Patrolman
jobs

As several men were present in regard to the patrolman jobs, the Board decided that the hiring of patrolmen should be the first order of business.

The meeting was called to order by Wayne Fisher, Chairman.

Mr. Fisher explained that 2 men would be hired to take care of the roads in the town, and that they would be paid a living wage. He was opposed to letting the jobs out on bids, he said, because the incentive would then be for one man to underbid another, thereby bringing the wage so low that a man with a family could not get along on it. Mr. Fisher then called on Mr. Poole, Supervisor, to express his opinion.

Mr. Poole said he, too, was opposed to letting the jobs out on bids for the same reasons Mr. Fisher gave. He said the man should be fitted for the position.

Mr. Fisher then asked Mr. Waterman to give his opinion.

Mr. Waterman, Supervisor, said that he agreed with the other 2 members of the board, in that he was opposed to the letting of bids, also. He agreed, too, that a living wage should be paid.

Board decided to have the letting of bids April 11, 1934, at 8:00 P. M., at the Town Hall.

Arthur Schluter & Clarence Brandt applied for the patrolman job. Adolph Elletstad applied for the Assistant patrolman job.

Board decided that applications should be handed in to the clerk in writing. The applications to state the age of applicant; the experience with machinery, & roads that he has had; his ability to maintain machinery, and how many dependents he has.

After some discussion it was decided that 2 men should be hired to grade the roads until a patrolman was hired. The Board decided to hire Arthur Schluter and Clarence Brandt temporarily.

Board decided to get a man to go over the patrol grades and determine the cost of overhauling it.

As there was no more business to be brought before the board a motion was made & seconded that the meeting be adjourned.

The board & clerk adjourned to the clerk's office.

class "D"

The board approved an operator's application for an operator's license by Wm. H. Elmer.

The board discussed various matters pertaining to the town, some of which were the hiring of patrolmen, the Intoxicating Liquor & Beer ordinances, & the financial status of the town.

Orders were drawn per order register.

The question as to what wage the patrolmen should be paid was brought up.

Mr. Fisher said he thought the amount should be set at \$125⁰⁰ per month, as there would not be work to do all year.

Mr. Waterman said he thought \$95⁰⁰ per month would be a fair wage. It would be \$25⁰⁰ more a month than was paid last year.

Mr. Poole said he thought \$110⁰⁰ would be a just amount.

After some discussion the Board agreed to pay \$110⁰⁰ per month, as neither Mr. Fisher nor Mr. Poole would ^{agree to} pay less than \$110⁰⁰.

Meeting adjourned.

8:00 P. M.

Patrolman

The meeting was called to order by the Chairman, Hayne Fisher, who explained the purpose of the meeting. He asked if any one else wished to apply for the patrolmen jobs. Mr. A. S. Phillips then said he wished to. His name was taken by the clerk, and his experience with road machinery and his dependents were made note of. (12 to 14 years experience with all kinds of road machinery, has 5 dependents).

Mr. Fisher then explained that the patrolmen would be required to work 9 hours a day; that they would be paid \$110.00 per month; and work is to begin Monday morning, April 16. (One hour of the nine may be used for the oiling & greasing of machinery whenever necessary, otherwise nine hours are to be spent on the road. The board insists that the machinery be given good care).

Mr. Fisher said the board would hire the patrolmen some time between now and Saturday, the two that are hired to be notified by the clerk.

Cemetery
 Care

The care of the cemetery was next taken up. The chairman explained that \$100.00 for the season would be paid.

An application was made by Herman Anderson. He has 3 dependents.

Application was made by Fred Markgroff who is married & has 2 dependents.

Application was made by Guy Hard who is married & has 2 dependents. Has had 4 years experience at Forrest Hill Cemetery.

Cemetery
care

of Henry Jensen did not get either patrolman job, he wished to apply for the cemetery work. He is married & has 3 dependents, also helping to support his nephew.

As no one else applied, the chairman announced the receiving of applications closed, the caretaker to be decided upon later by the board.

F.E. R.A.

Mr. Fisher then explained the F.E.R.A. programs. He could put about 30 men to work from 1 to 2 weeks.

The price had been set at 45¢ per hour, but Mr. Fisher said he was going to try to get 60¢ per hour.

The Kernsmeier Hill on the Buckeye road would be the first project.

The town is to hire the necessary trucks & pay for the gravel and the County will pay the men. Town also has to pay for the insurance which amounts to about from \$6.20 to about \$9.00 per thousand payroll.

Belle Isle
petition

Mr. C. H. Howe from Belle Isle said a petition had been filed for the improvement of ~~the~~ in Belle Isle. Clerk would look in the records to see if one had been filed. Decided to go to Belle Isle April 14, in the afternoon, to look over the street.

Telephone,
chairman

A motion was made by Mr. LeRoy Anderson, that a telephone be installed for the Town chairman and paid for by the Town. Seconded by Mr. Sutton. Mr. J. B. Johnson, Treasurer, said he objected because when he was elected Treasurer it was necessary to have a telephone installed, and he had to pay for it himself although he could not afford it.

