

Village of Roberts

Public Works Committee – July 17, 2014

Meeting Minutes

The Public Works Committee Meeting on July 17th, 2014 was called to order at 6:30 PM by Willard Moeri.

Present: Willard Moeri, Steve Melby, Rand Waughtal, Lorraine Siegert, and Scott Gerhardt.

Absent: Scott Lamson and Glenn Hall

Visitors: John Bond, Angie Goodwin, Jenny and Dave Busch.

The Meeting was properly noticed and posted in the Village of Roberts in three locations.

- **Water Tower Maintenance** – Starting the week of July 28th the water tower will be out of service for two to three weeks.
- **French Subdivision Storm Water Issues** – Angie Goodwin had the property surveyed and felt that a 2 ½ foot retaining wall would be enough, which would save on the cost. John had gotten three bids with Green Touch Lawn, Inc. coming in as the lowest at \$4,900.00. The cost will be split between Busche's, the Village of Roberts and Ayres Associates. Rand suggested that the Village pay then charge Busch's their portion.
Motion to approve Green Touch Lawn for the retaining wall project, with the cost being Split between Busch's, Village of Roberts and Ayres Associates by Gerhardt, second by Siegert. Motion Carried.
- **Village Hall Landscaping** – John presented three bids to the board for the landscaping. Angie Goodwin will take the bids back to the office and have her landscaper look at the plants and scrubs to determine which landscaper would provide the best quality.
Motion to approve Emerald Green for the project with Green Touch then LP Landscape based on the recommendation from Angie by Gerhardt, second by Melby. Motion carried.
- **Street Project Update** – The Project is going very well. Ayres looked at Locust and Elm Street and they will be replacing the castings with a seal type so the intersection will not have such a hump.
- Briarwood Blvd Center Island will be started at the end of August.
- Willard had a phone call regarding residents mowing grass clippings on the street.

Motion to adjourn at 8:00 by Gerhardt, second by Melby. Motion carried.
