

AGENDA

Regular Meeting

Monday, September 8th, 2025 – 6:00 PM

Town Hall

11960 East Street Fort Jones, CA 96032

CALL TO ORDER:

Fort Jones Town Council Roll Call:

Members: DeAndreis _____ DeCausmaker _____ Garcia _____ LaRiviere _____ Johnson _____

PLEDGE OF ALLEGIANCE: Led by Mayor

PUBLIC COMMENTS:

Discussion items only, no action to be taken. Any person may address the Council at this time upon any subject within the jurisdiction of the Town of Fort Jones that is not on the agenda; however, any matter that requires action may be referred to staff and/or committee for a report and recommendation for possible action at a subsequent council meeting.

There is a three (3) minute limit per person.

DISCUSSION / REPORTS / CORRESPONDENCE; NON-ACTION ITEMS:

- A. SHN Presentation on Potential Future Wastewater Facility Site(s)
- B. Police Department Monthly Report - Verbal
- C. Fire Department Monthly Report
- D. Public Works Monthly Report

CONSENT CALENDAR:

1. Items listed on the consent calendar are considered routine and may be enacted in one motion. Any item may be removed for discussion at the request of the council or the public.

a.) Approval of Minutes:

- i. Special Meeting August 25, 2025
- ii. Special Meeting August 15, 2025
- iii. Regular Meeting August 11, 2025

b.) Ratification of Disbursements: August 1 through 31, 2025

c.) Review Budget vs Actual July 1, 2025 through August 31, 2025

DISCUSSION / REPORTS: ACTION ITEMS:

1. Consideration of approval for purchasing a new fire utility truck.
2. Consideration of approval for purchasing electrical upgrades to the well.
3. Consideration of approval of hiring E and S engineers to provide civil engineering, sub-consultant coordination and surveying services to replace a water main.
4. Consideration of approval of hiring E and S engineers to provide civil engineering, sub-consultant coordination and surveying services to drill a redundant well.
5. Consideration of approval of designating the Everett Hullquist and the Town Administrator as delegates for the technical advisory committee to the SCLTC
6. Discuss, review, and possible action to utilize the Town siren for emergencies only

STAFF COMMENTS:

COUNCIL MEMBER COMMENTS:

ADJOURNMENT:

The next Fort Jones Town Council Meeting is scheduled to be held on October 13th, 2025, at 6:00 p.m.

It is the intention of the Town of Fort Jones to comply with the Americans with Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, or in meetings on a regular basis, you need special assistance beyond what is normally provided, the Town will attempt to accommodate you in every reasonable manner. Individuals who need auxiliary aids or services for effective communication or to participate in programs and services of the Town of Fort Jones are invited to make their needs and preferences known by contacting the City Hall office, (530) 468-2281, at least 72 hours prior to the meeting.

Phone: (707) 441-8855 Email: info@shn-engr.com Web: shn-engr.com
812 W. Wabash Avenue, Eureka, CA 95501-2138

August 29, 2025

Everett Hullquist
Town of Fort Jones
P.O. Box 40
Fort Jones, CA 96032

Subject: Wastewater Treatment Facility Alternatives Summary

Dear Everett Hullquist:

We are writing this letter to inform you of potential changes to the wastewater improvements project and provide you with a summary of the alternatives being considered. We ask that you discuss with your Town Council and provide direction regarding the Town of Fort Jones's (Town's) preferred alternative.

Background

The Town's existing wastewater treatment facility (WWTF) needs to be upgraded. The State Water Resources Control Board has provided a planning grant, which is currently in the design phase.

The WWTF is located within a mapped floodway, which is a certain portion of a floodplain that generally cannot be modified with fill. Further, the existing elevation at the top of the ponds is about 3 feet below the base flood elevations shown on Federal Emergency Management Agency's (FEMA's) Flood Insurance Rate Map (Figure 1 on the following page).

Upgrading the WWTF will require the elevations of structures and equipment to be above the base flood elevation by at least 1 foot. This means that the existing facility will need to be raised by about 4 feet, which will expand the footprint.

After initial discussions with FEMA to understand requirements, it is our understanding that, while the WWTF is critical infrastructure, any fill in the floodway must be mitigated to show no rise to neighboring structures. FEMA further required that the Town provide an alternatives analysis showing a good faith effort to evaluate options outside of the floodway and even the floodplain. Discussion with Town staff determined that no viable alternatives outside of the floodway exist.

In an effort to find options within the floodway that would minimize impacts, an alternative was identified that would relocate the WWTF slightly to the east (Figure 2 on the following page).

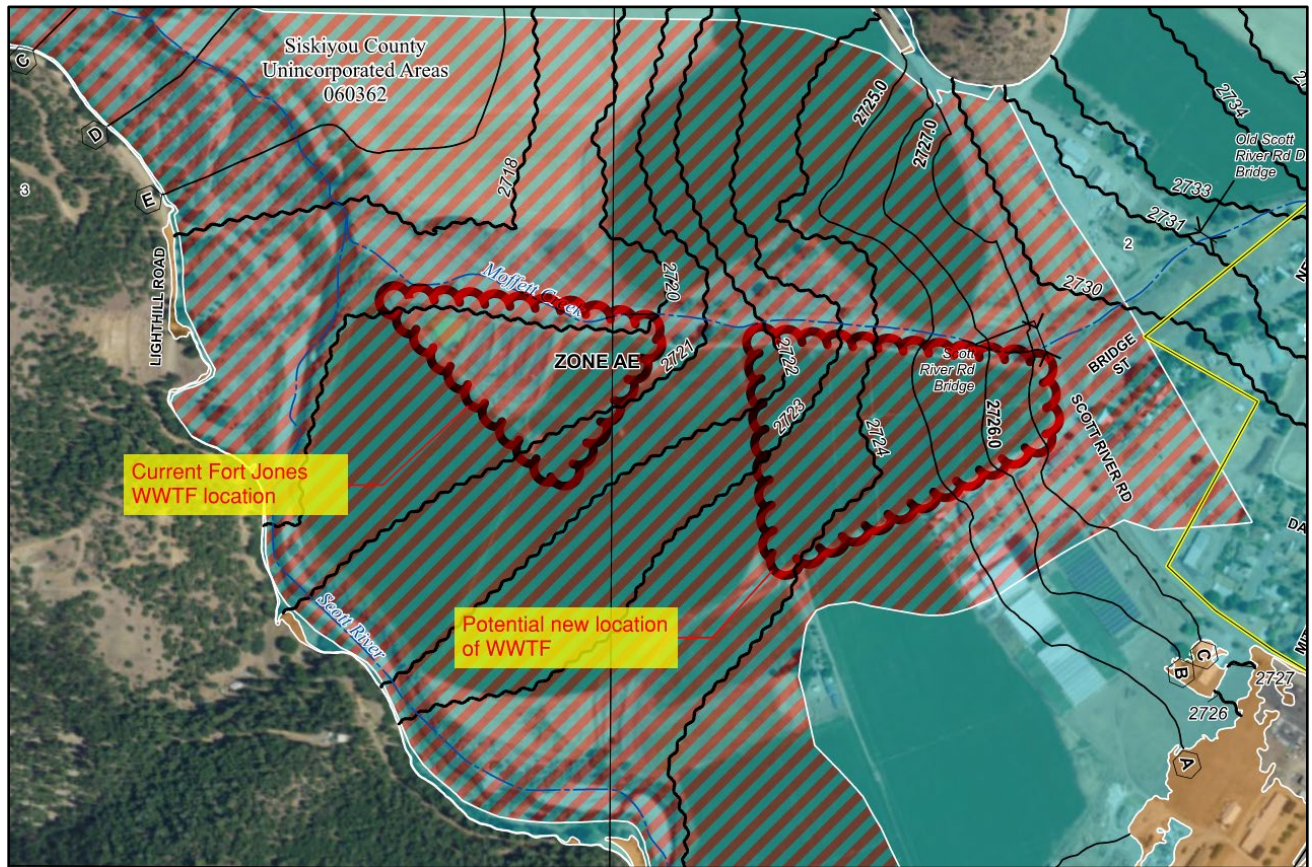

Figure 2. Locations of the East (new) and West (existing) WWTF alternatives.

SHN has obtained the FEMA HEC-RAS hydraulic models. For each site, we have developed models that reflect an initial rough estimate of the proposed conditions, sufficient for evaluating the no-rise condition.

West (Existing) Site Alternative

The West Site alternative keeps the upgraded WWTF on the existing site but expands the footprint slightly to the east as shown in Figure 3. This alternative consists of reconfigured ponds that have a top elevation of about 4 feet above the current top of embankment elevation. In order to offset the fill, a corresponding conveyance swale of up to 3 feet deep and 50 feet wide is needed to convey the floodwater around the proposed WWTF.

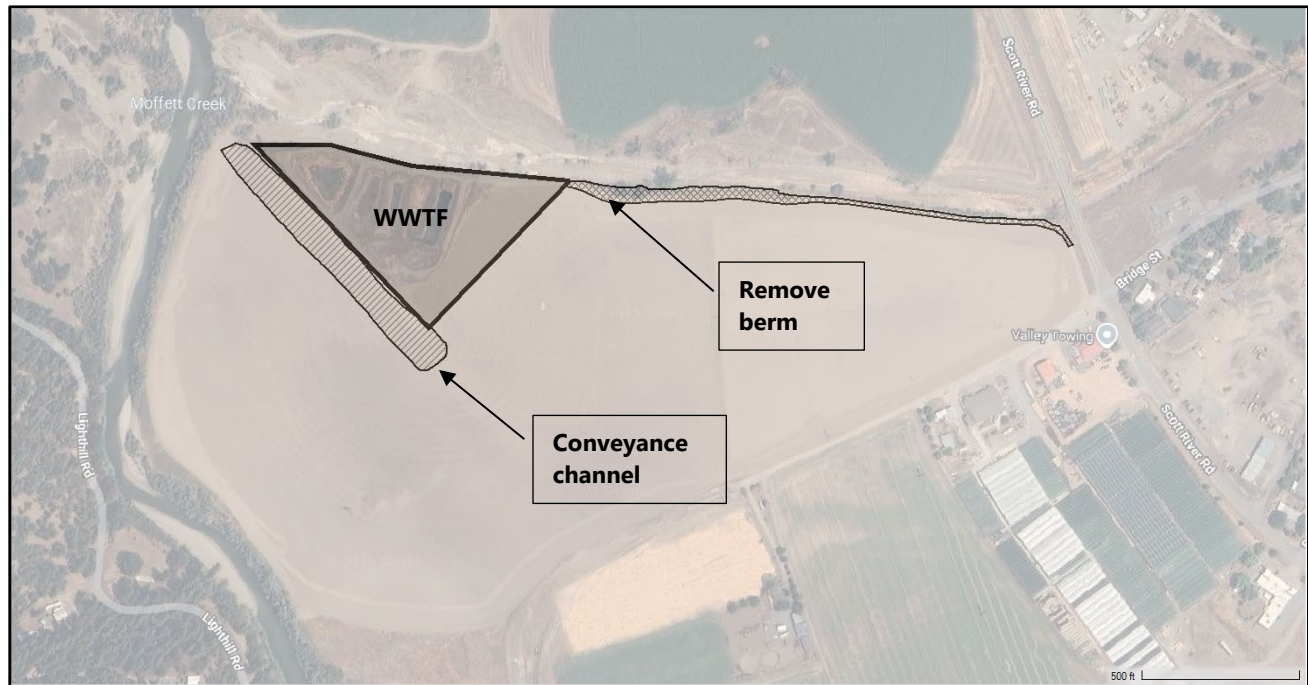

Figure 3. West Site Alternative

Pros:

- Further from town, less risk of odor impacts.
- Would require fewer modifications to existing sewer piping.
- Would not require an addendum to the Facilities Plan.