In order to get the sentiment of those present a vote was taken. The majority was in favor of installing a telephone. (Being a Board meeting & not a Town meeting, the decision had to be left to the Board.

and not to the people.

Later, the two supervisors, Messrs. Waterman & Poole, admitted it was very necessary for Mr. Fisher to have a telephone, but they did not think it would be fair to the rest of the Town officers to install a telephone for Mr. Fisher. To be decided later.

Hiring of
Patrolman

The problem of hiring a patrolman was next decided. After careful consideration of each man who had applied for the jobs, & taking into consideration the qualifications & dependents of each applicant, it was decided that Arthur Schluter should have the job of highway patrolman and that Guido Lombard should have the job of assistant patrolman. Mr. Schluter being foreman, he is to be responsible for Mr. Lombard. It was decided that each man should fill out a time card every day, stating where he worked and what kind of work he was doing & the time. The men are to work 9 hours a day & may take 1 hour in the morning for greasing & oiling of machinery. Machinery must be taken good care of. In case of emergency, the men must be subject to call. Agreements are to be signed by each man in regard to above requirements.

Geo. H. Davis, Constable, took his oath of office after his bond was approved by the Chairman.

Class B.

Don Lucina

F. Norton.

The matter of Fred Norton applying for a Class B. Beer License was discussed. Mr. Norton cannot obtain a tavern license under the town ordinance as the ordinance requires that he must have resided in the town ^{continuously} one year prior to date of application. The only way Mr. Norton could obtain a license would be by amending the ordinance so that the applicant would not have to be a resident. After some discussion it was decided to leave the ordinance as it is for the time being (at least until July 1, 1934).

The 3 members of the Board and clerk met at the Town Hall. Andrew Dahlen was present, also.

Orders were drawn per order register.

Belle Isle

The clerk looked in the records to see if a petition had been filed for the improvement of a street or streets in Belle Isle. Found one had been filed October 13, 1933, and had been laid over. (See Record 17, page 194).

The Board, clerk & Mr. Dahlen went to Belle Isle to meet with the people who wanted a street improved. Most of the property owners were present. The petition that had been filed asked for a "right of way out along the northwest line of Block 6 and connecting with Hoodlawn Ave. at the intersection of the Schluter Road". If the street were laid out this way, it would cut through quite a few lots. The street, therefore, could not be improved this way. Decided to draw up a new petition.

Mr. Dahlen, in drawing some maps for the town, found that a 50-foot strip had been left for highway purposes through Mrs. Sommers' property. This is in the deed which Mrs. Sommers has for her property.

Board would improve street when the new petition was filed.

Narsd Ave.

Monona Ridge

The Board, clerk & Mr. Dahlen went to Monona Ridge to see about Narsd Ave., & the extension of Narsd Ave. to meet with Springhaven Ave. in the plat of Hyldhaven.

Mr. E.C. Voges said he would give 15 or 20 feet (not more than 20 feet) of his lot if the Board would

have the court vacated. If this were done a curve could be made so as to meet the street in Hyldhaven. Petitions have not been filed as yet. To be taken care of later.

Board went to see the Vermillion Hill. Discussed grading of road.

Discussed drilling a well at the Cemetery. It is very inconvenient for people going to the Cemetery, with no well for water for the flowers. Decided to drill a well.

Dr. L. H. Tyner was present in regard to park. He mentioned
the fact that a resolution had been passed at
the Annual Meeting, allowing \$70.00 to be used for a
bath house. Several others were present in regard to this,
and a general discussion was held. It developed that
the people were more interested in a good bathing
beach & some tables & benches for picnics, than
they were in a bath house.

A motion was made & seconded that The Chairman

appoint a Citizens Committee of 4 men & 1 woman
to look into the matter of a bathing beach & a park.

The following committee was appointed:

Dr. L. H. Tyerne

Shore Acres.

The 3 members of the Board & Clerk met at Dr. Tymer's. The 5 members of the committee were also present. (Mrs. Benson, Messrs. L. N. Tymer, S. C. Henderson, Walter Sutton & H. J. Cobb.)

Went to the street end where the pier is located in Shore Acres. Then went to tract (designated as "ravine" on plat) in Shore Acres where the spring is. discussed improving both places. The street end to be improved for a bathing beach, and the ravine as a park, with tables & benches for picnic purposes.

Board & Committee next went to look at some lots near the lagoon in Shore Acres. Very satisfactory for park purposes.

Went back to Dr. Tymer's. After some discussion, it was decided to ask Mr. Stoudall to give a price on the lots at the lagoon. He was called & came to the meeting. He stated the price would be about \$8,500.00. This, of course, was too much money for the town to invest.

Deed to Ravine
in
Shore Acres
(accepted)

In November, 1931, a deed to the ravine in Shore Acres had been given to the town by the Shore Acres Sales Co. at that time no action was taken, and was

not brought up again. This matter was again brought up, and after some discussion, the deed was accepted by the Board, said land to be used for park purposes.

