Good afternoon.

Want to start by reminding all of you that we agreed to meet from 5 pm to 8 pm to catch up a bit on the process. So bring your brown bag dinner or other nibbles to get through the evening!! And maybe your favorite coffee or other caffeine drink!

With that accomplished I want to direct your attention to the attachments.

The Agenda and Memorandum are NEW. Also new is the No Rules code language and the map identifying its location. Not new is V2 of the Comprehensive Plan or Chapters 3 and 4 of the Development Code. I know Dave has previously printed those items for most if not all of you.

Reach out if you have questions.

See you on Wednesday at 5:00 p.m.

Carla

Good morning everyone,

Unfortunately, I will not be able to attend today's meeting due to coming down with a nasty stomach flu. Hopefully, we can come together collectively as a group and refrain from letting our emotions get the better of us. We must keep in mind that

our goal for this board is to the people and helping make the lives of the residents of Echo better and not for any personal agenda.

Again, I apologize that I cannot attend today, but I look forward to hearing about the progress from The topics we discussed in the previous meeting.

Very Respectfully,
Vicente Escalante