Cons:

- More difficult to access during floods since raising the access road is not a viable option.
- Would require longer water service line.
- Closer to Moffett Creek and Scott River, increasing risks of impacts to water quality.
- Would be challenging to construct new ponds/facilities while keeping the existing WWTF operational.
- Would require repairing the main sewer trunk line that runs through the field.

Risks:

- Extent of gopher damage is unknown and could impact construction.
- Regional Water Quality Control Board may take issue with the proximity to Scott River and Moffet Creek in the future.

East (New) Site Alternative

The East Site alternative relocates the WWTF to the east as shown on Figure 4. This alternative consists of new ponds that have a top elevation about 4 feet above the existing ground elevation. In order to offset the fill, corresponding conveyance swales of up to 3 feet deep and 30 to 50 feet wide are needed to convey the floodwater around the proposed WWTF. The existing WWTF would be graded down and existing berms along Moffet Creek are removed to allow for flood flows to return to Moffet Creek.

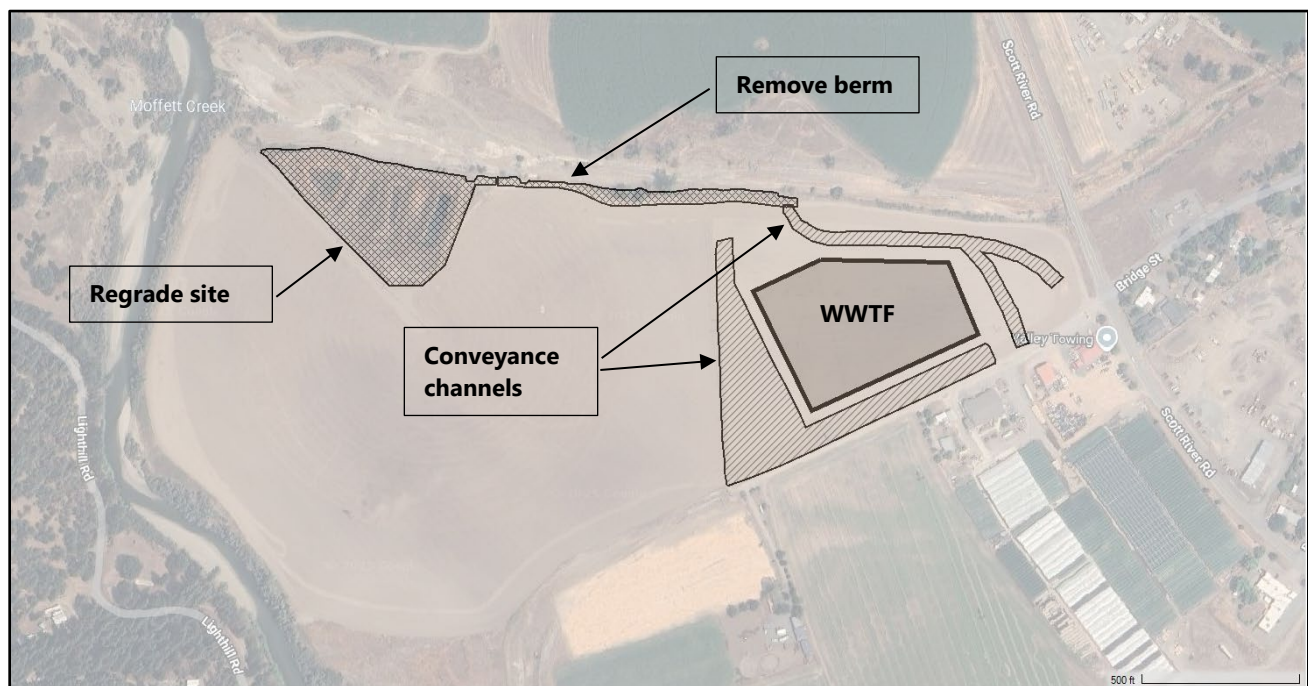

Figure 4. East Site Alternative.

Pros:

- Closer to town and Scott River Road will be easier to access during flood events and on a regular basis.
- Closer to existing water system for new potable water service.
- Percolation ponds would be further from Moffet Creek and Scott River, which will have lower risk of water quality impacts.
- Can remove long sewer pipe running through field.
- Construction will be easier while keeping the existing WWTF operational.

Cons:

- Will require a substantial amount of earth moving to construct the new facility above the flood elevation.
- Will require an addendum to the Facilities Plan.
- Closer to private properties and structures that may have concerns with odors and visual impacts.
- Potential conflict with existing overhead power lines.

Risks:

- Obtaining permits may be time-consuming.
- Odor and visual impacts in proximity to town

Model Results

We have used the FEMA model to evaluate both options. For both locations as presented above, a no-rise condition on nearby structures has been met. Figures 5 and 6 show the maximum water surface elevation change from the baseline conditions for the East Site and West Site, respectively.

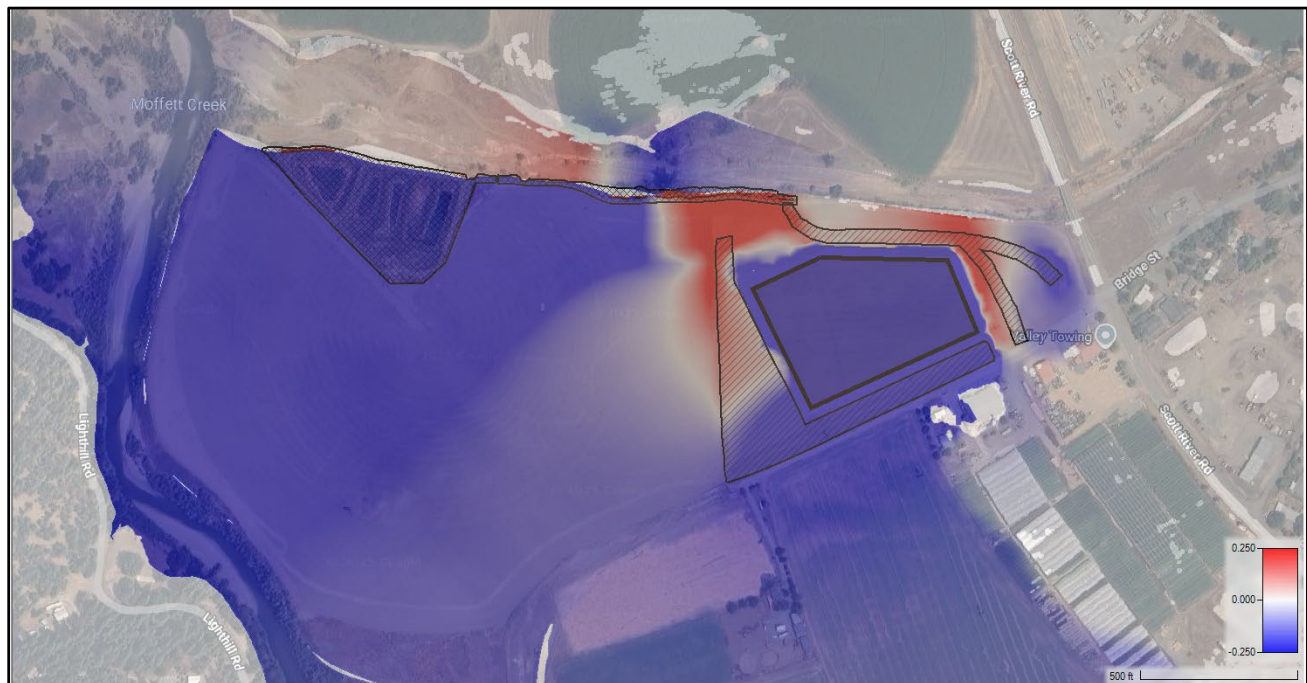

Figure 5. Model results (100-year event) for East Site showing maximum water surface elevation change from baseline conditions.