In the afternoon, before the fence meeting, the Board went over to the cemetery to see where the well should be located. Decided to have the well on Lot No. 209.

After the meeting in regard to the park adjourned, the matter of the application of Fred Norton was brought up. (L. H. Tyner & Walter Sutton were present besides the Board & Clerk).

The 3 members of the Board & Clerk met at the Town Hall. Meeting was for anything anyone might want to take up with the Board. (Third Tues. of month, set May 7, 1934. Sec. 39.)

The meeting was called to order by the Chairman, who then asked if anyone had anything to bring before the board.

Price for
Weed Cutting

Mr. Roy Brandt said he thought that 35¢ per hour for cutting weeds was entirely too low. Also, the Weed Commissioners should get more than \$3.50 per day, he said.

About 15 men were present. Among those present who entered into the discussion were Messrs. Sutton, Floyd Kelley, O. Hard & several others. They said that as long as the weed cutting was assessed up to the property, it did not make any difference to the town what price was paid.

Mr. Waterman said he thought the taxes should be kept down, if possible. The patrolmen's wages had been raised, and the extra men were paid 60¢ per hour at first. They are now being paid 50¢. If the weed cutting were raised, the commissioners' wages would have to be raised, too.

Mr. Poole asked about how many men would cut weeds. The amount paid to each man would not help him very much as the cutting this year will not last very much.

After a very lengthy discussion, Mr. Fisher said he thought 50¢ per hour should be paid for cutting and 60¢ for commissioners. Also, they should not work more than eight hours per day. But, Mr. Fisher said, he was only one member of the board, and it was up to the other two members.

Mr. Waterman said 45¢ per hour straight (for both)

Mr. Poole said 45¢ & 50¢ per hour.

Needs -

45¢ & 50¢

It was decided to pay 45¢ per hour for cutting and 50¢ per hour for Commissioners.

The board authorized the clerk to issue a soft drink license to all who had been given one last year's licenses to be granted upon application.

Orders were drawn per order register.
The following was repealed.

Town of Blooming Grove,
Dane County, Wisconsin,

Whereas, Subsection (1), of Article (d) of Section (10), of the Blooming Grove Non-intoxicating Liquor Ordinance has therein a clause prohibiting the sale of fermented malt beverages before 12:00 o'clock noon on Sundays, and

Whereas, the Town is without legal authority to prohibit the sale of intoxicating liquor on Sunday morning, and

Whereas, after due deliberation and consideration, it is the opinion of this Board that the above mentioned clause of said ordinance is inconsistent with proper law enforcement in this township, now, therefore, be it resolved,

Ad. of Review
3.1

Board of Review met at the Town Hall. The 3 members of the Board, Assessor & Clerk were present.

Proceeded reviewing of assessment roll.

Two owners of quite a number of lots in Lansing Place appeared before the Board. They thought lots were not equalized. Some were too high & others too low, they said. After some discussion & taking everything into consideration, such as street improvement, etc., it was decided to not change the value at this time.

E.C. Vogo appeared, as he understood the assessor, Mr. Maho, had planned to raise the valuation of his property. He said he had no street improvement like the lots in Hyldhaven. But Mr. Maho pointed out that he had more feet on the lake,

+ a strip of land from the lake to the Hinnequah Road, and still his value was lower than much smaller lots. After some discussion Mr. Mahen said he would leave the value as it is this year.

Several others appeared in regard to small complaints, but were satisfied after explanations were made.

To the members of the Town Board.

Gentlemen:

The need for making a further request of you has arisen. In my canvass of the various districts I have repeatedly met people who asked whether, in connection with the church, I wouldn't give some evening lectures for the benefit of those who either cannot come to the services on Sunday morning or who would like additional instruction to that received in the Sunday morning sermons. This is a not unusual request, for adult Bible classes are a part of the work of almost every church.

Hence my request. Could arrangements be made whereby I could have the use of the Town Hall on a certain evening of every week, beginning with the

first of October, the evening to be designated by you? Some arrangement would have to be made with regard to the light used by me during those evenings, its expense. If you have a meeting in the near future, I should be glad to meet with you to settle the details, provided you are willing to grant this request.

Sincerely,
Martin C. Eggers.

Above letter was filed with clerk. Thurs. evening was satisfactory with Rev. Eggers.

After some discussion it was decided by the Board to let Rev. Eggers have the Town Hall every Thurs. evening. In case something very important came up that the Town Hall had to be used for town purposes, Rev. Eggers would be notified.

*Mr. Sluade from Hatterschick plat was present.
He wanted the board to put a culvert in his drive way.
He said the town had dug the ditch after he bought
his lot. Board did not see how a culvert could be*

furnished by the town. If other lots along the street where the ditch is were sold, & houses built, the town would have to buy culverts for those owners, too. Property owners have always had to pay for their own culverts into their drains. Mr. Sluice, however, claims that the ditch is not a regular ditch, it is more of a storm sewer. He said he would be willing to pay an amount equal to a 12" culvert, but no more.

