

Village of Roberts

PARK BOARD Meeting minutes Jun 04, 2010

Members present: Peter Tharp, Stacey Claessens, Scott Gerhardt, Barry Brandvold

Chuck Pizzi

Absent: Lana Hall, Terry Dull

Guest: John Bond

Playground:

*John reported that the new playground climber has been ordered. The book cost of the climber was \$19,389 plus shipping and installation costs. When he called to place the order, they asked if the Village guys would be available to help install it as in the installation of the previous set in Rolling Meadows. When he told them yes, they said the price for everything would be \$19,000.00.

* Discussion on the old metal climber being replaced. With it being a safety hazard, it was decided that it would be cut up and scrapped.

* Discussion on the small "Little Tyke" climber. It was decided to move it to the West side of the ball field, just South of the swing set.

* Sand has been added under the merry-go-round and the swing sets.

* The nets are up on the tennis courts and courts have already been very busy.

Restrooms:

* It was decided that the Park restrooms will be readied for the summer season, but not opened until ball practice starts later this month.

* Security camera's were discussed again. John will check with the new police chief and get his input on the vandalism problem. He will also check on prices.

Ball field:

*The entire outfield needs to be redone. Will get prices to have the outfield graded and new grass seeded. Will also check on outfield fencing, backstop and dugouts.

Benches & Tables:

* John will pick-up 2 benches to place on the existing cement slabs by the ball field. He will also get prices on picnic tables.

Memorial Trees:

* John has talked to Dennis Ullom, St. Croix Tree Service, who set up the Memorial Tree program for Menomonie and will get the information to us. John is also checking with other municipalities who have a similar program, to get their information.

There being no further business, motion by Scott, 2nd by Barry to adjourn, Motion carried. Adjourned at 7:05P.M.

Chuck Pizzi
