Fort Jones Fire Department

Chief Joseph Hess
Po Box 597
31 Newton Street
Fort Jones CA, 96032
Station Phone (530)468-2261
E-Mail- ftjfire@sisqtel.net

To City Council,

The Fire Department responded to 36 calls for service in the month of July. Members participated in 16 hours of scheduled training and numerous hours of online and on-duty proficiency training. The department has responded to 277 calls in 2025.

July 2025 Calls

Call Type	City Limits	Out of City
MEDICAL AID	7	11
PUBLIC ASSIST		2
WILDLAND FIRE		4
SMOKE CHECK		1
AGENCY ASSIST	1	
CANCELLED	2	7
AIRCRAFT EMERGENCY		1
TOTAL	10	26

E-1314 was assigned to the Scott Valley Airport on Monday, July 7th and has been continuously assigned since. First to the Marble Complex and then on the 21st we were transferred to the Orleans Complex, still out of the Scott Valley Helibase. We have four personnel staffing the engine each day and at least two staffing the station on backfill coverage.

On July 15th Chief Hess was assigned to the Green Fire on the Shasta-Trinity National Forest as a Task Force Leader with an OES Taskforce made up of OES engines from all over the North State. After a week assigned the Taskforce was released.

We have been working on getting our new reporting and tracking software, FirstDue, up and running and transferring all our old data from previous software and paper records. Once up and running it will streamline several processes and make it easier to identify areas for improvement within the department.

Town of Fort Jones

Public Works Report

July 2025

Sewer

We explored numerous options for funding the Cowan Street Sewer Improvement Project. We talked with IBank, who has a minimum amount of 1 million per loan. We talked with the RCAC, who would be able to give us a 5.5 percent interest rate on a loan to cover the construction costs associated with this project. We spoke with Brandy from Great Northern Corporation about using some of the Town's CDBG monies to cover the project. It seems there are plenty of different options to choose from regarding this project. I wanted to remind the Council that winter is fast approaching, and that most contractors don't like to work on these big projects in the winter because of the cold/wet weather.

We responded to a blocked mainline on Sterling Street. We were unable to clear the blockage with the Town's flusher truck. The flusher truck broke a belt. Napa did not have a correct size replacement. We requested that the City of Etna send their flusher trailer over to try to clear the blockage. We were able to get it partially opened back up, but the hose wouldn't go past a certain point in the pipe. We dug it up above the blockage to try to camera the line to see where the problem was. It was over 6 feet deep. While hydro excavating the pipe deteriorated and fell apart. The sewage flowed into the open pit. We fixed the flusher truck and used it some more. We pinpointed where the blockage was and dug it up there. There was a lateral that had root intrusion into the main. The roots had grown 6 inches in diameter up the pipe. We pulled out the roots and plumbed in a new saddle and lateral as well as installed a new cleanout. I ordered all of the parts and pieces necessary to cut in a new section of main for the first hole.

We collected all the data from the wastewater plant and compiled it into a usable form. We completed the CIWQS reporting for the month. We spoke and met with Anders from SHN to discuss the new proposed wastewater plant.

Water

We responded to 3 separate leaks in the Dale/Mittan Way neighborhood. One of the leaks the hydrant had blown off the pipe. It was installed incorrectly, without a thrust block. The other two leaks were on service laterals to homes. I suspect all three leaks were caused by water hammer and aging pipes. The hydrant that was replaced was originally installed in 1972. I suspect that the pipes in this neighborhood are the same age, making them 53 years old. This is past the useful lifespan of this type of pipe. I expect more leaks such as this until we replace the whole main in this neighborhood. We collaborated with all parties to notify every one of the necessary water shut down to replace the hydrant. We also chlorinated the water because of the shutdown. We were required to take a special coliform sample after the shutdown and to get it to PACE labs. We read all the meters and entered the information into the billing software. The SAFER drought reporting for the month has been completed. We located water lines for all submitted 811 requests within the Town. We handed out shut off notice's door to door. We turned people on and off as they or the office requested.

We replaced numerous meters around Town and ordered a lot of different valves, meters and other related plumbing parts for the water department.

We responded to a water truck driver driving off with the hose still attached to the hydrant meter, which broke a fitting on the meter. We replaced that meter with the other one and ordered parts to fix the broken one. We fixed the broken one and ordered a third hydrant meter to have. This new hydrant meter will have a RFP backflow device built into it, to prevent any backflow or back siphonage of water from the trucks as they fill up.

We worked with Caltrans to get all the necessary paperwork in to be able to dig in their right of way. We set up all the necessary traffic control structures to be able to work in their ROW. We dug up and replaced an old valve and meter on Hwy 3.

Parks

We installed the grilling frame onto the BBQ pit at the Paul Garrison Picnic Pavillion. The Town hosted the Bev White Memorial Tournament at the Little League Park. It was a great success. We wanted to thank the attendees for getting all the trash into the trash cans. We took out the trash weekly from the parks. We have been mowing all the parks once per week. We used the weed eater in numerous locations throughout Town.

We received all the siding necessary to reside the Scout Hall. We also moved the fence along the west side of the Scout Hall so that we can remove the old siding and replace it. This is an ongoing project. We still must tear down the old fence, but the new fence has been built.

We cleaned the picnic pavilion and put up reserved signs when requested. We repaired sprinklers in the ball parks.

Roads

We took out the trash weekly from the Towns trash cans. We located the Towns storm drains for all 811 requests. We used the weed eater along the sides of the roads in town to try to prevent a catastrophic wildfire.

Fort Jones Town Council
Regular Meeting Minutes
July 14, 2025

CERTIFICATION OF POSTING AGENDA

I, Cherie Stephen, Town Administrator for the Town of Fort Jones, hereby certify that the agenda for the July 14, 2025 regular meeting of the Town Council was posted at the Town Hall, near the door of the Town Council Chambers, Ace Hardware, on the front window of the Fort Jones Post Office, Ray's Food Place, and on the Town's website www.fortjonesca.org on July 11, 2025 before 6:00 p.m.

I declare under the penalty of perjury that the forgoing is true and correct.

Cherie Stephen, Town Administrator

CALL TO ORDER AND ROLL CALL:

The regular meeting of the Fort Jones Town Council was called to order in person by Mayor Madeleine DeAndreis at 6:00 p.m. In addition to the mayor, councilmembers present were Michelle DeCausmaker, Mercedes Garcia, and Alex LaRiviere. Paula Johnson came after the meeting started at 6:02 PM.

