

# BOROUGH OF ENGLEWOOD CLIFFS

482 HUDSON TERRACE • ENGLEWOOD CLIFFS, NJ. 07632

## OFFICE OF EMERGENCY MANAGEMENT

### WEATHER ALERT BULLETIN - NORTHERN NJ – JULY 31, 2025

The Englewood Cliffs Office of Emergency Management (OEM) is actively monitoring a **severe storm system** that is expected to affect our region **from Thursday, July 31 through Friday, August 1**. According to the National Weather Service, rainfall totals of **1–3 inches** are expected across most of Northern NJ, **localized areas may experience up to 5–7 inches**, and **moderate flooding** of rivers, streams, and flood-prone locations is possible due to excessive runoff.

In response to the hazardous weather forecast, **Acting Governor Tahesha L. Way has declared a State of Emergency effective 2:00 PM today** under **Executive Order No. 394**.

#### **FLOODING & TRAVEL ADVISORY:**

While Englewood Cliffs is not in a typical floodplain, the **volume of rainfall may cause localized flooding on roads, driveways, and low-lying properties**. Use extreme caution when traveling during heavy rain. **Never drive through standing water**. The depth can be deceptive and pose serious risk to life and property. **If in doubt, use an alternate route.**

The Borough's **Department of Public Works (DPW)** has been authorized by Administration to remain on-site on **storm standby for a minimum of 4 hours** and will respond as needed. OEM and DPW will continue to monitor conditions and activate additional support if necessary.

#### **POWER OUTAGE & WIRE HAZARD REPORTING:**

In the event of a power outage or downed wires:

- **Do NOT approach or touch any wire** — assume all wires are energized.
- **Report outages or hazards to PSE&G:**
  - **Call:** 1-800-436-PSEG (7734)
  - **Text "OUT" to 4PSEG (47734)** (register first by texting "REG")
  - **Online:** [nj.pseg.com/outageandgasleaks](http://nj.pseg.com/outageandgasleaks)
- **Do NOT call the Police Department** for non-emergency power-related inquiries.

#### **SAFETY TIPS:**

- Charge your devices and prepare flashlights and batteries.
- Avoid basement use or storage during active rainfall.
- Clear storm drains near your property if safe.
- Check on elderly or at-risk neighbors.

#### **OFFICIAL INFORMATION SOURCES:**

- [NJ Office of Emergency Management](#)
- [Governor's Executive Order 394](#)
- [National Weather Service](#)

This is an **advisory**. The **Englewood Cliffs OEM** will continue to monitor the storm and provide updates as needed.
