**Harvest in Lewiston has begun. I notice lots of big trucks and semis hauling feed for animals for the upcoming year. It is fabulous to see the great harvest that this rich soil and amazing water system provides to sustain agriculture in Lewiston. The city has experienced some problems this month with the new sewer lift station. Workers have been monitoring it around the clock, but finally we think we have substantial completion of the project. The final parts of the project will not be finished until late winter due to back order of parts. We are sealing the sports court this week, which is partially paid for by RAPZ tax money. We continue to see lots of emergency services calls. Please be careful.**