The board discussed with Ray Thibodeau (Constable) what compensation he was to receive for his services when stopping heavy traffic on the newly oiled streets in Gallagher Plat, namely: Fair Oaks and Ritchie Avenues. Discussed F. C. P. A. work. Mr. Staterman said he thought some work should be started in the town. Other townships had projects going. Mr. Fisher said most projects required the hiring of trucks, which the town would have to pay for, and the cost would run too high. After a lengthy discussion it was decided to see if something could be done about getting some projects started.

Compensation

Town Chairman

The problem of paying Mr. Fisher, chairman, extra for his services was again brought up. Mr. Fisher said he had so much running around to do, he thought he should be allowed something to pay the gasoline. The board checked over all the trips he had made & the time spent. It was decided to pay him \$2.00 for his time spent on town work. (That is, if he spent a part of one day & a part another, it would be called 1 day, etc.). The regular amount allowed by the statutes is \$4.00 per day, but Mr. Fisher said he would be satisfied with \$2.00. (Just as he could pay expenses, he said). The amount allowed Mr. Fisher from the time he took office to date was \$8.00.

That 46 R.O.P. (Record of Performances) King Banded White Leghorn Cockerels on the premises of the mother Miller Breeding Farm, were killed by a dog, owner unknown.

The fact that the male birds are from Record of Performance Breeding & cost us \$.30 each when they were baby chicks & at the time they were killed they were 6 months old, we believe that a price of \$1.50 each is a very reasonable value for the birds. If we are forced to replace the birds that were killed, we will have to pay approximately \$69.00 @ \$1.50 each.

We, the undersigned supervisors, respectfully submit the above report.

WAYNE FISHER, Chairman
JUSTIN WATERMAN, Supervisor
EDWIN B. POOLE, Supervisor
PEARL HEGG, Town Clerk
I. B. JOHNSON, Town Treasurer.

Dated this 26th day of March, 1935.

Board approved a class "D" License application for George Schmitz (Ammen's Tavern).

2 new adding machines

The Treasurer's adding machine needed repairing a part being broken. The clerk's machine also needs overhauling. As the machines are worn & the cost of repair on the treasurer's would be rather high, the board decided to purchase two new Underwood Lundstrand adding machines.

Meeting adjourned.

Carl Hegg, Town Clerk.

Decided to hire Terry Jensen to take care of the Cemetery.

Class "D"

Mrs. Louis Scherer asked the clerk if the board would approve another Tavern License if a Tavern were built. Mr. Frank Roberts is planning to build a Tavern across from the airport.

The clerk brought the matter before the Board. Board decided not to grant any more licenses.

Orders were drawn per order register.

Mrs. Myrtle Zimmerman and Mrs. Pearl Hegg acted as Election Clerks.

A. M. Algren and Martin Munson acted as Ballot Clerks.

The polls were opened at seven o'clock in the forenoon by proclamation and closed in the same manner at eight o'clock in the evening.

Adoption moved, seconded & carried.

Resolution No. 2, by E. J. Onstad.

WHEREAS, the Town of Blooming Grove has a large number of business establishments, many State Trunk and Town Highways, and very much traffic on said highways, both in the daytime and night time, be it therefore,

*Adoption moved, seconded & carried.
(Explanation of above resolution was given by
Mr. Onstad).*

Mr. Wayne Fisher, chairman, brought up the matter of compensation of the chairman. Mr. Fisher explained that he could not afford to do extra work & run his car if he did not receive pay for his services.

After some discussion, a motion was made to approve the action of the Town Board to compensate any member of board who does extra work (that is, outside of meetings).

Justin Waterman, ^{others} stated this was unnecessary as Statute provided for compensation.

More discussion was held.

Motion was finally withdrawn.

(Mr. Waterman explained the above very fully.)

March 25, 1935

Dear Sir:

There is no project before the American people to-day that would bring about more far-reaching benefits to the country than the St. Lawrence deeps waterway to the ocean.

The treaty with Canada is ready for submission to the Senate of the United States. Unless prompt action is taken by the people there is danger that the President may not bring the matter up at this session. Nothing can be done that will so surely bring a return of prosperity to Wisconsin.

The only way that we can make our desires known to the President is by petition.

We are enclosing forms of petition for circulation to every County Clerk in the State, to Chambers of Commerce of leading cities and to every organization who are interested in public welfare.

The plan is to have these petitions at the polling place in every voting precinct in the state on the 2nd. of April and we ask your co-operation in getting the petition signed and sent to the President at Washington.

Here is a chance to do something of the greatest importance to our State.

Very truly yours,

(The Clerk announced that the petition would be placed at the desk near the booths, where anyone wishing to sign it, could).

Edwin B. Poole brought up the matter of building a high school in the town. A discussion followed. Mr. Howard Hilson was in favor of a high school.