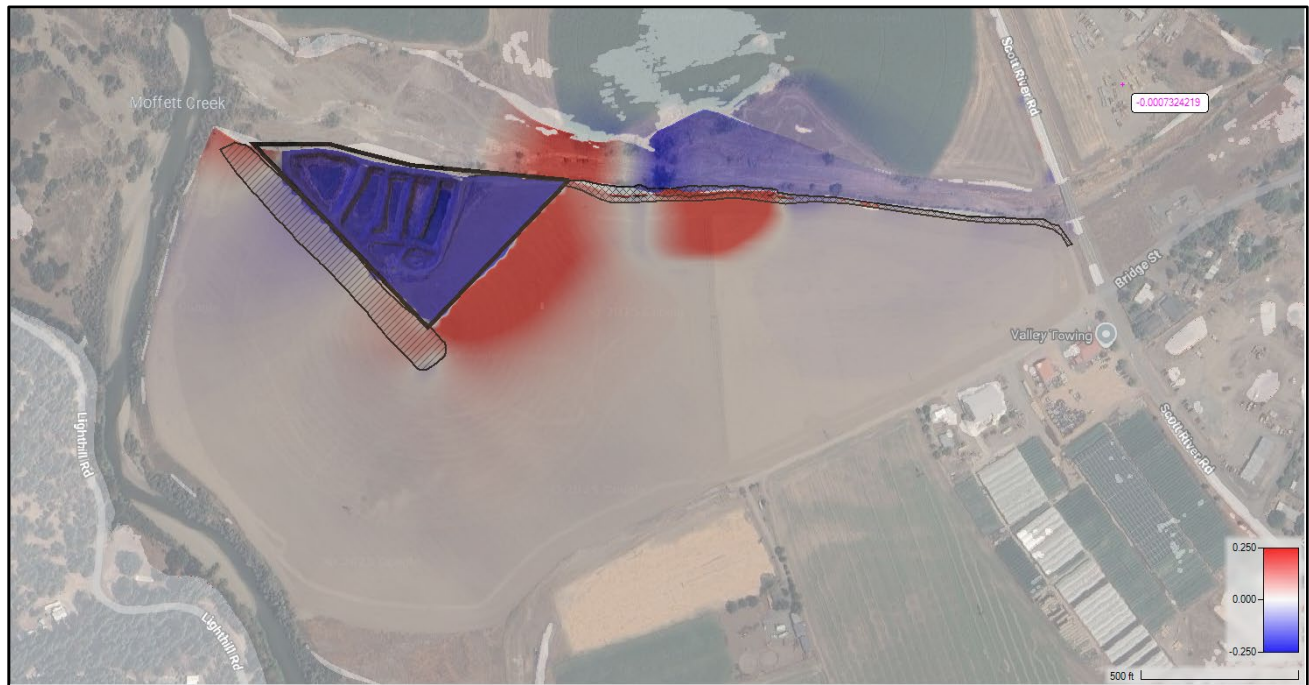

Figure 6. Model results (100-year event) for West Site showing maximum water surface elevation change from baseline conditions.

Next Steps

We are looking to the Town to provide direction about the site location for the upgraded WWTF, based on the information presented herein and presented at the upcoming Town Council meeting on September 8, 2025. Our preference would be to receive direction at the upcoming Council meeting in order to maintain the project schedule.

If you have any questions, please contact Anders at 541-827-7855 or Chuck at 707-441-8855.

Sincerely,

SHN

Anders Rasumussen, PE
Senior Civil Engineer

Chuck Swanson
Project Manager

Fort Jones Fire Department

Chief Joseph Hess
Po Box 597
31 Newton Street
Fort Jones CA, 96032
Station Phone (530)468-2261
E-Mail- ftjfire@sisqtel.net

To Town Council,

The Fire Department responded to 50 calls for service in the month of August. Members participated in 16 hours of scheduled training and numerous hours of online and on-duty proficiency training. The department has responded to 337 calls in 2025.

August 2025 Calls

Call Type	City Limits	Out of City
MEDICAL AID	7	24
PUBLIC ASSIST	4	2
WILDLAND FIRE		6
VEHICLE FIRE		1
STRUCTURE FIRE		1
SMOKE CHECK		1
TRAFFIC ACCIDENT		3
CANCELLED		1
TOTAL	11	39

E-1314 was released from the Scott Valley Airport on Friday, August 8th after 32 days assigned. First to the Marble Complex and then transferred to the Orleans Complex.

Chief Hess was requested to respond to the Gifford Fire in San Luis Obispo County on Thursday, August 7th as a Strike Team Leader for a strike team of engines from Trinity County. They were gone for 11 days and returned safely.

E-1315 is currently assigned to the Dillion Fire on Hwy 96 between Happy Camp and Orleans. They were assigned on Thursday, August 28th and are expected to be out for approximately 2 weeks.

We closed out last year's 50/50 grant for PPE and Radios and submitted for and received reimbursement from the state totaling over \$14,000.

Town of Fort Jones

Public Works Report

June 2025

Sewer

We recorded all the daily readings at the wastewater treatment plant and compiled them into a usable form. We completed the CIWQS reporting for the month. There were no sanitary sewer spills in the month of August. We met with SHN and DFA staff to go over the timeframes of the WWTF planning grant. We wanted to remind the Council of the age of all the Public Works equipment, with parts becoming harder to find. We replaced a broken belt on the flusher truck. It took me 3 days to procure a correct replacement.

We worked with a homeowner to make plans and specifications for a new sewer lateral to his new house.

We received a record number of 811 requests throughout the south side of Town for 1884's line replacement project.

Water

We worked with the office and the USFS to administer multiple land use agreements for water to support the various incidents in the forest. We read all the meters and entered the information into the billing software. We ordered numerous parts and supplies for replacing meters around Town. We handed out shut off notices for non-payment. The SAFER drought reporting for the month has been completed. We located water lines for all submitted 811 requests within the Town.

We got quotes to upgrade the electrical instrumentation at the well, the engineering to replace a problem water line on main and to do the engineering of a new redundant well. We received and approved a new water application for a parcel on Marbleview. We worked with the landowner and discussed the new service connection. We ordered all the parts to connect him to the Town's water main.

Parks

We took out the trash weekly from the parks. We mowed all the parks weekly. We fixed replaced multiple automatic valves that were malfunctioning and one leaking manual shut off valve at the Little League Park. We completed the new fence at the Scout Hall and now just need to tear down the older portion of it. We will now have access to all the siding on that building to be able to replace it, as well as clean up around the fence where numerous trees and bushes were growing next to the building.

We met with Councilmembers to discuss the planned upgrades to the Tot Lot at the Town Hall building.

We are still working with local fencing contractors to solicit quotes to repair the fence that was driven through at the Walker Fields. It appears that the person who drove through the fence's insurance will cover the cost to replace the damaged 98 feet of 4-foot chain link.

Roads

We took out the trash weekly from the Towns trash cans. We located the Towns storm drains for numerous 811 requests. We used the weed eater in numerous locations throughout Town to help mitigate the effects of catastrophic wildfires. We wanted to remind landowners of the need to cut tall grass and ladder fuel down. We removed a dead deer from the creek.

We mowed the weeds down along Scott River Road. We cold patched the section that was cut out to repair the sewer line on Sterling Street. We met with the CDFW on Friday September 12th. to talk about what the Towns options are to remove vegetation from the Moffet Creek.

We met with the Siskiyou County Local Transportation Commission and the Division of Local Assistance from Caltrans to discuss the Towns STIP, RTIP, and CRRSSA road projects. There are numerous projects in different phases of completion. If the Council would like we can review those figures. We worked on submitting an invoice for the Scott River Road Chip seal project and on closing out the Horn Street project. We disposed of a few deceased deer.

I drafted the agenda and put together the packet for this meeting.

**Fort Jones Town Council
Special Meeting Minutes
August 25, 2025**

CERTIFICATION OF POSTING AGENDA

I, Michelle DeCausmaker, Pro Tem Mayor for the Town of Fort Jones, hereby certify that the agenda for the Aug. 25, 2025 special meeting of the Town Council was posted Ace Hardware, on the front window of the Fort Jones Post Office, Ray's Food Place and I, Cynthia Keno, Customer Service Clerk, for the Town of Fort Jones posted the agenda on Town Hall, near the door of the Town Council Chambers and the Town's website www.fortjonesca.org on Aug. 23, 2025 before 6:00 p.m.

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously

ADJOURNMENT:

The meeting was adjourned at 8:31 p.m. The next regular town council meeting is scheduled to be held on Sept. 8, 2025, at 6:00 p.m.

Attest:

Cherie Stephen, Town Administrator

Approved:

Madeleine DeAndreis, Mayor

**Fort Jones Town Council
Regular Meeting Minutes
August 11, 2025**

CERTIFICATION OF POSTING AGENDA

I, Cynthia Keno, Customer Service Clerk, for the Town of Fort Jones, hereby certify that the agenda for the Aug. 11, 2025 regular meeting of the Town Council was posted at the Town Hall, near the door of the Town Council Chambers, Ace Hardware, on the front window of the Fort Jones Post Office, Ray's Food Place, and on the Town's website www.fortjonesca.org on Aug 8, 2025 before 6:00 p.m.

I declare under the penalty of perjury that the forgoing is true and correct.

Cynthia Keno, Customer Service Clerk

CALL TO ORDER AND ROLL CALL:

The regular meeting of the Fort Jones Town Council was called to order in person by Mayor Madeleine DeAndreis at 6:00 p.m. In addition to the mayor, councilmembers present were Michelle DeCausmaker, Mercedes Garcia, Alex LaRiviere, and Paula Johnson.

Staff present: Cherie Stephen – Town Administrator by teleconference, Andrew Jared – Town Attorney by Zoom and teleconference, Everett Hullquist – Public Works, Clink Whitchurch - Fort Jones Police Department.

PLEDGE OF ALLEGIANCE: Led by Mayor DeAndreis

PUBLIC COMMENTS: NONE

AGENDA REARRANGEMENT:

Mayor DeAndreis announced that legal counsel, Andrew Jared, has requested that agenda items 2 and 4 be moved to before the non-action items. She asked the council for a motion.

Motion: LaRiviere motioned to move agenda items 2 and 4 to in front of the non-action items.

Second: Garcia

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously

2. Review, discuss, and possibly give direction to staff to put out RFP's to replace the water main on Hwy. 3.

Public Comment: None

Legal Counsel: Andrew Jared, legal counsel, indicates that this agenda item needs to be properly agendized. The council is unable to give direction to put out RFP's as there is no plan design or

cost estimates to send out a proper RFP. He suggests that a proper staff report be done and the agenda item reworded. Wording recommendations were given.

Motion: LaRiviere moves to table agenda item until the special meeting on the 14th of Aug.

Second: Johnson

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously

4. Consideration of approval to make improvements and repairs to the existing park adjacent to the Town Hall.

Public Comment: None

Legal Counsel: Andrew Jared, legal counsel, indicates that before a decision can be made the council needs to be presented with a design proposal and a cost proposal for all the improvements that the design will entail. If the cost is under \$75,000 then the public works department can do the work.

Council: Members discussed what kind of improvements they were interested in having presented. Council member DeCausmaker stated she was going to do the design work for the park improvements.

Motion: DeCausmaker moves to have a design and proposals for the removal of the ground cloth, to replace the ground cloth with a natural material, to install a drinking fountain, installation of new playground equipment, and to erect a shade cloth, be presented to council for possible approval.

