodin, Nick Arnesen's Tavern
Glenn Marty, Monroa Golf Club.

Orders were drawn per order register.

Meeting adjourned.

Board met at the Town Hall. Three members and clerk present. Meeting was for the purpose of discussing the re-survey & re-plot of Shore Acres and the numbering of houses from the City Limits on Monona Drive to the Black Bridge - Mr. Dahlen was present, also.

Re-survey &
Re-plot of
Shore Acres

Messrs. Perry Peterson & Henry Pommerehne were present in regard to Shore Acres. They were both in favor of the re-survey & re-plot of Shore Acres. Notices had been posted by the clerk in regard to the meeting, ~~but~~ and several had been notified personally, but as only two people attended the meeting, it was decided to hold one more. Clerk suggested & offered to send cards to owners of property in Shore Acres. It was decided this should be done. Meeting to be July 14, 1933, at 8:00 P.M.

Numbering of
houses from City

Messrs. Peterson & Pommerehne were in favor of having the houses numbered. Said it was so hard to find anyone or direct anyone.

Re-survey &

Shore Acres.

Perhaps about 20 people were present to discuss Shore Acres. Meeting called to order by chairman. Asked people to express their opinions.

Mr. L. C. Henderson said he thought it was unnecessary to have Shore Acres re-surveyed & re-platted. Mr. Fennick explained that many of the descriptions were incomplete & that it was impossible to put the entire description of each parcel on the Assessment & Tax Rolls as it would take a page for each one. Mr. Henderson said they could be simply fixed or condensed. That is, of course, what has been already done. Mr. Henderson said he thought that no more expense than possible should be put upon the lot owners at this time. Others stated about the same. Mr. Henderson suggested that Board get in touch with owners & have them bring deeds & work out a correct description. He also offered his services for this work without cost.

For the purpose of getting the sentiment of those present, a motion was made that the Board should not have Shore Acres re-surveyed & re-platted at this time. Seconded & carried.

The following petition was presented: He, the members of the Unemployed Workers League, M.S. to Morningide Unit, in meeting assembled July 17, 1933, adopt the following resolution, and request the town board be presented with same immediately.

We, the members of the Morningide Unit of the Unemployed Workers League, refuse to do any work (Relief Work) which is done directly by the Township, until such time as the Honorable Town Board of this Township complies with the provisions

set forth in the petition which was presented to the Board July 14, 1933; and, further, that the Town Chairman be asked to call the Relief Department and inform them of same, so as to enable them to make provisions to take them to some other job, if same is not ratified before 7 A.M. July 18, 1933.

Morningside Unit,
H. H. S.

G. Albert, Secretary.

(The above was brought to the Town Hall by J. Keilly & 2 other men.)

Board held a long discussion on above petition. Decided not to do anything about it right away. Thought it best to wait until a code was worked out by the State or United States or League of Wisconsin Municipalities. Board thought it a good idea but did not feel that it should start it. Thought an 8 hr. day, 6 day a week program, better for highway work. Only two men would be affected now, the two patrolmen. But was in doubt as to how a code could be worked out under the circumstances. The patrolman put in bids in April for the ensuing year. The understanding was in the bids that they were to work for the ensuing year at the wage they stated.

The 3 members of the Board & clerk met at the Town Hall for the purpose of discussing the taxes for poor relief. It had been proposed to throw the burden of poor relief on each Township instead of letting the County carry the burden. Several tax payers were present to discuss the problem, among whom were Howard Olson, Monna Tamm, E. J. Ellstad, J. Braun & S. Dempsey. It was agreed that it would be a serious matter if the townships were to carry the poor relief. It would not affect some townships, in fact some would no doubt be better off. But Blooming Grove, Madison & others that have a good number of plate could not very well carry the burden.

The following petition was filed:
 To the Honorable Town Board
 Town of Blooming Grove
 Dane County, Wisconsin

We, the undersigned, being the owners of property situated in and abutting on the Assessor's Plat of the Town of Blooming Grove, hereby petition your honorable body to drain the swamp by ditching or some other suitable means, which said swamp is located east of the Kinnegonsa Highway and in the S. $\frac{1}{4}$ of Section 17 and the N. $\frac{1}{4}$ of Section 20.