A motion was made that a committee of 12 be appointed by the chairman to investigate the possibilities of building a high school in the town & report at some future meeting.

Adoption moved, seconded & carried.

A motion was made that the meeting be adjourned. Seconded & carried.

After the Annual Town Meeting adjourned, the voting continued until the polls were closed.

After the polls were closed, the canvass was proceeded with according to law. See Election Record for results.

Recorded this 3rd day of April, 1935.

Mr. Ashman was present with a petition against having a taxman Hoboken Beach. See p. 128 for petition.

Board continued reviewing assessment roll.

Mr. Mel. Johnson & his son appeared in regard to having the assessment on their lots in Frosts Woods lowered.

Mr. Maher, assessor, stated that he had lowered them to \$200.00 & felt that was low enough. If they were lowered any more than that, the assessment in comparison to the other lots in that territory, would be out of proportion.

Mr. Johnson stated that he was behind on his taxes & was having a difficult time paying them. He wanted the lots reduced to \$175.00.

Mr. Waterman figured how much of a difference that would make, between \$200.00 & \$175.00. It made a small difference, less than \$1.00 on all the lots.

After a long discussion, it was decided to leave the lots at \$200.00, as Mr. Maher had them assessed.

The Board went over above petitions. Wayne Fisher, chairman, was in favor of granting a tavern license to Mrs. Bertha Scherer. Mr. Haterman & Mr. Poole went over the petitions carefully. It was found that a great many who signed for a tavern did not live in the vicinity. This was carefully taken into consideration.

Mr. Haterman said he had no objection to Mrs. Scherer having a license, but he was not in favor of granting one when so many property owners in that vicinity had signed against having a tavern. The petition in favor of the tavern had been signed by a ^{number of} people not living nor owning property in the vicinity.

After a long discussion & deliberation, Mr. Poole said he thought it best not to grant a license to Mrs. Scherer under the circumstances. Mr. Haterman said the petition showed the sentiment of the people. A great many more had signed against the tavern than for it in that vicinity. Signers living elsewhere would not count.

License refused by Mr. Haterman & Mr. Poole.

Class "B" Beer
Hoboken Beach

The granting of a tavern license to Mrs. Bertha Scherer was again brought up for discussion by Mr. Fisher & Mr. Poole. As the Beer License application had been refused July 16, 1935, the Liquor Application was not advertised, so could not be acted upon. Mr. Fisher said he was against granting any license to anyone on Hy. 12418 unless Mrs. Scherer was granted a license. Mr. Poole said he thought they had acted too quickly on the strength of the petitions which were filed against a tavern in Hoboken Beach. He said he had talked to 30+ people living in that vicinity, who had signed the petitions against the tavern & they had not seemed so very much opposed to a tavern. Mr. Hartman said he thought the decision should be left as it was. He stated, as he had previously, that he had no objections against Mrs. Scherer having a license, but he felt that it was up to the people. If they petitioned against having a tavern in Hoboken Beach, he felt, he said, that they should certainly be given consideration in the matter. The Petitions expressed the sentiment of the people, he said.

Mr. Poole said he thought it should be granted.

The Class "B" Beer Application was approved by Mr. Fisher & Mr. Poole.

Reg. Meeting.

Aug. 20, 1935, 8:10 P.M.

Wayne Fisher, ~~and~~ Edwin B. Poole and the clerk were present at a meeting held at the Town Hall. The treasurer was present, also.

Mr. Fisher called the meeting to order and asked if anyone present had any business to bring before the board.

Mr. B. H. Ashman asked if the board intended taking any action on the Liquor Application filed by Mrs. Bertha Scherer. Mr. Fisher answered that the application was to be considered at this meeting, and that it could be taken care of first if the people so desired. Mr. Fisher then asked Mr. Ashman if he wished to discuss the application.

Mr. Ashman said he was against the building of a tavern in Hoboken Beach. He said when the school meeting was held in June the tavern was discussed, and $\frac{3}{4}$ of the property owners were against it. Hoboken Beach was platted in 1904, he said, and at that time there was a 10 or 15 year restriction on the plat against the building of a tavern. Even though that restriction has run out, the people bought in that plat with the idea that it would be kept a residential district, and the property owners are going to try to keep it a residential district, Mr. Ashman said.

Mr. Geo. Lawrence said he was against having a tavern built in Hoboken Beach. He said he could not find any demand for a tavern in that locality. There are three taverns near by, he said, and he could not see why there should be another one.

Mr. Bert Sauthoff, a property owner in that locality, appeared before the board against the building of a tavern. He said there were three now, and he thought that was plenty.

Mr. Frank Bliss appeared against the building of a tavern. He stated much the same as had already been said, ending by saying that there were plenty of taverns nearby now.

Mr. John Rupp said he was against the tavern in Hoboken Beach, saying practically the same as had already been said.