Second: Garcia

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously

DISCUSSION / REPORTS / CORRESPONDENCE; NON-ACTION ITEMS:

A. Police Department Monthly Report

No report appears in the Aug. 11th agenda packet, only the call logs. Deputy Whitchurch did not have anything to add.

Public Comments: None

Council Comments: Mayor DeAndreis felt the call logs that didn't pertain to our town should no longer be in out packets. The other members of the council agreed and gave the town administrator direction to ask Chief Short to only put in the calls for Fort Jones.

B. Fire Department Monthly Report

A written report appears in the Aug. 11th agenda packet. Nothing further was verbally added as Chief Hess was on a fire.

Public Comment: None

C. Public Works Monthly Report

A written report appears in the Aug. 11th agenda packet. E. Hullquist added that public works department needs two traffic rated trench plates. The cost is around \$3700.

He will present this to the town administrator.

Public Comment: None

Council Comment: C.M. LaRiviere asked if CDBG funds could be used for sewer/water projects and what financials need to be done use them. Admin. Stephen will speak to Brandy from Great Northern to inquire about these questions.

Mayor DeAndreis thanked E. Hullquist for removing a deer from the creek.

D. Administrator / Accounting Monthly Report

No report appears in the Aug. 11th agenda packet. Admin. Stephen gave a verbal report that while she was away, she worked on interviews for the town clerk, checked and responded to emails, paid vendors, and ran employee payroll.

No public comments.

1. CONSENT CALENDAR:

Public Comment: None

Council Comments:

Mayor DeAndreis had a correction to the minutes in Council Comments where is stated that she attended the LOLA meeting. She clarified that she did not attend.

C.M. DeCausmaker wanted to know why the town administrator got paid \$9000 dollars when she was gone for two weeks out of the month. She stated that she had a problem with this.

Admin. Stephen stated that she was on FMLA and that she was using her sick leave and vacation time.

a) Approval of Minutes:

i. Regular Meeting June 9, 2025

b) Ratification of Disbursements: June 01 through 30, 2025

c) Review Budget vs Actual July 01, 2024 through June 30, 2025

Motion: Garcia moves to accept the consent calendar with the correction to the June 9th minutes regarding the mayors LOLA dinner attendance.

Second: LaRiviere

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously.

DISCUSSION / REPORTS; ACTION ITEMS:

3. Review, discuss, and possibly take action to approve the purchase of a new response vehicle for the Fort Jones Fire Department.

Public comment: None

Council Discussion: Members agreed that it would be better that the fire chief was at the meeting so that all their questions could be addressed.

Motion: Garcia moves to table until the next regular meeting so chief can be present for discussion.

Second: LaRiviere

Ayes: M. DeAndreis, M. DeCausmaker, M. Garcia, P. Johnson, A. LaRiviere

Nays: None

Action: Motion passes unanimously.

COUNCIL COMMENTS:

Mayor DeAndreis mentioned that she attended a meeting with SHN about the sewer plant, with five engineers, and that they went to the newly proposed site. Right now, the company 1884 are leasing the lot.

Mayor DeAndreis informed council that she spoke to Rhonda Zinkle, the homeowner of the yellow house on main street, about it being purchased for the central park, but that she was not interested in selling. DeAndreis will continue looking for a location. She is working with RCAC and SCED to brainstorm.

Mayor DeAndreis stated that interviews were held for the town clerk position.

C.M. DeCausmaker commented that Jan Walton helped the Fort Jones Cemetery put all the headstones online using a program called Pontom. Dick Berry started this program and his headstone is the first one in the program due to his recent passing.

ADJOURNMENT:

The meeting was adjourned at 7:08 p.m. The next regular town council meeting is scheduled to be held on Sept. 8, 2025, at 6:00 p.m.

Attest:

Cherie Stephen, Town Administrator

Approved:

Madeleine DeAndreis, Mayor

Fort Jones Fire Department

Chief Joseph Hess
PO Box 597
31 Newton Street
Fort Jones CA, 96032
Station Phone (530)468-2261
E-Mail- ftjfire@sisqtel.net

To: Town Council

From: Fire Chief, Fort Jones Fire Department

Date: 8/28/2025

Subject: Request for Purchase of Fire Department Chief's Response Vehicle

Background:

The Fort Jones Fire Department is requesting approval to purchase a new pickup truck to serve as an all hazard response and command vehicle. The department is staffed by two full-time employees, two seasonal stipend shift firefighters and dedicated volunteer firefighters. Due to the nature of emergency operations, administrative duties, and ongoing training coordination, reliable transportation for command staff is essential to ensure timely and effective response.

Currently, the department operates two pickup trucks assigned to paid staff. One is a 2019 Chevrolet 2500 with just over 51,000mi, which is in good condition and serves reliably. The second is a 2006 Dodge 2500 with over 110,000mi, which is aging and in moderate to poor condition, with increased maintenance requirements and declining reliability. It recently had to have major front-end components replaced to ensure safe operation and we were advised that there would be more issues and need more work done on it in the near future if continued to be used as a primary response vehicle. While it is no longer ideal for primary response use, the Dodge will remain in the department's fleet as a backup unit for staff or use by volunteers when available and needed until a suitable replacement becomes available.

The addition of a new vehicle will provide both full-time salary staff with a dependable, fully-equipped response unit to ensure consistent incident command presence and leadership during emergencies. With both of our full-time staff qualified for various overhead positions on all hazard incidents this will allow us to send one out (and earn reimbursement for personnel and vehicle) as well as have full coverage here locally.

The new pickup will be outfitted with emergency lights, radio communications, and other equipment necessary for response and command by a company selected through an informal bid process or a cooperative bid program. Total cost for upfit should be between \$20,000-\$25,000 depending on exact truck purchased and exact spec of the needed upfit.

Funding for this purchase is proposed to come from the department's unanticipated revenue from strike team assignments. FY 24-25 had revenues from Strike Team assignments totaling just under \$300,000 not including direct personnel costs. Currently (as of 8/28/25) FY25-26 has over \$215,000 in non-personnel revenue from multiple assignments with that number expected to continue to climb as apparatus and personnel are currently assigned.

Per the Town's purchasing policy a request for bids was publicly posted. There were no bids received for this pickup. Below is the section that reads the procedures for no bids received.

3.12.080 Formal bid procedure:

Section I. No Bids Received. If no bids are received following compliance with the requirements of this section, the officer or agency of the town authorized to award the contract may procure the requested supplies, equipment, or services without further compliance with this chapter.

Pricing for a pickup that meets our needs averages between 55,000-65,000 for the pickup depending on dealer incentives and exact specifications. As such the Fort Jones Fire Department requests that the town council approve the purchase of pickup that meets the requirements as set forth in the bid announcement with a maximum purchase limit for the pickup (\$60,000) and upfit (\$30,000) not to exceed \$90,000.

See attached below for the bid announcement that was publicly posted and several examples of pickups that meet our needs.

Gateway to the Marble Mountains

The Town of Fort Jones is soliciting **sealed bids** for the purchase of one (1) new $\frac{3}{4}$ ton **Crewcab 4X4 pickup truck** for use by the Fort Jones Fire Department as a command and response vehicle.

General Vehicle Specifications:

- $\frac{3}{4}$ Ton Crewcab with standard (appx 6.5ft) bed length (new)
- Gasoline engine (6.6L V8 Gas engine or equivalent)
- 4X4 w/ Electronic push button controls
- Off-Road Package (Z71 or equivalent)
- Steering wheel mounted cruise control
- Power driver's seat
- 40/20/40 split front bench seat
- Remote start
- Bed-mounted 120V power outlet
- Body color White or Red
- Must be in stock and available for delivery no later than August 15th 2025.
- All equipment and features must be factory-installed or installed by the dealer with full warranty.

Sealed Bid Submission Deadline:

All sealed bids must be submitted no later than **Monday, July 21st, 2025, at 4PM PST**

Bids must be clearly marked "**Fire Dept Pickup Truck Bid**" and delivered in person to 11960 East Street, Fort Jones 96032 or Mailed to Town of Fort Jones, PO Box 40, Fort Jones 96032. Late bids will not be accepted. Questions may be submitted in writing via email to jhess@fortjonesfire.org

Bid Opening:

Bids will be opened and read aloud at the:

Fort Jones Town Hall

Wednesday, July 23rd, 2025, at 1PM PST

Bids will be presented to the Town council at a Town council meeting subsequent to the opening of the bids for review and council approval. Award of the bid is subject to council approval.

General Conditions:

The Town reserves the right to reject any and all bids, to waive irregularities, and to accept the bid deemed most advantageous to the Town. Sales tax, delivery fees, and any applicable warranties should be clearly itemized in the bid proposal.

Mechanical

Push Button Start

6.6L V8 Gas engine

- 401 hp [299 kW] @ 5200 rpm
- 464 lb-ft of torque [629 N-m] @ 4000 rpm
- 3.73 rear axle ratio
- Paired with a 10-speed automatic transmission
- Capless fuel fill

Black recovery hooks

- Two front frame-mounted¹

¹ To avoid the risk of injury, never use recovery hooks to tow a vehicle.