Staff present: Cherie Stephen – Town Administrator by teleconference, Everett Hullquist – Public Works, Joseph Hess – Fort Jones Fire Department Chief, and Josh Short – Fort/Etna Jones Police Department Chief.

PLEDGE OF ALLEGIANCE: Led by Mayor DeAndreis

PUBLIC COMMENTS: NONE

DISCUSSION / REPORTS / CORRESPONDENCE; NON-ACTION ITEMS:

P1. Wildfire Safety Presentation by Jill Drinkwater (Pacific Power Regional Business Manager) and Mark Swanson (1884 Line Company Project Manager)

1884 Line Company is working under contract with Pacific Corp to replace wooden power lines with aluminum or steel poles to reduce fire risk. They are also upgrading the power lines with ones that will not arc in the event they come down preventing fires.

Pacific Power is striving to build their system to be more resilient long term for all seasons and weather conditions.

Over the next 18-24 months crews will be in our communities and surrounding areas working diligently. If power is expected to be out in any area, these crews will inform residents prior to any outage.

A. Police Department Monthly Report

A written report appears in the July 14th agenda packet. Chief Short verbally added that a stocking case they have been working on for several month ended after being able to finally arrest the perpetrator.

Short also mentioned problems with citizens finding fawns and taking them home to raise. He urges all citizens to leave the fawns where they find them and call Fish and Game if there seems to be a problem.

Public comment: A citizen asked if there were a lot of vacant homes in town.

Council Discussion: DeCausmaker said she received a complaint about the water trucks driving to fast down Mathews Street and that kids could run out into the street

B. Fire Department Monthly Report

A written report appears in the July 14th agenda packet. Chief Hess verbally added that the department has had an engine at the helibase (Scott Valley Airport) for crash rescue since last Monday for the Summit and Jack Fire. The Jack Fire is wrapping up, but the Butler and Red Fires are ongoing. Hess informed the council that he is leaving with an engine to the Green Fire, but that the department is staffed.

No public comment on the fire monthly report.

C. Public Works Monthly Report

A written report appears in the July 14th agenda packet. E. Hullquist verbally added that the department fixed a fire hydrant that was leaking on Dale Street. Water samples were obtained and taken to Redding. Hullquist mentioned that a new truck is needed for such out of town travels as the currents trucks are older and not as reliable for long distance traveling.

The mason work has been done for the BBQ at the Paul Garrison Pavillion. The grill should be set into place on 11 Aug. 2025.

No public comment on the public works monthly report.

D. Administrator / Accounting Monthly Report

A written report appears in the July 14th agenda packet. Admin. Stephens verbally added that E. Hullquist was getting quotes to fix the Walker Field fence.

No public comments.

Council Discussion: Mayor DeAndreis asked if there were more invoices to submit for the Per Capita Grant, if the museum was done and when it would be re-opening, and what to expect while she was gone on her family emergency? Admin. Stephen responded that all the invoices have been submitted at this time. The museum is done being repaired, but Cecilia wanted to re-organize before re-opening. She stated that while being gone she will be working on CDBG loans, responding to daily emails, payroll and bill pay, and setting up interviews for the clerk position as she has received more resumes.

Councilmember DeCausmaker asked if the roofing materials had been ordered for the Scout Hall. The response was "yes."

1. CONSENT CALENDAR:

Public Comment: None

a) Approval of Minutes:

i. Regular Meeting June 9, 2025

b) Ratification of Disbursements: June 01 through 30, 2025

c) Review Budget vs Actual July 01, 2024 through June 30, 2025

Motion: Garcia moves to accept the consent calendar as presented.

Second: LaRiviere

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously.

DISCUSSION / REPORTS; ACTION ITEMS:

2. Possible action to open Town Hall on Christmas Eve from 8-5.

Public comment: A citizen said yes to reinstate the office hours to 8-5.

Council discussion: Mayor DeAndreis thought that it was voted to close the office only for that Christmas Eve, 2024.

Motion: LaRiviere moves to reinstate the Town Hall hours, 8 AM to 5 PM, for the Christmas Eve holiday.

Second: Garcia

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously.

3. Possible action to approve a new IT service.

Public comment: None

Administrator Stephen asked to table this agenda item as not all the RFP's came in.

Motion: LaRiviere moves to table agenda item #3 until all the RFP's come in.

Second: Garcia

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously.

4. Possible action to give the administrator direction to revise all employee job descriptions.

Public comment: A member of the public stated that this sounded good and that updating is good.

Council Discussion: Councilmember DeCausmaker would like a 6-week time frame for job descriptions to be done.

Mayor DeAndreis asked Councilmember Garcia how she felt about revising the job descriptions as she has been on council for a longer time. Garcia stated that the job descriptions seem to be an issue with every new administrator the town hires. She agreed that the current ones do need revising as some are too broad in the duties and others not detailed enough. She hopes that once they are revised again, they can stay that way.

Motion: DeCausmaker moves to direct the town administrator to revise all of the employee job descriptions with input from the department heads and that they are done in 6-weeks.

Second: Garcia

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously.

COUNCIL COMMENTS:

Mayor DeAndreis commented that she attended the LOLA meeting in Dunsmuir, along with Councilmembers Johnson and LaRiviere. LaRiviere stated that Senator Dahl has new funding for water/sewer projects and that on the 21st there is finance committee meeting in Dunsmuir.

Mayor DeAndreis informed the council and the administrator that she volunteered Fort Jones to host the next LOLA meeting in October.

ADJOURNMENT:

The meeting was adjourned at 7:39 p.m. The next regular town council meeting is scheduled to be held on Aug. 11, 2025, at 6:00 p.m.

Attest:

Cherie Stephen, Town Administrator

Approved:

Madeleine DeAndreis, Mayor

The Town of Fort Jones

To: Fort Jones Town Council
Meeting Date: Aug 11, 2025
From: Cherie Stephen – Town Administrator and Everett Hullquist – Public Works
Subject: Water Main Replacement on Main Street
Action: Give the town administrator direction to put out RFP's to replace the water main line down Main Street.

Background:

The water main that runs down Main Street needs to be replaced. It has failed in several places over the last 4 years. Cal-Trans will be coming through to upgrade our sidewalks and make repairs to the highway in the next few years and it possible that the line will be covered by the new sidewalks causing replacement costs to skyrocket. This line also, has no operable valves and a fire hydrant along this line is beginning to fail.

