Minutes

1. Ilwaco Community Park Update

- Community Build in April
 - Looking at the second or third week of April, probably a Monday or Tuesday evening. Finish minor landscaping projects. Shovels, wheel barrows, utility knife, rakes all needed.
- Tables and Benches ordered/plaques in the works
 - Vinessa has three companies supplying her with estimates on plaques. Hoping to complete them and get them to Ornamental Stone by the end of April to place on benches and tables.
 - Because the tables and benches would be best connected to cement slabs, Jon will research local cement contractors for bids for this work.
- Trees
 - David has contacts with The Chapman Foundation who provide grants to purchase trees and possibly other plants. He will bring more information to the next meeting.
 - David also will talk to a local arborist about variety. Looking at Paperbark Maples and Acer Griseum as suggested by Skylar of Tangley Greens
- Park Mural

- Renee O'Connor has ordered her supplies to start on the mural. Boys and Girls Club children will be participating mid-May to paint some selected tiles.
- A-1 is willing to assist with the mural cement slab but needs to work with a cement contractor to do it right. David will talk with Keith at A-1 about their specifications and perhaps a possible donation.

2. RCO Park Grants

- a. Hannah Dankbar talked to P&R about the three different types of RCO grants the City of Ilwaco and P&R could apply for.
- b. P&R supports moving forward with the Athletic Facilities and Local Park grants.
- c. Match may only be 20% of total grant amount.
- d. Possible that the storm water project at The Port may count as match.
- e. If awarded, grants would be awarded July 2019