Miss Elsa Weber appeared against the tavern. When she was going around last winter trying to get donations for the Red Cross, she asked one of the nearby tavern operators for a donation, she said. He refused, saying that he was barely making a living now. Miss Weber said she did not think it would help matters any to have another tavern in the locality, if those now operating could barely make a living.

Mrs. B. H. Ashman appeared against the tavern. She said they did not want a situation in Hoboken Beach like the one that exists at the Black Bridge, and having a tavern invites just such a situation, she said.

Mr. Lawrence said if a tavern were built at Hoboken Beach, it would invite the reputation of the Black Bridge.

Mr. Sauthoff said it was impossible for the little taverns to make a living in a decent way. He cited incidents to back this statement up. He mentioned ~~one~~ where in one small tavern, empty liquor bottles had been filled with "moon".

Mrs. Runge was present to appear against the tavern. She asked Mr. Fisher if he remembered what he had said to her before election when he was running for chairman, April, 1934. She told him that he had said that he would do the right thing if he were elected. She asked him if he thought he was doing the right thing now, by being in favor of the tavern, when so many people were protesting against it. He answered that he thought he was doing the right thing. He said he could not see how a tavern in that locality was going to be any trouble to anyone.

Mr. Runge appeared against the tavern. He said he was intending to build a new home, but he was not going to build a new home if there was going to be a tavern right beside him.

Mrs. Ashman said she had 5 children, and as the tavern would be only about 500 feet from their home, she was very much opposed to it. She did not care to have that kind of environment in which to raise her children, she said.

Mr. Fisher was asked why he was in favor of a tavern being built in Hoboken Beach. He answered that he had promised Mr. Frank Roberts that he would give him a license. Mr. Fisher said he felt honored that Mr. Roberts had chosen Blooming Grove for the location of his tavern. The town of Burke and ~~3622~~ other townships had tried to get him to come to their townships, but he decided on Blooming Grove, Mr. Fisher said.

Mr. Fisher and Mr. Poole were asked if they would care to have a tavern next door to their homes. Mr. Fisher said he did not think it would be so bad. Mr. Poole said that the plat in which he lived (Lake Edge Park) was a restricted residential district, and no tavern could be built near him. He said there was a tavern a couple of blocks away, but he did not see that it was any trouble to him.

Mr. Fisher, when asked if the people were not going to get any consideration in the matter, said he had promised Mr. Roberts a license, and he could not see why a tavern could not be built in that locality.

Mr. Poole was asked what he intended to do in regard to the license. He said he had not heard a good reason as yet why there should not be a tavern in Hoboken Beach. He was reminded that Ashmans lived about 500 feet from where the tavern would be built, and they did not care to have a tavern there on account of their children. The people said they thought that was one good reason.

Mr. Poole said the law permitted the taverns to run. He was then asked why so many laws were made for the operating of taverns, if the taverns were so desirable. He said other kinds of business had laws to live up to, too. Someone answered that the taverns had more laws and required police inspection, also.

Mr. Sauthoff said that the taverns are going to eventually put themselves out of business, the way so many of them are being run.

Mr. Ashman mentioned the arrests made where slot machines had been found in taverns. He asked, "If a man is fined, does the board grant him a license?" He was answered, "yes."

Mr. Lawrence ~~said~~ Mr. Fisher and Mr. Poole ~~that~~ they had not been elected to represent the people. He said, "You were elected to represent the people, were you not? Then shouldn't we be considered?"

Mr. Fisher and Mr. Poole were asked if they had any financial interest in the proposed tavern. Both answered that they had not. Mr. Fisher said he had not thought it necessary to ask anyone in Hoboken Beach whether or not the people in that vicinity would have any objections. Mrs. Ashman answered, "But we petitioned. You did not have to ask us what we thought of a tavern. We petitioned you. Are you not going to respect that?"

Miss Weber asked if any other kind of a business (anything but a tavern) had been petitioned for and against, and those who had petitioned against were the majority, if they would not be the ones to be given the consideration in the matter. She said it should be the same with the tavern.

Mr. Ashman asked who were considered, the people in the vicinity or in other parts of the town. About 56 signers had petitioned for the tavern, but only about 15 of the signers lived in or near Hoboken Beach. The others lived in different parts of the town and several were non-residents. Two petitions were filed against the tavern. One containing 23 names of "qualified voters", and 4 names of property owners; the other contained 18 names of property owners, making a total of 45 signers against the tavern.

Mr. Ashman asked ~~if~~ Mr. Fisher if he thought he was being a good Socialist. Mr. Ashman told him he did not think he was living up to the Socialistic ideas.

It was stated that Mr. Ashman, Mr. Weber and Mr. Runge were the property owners nearest the proposed tavern, and they were all against it. Mr. Fisher and Mr. Poole were asked if these three property owners should not be considered. The people thought at least these three should be given consideration of the matter.

Mrs. Ashman asked Mr. Fisher in regard to his promise to Mr. Roberts, "Does one man get the consideration or do 45 people?"