It is proposed that the main line and the fire hydrant be replaced possibly using the bulk water funds for the majority of the repairs.

Recommendation:

The town administrator recommends that the council approve moving forward on this project.

Fort Jones Fire Department

Chief Joseph Hess
PO Box 597
31 Newton Street
Fort Jones CA, 96032
Station Phone (530)468-2261
E-Mail- ftjfire@sisqtel.net

To: Town Council

From: Fire Chief, Fort Jones Fire Department

Date: 7/29/2025

Subject: Request for Purchase of Fire Department Chief's Response Vehicle

Background:

The Fort Jones Fire Department is requesting approval to purchase a new pickup truck to serve as an all hazard response and command vehicle. The department is staffed by two full-time employees, two seasonal stipend shift firefighters and dedicated volunteer firefighters. Due to the nature of emergency operations, administrative duties, and ongoing training coordination, reliable transportation for command staff is essential to ensure timely and effective response.

Currently, the department operates two pickup trucks assigned to paid staff. One is a 2019 Chevrolet 2500 with just over 51,000mi, which is in good condition and serves reliably. The second is a 2006 Dodge 2500 with over 110,000mi, which is aging and in moderate to poor condition, with increased maintenance requirements and declining reliability. It recently had to have major front-end components replaced to ensure safe operation and we were advised that there would be more issues and need more work done on it in the near future if continued to be used as a primary vehicle. While it is no longer ideal for primary response use, the Dodge will remain in the department's fleet as a backup unit for staff or use by volunteers when available and needed until a suitable replacement become available.

The addition of a new vehicle will provide both full-time salary staff with a dependable, fully-equipped response unit to ensure consistent incident command presence and leadership during emergencies. With both of our full-time staff qualified for various overhead positions on all hazard incidents this will allow us to send one out (and earn reimbursement for personnel and vehicle) as well as have full coverage here locally.

The new pickup will be outfitted with emergency lights, radio communications, and other equipment necessary for response and command by a company selected through an informal bid process or a cooperative bid program. Total cost for upfit should be between \$20,000-\$25,000 depending on exact truck purchased and exact spec of the needed upfit.

Funding for this purchase is proposed to come from the department's unanticipated revenue from strike team assignments. FY 24-25 had revenues from Strike Team assignments totaling just under \$300,000 not including direct personnel costs. Currently (as of 7/29/25) FY25-26 has over \$80,000 in non-personnel revenue from multiple assignments with that number expected to continue to climb as apparatus and personnel are currently assigned.

Per the Town's purchasing policy a request for bids was publicly posted. There were no bids received for this pickup. Below is the section that reads the procedures for no bids received.

3.12.080 Formal bid procedure:

Section I. No Bids Received. If no bids are received following compliance with the requirements of this section, the officer or agency of the town authorized to award the contract may procure the requested supplies, equipment, or services without further compliance with this chapter.

Pricing for a pickup that meets our needs averages between 55,000-65,000 for the pickup depending on dealer incentives and exact specifications. As such the Fort Jones Fire Department requests that the town council approve the purchase of pickup that meets the requirements as set forth in the bid announcement with a maximum purchase limit of \$60,000 plus taxes and fees and upfit not to exceed \$30,000.

See attached below for the bid announcement that was publicly posted and several examples of pickups that meet our needs.

Gateway to the Marble Mountains

The Town of Fort Jones is soliciting **sealed bids** for the purchase of one (1) new $\frac{3}{4}$ ton **Crewcab 4X4 pickup truck** for use by the Fort Jones Fire Department as a command and response vehicle.

General Vehicle Specifications:

- $\frac{3}{4}$ Ton Crewcab with standard (appx 6.5ft) bed length (new)
- Gasoline engine (6.6L V8 Gas engine or equivalent)
- 4X4 w/ Electronic push button controls
- Off-Road Package (Z71 or equivalent)
- Steering wheel mounted cruise control
- Power driver's seat

Wi-Fi[®] hotspot capable

- Terms and limitations apply. See onstar.com or dealer for details.

6-speaker audio system

- Speakers are positioned throughout the cabin for outstanding sound quality and an enjoyable listening experience

Chevrolet Infotainment 3 System with 7" diagonal color touchscreen

- 7" diagonal color touchscreen¹
- Bluetooth² audio streaming for 2 active devices for compatible phones
- Voice command pass-through to phone for compatible phones
- Apple CarPlay³ capability for compatible phones³
- Android Auto⁴ capability for compatible phone⁴
- Use, control and manage select smartphone apps through the Infotainment system

¹ Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.

² Go to chevrolet.com/device-compatibility to find out which phones are compatible with the vehicle. Full Bluetooth feature functionality varies by device, model, and software version.

³ Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay, Siri, iPhone and Apple Music are trademarks for Apple Inc, registered in the U.S. and other countries.

⁴ Vehicle user interface is a product of Google and its terms and privacy statements apply. To use Android Auto on your car display, you'll need an Android phone running Android 6 or higher, an active data plan, and the Android Auto app. Google, Android and Android Auto are trademarks of Google LLC.

Mechanical

Push Button Start

6.6L V8 Gas engine

- 401 hp [299 kW] @ 5200 rpm
- 464 lb-ft of torque [629 N-m] @ 4000 rpm
- 3.73 rear axle ratio
- Paired with a 10-speed automatic transmission
- Capless fuel fill

Black recovery hooks

- Two front frame-mounted¹

¹ To avoid the risk of injury, never use recovery hooks to tow a vehicle.

