MAYOR BODILY'S REPORT

I want to start by giving a special thank you to **Theurer's** for their continued support of our community. They generously donated all of the meat for our City Party this year. We had a great turnout, and I appreciate everyone who came out and spent the evening with us. Events like this are a great reminder of what makes Lewiston such a wonderful community.

Work also continues on the City's sewer project, with engineering, planning, and funding efforts moving forward. There is still a significant amount of work ahead, and I will continue to provide updates as we reach major milestones.

With winter quickly approaching, I also want to remind everyone, particularly those living in areas with sidewalks, of the importance of keeping them clear and accessible.

Lewiston City Code **7-1-3** prohibits property owners or occupants from placing or allowing snow, vehicles, materials, or other obstructions on sidewalks. City Code **7-1-6(A)** also prohibits parking vehicles on sidewalks.

There are currently several places around town where vehicles or other items are blocking sidewalks. As the snow begins to fall, please make sure sidewalks adjoining your property remain open and are cleared of snow. This is especially important for our kids who walk to and from school. They should have a safe place to walk without being forced into the street because a sidewalk is blocked or covered with snow.

Thank you for helping us keep Lewiston safe and looking out for one another as we head into the winter months.

-Mayor Bodily
