The Town is under no timeline or obligation to release/issue any "Class B" license. Please note, persons on the waiting list described above may not, by Wisconsin Statutes, be given any preferential treatment if more than one application is submitted for an available license. State law requires that all new "Class B" liquor license applications be weighed against one another and that the best interests of the community be the deciding factor in issuing the license to one applicant or another. All notices of interest will be shared with the Town for consideration and additional information may be requested from the business inquiring about the license.