Heavy-Duty Air Filter

- Thick construction helps to trap more dirt before it can enter the air intake

Fully boxed frame

- Hydroformed front section
- High-strength steel

Single-outlet exhaust

Automatic locking rear differential

- When the differential senses a significant difference in wheel speed, it locks to turn both rear wheels in unison for added traction
- The Eaton[®] Locker senses a difference in wheel speed of approximately 100 rpm

Air filtration monitoring

- Alerts the driver when the engine air filter needs replacement

Brake pad wear indicator

Allison[®] 10-speed automatic transmission

- Electronically controlled with overdrive for smooth-shifting performance
- Tow/Haul mode that reduces shift cycling for better control and improved cooling when towing or hauling heavy loads
- Auto Grade Braking that automatically downshifts when needed to enable engine braking, helping to slow the vehicle on downhill grades and reduce brake wear (operates in Tow/Haul mode)

4-wheel antilock disc brakes

- Help reduce wheel lockup and maintain steering control during hard braking on most slippery surfaces

- DuraLife™ brake rotors feature a hardened surface to reduce corrosion and provide quieter braking with less vibration. DuraLife™ rotors are hardened and strengthened during the manufacturing process
- Brake system features a corrosion-fighting process called Ferritic Nitro-Carburizing (FNC) which can double rotor life expectancy and reduce or minimize rust over non-FNC coated rotors

Integrated trailer brake controller

- Integrated with the antilock brake system (ABS)
- Helps provide measured brake force signaling to electric-controlled trailer brake systems
- Trailer gain and output are displayed in the Driver Information Center
- May require additional optional equipment

170-amp alternator

External engine oil cooler

- Heavy-duty air-to-oil cooler
- Helps extend engine oil life under heavy loads

Steering

- Recirculating Ball with smart flow power steering system

Durabed

- Roll-formed high-strength steel
- 12 standard cargo tie-downs
- CornerStep Rear Bumper

Off-Road suspension

- May require additional optional equipment

Heavy-duty 720 cold-cranking amps battery

- 80 Amp-hr
- Maintenance-free with rundown protection and retained accessory power

External auxiliary transmission oil cooler

- Heavy-duty air-to-oil cooler
- Helps provides optimal transmission performance even when operating under a heavy load or towing a trailer

Capless fuel fill

- Creates a tight seal around the fuel-pump nozzle when the nozzle is fully inserted
- Requires gasoline engine

Skid plates

- Help protect the front underbody, oil pan, differential case and transfer case
- May require additional optional equipment

3.73 rear axle ratio

- Requires a gas engine

Electronic shift 2-speed transfer case with push button controls

- System shift smoothly between drive settings to handle a variety of road conditions
 - 2WD High for most on-road and highway situations
 - 4WD High for snowy or wet roads when added traction is needed
 - 4WD Low for deep sand, mud or snow to provide maximum torque to all 4 wheels
 - Neutral
- ONLY used for towing vehicle (Dinghy tow capability)- allows vehicle to roll freely
- May require additional optional equipment

11,025 lbs. GVWR

- When properly equipped; includes weight of vehicle, passengers, cargo and equipment

Hill Descent Control

- Uses antilock braking to help provide a smooth, controlled descent
- Helps driver maintain control of the vehicle without depressing the brake pedal
- Activates by pushing a button below the instrument panel
- May require additional optional equipment

Emissions, California state requirements

Processing-Other

Trailer Information Label

- Provides max trailer ratings for tongue weight, conventional, gooseneck hitch and 5th wheel hitch

Interior

Assist handles

- Front A-pillar mounted for Driver and Passenger
- Rear B-pillar mounted

Carpeted floor covering

- Color-keyed to match the interior

Rear air vents

- Provides cabin comfort for rear occupants

Theft-deterrent unauthorized entry system

- Sounds the horn and flashes the turn signals when someone attempts to open the vehicle without the proper key or remote transmitter
- Helps deter unauthorized entry, helping to protect your vehicle
- May require additional optional equipment

Charge / Data USB ports

- Located on instrument panel¹

¹ Not compatible with all devices.

Instrumentation

- 6-gauge cluster
- Speedometer, fuel level, engine temperature, tachometer, voltage and oil pressure

Jet Black, Cloth seat trim

Cruise control

- Maintains a selected speed while driving
- Automatically disengages when the vehicle's traction control system needs to limit wheelspin on slippery surfaces or when the StabiliTrak[®] stability control system detects an oncoming skid
- Set and resume speed functions
- Steering-wheel mounted controls to easily maintain and manage cruising speed

4-way manual front passenger seat

- Can be positioned forward or back and up or down

Single-zone climate control

- Maintains a selected temperature
- Manual

Steering wheel

Remote Start

- Start your vehicle remotely and step into a comfortably warmed or cooled vehicle, depending on the weather and your preset preferences
- Locks doors and turns on parking lamps while the engine is running
- Activates the climate control system
- May require additional optional equipment

Power windows with rear express-down

10-way power driver seat with power lumbar

- Forward and back
- Up and down
- Tilt seat cushion back and upright
- Recline seatback up and down
- Includes 2-way power lumbar
- May require additional optional equipment

Power windows with front passenger express-down

- Quickly lowers the window with the touch of a button
- If an obstruction is detected, the anti-pinch feature will auto-reverse

Power windows with driver express-up/down

- Quickly raises the window or lowers it with the touch of a button
- If an obstruction is detected, the anti-pinch feature will auto-reverse

60/40 split-folding rear bench seat

- Includes child seat top tether anchor
- Can fold one or both sides up
- May require additional optional equipment

Rear Seat Reminder

- Helps to remind the driver to check the back seat(s) before leaving the vehicle¹
- Activates when rear doors are opened and closed up to 10 minutes before or anytime while your vehicle is on
- Under certain conditions, once the vehicle is switched off, designed to sound audible chimes and display a visual message within the driver display
- Activates only once each time the vehicle is turned on and off, and would require re-activation on a second trip

¹ Does not detect people or items. Always check rear seat before exiting.

Remote Keyless Entry

- Allows you to lock and unlock doors of the vehicle with the key fob
- Driver's door or all doors unlock at the touch of a button
- Includes remote locking tailgate

Charging-only USB ports, 2nd row

- May require additional optional equipment

Deleted Mobile Service Plus.

Power door locks

- Programmable
- Allows you to lock and unlock doors easily whether it's from the driver or front passenger seat or from outside using the key fob (when equipped)

12-volt auxiliary front power outlet

Manual tilt steering column

- Allows the steering wheel to be manually adjusted up or down
- Provides extra comfort when entering or exiting the vehicle
- Locking security feature

Chevrolet Connected Access capable

- Subject to terms. See onstar.com or dealer for details.

120-volt power outlet

- 3-prong auxiliary household-style outlet
- Located on the instrument panel
- Makes it convenient for powering laptops, phone chargers and other electronic devices
- May require additional optional equipment

40/20/40 split-bench front seat with under-seat storage

- Seating for up to 3
- Driver and front passenger seatbacks recline
- Head restraints at the outboard seating positions
- Center seatback that doubles as a fold-down armrest with storage

Rear window defogger

- Helps to keep your rear view clear of fog or frost
- Utilizes a warming grid to help remove fog or frost from the rear window

3.5" diagonal monochromatic Driver Information Center

Rear rubberized-vinyl floor mats

- Helps protect your interior from road debris and the elements
- May require additional optional equipment

Front rubberized-vinyl floor mats

- Helps protect your interior from road debris and the elements

- May require additional optional equipment

Inside rearview auto-dimming mirror

- Automatically dims the inside rearview mirror when it senses bright light from behind
- When headlamp glare is no longer detected, the mirror returns to its normal state
- May require additional optional equipment

Safety

Teen Driver

- Helps encourage safe driving habits for teens by providing an in-vehicle report card¹
- Activates certain safety systems, if equipped, when a Teen Driver-designated key fob is used
- Mutes the radio until the front-seat occupants fasten their seat belts

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Front Pedestrian Braking

- At speeds between 5 and 50 mph, can help you avoid or reduce the severity of a collision with a pedestrian it detects directly in front of you¹
- Provides pedestrian alerts and can automatically provide hard emergency braking or enhance driver's hard braking
- Limited nighttime and low visibility performance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

OnStar[®] services capable

- See onstar.com for details and limitations. Services vary by model. Service plan required.

Rear Seat Belt Indicator warning

- May require additional optional equipment

StabiliTrak, electronic stability control system with traction control

- Automatically helps enhance control, particularly during emergency maneuvers, by adjusting the brakes and engine torque to help you stay on your intended path
- Activates when vehicle sensors detect a difference between the driver's intended path and the direction the vehicle is actually travelling
- Includes Traction Control that detects wheel slippage and applies brake pressure and/or reduces engine power to help the driver maintain control when accelerating on wet or snow-covered roads
- Includes Brake Assist which detects rapid brake pedal applications due to emergency braking situations and provides additional braking via the Antilock Brake System (ABS) module
- Includes Trailer Sway Control
- Hill Start Assist

Front and Rear Park Assist

- Provides alerts of nearby detected vehicles and objects in front of or behind your vehicle¹
- These can help you park and avoid collisions
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Lane Change Alert with Side Blind Zone Alert

- Provides visual side-mirror alerts when a moving vehicle is detected either quickly approaching or already in your side blind zone¹
- Can help you avoid lane change collisions
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Automatic Emergency Braking

- Can help you avoid or reduce the severity of a collision with a detected vehicle you're following using camera technology¹
- Works at speeds between 5 and 50 mph

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Lane Departure Warning

- Alerts you when it detects that you are unintentionally drifting out of detected lane lines¹
- System alerts do not occur if you're using your turn signal, or it detects you may be intentionally leaving your lane

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

OnStar Basics

- Drive confidently with core OnStar services including¹
- Remote commands
- Built-in voice assistance
- Real-time traffic and navigation
- Automatic Crash Response

¹ OnStar Basics includes remote commands, Navigation, Voice Assistance, and Automatic Crash Response, for eligible vehicles with compatible software. OnStar Basics is standard for 8 years; OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Service coverage varies with conditions and location. Service availability, features and functionality vary by device and software version. See onstar.com for service descriptions and terms.

Forward Collision Alert

- Warns you if it detects a potential collision with a detected vehicle you're following so you can take action¹
- Can also provide a tailgating alert if you're following a vehicle much too closely

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Tire Pressure Monitoring System with Tire Fill Alert

- Monitors tire pressure and alerts of an under-inflated condition in one or more of the tires¹
- Provides visual and audible alerts outside the vehicle when inflating an under inflated tire to the recommended tire pressure

¹ Does not monitor spare tire.

Daytime Running Lamps

- Includes automatic exterior lamp control

HD Rear Vision Camera

- Shows high-resolution digital image of area directly behind your vehicle while in Reverse¹
- Can help you park or avoid vehicles and objects
- You can also display an overlay of where your vehicle is heading
- Tailgate must be in the raised position for the HD Rear Vision Camera to operate properly
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Buckle to Drive

- Helps remind the driver to buckle their seat belt before driving by preventing the vehicle from being shifted out of PARK temporarily when the driver's seat belt is not buckled
- The feature also reminds the front passenger to buckle up, if equipped

Rear Cross Traffic Alert

- When in Reverse, warns you of detected vehicles crossing behind you¹
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

6 airbags

- Dual-stage frontal airbags for driver and front outboard passenger¹
- Seat-mounted side-impact airbags for driver and front outboard passenger¹
- Head-curtain airbags for outboard seating positions¹
- Includes front outboard Passenger Sensing System for frontal outboard passenger airbag and

illuminates a status light that indicates whether the airbag is on or off¹

¹ Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.