Heavy-Duty Air Filter

- Thick construction helps to trap more dirt before it can enter the air intake

Fully boxed frame

- Hydroformed front section
- High-strength steel

Single-outlet exhaust

Automatic locking rear differential

- When the differential senses a significant difference in wheel speed, it locks to turn both rear wheels in unison for added traction
- The Eaton[®] Locker senses a difference in wheel speed of approximately 100 rpm

Air filtration monitoring

- Alerts the driver when the engine air filter needs replacement

Brake pad wear indicator

Allison[®] 10-speed automatic transmission

- Electronically controlled with overdrive for smooth-shifting performance
- Tow/Haul mode that reduces shift cycling for better control and improved cooling when towing or hauling heavy loads
- Auto Grade Braking that automatically downshifts when needed to enable engine braking, helping to slow the vehicle on downhill grades and reduce brake wear (operates in Tow/Haul mode)

4-wheel antilock disc brakes

- Help reduce wheel lockup and maintain steering control during hard braking on most slippery surfaces

- DuraLife™ brake rotors feature a hardened surface to reduce corrosion and provide quieter braking with less vibration. DuraLife™ rotors are hardened and strengthened during the manufacturing process
- Brake system features a corrosion-fighting process called Ferritic Nitro-Carburizing (FNC) which can double rotor life expectancy and reduce or minimize rust over non-FNC coated rotors

Integrated trailer brake controller

- Integrated with the antilock brake system (ABS)
- Helps provide measured brake force signaling to electric-controlled trailer brake systems
- Trailer gain and output are displayed in the Driver Information Center
- May require additional optional equipment

170-amp alternator

External engine oil cooler

- Heavy-duty air-to-oil cooler
- Helps extend engine oil life under heavy loads

Steering

- Recirculating Ball with smart flow power steering system

Durabed

- Roll-formed high-strength steel
- 12 standard cargo tie-downs
- CornerStep Rear Bumper

Off-Road suspension

- May require additional optional equipment

Heavy-duty 720 cold-cranking amps battery

- 80 Amp-hr
- Maintenance-free with rundown protection and retained accessory power

External auxiliary transmission oil cooler

- Heavy-duty air-to-oil cooler
- Helps provides optimal transmission performance even when operating under a heavy load or towing a trailer

Capless fuel fill

- Creates a tight seal around the fuel-pump nozzle when the nozzle is fully inserted
- Requires gasoline engine

Skid plates

- Help protect the front underbody, oil pan, differential case and transfer case
- May require additional optional equipment

3.73 rear axle ratio

- Requires a gas engine

Electronic shift 2-speed transfer case with push button controls

- System shift smoothly between drive settings to handle a variety of road conditions
 - 2WD High for most on-road and highway situations
 - 4WD High for snowy or wet roads when added traction is needed
 - 4WD Low for deep sand, mud or snow to provide maximum torque to all 4 wheels
 - Neutral
- ONLY used for towing vehicle (Dinghy tow capability)- allows vehicle to roll freely
- May require additional optional equipment

11,025 lbs. GVWR

- When properly equipped; includes weight of vehicle, passengers, cargo and equipment

Hill Descent Control

- Uses antilock braking to help provide a smooth, controlled descent
- Helps driver maintain control of the vehicle without depressing the brake pedal
- Activates by pushing a button below the instrument panel
- May require additional optional equipment

Emissions, California state requirements

Processing-Other

Trailer Information Label

- Provides max trailer ratings for tongue weight, conventional, gooseneck hitch and 5th wheel hitch

Interior

Assist handles

- Front A-pillar mounted for Driver and Passenger
- Rear B pillar mounted

Carpeted floor covering

- Color-keyed to match the interior

Rear air vents

- Provides cabin comfort for rear occupants

Theft-deterrent unauthorized entry system

- Sounds the horn and flashes the turn signals when someone attempts to open the vehicle without the proper key or remote transmitter
- Helps deter unauthorized entry, helping to protect your vehicle
- May require additional optional equipment

Charge / Data USB ports

- Located on instrument panel¹

¹ Not compatible with all devices.

Instrumentation

- 6-gauge cluster
- Speedometer, fuel level, engine temperature, tachometer, voltage and oil pressure

Jet Black, Cloth seat trim

Cruise control

- Maintains a selected speed while driving
- Automatically disengages when the vehicle's traction control system needs to limit wheelspin on slippery surfaces or when the StabiliTrak® stability control system detects an oncoming skid
- Set and resume speed functions
- Steering-wheel mounted controls to easily maintain and manage cruising speed

4-way manual front passenger seat

- Can be positioned forward or back and up or down

Single-zone climate control

- Maintains a selected temperature
- Manual

Steering wheel

Remote Start

- Start your vehicle remotely and step into a comfortably warmed or cooled vehicle, depending on the weather and your preset preferences
- Locks doors and turns on parking lamps while the engine is running
- Activates the climate control system
- May require additional optional equipment

Power windows with rear express-down

10-way power driver seat with power lumbar

- Forward and back
- Up and down
- Tilt seat cushion back and upright
- Recline seatback up and down
- Includes 2-way power lumbar
- May require additional optional equipment

Power windows with front passenger express-down

- Quickly lowers the window with the touch of a button
- If an obstruction is detected, the anti-pinch feature will auto-reverse

Power windows with driver express-up/down

- Quickly raises the window or lowers it with the touch of a button
- If an obstruction is detected, the anti-pinch feature will auto-reverse

60/40 split-folding rear bench seat

- Includes child seat top tether anchor
- Can fold one or both sides up
- May require additional optional equipment

Rear Seat Reminder

- Helps to remind the driver to check the back seat(s) before leaving the vehicle¹
- Activates when rear doors are opened and closed up to 10 minutes before or anytime while your vehicle is on
- Under certain conditions, once the vehicle is switched off, designed to sound audible chimes and display a visual message within the driver display
- Activates only once each time the vehicle is turned on and off, and would require re-activation on a second trip

¹ Does not detect people or items. Always check rear seat before exiting.

Remote Keyless Entry

- Allows you to lock and unlock doors of the vehicle with the key fob
- Driver's door or all doors unlock at the touch of a button
- Includes remote locking tailgate

Charging-only USB ports, 2nd row

- May require additional optional equipment

Deleted Mobile Service Plus.

Power door locks

- Programmable
- Allows you to lock and unlock doors easily whether it's from the driver or front passenger seat or from outside using the key fob (when equipped)

12-volt auxiliary front power outlet

Manual tilt steering column

- Allows the steering wheel to be manually adjusted up or down
- Provides extra comfort when entering or exiting the vehicle
- Locking security feature

Chevrolet Connected Access capable

- Subject to terms. See onstar.com or dealer for details.

