ARTICLE 1. GENERAL PROVISIONS

A. SEWER EXTENSIONS

- (1) Customers wishing to extend sewer service to their property shall make written application to the city and pay the actual extension costs and connection fee. The cost will be estimated by the city and a deposit in the amount estimated shall be required before extension. Upon completion the difference will be refunded or billed to the customer, whichever the case may be.
- (2) Once installed, lateral lines serving real properties are owned by the property owner and lateral maintenance is the property owner's responsibility so long as the lateral is located on the property owner's real property. ~~whether or not the lateral is located on private property or in the public right of way.~~
- (3) Installation must comply with city standards and pass a city inspection prior to connection.

B. SERVICE CONNECTION

- (1) All dwellings and places of business must connect to the sewer system if the main line is within 300 feet of the sewer system.
- (2) Service Connections shall be completed pursuant to the Fillmore City General Utility Policy

C. FEES AND RATES

Sewer rates and fees are provided in the Fillmore City Fee and Rate Schedule. Sewer is charged whenever water is connected for indoor use.

ARTICLE II. PROHIBITED PRACTICES

A. DUMPING

It is unlawful to dump grease, fatty material, garbage, volatile liquids, gravel, glass, or any materials which may cause an obstruction into the sewer lines.

B. CONSTRUCTION

It is unlawful to construct any building or structure, including cement driveways, patios, etc. over any sewer line. Sewer line easements must remain free of obstruction for system maintenance and repairs.

C. SEWER RATES

Sewer rates are based on water usage. Sewer and garbage are charged whenever water is connected for household use.