Hitch Guidance

- When in Reverse, displays a centered guideline on the Rear Vision Camera view¹
- Can help you line up the hitch to your trailer
- When driving, lets you check the trailer using Rear Vision Camera view

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Seat Belt Adjustable Guide Loops

- Front row only
- May require additional optional equipment

Following Distance Indicator

- Displays the following time in seconds between your vehicle and a detected vehicle in front of you¹
- Designed to help you maintain a safe following distance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Exterior

120-volt box-mounted power outlet

- 3-prong auxiliary household-style outlet
- Located in the pickup bed
- May require additional optional equipment

Body-color rear bumper

- High gloss black on Custom
- May require additional optional equipment

Cargo tie-downs

- 12-fixed rated at 500 lbs. per corner

Halogen headlamps

- Dual halogen projector lamps help provide more even light distribution for improved visibility
- Twin reflectors
- Includes integrated daytime running lamps

20" LT275/65R20 all-terrain, blackwall tires

- May require additional optional equipment

Tailgate with EZ Lift assist, power lock & release

- Hitch area lighting
- May require additional optional equipment

Body-color front bumper

- High gloss black on Custom
- May require additional optional equipment

Incandescent taillamps with stop and reverse lights

Tailgate and bed rail protection caps

20" 10-spoke machined aluminum wheels with Grazen Metallic painted accents

- May require additional optional equipment

Cargo bed LED lighting

- Provides light to find cargo in the bed
- Rear pillar lamps

Black outside power-adjustable vertical trailering mirrors with power folding/manual extending auto-dimming driver upper glass

- Lower convex mirrors
- Heated upper glass
- Integrated turn signal indicators
- Puddle lamps
- Perimeter lighting
- Auxiliary lighting
- Extends 3.31-inches
- May require additional optional equipment

Spare tire carrier lock

- Helps keep spare tire secure
- Utilizes the same key as the door and ignition

IntelliBeam

- At speeds above 25 mph, can automatically turn vehicle's high beams on and off according to surrounding traffic conditions

Black door handles

CornerStep rear bumper

- Helps make it easier to get into and out of the pickup bed
- Located at each end of the rear bumper
- Textured step pads to help provide secure footing

Chevytec spray-on bedliner

- Provides a Black, textured, non-skid surface that helps minimize cargo shifting
- Covers the bed interior surface below side rails, front bed top rail, gauge hole plugs and tie-downs
- Chemically bonded, the sprayed-on liner permanently bonds to the truck bed, providing a watertight seal
- Includes Chevrolet logo
- High Country models include High Country logo

Cab-mounted cargo area lamps

- With switch in switch bank left of the steering wheel
- Illuminates the cargo bed area

Front license plate bracket

- Front bracket is included if displaying a front license plate is required in your state

18" LT275/70R18 all-terrain, blackwall spare tire

- May require additional optional equipment

Side BedStep

- Black textured step pads help provide secure footing
- Integrated on forward portion of outer bed on driver and passenger side to provide ease of access to forward portion of the bed

Summit White

Standard tailgate

Deep-tinted glass

- Provides added protection from sun and glare

2025 Silverado 2500 HD • Custom 4WD

VIN: 1GC4KME71SF209191 • Stock: 31477

Vehicle Specs

Engine: 6.6L V8 Gas engine	Transmission: Allison ^{&reg;} 10-speed automatic transmission
Trailer Capacity: 16000 lbs	Wheel: Wheels, 20" (50.8 cm) machined aluminum
Exterior: Summit White	Interior: Jet Black, Cloth seat trim

Cash Summary Estimate

MSRP - Total Vehicle Price \$58,225.00

* The Manufacturer's Suggested Retail Price excludes tax, title, license, and dealer fees. Dealer sets final price.

Standard Vehicle Price \$53,100.00

Options

Z71 Off-Road Package \$325.00

6" Black rectangular assist steps \$795.00

Custom Value Package \$2,360.00

Upfitter switches \$150.00

* Not available with special financing, lease and some other offers. Must take new retail delivery by 08/04/2025.

Est. Amount Due at Delivery \$56,178.30

Amount due at delivery may vary based on actual taxes, fees, and available offers at time of delivery. See dealer for details.
Must take new retail delivery by 8/4/2025.

Installed Packages & Accessories

Custom Value Package **\$2,360**

All Features Included With Custom Value Package:

- Custom Convenience Package
- WT/CX Safety Package
- Black outside power-adjustable vertical trailering mirrors with power folding/manual extending auto-dimming driver upper glass
- Auto-dimming inside rearview mirror

6" Black rectangular assist steps **\$795**

All Features Included With 6" Black rectangular assist steps:

- Steps make it easier to get in and out of your vehicle
- Textured step pads help provide secure footing
- Black powder-coat finish

Z71 Off-Road Package **\$325**

All Features Included With Z71 Off-Road Package:

- Z71 Off-Road suspension with Rancho™ twin tube shocks
- Hill Descent Control
- Skid plates
- Z71 hard badge (Work Truck, LT and LTZ models)
- Z71 grille emblem (LT and LTZ models)
- 17" all-terrain blackwall tires (Work Truck and LT models)

Upfitter switches **\$150**

All Features Included With Upfitter switches:

- Program electrical components such as exterior lighting, snow removal equipment or other features to turn on and off at the flip of a switch
- Allows the driver to operate upfitter-installed equipment conveniently from inside the cab
- Provides 3-30 amp and 2 – 20 amp configurable circuits to facilitate installation of aftermarket electrical accessories by the dealer or upfitter¹ at customer expense
- Installation instructions and technical assistance available at www.gmupfitter.com

Wi-Fi® hotspot capable

- Terms and limitations apply. See onstar.com or dealer for details.

Tailgate and bed rail protection caps

6-speaker audio system

- Speakers are positioned throughout the cabin for outstanding sound quality and an enjoyable listening experience

Chevrolet Infotainment 3 System with 7" diagonal color touchscreen

- 7" diagonal color touchscreen¹
- Bluetooth^{®2} audio streaming for 2 active devices for compatible phones
- Voice command pass-through to phone for compatible phones
- Apple CarPlay[™] capability for compatible phones³
- Android Auto[™] capability for compatible phone⁴
- Use, control and manage select smartphone apps through the Infotainment system

¹ Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices.

² Go to chevrolet.com/device-compatibility to find out which phones are compatible with the vehicle. Full Bluetooth feature functionality varies by device, model, and software version.

³ Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay, Siri, iPhone and Apple Music are trademarks for Apple Inc, registered in the U.S. and other countries.

⁴ Vehicle user interface is a product of Google and its terms and privacy statements apply. To use Android Auto on your car display, you'll need an Android phone running Android 6 or higher, an active data plan, and the Android Auto app. Google, Android and Android Auto are trademarks of Google LLC.

Mechanical

6.6L V8 Gas engine

- 401 hp [299 kW] @ 5200 rpm
- 464 lb-ft of torque [629 N-m] @ 4000 rpm
- 3.73 rear axle ratio
- Paired with a 10-speed automatic transmission
- Capless fuel fill

Push Button Start

Black recovery hooks

- Two front frame-mounted¹

¹ To avoid the risk of injury, never use recovery hooks to tow a vehicle.

Heavy-Duty Air Filter

- Thick construction helps to trap more dirt before it can enter the air intake

Fully boxed frame

- Hydroformed front section
- High-strength steel

Single-outlet exhaust

Automatic locking rear differential

- When the differential senses a significant difference in wheel speed, it locks to turn both rear wheels in unison for added traction
- The Eaton[®] Locker senses a difference in wheel speed of approximately 100 rpm

10,850 lbs. GVWR

- When properly equipped; includes weight of vehicle, passengers, cargo and equipment

Air filtration monitoring

- Alerts the driver when the engine air filter needs replacement

Brake pad wear indicator

Allison® 10-speed automatic transmission

- Electronically controlled with overdrive for smooth-shifting performance
- Tow/Haul mode that reduces shift cycling for better control and improved cooling when towing or hauling heavy loads
- Auto Grade Braking that automatically downshifts when needed to enable engine braking, helping to slow the vehicle on downhill grades and reduce brake wear (operates in Tow/Haul mode)

4-wheel antilock disc brakes

- Help reduce wheel lockup and maintain steering control during hard braking on most slippery surfaces
- DuraLife™ brake rotors feature a hardened surface to reduce corrosion and provide quieter braking with less vibration. DuraLife™ rotors are hardened and strengthened during the manufacturing process
- Brake system features a corrosion-fighting process called Ferritic Nitro-Carburizing (FNC) which can double rotor life expectancy and reduce or minimize rust over non-FNC coated rotors

Integrated trailer brake controller

- Integrated with the antilock brake system (ABS)
- Helps provide measured brake force signaling to electric-controlled trailer brake systems
- Trailer gain and output are displayed in the Driver Information Center
- May require additional optional equipment

170-amp alternator

External engine oil cooler

- Heavy-duty air-to-oil cooler
- Helps extend engine oil life under heavy loads

Steering

- Recirculating Ball with smart flow power steering system

Durabed

- Roll-formed high-strength steel
- 12 standard cargo tie-downs
- CornerStep Rear Bumper

External auxiliary transmission oil cooler

- Heavy-duty air-to-oil cooler
- Helps provides optimal transmission performance even when operating under a heavy load or towing a trailer

Heavy-duty 720 cold-cranking amps battery

- 80 Amp-hr
- Maintenance-free with rundown protection and retained accessory power

Capless fuel fill

- Creates a tight seal around the fuel-pump nozzle when the nozzle is fully inserted
- Requires gasoline engine

Skid plates

- Help protect the front underbody, oil pan, differential case and transfer case
- May require additional optional equipment

3.73 rear axle ratio

- Requires a gas engine

Electronic shift 2-speed transfer case with push button controls

- System shift smoothly between drive settings to handle a variety of road conditions
 - 2WD High for most on-road and highway situations
 - 4WD High for snowy or wet roads when added traction is needed
 - 4WD Low for deep sand, mud or snow to provide maximum torque to all 4 wheels
 - Neutral
- ONLY used for towing vehicle (Dinghy tow capability)- allows vehicle to roll freely

- May require additional optional equipment

Hill Descent Control

- Uses antilock braking to help provide a smooth, controlled descent
- Helps driver maintain control of the vehicle without depressing the brake pedal
- Activates by pushing a button below the instrument panel
- May require additional optional equipment

Emissions, California state requirements

Processing-Other

Trailer Information Label

- Provides max trailer ratings for tongue weight, conventional, gooseneck hitch and 5th wheel hitch

Interior

Outside temperature display

- Located in infotainment display

120-volt box-mounted power outlet

- 3-prong auxiliary household-style outlet
- Located in the pickup bed
- May require additional optional equipment

Assist handles

- Front A-pillar mounted for Driver and Passenger
- Rear B-pillar mounted

Carpeted floor covering

- Color-keyed to match the interior

Rear air vents

- Provides cabin comfort for rear occupants

Theft-deterrent unauthorized entry system

- Sounds the horn and flashes the turn signals when someone attempts to open the vehicle without the proper key or remote transmitter
- Helps deter unauthorized entry, helping to protect your vehicle
- May require additional optional equipment

Charge / Data USB ports

- Located on instrument panel¹

¹ Not compatible with all devices.

