

How is Grays Harbor College doing?

**How can
GHC
better serve
Pacific
County
residents?**

We Listened

Last year, as the new president of Grays Harbor College, Dr. Jim Minkler focused on expanding College offerings in Pacific County. Forums took place to discover what was important to local residents.

We made some changes...

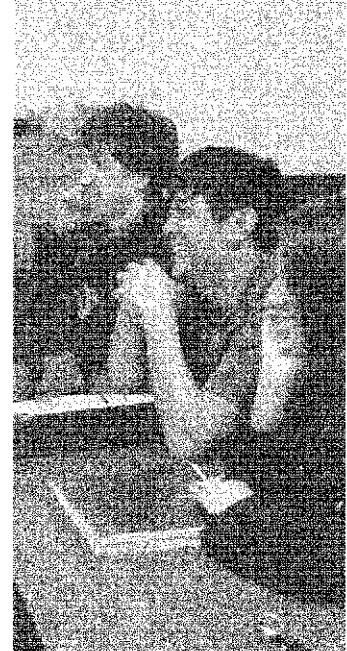

Now, we would like Pacific County residents to tell us how we are doing.

Please join the conversation. We would love to hear your feedback on the GHC Workplan for shaping next year's Pacific County offerings.