Mr. Fisher said the location, being on the highway, would be all business some day, anyway. He was looking into the future, he said. He could not see how the tavern was going to be a nuisance to anyone, he said, as most of them lived two blocks away. He said he did not think it would hurt the property. He was told that the value of the property would decrease if the tavern were built. Mr. Fisher explained that Mr. Roberts was going to build the tavern, so that in case he lost his job at the Highway Commission, he would have something to do.

The question was raised as to whether or not this was the Mrs. Scherer who had been arrested. No one seemed to know. The suggestion was made that it should be investigated. Mr. Fisher, when asked, said he did not intend to investigate.

Mr. Poole, after some discussion, decided to lay the application over for the time being.

The board refused a tavern application filed by Lester Elliott.

The board approved the following Class "D" applications:

Mayme Botsford
Richard Dawalt
Vincent A. Grunzine
Violet Scott

Mr. C. R. Cripps asked the clerk to find out if he might get permission to clear a park strip in Belle Isle. He wished to use it for a garden as it is near his lot. Also, he wanted to know if he could have the dead willows on the lot. This park has never been taken care of, as the road has not been improved, and, also, the lot is not on the lake.

The board gave him permission to use the lot if he will clean it up and take care of it.

The board signed a resolution for temporary borrowing for \$3,000.00.

Orders were drawn per order register.

Hayne Fisher, Edwin Poole & Clerk met with Mr. Howard Hilson at the Monona Farms. Andrew Rabben was present, also.

The matter of the town purchasing the 3.737 acres west of the Blooming Grove Cemetery, to be used for Cemetery purposes, was discussed.

The price per acre was set at \$400. This would amount to a total of \$1,495.80. Mr. Hilson said that the Monona Farms Co. would not charge any interest. Board agreed to pay \$1,500.00 for the 3.737 acres; \$500.00 to be paid down, \$500.00 to be paid in 1936 & the balance of \$500.00, to be paid in 1937. Mr. Hilson said he felt sure this would meet with the approval of the Co. He agreed to have the abstract brought up to date & have the deed drawn up. The Chairman & Clerk would sign 2 notes - 1 due in 1936 of \$500.00; & 1 due in 1937 of \$500.00. An option was to be presented to the Company by Mr. Hilson containing the agreement of \$500.00 paid down, & \$500.00 to be paid in 1936 & 1937, & no interest charge.

If the deed should be ready before the crop

of alfalfa, which is on the land, was removed, board agreed that the Monona Farms should have the hay. Mr. Wilson said the Monona Farms could plow & disk the land so that the town could level it off. The plowing & diskings ~~would~~ be done this Fall.

 it would be almost impossible to construct a
 road 20 ft. wide on a side hill, as this court is. Board
 decided to have clerk notify all owners on Eighmy
 Court to come to a meeting to be held Oct. 29, 1935,
 at the Town Hall, at 8:00 P.M. decided that 10 feet
 more is absolutely necessary, making a total of 30
 feet upon which to build a road. This would be taken
 up with the owners.

Sublot A. Mr. Dahlen was asked to look up at the Court House,
 Monona Ridge the matter of Sublot A, Monona Ridge, to find

whether it had been platted as a street end or as an outlet. The results were as follows:

That the outlet was platted as an Outlet & called Outlet A;

That the people who bought lots in Morris Ridge, not on the lake shore, bought with the understanding that Outlet A could be & should be used by them as access to the lake;

That according to Section 236.11 of the Statutes, which provides "that land platted as streets or otherwise for the use of the general public shall be held in the corporate name of the town, city or village in which such plat is situated in trust for the purposes expressed and intended," this particular Outlet A could have been taken off the Assessment Roll; (in this case, the Outlet was purchased by tax title);

That nothing can be done in regard to Outlet A as Mr. Nickles held a meeting, notifying all owners of such meeting. The results or action is recorded in Vol. 89 Misc, pages 508 & 509.

Decided to grade Cooksville Ave. from Harold Ave. to Eighth Court.

Decided to place a 14 ft. by 12" culvert at Snyder Place, under lake.

The 3 members of the board & clerk met at the Town Hall. Meeting was in regard to Monona Ridge Court.

Eighmy Ct.
Monona Ridge

The meeting was called to order by Mr. Fisher, Chairman. He asked to hear from anyone owning property in Monona Ridge on Eighmy Court.

Mr. Robt. Nickles said he was appearing for the Kilowatt Club, & was to appear in favor of the improvement of the Court.

It was explained to those present that 20 feet, the width of the Court, was not wide enough for a street, as this Court is on a side hill. It was explained that 10 ft. more would be necessary. Those present were asked what they thought of taking 5 feet on each side of the Court.

Mr. Ed. C. Voges, who owns Lots 1 & 20, Bk. 1, said he was not in favor of giving 5 ft. of the lake shore lot, but would gladly give 10 ft. of the other lot. The lake shore lots are assessed at \$800.00 and the back lots are assessed at \$200.00. He said there was too much value in the lake shore lots compared with the back lots, & that he thought taking 10 feet from the back lots would be better.