120-volt power outlet

- 3-prong auxiliary household-style outlet
- Located on the instrument panel
- Makes it convenient for powering laptops, phone chargers and other electronic devices
- May require additional optional equipment

40/20/40 split-bench front seat with under-seat storage

- Seating for up to 3
- Driver and front passenger seatbacks recline
- Head restraints at the outboard seating positions
- Center seatback that doubles as a fold-down armrest with storage

Rear window defogger

- Helps to keep your rear view clear of fog or frost
- Utilizes a warming grid to help remove fog or frost from the rear window

3.5" diagonal monochromatic Driver Information Center

Rear rubberized-vinyl floor mats

- Helps protect your interior from road debris and the elements
- May require additional optional equipment

Front rubberized-vinyl floor mats

- Helps protect your interior from road debris and the elements

- May require additional optional equipment

Inside rearview auto-dimming mirror

- Automatically dims the inside rearview mirror when it senses bright light from behind
- When headlamp glare is no longer detected, the mirror returns to its normal state
- May require additional optional equipment

Safety

Teen Driver

- Helps encourage safe driving habits for teens by providing an in-vehicle report card¹
- Activates certain safety systems, if equipped, when a Teen Driver-designated key fob is used
- Mutes the radio until the front-seat occupants fasten their seat belts

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Front Pedestrian Braking

- At speeds between 5 and 50 mph, can help you avoid or reduce the severity of a collision with a pedestrian it detects directly in front of you¹
- Provides pedestrian alerts and can automatically provide hard emergency braking or enhance driver's hard braking
- Limited nighttime and low visibility performance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

OnStar® services capable

- See onstar.com for details and limitations. Services vary by model. Service plan required.

Rear Seat Belt Indicator warning

- May require additional optional equipment

StabiliTrak, electronic stability control system with traction control

- Automatically helps enhance control, particularly during emergency maneuvers, by adjusting the brakes and engine torque to help you stay on your intended path
- Activates when vehicle sensors detect a difference between the driver's intended path and the direction the vehicle is actually travelling
- Includes Traction Control that detects wheel slippage and applies brake pressure and/or reduces engine power to help the driver maintain control when accelerating on wet or snow-covered roads
- Includes Brake Assist which detects rapid brake pedal applications due to emergency braking situations and provides additional braking via the Antilock Brake System (ABS) module
- Includes Trailer Sway Control
- Hill Start Assist

Front and Rear Park Assist

- Provides alerts of nearby detected vehicles and objects in front of or behind your vehicle¹
- These can help you park and avoid collisions
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Lane Change Alert with Side Blind Zone Alert

- Provides visual side-mirror alerts when a moving vehicle is detected either quickly approaching or already in your side blind zone¹
- Can help you avoid lane change collisions
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner.

The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Automatic Emergency Braking

- Can help you avoid or reduce the severity of a collision with a detected vehicle you're following using camera technology¹
- Works at speeds between 5 and 50 mph

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Lane Departure Warning

- Alerts you when it detects that you are unintentionally drifting out of detected lane lines¹
- System alerts do not occur if you're using your turn signal, or it detects you may be intentionally leaving your lane

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

OnStar Basics

- Drive confidently with core OnStar services including¹
- Remote commands
- Built-in voice assistance
- Real-time traffic and navigation
- Automatic Crash Response

¹ OnStar Basics includes remote commands, Navigation, Voice Assistance, and Automatic Crash Response, for eligible vehicles with compatible software. OnStar Basics is standard for 8 years; OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Service coverage varies with conditions and location. Service availability, features and functionality vary by device and software version. See onstar.com for service descriptions and terms.

Forward Collision Alert

- Warns you if it detects a potential collision with a detected vehicle you're following so you can take action¹
- Can also provide a tailgating alert if you're following a vehicle much too closely

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Tire Pressure Monitoring System with Tire Fill Alert

- Monitors tire pressure and alerts of an under-inflated condition in one or more of the tires¹
- Provides visual and audible alerts outside the vehicle when inflating an under inflated tire to the recommended tire pressure

¹ Does not monitor spare tire.

Daytime Running Lamps

- Includes automatic exterior lamp control

HD Rear Vision Camera

- Shows high-resolution digital image of area directly behind your vehicle while in Reverse¹
- Can help you park or avoid vehicles and objects
- You can also display an overlay of where your vehicle is heading
- Tailgate must be in the raised position for the HD Rear Vision Camera to operate properly
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Buckle to Drive

- Helps remind the driver to buckle their seat belt before driving by preventing the vehicle from being shifted out of PARK temporarily when the driver's seat belt is not buckled
- The feature also reminds the front passenger to buckle up, if equipped

Rear Cross Traffic Alert

- When in Reverse, warns you of detected vehicles crossing behind you¹
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

6 airbags

- Dual-stage frontal airbags for driver and front outboard passenger¹
- Seat-mounted side-impact airbags for driver and front outboard passenger¹
- Head-curtain airbags for outboard seating positions¹
- Includes front outboard Passenger Sensing System for frontal outboard passenger airbag and illuminates a status light that indicates whether the airbag is on or off¹

¹ Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.

Hitch Guidance

- When in Reverse, displays a centered guideline on the Rear Vision Camera view¹
- Can help you line up the hitch to your trailer
- When driving, lets you check the trailer using Rear Vision Camera view

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Seat Belt Adjustable Guide Loops

- Front row only
- May require additional optional equipment

Following Distance Indicator

- Displays the following time in seconds between your vehicle and a detected vehicle in front of you¹
- Designed to help you maintain a safe following distance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Exterior

120-volt box-mounted power outlet

- 3-prong auxiliary household-style outlet
- Located in the pickup bed
- May require additional optional equipment

Body-color rear bumper

- High gloss black on Custom
- May require additional optional equipment

Cargo tie-downs

- 12-fixed rated at 500 lbs. per corner

Halogen headlamps

- Dual halogen projector lamps help provide more even light distribution for improved visibility

- Twin reflectors

- Includes integrated daytime running lamps

20" LT275/65R20 all-terrain, blackwall tires

- May require additional optional equipment

Tailgate with EZ Lift assist, power lock & release

- Hitch area lighting

- May require additional optional equipment

Body-color front bumper

- High gloss black on Custom

- May require additional optional equipment

Incandescent taillamps with stop and reverse lights

Tailgate and bed rail protection caps

20" 10-spoke machined aluminum wheels with Grazen Metallic painted accents

- May require additional optional equipment

Cargo bed LED lighting

- Provides light to find cargo in the bed

- Rear pillar lamps

Black outside power-adjustable vertical trailering mirrors with power folding/manual extending auto-dimming driver upper glass

- Lower convex mirrors

- Heated upper glass

- Integrated turn signal indicators

- Puddle lamps

- Perimeter lighting

- Auxiliary lighting

- Extends 3.31-inches

- May require additional optional equipment

Spare tire carrier lock

- Helps keep spare tire secure

- Utilizes the same key as the door and ignition

IntelliBeam

- At speeds above 25 mph, can automatically turn vehicle's high beams on and off according to surrounding traffic conditions

