MAYOR BODILY'S REPORT

I hope everyone is having a great summer. July is always a busy month in Lewiston, and I appreciate everyone who continues to help make our community a great place to live.

Thank You, Paul

After 20 years of working for Lewiston City, **Paul Swainston has retired**. We are very thankful for the many years he dedicated to serving our community and helping keep the city running.

Paul's knowledge, hard work, and commitment to Lewiston have been greatly appreciated. We wish him the very best in his retirement and thank him for everything he has done for the city over the past two decades.

Public Works Department

We are excited to welcome **Brennan Hyer as Lewiston City's new Public Works Director**. He will lead the Public Works crew of **Andy Robinson, Lance Robinson, and Trevin Arehart**.

Lance joined the city earlier this year, and Trevin came on board a few weeks ago. We appreciate the entire crew and the important work they do to keep the city running.

Save the Date: City Party and Fire Station Open House

Please save the evening of **September 12 from 5:30 to 7:00 p.m.** for our city party at the fairgrounds.

Burgers will be served at the fairgrounds, with dessert served at the Fire Station as part of an open house. This will be a great opportunity to meet members of our Fire Department, look around the station, and learn more about what they do for our community.

The department is always interested in meeting people who may want to become involved. Come see what they do and find out whether serving with the Fire Department may be something you are interested in.

We hope to see everyone there.

-Mayor Brady

Do you know someone in agriculture that is impacted by injury, illness, disability, or arthritis? AgrAbility of Utah is a program that helps farmers, ranchers, and family members remain in agriculture despite adverse health conditions.

AgrAbility specialists visit with impacted farmers, ranchers, and family members, conduct an agricultural work-site analysis, and evaluate each situation. Practical solutions that address the specific barriers faced by the agriculturalist or family member are identified. Solutions may include assistive technology recommendations (tools and devices that mitigate the limitations faced), equipment modifications, or task restructuring. Examples include, livestock handling equipment, lifts to provide access to equipment, and farm mobility devices.

All AgrAbility services are free and confidential. AgrAbility of Utah is funded through USDA and is a partnership between Utah State University Extension and Roads To Independence. Utah is just one of 21 states that have the AgrAbility program. If you or someone you know works in agriculture and has a disability, please call or email program coordinator, Randall Bagley at 435-797-0350 or randall.bagley@usu.edu.

The Lewiston Events Council would like to thank all who donated to the Fourth of July Quilt and Art Show.

1. Quilt and pillow - created and donated by Lewiston 3rd Ward quilting group. Won by Amy H.