Instrumentation

- 6-gauge cluster
- Speedometer, fuel level, engine temperature, tachometer, voltage and oil pressure

Jet Black, Cloth seat trim

Cruise control

- Maintains a selected speed while driving
- Automatically disengages when the vehicle's traction control system needs to limit wheelspin on slippery surfaces or when the StabiliTrak[®] stability control system detects an oncoming skid
- Set and resume speed functions
- Steering-wheel mounted controls to easily maintain and manage cruising speed

4-way manual front passenger seat

- Can be positioned forward or back and up or down

Single-zone climate control

- Maintains a selected temperature
- Manual

Steering wheel

Upfitter switches

- Program electrical components such as exterior lighting, snow removal equipment or other features to turn on and off at the flip of a switch

- Allows the driver to operate upfitter-installed equipment conveniently from inside the cab
- Provides 3-30 amp and 2 – 20 amp configurable circuits to facilitate installation of aftermarket electrical accessories by the dealer or upfitter¹ at customer expense
- Installation instructions and technical assistance available at www.gmupfitter.com

¹ GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations or upfits.

Remote Start

- Start your vehicle remotely and step into a comfortably warmed or cooled vehicle, depending on the weather and your preset preferences
- Locks doors and turns on parking lamps while the engine is running
- Activates the climate control system
- May require additional optional equipment

Power windows with rear express-down

10-way power driver seat with power lumbar

- Forward and back
- Up and down
- Tilt seat cushion back and upright
- Recline seatback up and down
- Includes 2-way power lumbar
- May require additional optional equipment

Power windows with front passenger express-down

- Quickly lowers the window with the touch of a button
- If an obstruction is detected, the anti-pinch feature will auto-reverse

Power windows with driver express-up/down

- Quickly raises the window or lowers it with the touch of a button
- If an obstruction is detected, the anti-pinch feature will auto-reverse

60/40 split-folding rear bench seat

- Includes child seat top tether anchor
- Can fold one or both sides up
- May require additional optional equipment

Rear Seat Reminder

- Helps to remind the driver to check the back seat(s) before leaving the vehicle¹
- Activates when rear doors are opened and closed up to 10 minutes before or anytime while your vehicle is on
- Under certain conditions, once the vehicle is switched off, designed to sound audible chimes and display a visual message within the driver display
- Activates only once each time the vehicle is turned on and off, and would require re-activation on a second trip

¹ Does not detect people or items. Always check rear seat before exiting.

Remote Keyless Entry

- Allows you to lock and unlock doors of the vehicle with the key fob
- Driver's door or all doors unlock at the touch of a button
- Includes remote locking tailgate

Charging-only USB ports, 2nd row

- May require additional optional equipment

Power door locks

- Programmable
- Allows you to lock and unlock doors easily whether it's from the driver or front passenger seat or from outside using the key fob (when equipped)

12-volt auxiliary front power outlet

Manual tilt steering column

- Allows the steering wheel to be manually adjusted up or down
- Provides extra comfort when entering or exiting the vehicle
- Locking security feature

Chevrolet Connected Access capable

- Subject to terms. See onstar.com or dealer for details.

120-volt power outlet

- 3-prong auxiliary household-style outlet
- Located on the instrument panel
- Makes it convenient for powering laptops, phone chargers and other electronic devices
- May require additional optional equipment

40/20/40 split-bench front seat with under-seat storage

- Seating for up to 3
- Driver and front passenger seatbacks recline
- Head restraints at the outboard seating positions
- Center seatback that doubles as a fold-down armrest with storage

Rear window defogger

- Helps to keep your rear view clear of fog or frost
- Utilizes a warming grid to help remove fog or frost from the rear window

3.5" diagonal monochromatic Driver Information Center

Rear rubberized-vinyl floor mats

- Helps protect your interior from road debris and the elements
- May require additional optional equipment

Front rubberized-vinyl floor mats

- Helps protect your interior from road debris and the elements
- May require additional optional equipment

Inside rearview auto-dimming mirror

- Automatically dims the inside rearview mirror when it senses bright light from behind
- When headlamp glare is no longer detected, the mirror returns to its normal state
- May require additional optional equipment

Safety

Teen Driver

- Helps encourage safe driving habits for teens by providing an in-vehicle report card¹
- Activates certain safety systems, if equipped, when a Teen Driver-designated key fob is used
- Mutes the radio until the front-seat occupants fasten their seat belts

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Front Pedestrian Braking

- At speeds between 5 and 50 mph, can help you avoid or reduce the severity of a collision with a pedestrian it detects directly in front of you¹
- Provides pedestrian alerts and can automatically provide hard emergency braking or enhance driver's hard braking
- Limited nighttime and low visibility performance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

OnStar[®] services capable

- See onstar.com for details and limitations. Services vary by model. Service plan required.

Rear Seat Belt Indicator warning

- May require additional optional equipment

StabiliTrak, electronic stability control system with traction control

- Automatically helps enhance control, particularly during emergency maneuvers, by adjusting the brakes and engine torque to help you stay on your intended path

- Activates when vehicle sensors detect a difference between the driver's intended path and the direction the vehicle is actually travelling
- Includes Traction Control that detects wheel slippage and applies brake pressure and/or reduces engine power to help the driver maintain control when accelerating on wet or snow-covered roads
- Includes Brake Assist which detects rapid brake pedal applications due to emergency braking situations and provides additional braking via the Antilock Brake System (ABS) module
- Includes Trailer Sway Control
- Hill Start Assist

Front and Rear Park Assist

- Provides alerts of nearby detected vehicles and objects in front of or behind your vehicle¹
- These can help you park and avoid collisions
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Lane Change Alert with Side Blind Zone Alert

- Provides visual side-mirror alerts when a moving vehicle is detected either quickly approaching or already in your side blind zone¹
- Can help you avoid lane change collisions
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Automatic Emergency Braking

- Can help you avoid or reduce the severity of a collision with a detected vehicle you're following using camera technology¹
- Works at speeds between 5 and 50 mph

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Lane Departure Warning

- Alerts you when it detects that you are unintentionally drifting out of detected lane lines¹
- System alerts do not occur if you're using your turn signal, or it detects you may be intentionally leaving your lane

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Forward Collision Alert

- Warns you if it detects a potential collision with a detected vehicle you're following so you can take action¹
- Can also provide a tailgating alert if you're following a vehicle much too closely

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Tire Pressure Monitoring System with Tire Fill Alert

- Monitors tire pressure and alerts of an under-inflated condition in one or more of the tires¹
- Provides visual and audible alerts outside the vehicle when inflating an under inflated tire to the recommended tire pressure

¹ Does not monitor spare tire.

Daytime Running Lamps

- Includes automatic exterior lamp control

HD Rear Vision Camera

- Shows high-resolution digital image of area directly behind your vehicle while in Reverse¹
- Can help you park or avoid vehicles and objects
- You can also display an overlay of where your vehicle is heading
- Tailgate must be in the raised position for the HD Rear Vision Camera to operate properly
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Buckle to Drive

- Helps remind the driver to buckle their seat belt before driving by preventing the vehicle from being shifted out of PARK temporarily when the driver's seat belt is not buckled
- The feature also reminds the front passenger to buckle up, if equipped

Rear Cross Traffic Alert

- When in Reverse, warns you of detected vehicles crossing behind you¹
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

6 airbags

- Dual-stage frontal airbags for driver and front outboard passenger¹
- Seat-mounted side-impact airbags for driver and front outboard passenger¹
- Head-curtain airbags for outboard seating positions¹
- Includes front outboard Passenger Sensing System for frontal outboard passenger airbag and

illuminates a status light that indicates whether the airbag is on or off¹

¹ Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.

Hitch Guidance

- When in Reverse, displays a centered guideline on the Rear Vision Camera view¹
- Can help you line up the hitch to your trailer
- When driving, lets you check the trailer using Rear Vision Camera view

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Seat Belt Adjustable Guide Loops

- Front row only
- May require additional optional equipment

Following Distance Indicator

- Displays the following time in seconds between your vehicle and a detected vehicle in front of you¹
- Designed to help you maintain a safe following distance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

Exterior

Black mirror caps

Body-color rear bumper

- High gloss black on Custom
- May require additional optional equipment

Cargo tie-downs

- 12-fixed rated at 500 lbs. per corner

Halogen headlamps

- Dual halogen projector lamps help provide more even light distribution for improved visibility
- Twin reflectors
- Includes integrated daytime running lamps

20" LT275/65R20 all-terrain, blackwall tires

- May require additional optional equipment

Tailgate with EZ Lift assist, power lock & release

- Hitch area lighting
- May require additional optional equipment

Incandescent taillamps with stop and reverse lights

Body-color front bumper

- High gloss black on Custom
- May require additional optional equipment

20" 10-spoke machined aluminum wheels with Grazen Metallic painted accents

- May require additional optional equipment

Cargo bed LED lighting

- Provides light to find cargo in the bed
- Rear pillar lamps

Black outside power-adjustable vertical trailering mirrors with power folding/manual extending auto-dimming driver upper glass

- Lower convex mirrors
- Heated upper glass
- Integrated turn signal indicators
- Puddle lamps
- Perimeter lighting
- Auxiliary lighting
- Extends 3.31-inches
- May require additional optional equipment

Spare tire carrier lock

- Helps keep spare tire secure
- Utilizes the same key as the door and ignition

IntelliBeam

- At speeds above 25 mph, can automatically turn vehicle's high beams on and off according to surrounding traffic conditions

Black door handles

CornerStep rear bumper

- Helps make it easier to get into and out of the pickup bed
- Located at each end of the rear bumper
- Textured step pads to help provide secure footing

Cab-mounted cargo area lamps

- With switch in switch bank left of the steering wheel
- Illuminates the cargo bed area

Front license plate bracket

- Front bracket is included if displaying a front license plate is required in your state

18" LT275/70R18 all-terrain, blackwall spare tire

- May require additional optional equipment

Side BedStep

- Black textured step pads help provide secure footing

- Integrated on forward portion of outer bed on driver and passenger side to provide ease of access to forward portion of the bed

Summit White

6" Black rectangular assist steps

- Steps make it easier to get in and out of your vehicle
- Textured step pads help provide secure footing
- Black powder-coat finish

Standard tailgate

Deep-tinted glass

- Provides added protection from sun and glare

The Town of Fort Jones (City Hall)
11960 East Street
Fort Jones, California 96032

The Town of Fort Jones Agenda Item for September 8th 2025 Regular Meeting

Subject

Discussion and possible approval of \$9233.67 to purchase an electrical upgrade to be able to use the backup generator to run the well in a power outage, as well as provide surge protection to the building and to automate the chlorine pump.

