Christmas Tree Collection

The Public Works Department will be collecting cut Christmas trees starting January 11, 2027, for Zones 1 through 4. Bare Christmas trees **must** be placed curbside **prior to the starting date.** The town will be making only one pass through.

Do Not place trees in the street. This pickup will be for **Christmas Trees Only**. No artificial trees, decorated trees, wreaths, brush, leaves, or any other debris will be collected at this time.

Again, there will be only one pass through on your street.

Leaf and Brush Collection will resume in the spring. These dates will be provided in the future on our website.

REMEMBER TO DRIVE SAFELY and reduce your speed during adverse conditions.

Thank you for your cooperation.

The Colts Neck Public Works Department