Black door handles

CornerStep rear bumper

- Helps make it easier to get into and out of the pickup bed

- Located at each end of the rear bumper

- Textured step pads to help provide secure footing

Chevytec spray-on bedliner

- Provides a Black, textured, non-skid surface that helps minimize cargo shifting

- Covers the bed interior surface below side rails, front bed top rail, gauge hole plugs and tie-downs

- Chemically bonded, the sprayed-on liner permanently bonds to the truck bed, providing a watertight seal

- Includes Chevrolet logo

- High Country models include High Country logo

Cab-mounted cargo area lamps

- With switch in switch bank left of the steering wheel

- Illuminates the cargo bed area

Front license plate bracket

- Front bracket is included if displaying a front license plate is required in your state

18" LT275/70R18 all-terrain, blackwall spare tire

- May require additional optional equipment

Side BedStep

- Black textured step pads help provide secure footing
- Integrated on forward portion of outer bed on driver and passenger side to provide ease of access to forward portion of the bed

Summit White

Standard tailgate

Deep-tinted glass

- Provides added protection from sun and glare

2025 Silverado 2500 HD Custom 4WD

VIN: 1GC4KME71SF209191 • Stock: 31477

Vehicle Specs

Engine: 6.6L V8 Gas engine

Trailer Capacity: 16000 lbs

Exterior: Summit White

Transmission: Allison[®] 10-speed automatic transmission

Wheel: Wheels, 20" (50.8 cm) machined aluminum

Interior: Jet Black, Cloth seat trim

Installed Packages & Accessories

Custom Value Package \$2,360

All Features Included With Custom Value Package:

- Custom Convenience Package
- WT/CX Safety Package
- Black outside power-adjustable vertical trailering mirrors with power folding/manual extending auto-dimming driver upper glass
- Auto-dimming inside rearview mirror

6" Black rectangular assist steps \$795

All Features Included With 6" Black rectangular assist steps:

- Steps make it easier to get in and out of your vehicle
- Textured step pads help provide secure footing
- Black powder-coat finish

Z71 Off-Road Package \$325

All Features Included With Z71 Off-Road Package:

- Z71 Off-Road suspension with Rancho[®] twin tube shocks
- Hill Descent Control
- Skid plates
- Z71 hard badge (Work Truck, LT and LTZ models)
- Z71 grille emblem (LT and LTZ models)
- 17" all-terrain blackwall tires (Work Truck and LT models)

Upfitter switches \$150

All Features Included With Upfitter switches:

- Program electrical components such as exterior lighting, snow removal equipment or other features to turn on and off at the flip of a switch
- Allows the driver to operate upfitter-installed equipment conveniently from inside the cab
- Provides 3-30 amp and 2 – 20 amp configurable circuits to facilitate installation of aftermarket

electrical accessories by the dealer or upfitter¹ at customer expense

- Installation instructions and technical assistance available at www.gmupfitter.com

Mechanical

6.6L V8 Gas engine

- 401 hp [299 kW] @ 5200 rpm
- 464 lb-ft of torque [629 N-m] @ 4000 rpm
- 3.73 rear axle ratio
- Paired with a 10-speed automatic transmission
- Capless fuel fill

Push Button Start

Black recovery hooks

- Two front frame-mounted¹

¹ To avoid the risk of injury, never use recovery hooks to tow a vehicle.

Heavy-Duty Air Filter

- Thick construction helps to trap more dirt before it can enter the air intake

Fully boxed frame

- Hydroformed front section
- High-strength steel

Single-outlet exhaust

Automatic locking rear differential

- When the differential senses a significant difference in wheel speed, it locks to turn both rear wheels in unison for added traction
- The Eaton[®] Locker senses a difference in wheel speed of approximately 100 rpm

10,850 lbs. GVWR

- When properly equipped; includes weight of vehicle, passengers, cargo and equipment

Air filtration monitoring

- Alerts the driver when the engine air filter needs replacement

Brake pad wear indicator

Allison® 10-speed automatic transmission

- Electronically controlled with overdrive for smooth-shifting performance
- Tow/Haul mode that reduces shift cycling for better control and improved cooling when towing or hauling heavy loads
- Auto Grade Braking that automatically downshifts when needed to enable engine braking, helping to slow the vehicle on downhill grades and reduce brake wear (operates in Tow/Haul mode)

4-wheel antilock disc brakes

- Help reduce wheel lockup and maintain steering control during hard braking on most slippery surfaces
- DuraLife™ brake rotors feature a hardened surface to reduce corrosion and provide quieter braking with less vibration. DuraLife™ rotors are hardened and strengthened during the manufacturing process
- Brake system features a corrosion-fighting process called Ferritic Nitro-Carburizing (FNC) which can double rotor life expectancy and reduce or minimize rust over non-FNC coated rotors

Integrated trailer brake controller

- Integrated with the antilock brake system (ABS)
- Helps provide measured brake force signaling to electric-controlled trailer brake systems
- Trailer gain and output are displayed in the Driver Information Center
- May require additional optional equipment

170-amp alternator

External engine oil cooler

- Heavy-duty air-to-oil cooler
- Helps extend engine oil life under heavy loads

Steering

- Recirculating Ball with smart flow power steering system

Durabed

- Roll-formed high-strength steel
- 12 standard cargo tie-downs
- CornerStep Rear Bumper

External auxiliary transmission oil cooler

- Heavy-duty air-to-oil cooler
- Helps provides optimal transmission performance even when operating under a heavy load or towing a trailer

Heavy-duty 720 cold-cranking amps battery

- 80 Amp-hr
- Maintenance-free with rundown protection and retained accessory power

Capless fuel fill

- Creates a tight seal around the fuel-pump nozzle when the nozzle is fully inserted
- Requires gasoline engine

Skid plates

- Help protect the front underbody, oil pan, differential case and transfer case
- May require additional optional equipment

3.73 rear axle ratio

- Requires a gas engine

Electronic shift 2-speed transfer case with push button controls

- System shift smoothly between drive settings to handle a variety of road conditions
 - 2WD High for most on-road and highway situations
 - 4WD High for snowy or wet roads when added traction is needed
 - 4WD Low for deep sand, mud or snow to provide maximum torque to all 4 wheels
 - Neutral
- ONLY used for towing vehicle (Dinghy tow capability)- allows vehicle to roll freely

