AT THE REQUEST OF THE HARRIETSTOWN BOARD OF ASSESSMENT REVIEW (BAR), THE FOLLOWING IS INCLUDED FOR YOUR INFORMATION.

A. Burden of Proof:

1. A Board hearing must be conducted under the presumption that the assessment is accurate and correct.
2. It is the responsibility of the complainant to demonstrate to the Board of Assessment Review that the assessment is in error. Appraisals, comparable sales listings, purchase price or building costs, etc., can all be presented to the Board as proof that the assessment is incorrect.
3. If the complainant offers no proof or convincing evidence (of any kind, written or verbal) to support his or her contention that the assessment is incorrect, the Board of Assessment Review must maintain that the assessment is indeed correct, as it exists on the assessment role.

B. Summary:

The submission of a grievance complaint form alone does not necessarily prove that an assessment is incorrect. The complaint form represents the statement that the complainant believes the assessment is in error. If no proof or evidence is submitted to support this belief, the legal presumption that the assessment is correct and must be upheld.
