MAYOR BODILY'S REPORT

As we enter the Thanksgiving season, I want to take a moment to say how thankful I am for the opportunity to serve as Mayor of Lewiston. We have an incredible community filled with great people, and I am grateful for the opportunity to represent you. I hope as we celebrate Thanksgiving, we all take some time to remember what matters most, appreciate what we have, and enjoy time with family and friends.

New Utility Billing System

Our new utility billing system is officially live! Residents can now sign up and manage their utility accounts through the new portal: https://lewistoncityut.ourcommunityconnect.com

If you currently use automatic payments through Xpress Bill Pay, please make sure to cancel your existing autopay before setting it up through the new portal to avoid duplicate payments.

Beginning January 1, 2027, Xpress Bill Pay will no longer be an option for city utility payments. I encourage everyone to make the switch ahead of time to help make the transition as smooth as possible.

General Plan Update

We are beginning the process of updating Lewiston City's General Plan. This plan will help guide decisions about the future of our community, including growth, land use, infrastructure, and preserving what makes Lewiston such a great place to live.

Over the next 3 to 5 months, we will be looking for input from residents as we work through this process. Community involvement is an important part of developing a plan that reflects what the people of Lewiston want for the future of our city.

There will be opportunities to share your thoughts and ideas as the process moves forward. I encourage everyone to participate and help shape the future of Lewiston. We want to make sure the voices of our residents are heard.

Happy Thanksgiving!

Thank you again for the opportunity to serve this great community. I am proud to call Lewiston home and look forward to what we can accomplish together.

I hope you and your families have a wonderful Thanksgiving!

- Mayor Bodily

The HEAT Program is a federally funded assistance program designed to help low-income, elderly and disabled households with home energy costs.
The HEAT program is open Nov 1 through Sept 30th or until federal funds are exhausted.
Eligibility and benefit amounts are determined by the number of U.S. residents or permanent residents in the household, household income, household size and energy costs (fuel and electric bills). A Household must also be under 150% of the Federal Poverty Level.
HEAT benefits are a one-time payment or Heat benefit amount and will not cover your entire winter heating costs. This depends on the Heat benefit amount and the size of Heat energy bills.
The HEAT Program offices are located in Logan, in the BRAG Offices at 170 N Main in Logan.
To apply go to our website: jobs.utah.gov/heat. For questions you can call 435-713-1444. Or you are always welcome to stop by the office and speak to a Heat intake worker in person during business hours.