- May require additional optional equipment

Hill Descent Control

- Uses antilock braking to help provide a smooth, controlled descent
- Helps driver maintain control of the vehicle without depressing the brake pedal
- Activates by pushing a button below the instrument panel
- May require additional optional equipment

Emissions, California state requirements

Processing-Other

Trailering Information Label

- Provides max trailer ratings for tongue weight, conventional, gooseneck hitch and 5th wheel hitch

Interior

Outside temperature display

- Located in infotainment display

120-volt box-mounted power outlet

- 3-prong auxiliary household-style outlet
- Located in the pickup bed
- May require additional optional equipment

Assist handles

- Front A-pillar mounted for Driver and Passenger
- Rear B-pillar mounted

Carpeted floor covering

- Color-keyed to match the interior

Rear air vents

- Provides cabin comfort for rear occupants

Theft-deterrent unauthorized entry system

- Sounds the horn and flashes the turn signals when someone attempts to open the vehicle without the proper key or remote transmitter
- Helps deter unauthorized entry, helping to protect your vehicle
- May require additional optional equipment

Charge / Data USB ports

- Located on instrument panel¹

¹ Not compatible with all devices.

Instrumentation

- 6-gauge cluster
- Speedometer, fuel level, engine temperature, tachometer, voltage and oil pressure

Jet Black, Cloth seat trim

Cruise control

- Maintains a selected speed while driving
- Automatically disengages when the vehicle's traction control system needs to limit wheelspin on slippery surfaces or when the StabiliTrak[®] stability control system detects an oncoming skid
- Set and resume speed functions
- Steering-wheel mounted controls to easily maintain and manage cruising speed

4-way manual front passenger seat

- Can be positioned forward or back and up or down

Single-zone climate control

- Maintains a selected temperature
- Manual

Steering wheel

Upfitter switches

- Program electrical components such as exterior lighting, snow removal equipment or other features to turn on and off at the flip of a switch

- Allows the driver to operate upfitter-installed equipment conveniently from inside the cab
- Provides 3-30 amp and 2 – 20 amp configurable circuits to facilitate installation of aftermarket electrical accessories by the dealer or upfitter¹ at customer expense
- Installation instructions and technical assistance available at www.gmupfitter.com

¹ GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations or upfits.

Remote Start

- Start your vehicle remotely and step into a comfortably warmed or cooled vehicle, depending on the weather and your preset preferences
- Locks doors and turns on parking lamps while the engine is running
- Activates the climate control system
- May require additional optional equipment

Power windows with rear express-down

10-way power driver seat with power lumbar

- Forward and back
- Up and down
- Tilt seat cushion back and upright
- Recline seatback up and down
- Includes 2-way power lumbar
- May require additional optional equipment

Power windows with front passenger express-down

- Quickly lowers the window with the touch of a button
- If an obstruction is detected, the anti-pinch feature will auto-reverse

Power windows with driver express-up/down

- Quickly raises the window or lowers it with the touch of a button
- If an obstruction is detected, the anti-pinch feature will auto-reverse

60/40 split-folding rear bench seat

- Includes child seat top tether anchor
- Can fold one or both sides up
- May require additional optional equipment

Rear Seat Reminder

- Helps to remind the driver to check the back seat(s) before leaving the vehicle¹
- Activates when rear doors are opened and closed up to 10 minutes before or anytime while your vehicle is on
- Under certain conditions, once the vehicle is switched off, designed to sound audible chimes and display a visual message within the driver display
- Activates only once each time the vehicle is turned on and off, and would require re-activation on a second trip

¹ Does not detect people or items. Always check rear seat before exiting.

Remote Keyless Entry

- Allows you to lock and unlock doors of the vehicle with the key fob
- Driver's door or all doors unlock at the touch of a button
- Includes remote locking tailgate

Charging-only USB ports, 2nd row

- May require additional optional equipment

Power door locks

- Programmable
- Allows you to lock and unlock doors easily whether it's from the driver or front passenger seat or from outside using the key fob (when equipped)

12-volt auxiliary front power outlet

Manual tilt steering column

- Allows the steering wheel to be manually adjusted up or down
- Provides extra comfort when entering or exiting the vehicle
- Locking security feature

Chevrolet Connected Access capable

- Subject to terms. See onstar.com or dealer for details.

120-volt power outlet

- 3-prong auxiliary household-style outlet
- Located on the instrument panel
- Makes it convenient for powering laptops, phone chargers and other electronic devices
- May require additional optional equipment

40/20/40 split-bench front seat with under-seat storage

- Seating for up to 3
- Driver and front passenger seatbacks recline
- Head restraints at the outboard seating positions
- Center seatback that doubles as a fold-down armrest with storage

Rear window defogger

- Helps to keep your rear view clear of fog or frost
- Utilizes a warming grid to help remove fog or frost from the rear window

3.5" diagonal monochromatic Driver Information Center**Rear rubberized-vinyl floor mats**

- Helps protect your interior from road debris and the elements
- May require additional optional equipment

Front rubberized-vinyl floor mats

- Helps protect your interior from road debris and the elements
- May require additional optional equipment

Inside rearview auto-dimming mirror

- Automatically dims the inside rearview mirror when it senses bright light from behind
- When headlamp glare is no longer detected, the mirror returns to its normal state
- May require additional optional equipment

Safety**Teen Driver**

- Helps encourage safe driving habits for teens by providing an in-vehicle report card¹
- Activates certain safety systems, if equipped, when a Teen Driver-designated key fob is used
- Mutes the radio until the front-seat occupants fasten their seat belts

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Front Pedestrian Braking

- At speeds between 5 and 50 mph, can help you avoid or reduce the severity of a collision with a pedestrian it detects directly in front of you¹
- Provides pedestrian alerts and can automatically provide hard emergency braking or enhance driver's hard braking
- Limited nighttime and low visibility performance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

OnStar® services capable

- See onstar.com for details and limitations. Services vary by model. Service plan required.