Mr. Ott, who owns a lake shore lot said he was not in favor of giving 5 feet.

Mr. J. Hille, who owns a lake shore lot said he was not in favor of giving 5 feet, as it would bring the street too close to his garage.

After some discussion it was decided to take 10 feet from the back lots, or on the easterly side of the Court.

Mr. Nickles said the Kilowatt Club would be willing to give 10 feet of the back lots.

Mr. Voges was in favor of giving 10 feet or more

if necessary, from the back lot (Lot 20). He said he was willing, also, to give a right-of-way through the strip of land joining lots 18 & 20, Monksa Ridge, in case the road would be extended.

This was also discussed by those present, whether or not Eighmy Court should be extended to meet with Springham Ave. in Hyldbarn.

It was decided to make out a new petition concerning Eighmy Court through Lots 18 & 20 instead of 20 then. Also, to have the proposed extension of Eighmy Court surveyed.

Those present were in favor of the improvement of Eighmy Court, & the extension of Eighmy Court to meet Springham Ave. in Hyldbarn Plat.

Mr. Nickles brought up the matter of drainage on his lot, Cutlot 2. Board agreed to look after it. It could be tiled along his lot line.

Orders were drawn per order register.

Decided to cut the necessary brush, around curves, etc., & where it would be apt to catch snow, causing it to drift, on highways.

Decided to cut a ditch on the east side of the street end at Edelwyn Park.

Mr. Lawrence Svenson, Gallagher Plot, was present in regard to opening a tavern in Southoff's subdivision, east of Starkweather Creek, & on County Trunk J, or Milwaukee St.

As this is zoned as residential district, the first ^{step} would be to see whether or not such an amendment could be made; that is, changing the lots from residential district to business district.

Mr. Fisher said he would not be in favor of granting a license for the present building.

Mr. Nateman thought we had enough taverns in the town, he said.

Mr. Poole thought the present building was not large enough.

Mr. Svenson said he would put the building in good shape. The board would inspect before granting license.

Meeting adjourned.

Re: zoning Ordinance

The following was taken up by the board:

"The chairman read a letter addressed to the Town Board from Mrs. John D. Ruff, a resident of Hoboken Beach, giving notice to the Board of alleged

violation of the Zoning Order of the Town adopted March 31, 1931, alleging that one George Kraft on his property at Hoboken Beach in this Town was rebuilding and adding to a non-conforming building.

Let the record show that after receipt of Mrs. Rupp's letter & before this meeting the Board examined the premises & reached the conclusion that the rebuilding & additions in process were upon a non-conforming building apparently erected before the enactment of the ordinance, & that approval of this Board was a prerequisite to such rebuilding or addition.

After discussion the Board determined to notify Mr. Kraft of the violation & to make demand upon him to make application to the Board under the provisions of subsection (3) of section 5 of the Zoning Order before proceeding further to rebuild or add to his bathhouse property.

The Board further directed a letter be sent to Mrs. Rupp acknowledging her letter, advising her of the action of the Board & instructing her that she, being an adjoining property owner, had the right to proceed to prevent by injunction the alleged violation of the ordinance or to make proper complaint under the penal provisions of the ordinance, being Section 10.

(Filed under zoning order).

None of the other officials complained, so nothing was done about it.

Zoning Ordinance

The following letter was presented to the Board:

To the Town Board of the Town of Blooming Grove,
Dane County, Wisconsin.

The undersigned George Kraft, being the owner of the property known as Lot 10, Block 2, Hoboken Beach, in the Town of Blooming Grove, Dane County, Wisconsin, hereby respectfully requests the approval of the Town Board for the repairing of the residence cottage property which was recently damaged by fire on the 3rd day of April, 1936, in accordance with Subdiv. 3 of Section 5 of the Zoning Order of the Town Board dated March 31st, 1931, for the reason that said structure which is now sought to be repaired was being used for residence purposes within the present area now occupied by it and which it is proposed shall be continued to be so occupied, prior to the enactment of said Zoning Order, thereby being what is known as a non-conforming use, and for the further reason that such repairing will not injuriously affect neighboring property or the public health, safety or general welfare, and that no change in the area occupied by said building prior to the adoption of said Zoning Order is contemplated.

You are hereby further advised that the damage to said structure by the fire in question was substantially less than 50% of the cost price of said building, and further that no structural changes of any kind are contemplated which will in any way change the nature or use of said premises from those to which they were put prior to the said fire.

You are further advised that said residence property is located in a residence district and the only non-conformance to the Zoning Order of the Town Board is the location thereof, insofar as area regulations are concerned, and specifically in that the same is located within eight feet of the side line of said lot and also within ten feet from the rear line, if the lake shore is accepted as the rear line thereof, although the ordinance does not indicate whether the lake shore might not be considered the front of the lot.

Respectfully submitted,

George Thraft.