Type of Action

Discussion and possible action to approve funds from the bulk water account to upgrade electrical instrumentation at the well

Summary of the Issue(s)

The Town currently has a backup generator that can power the well in the event of a prolonged power outage, but there is no standard operating procedure or way to hook the generator up to the well. There is also no surge protection for the motor or the mission communications systems that have been installed. The chlorine pump does not provide consistent dosages due the fluctuations of the motor speed and is manually operated.

Recommendation

Public Works recommends that we approve Amped Electric's quote to hook up the generator to the well, install a new chlorinator and program it into the SCADA system, and provide surge protection for the contents of the whole building.

Fiscal Analysis

\$9233.67

LIC. C-10 #1123511

P.O. Box 574 Fort Jones, CA 96032

Proposal

To: Town of Fort Jones

Attn: Public Works

Job Name: Generator hook up, Automated Chlorination Pump, and Surge Protection

Location: Towns Well

- Generator hook up labor and material = \$2733.02
- New automated chlorination pump labor, programming, and material = \$3537.49
- Surge protection device labor and material = \$2963.16

Total = \$9233.67

- *This Quote is only valid for 30 days*

Exclusion: Trenching and Backfill, Paint and Patch, Disposal Fees, Mechanical Connections, any additional electrical will result in a change order.

Terms and Conditions:

- 1) All workmanship and materials are to comply with the requirements of the National Electrical Code, and the applicable local and state codes.
- 2) This Proposal is based upon a lump sum unless otherwise noted. Sums not paid within the said time shall accrue interest at the rate of 1.5% per month from the date of the invoice until paid.
- 3) The contractor shall not be liable for any charges for liquidated damages resulting from delay in completion of work caused by factors beyond his/her control. Project schedule and completion to be mutually agreed upon prior to beginning work.

The Town of Fort Jones Agenda Item for September 8th 2025 Regular Meeting

Subject

Main Street Water Line Replacement

Type of Action

Discussion and possible action to approve hiring E and S engineers to provide civil engineering, sub-consultant coordination and surveying services as outlined below.

Item 1: Topographic Survey at 1' contour interval with evident utilities and improvements.

Item 2: Final engineering design & preparation of Construction Drawings, Job Specifications and Estimates for the replacement water main.

Item 3: Advertise for bids and bid process through bid opening

Item 4: Construction Oversight & Administration.

Issue(s)

The Town's aging infrastructure needs replacement. On Main Street from Sterling Street to Douglas street the water main is deteriorating quickly. We have had numerous line breaks in this section. One of the fire hydrants is so old they don't make parts for it anymore. There are no operable valves on this stretch of Hwy including going up Don Street.

Caltrans will be repaving this stretch of Highway in 2031. The cost of having to repair the same pipe repeatedly is a waste of taxpayer's money. The cost of repairing it once it is paved over in new asphalt and/or sidewalks will exponentially grow. In the long run, it will be far cheaper to fix it all once and be done with it for 100 years. The new C-900 plastic water pipes have a lifespan of 100 years.

Recommendation

Public Works recommends that The Town enter into the agreement with E and S for the engineering services outlined in E and S's proposal.

New Main Street Water Main Replacement Project Proposal

THIS AGREEMENT is made on this **22nd** day of **July 2025**.

The CLIENT intends to:

Obtain Professional Civil Engineering and Surveying Services to develop improvement plans, specifications and estimates also including construction oversight for a new water main replacement from Sterling Street to Douglas Street on the west side of State Route 3.

For the mutual consideration herein set forth, **CLIENT** and **CONSULTANT** hereby agree as follows:

A. SERVICES TO BE PROVIDED Consultant agrees to provide the following services:

Provide civil engineering, sub-consultant coordination and surveying services as outlined below.

Item 1: Topographic Survey at 1' contour interval with evident utilities and improvements.

Item 2: Final engineering design & preparation of Construction Drawings, Job Specifications and Estimates for the replacement water main.

Item 3: Advertise for bids and bid process through bid opening

Item 4: Construction Oversight & Administration.

B. COMPENSATION

CLIENT agrees to compensate the CONSULTANT for such services as follows:

Time and Materials Fee Proposal: Items 1-4

Range \$50,000 - \$70,000

IN WITNESS WHEREOF, the parties hereto have accepted, made, and executed this AGREEMENT on the respective dates indicated below:

Redundant Well Engineering Proposal

Type of Action

Discussion and possible action to approve civil engineering, sub-consultant coordination and surveying services as outlined below from E and S engineers.

Item 1: Topographic Survey at 1' contour interval with evident utilities and improvements.

Item 2: Final engineering design & preparation of Construction Drawings, Job Specifications and Estimates for a test backup municipal well at the current well 3 site.

Summary of the Issue(s)

The Town's current well will eventually need to have repairs done to the portions of the well that are difficult and time consuming to access. When this happens, the well could be down for over a week or longer. The Town would run out of water at that time if there was no alternative water source. The Town's current well was first drilled in 1992, with a new motor installed in 2007. The older two wells on Newton Street lack the capacity for fire flows and peak water demand as well as having degraded water quality compared to the current well site.

This redundant well would solve that issue and allow for repair and replacement of parts of the well(s) without being on an impossible timeframe. This proposal will determine if this test well is worth developing.

Recommendation

Public Works recommends that we discuss the options and give directions to staff to either approve the proposal, or seek out alternatives.

Fiscal Analysis (as appropriate) \$10,000.00 - \$15,000.00

New Back Municipal Well Project Proposal

THIS AGREEMENT is made on this **8th** day of **July 2025**.

The CLIENT intends to:

Obtain Professional Civil Engineering and Surveying Services to develop improvement plans, specifications and estimates also including construction oversight for a new municipal well back up located on the same parcel as the existing municipal well in Fort Jones CA.

For the mutual consideration herein set forth, **CLIENT** and **CONSULTANT** hereby agree as follows:

A. SERVICES TO BE PROVIDED Consultant agrees to provide the following services:

Provide civil engineering, sub-consultant coordination and surveying services as outlined below.

Item 1: Topographic Survey at 1' contour interval with evident utilities and improvements.

Item 2: Final engineering design & preparation of Construction Drawings, Job Specifications and Estimates for a test backup municipal well.

Item 3: If the test well is determined to be worth developing then preparation of construction documents for well pump, controls and appurtenances.

Item 4: Construction Oversight & Administration.

B. COMPENSATION

CLIENT agrees to compensate the CONSULTANT for such services as follows:

Time and Materials Fee Proposal: Items 1-4

Survey & Construction Documents (Item 1-2)	\$10,000 - \$15,000
Preparation of well pump and controls construction drawings	To Be Determined
Construction Administration Engineering:	To Be Determined

Total Cost of Engineering & Surveying Services:	To Be Determined

Technical Advisory Committee Designations

Type of Action

Discussion and possible action to designate the Town Administrator and Everett Hullquist as delegates to participate in discussions and make decisions on behalf of The Town of Fort Jones as it relates to projects submitted to the Siskiyou County Local Transportation Commission.

Summary of the Issue(s)

The Siskiyou County Local Transportation has asked the Town to formally designate two staff members to sit on the technical advisory board (TAC). The board advises the commission on road related issues and areas of concern. In most Towns the Director of Public Works or the Town Manager serve on this committee.

Recommendation

Public Works recommends that Council formally delegate the Town Administrator and Everett Hullquist to serve on the TAC committee.

Fiscal Analysis (as appropriate)

None

Subject: Designation of Delegate and Alternate Representative

To Whom It May Concern,

On behalf of The Town of Fort Jones, this letter serves to formally designate our representatives authorized to participate in discussions and make decisions on behalf of our agency as it relates to projects submitted to the Siskiyou County Local Transportation Commission.

Our designated **delegate** is:

- Name/Title: Everett Hullquist
-
- Our designated **alternate** is:
- Name/Title: Town Administrator
-
- These individuals are authorized to represent our agency in all matters before the Commission, including discussions, coordination, and participation in relevant activities.

Please update your records accordingly. If you require additional information or have questions regarding this designation, please contact Mayor Madeleine Ayres at (530) -598 9157 or email mdeandreis@fortjonesca.com.

Sincerely,

The Town of Fort Jones

Subject

Noon Whistle

Type of Action

Discussion and possible action to discontinue having the siren go off at noon, and only use it during a state of emergency.

Summary of the Issue(s)

The Town's noon whistle is very loud and can be heard across Town. It is currently set to go off at noon every day. It is proposed to discontinue having it go off at noon and put this whistle to use as an emergency notification system for people who do not have the internet or are otherwise unreachable by traditional means during an emergency such as catastrophic wildfire, a flood or any other natural disaster.

During an emergency the whistle could be activated remotely and left on during the disaster. To activate the whistle remotely would require an upgrade to the current controller, which is an automatic timer-based system.

Recommendation

Public Works recommends that we discuss the pros and cons of this proposal and decide.

Fiscal Analysis (as appropriate)

If using the whistle as an emergency siren it will cost approximately \$300-700 for a new cellular controller for the siren.