Rear Seat Belt Indicator warning

- May require additional optional equipment

StabiliTrak, electronic stability control system with traction control

- Automatically helps enhance control, particularly during emergency maneuvers, by adjusting the brakes and engine torque to help you stay on your intended path

- Activates when vehicle sensors detect a difference between the driver's intended path and the direction the vehicle is actually travelling
- Includes Traction Control that detects wheel slippage and applies brake pressure and/or reduces engine power to help the driver maintain control when accelerating on wet or snow-covered roads
- Includes Brake Assist which detects rapid brake pedal applications due to emergency braking situations and provides additional braking via the Antilock Brake System (ABS) module
- Includes Trailer Sway Control
- Hill Start Assist

Front and Rear Park Assist

- Provides alerts of nearby detected vehicles and objects in front of or behind your vehicle¹
- These can help you park and avoid collisions
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Lane Change Alert with Side Blind Zone Alert

- Provides visual side-mirror alerts when a moving vehicle is detected either quickly approaching or already in your side blind zone¹
- Can help you avoid lane change collisions
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Automatic Emergency Braking

- Can help you avoid or reduce the severity of a collision with a detected vehicle you're following using camera technology¹
- Works at speeds between 5 and 50 mph

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Lane Departure Warning

- Alerts you when it detects that you are unintentionally drifting out of detected lane lines¹
- System alerts do not occur if you're using your turn signal, or it detects you may be intentionally leaving your lane

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Forward Collision Alert

- Warns you if it detects a potential collision with a detected vehicle you're following so you can take action¹
- Can also provide a tailgating alert if you're following a vehicle much too closely

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Tire Pressure Monitoring System with Tire Fill Alert

- Monitors tire pressure and alerts of an under-inflated condition in one or more of the tires¹
- Provides visual and audible alerts outside the vehicle when inflating an under inflated tire to the recommended tire pressure

¹ Does not monitor spare tire.

Daytime Running Lamps

- Includes automatic exterior lamp control

HD Rear Vision Camera

- Shows high-resolution digital image of area directly behind your vehicle while in Reverse¹
- Can help you park or avoid vehicles and objects
- You can also display an overlay of where your vehicle is heading
- Tailgate must be in the raised position for the HD Rear Vision Camera to operate properly
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Buckle to Drive

- Helps remind the driver to buckle their seat belt before driving by preventing the vehicle from being shifted out of PARK temporarily when the driver's seat belt is not buckled
- The feature also reminds the front passenger to buckle up, if equipped

Rear Cross Traffic Alert

- When in Reverse, warns you of detected vehicles crossing behind you¹
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

6 airbags

- Dual-stage frontal airbags for driver and front outboard passenger¹
- Seat-mounted side-impact airbags for driver and front outboard passenger¹
- Head-curtain airbags for outboard seating positions¹
- Includes front outboard Passenger Sensing System for frontal outboard passenger airbag and illuminates a status light that indicates whether the airbag is on or off¹

¹ Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.

Hitch Guidance

- When in Reverse, displays a centered guideline on the Rear Vision Camera view¹
- Can help you line up the hitch to your trailer
- When driving, lets you check the trailer using Rear Vision Camera view

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Seat Belt Adjustable Guide Loops

- Front row only
- May require additional optional equipment

Following Distance Indicator

- Displays the following time in seconds between your vehicle and a detected vehicle in front of you¹
- Designed to help you maintain a safe following distance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Exterior

Black mirror caps

Body-color rear bumper

- High gloss black on Custom
- May require additional optional equipment

Cargo tie-downs

- 12-fixed rated at 500 lbs. per corner

Halogen headlamps

- Dual halogen projector lamps help provide more even light distribution for improved visibility
- Twin reflectors
- Includes integrated daytime running lamps

20" LT275/65R20 all-terrain, blackwall tires

- May require additional optional equipment

Tailgate with EZ Lift assist, power lock & release

- Hitch area lighting
- May require additional optional equipment

Incandescent taillamps with stop and reverse lights

Body-color front bumper

- High gloss black on Custom
- May require additional optional equipment

20" 10-spoke machined aluminum wheels with Grazen Metallic painted accents

- May require additional optional equipment

Cargo bed LED lighting

- Provides light to find cargo in the bed
- Rear pillar lamps

Black outside power-adjustable vertical trailering mirrors with power folding/manual extending auto-dimming driver upper glass

- Lower convex mirrors
- Heated upper glass
- Integrated turn signal indicators
- Puddle lamps
- Perimeter lighting
- Auxiliary lighting
- Extends 3.31-inches
- May require additional optional equipment

Spare tire carrier lock

- Helps keep spare tire secure
- Utilizes the same key as the door and ignition

IntelliBeam

- At speeds above 25 mph, can automatically turn vehicle's high beams on and off according to surrounding traffic conditions

Black door handles

CornerStep rear bumper

- Helps make it easier to get into and out of the pickup bed
- Located at each end of the rear bumper
- Textured step pads to help provide secure footing

Cab-mounted cargo area lamps

- With switch in switch bank left of the steering wheel
- Illuminates the cargo bed area

Front license plate bracket

- Front bracket is included if displaying a front license plate is required in your state

18" LT275/70R18 all-terrain, blackwall spare tire

- May require additional optional equipment

Side BedStep

- Black textured step pads help provide secure footing

- Integrated on forward portion of outer bed on driver and passenger side to provide ease of access to forward portion of the bed

Summit White

6" Black rectangular assist steps

- Steps make it easier to get in and out of your vehicle
- Textured step pads help provide secure footing
- Black powder-coat finish

Standard tailgate

Deep-tinted glass

- Provides added protection from sun and glare

The Town of Fort Jones

To: Fort Jones Town Council
Meeting Date: Aug 11, 2025
From: Paula Johnson – Councilmember
Subject: Upgrading Park Adjacent to Town Hall
Action: Consideration of approval for making improvements and repairs to the children's play area at existing park adjacent to the Town Hall.

Background:

The FJ community has expressed interest in having a more inviting and functional play area. The families with young children would benefit greatly from having a place to be outdoors, active and interacting with other children and families

Proposed improvements: (to be considered)

1. Remove the synthetic lawn and replace with a natural landscaping material such as a living grass lawn or other material such as what is currently at FJ Elementary School Playground.
2. Install a drinking fountain and bathroom facility.
3. Create a shaded area by planting trees, building a gazebo, and installing a shade sail (see attached photo of an available product)

Proposed repairs:

Replace nonfunctional or outdated playground equipment with new and improved ones to comply with current safety requirements and aesthetic trends such as use of wood vs plastic.

Recommendation:

The town administrator recommends that the council discuss and direct staff to research costs.

SHADE SAIL

185
GSM
MATERIAL

Material: 185GSM high density polyethylene

Up to 95% UV protection

85-90% shading rate

Breathable design: allow water and air to go through, it is not waterproof
