General Provisions and Elections

2-1-1	Legal Status; General Town Powers
2-1-2	Village Powers
2-1-3	Polling Place
2-1-4	Election Poll Hours; Works; Wards
2-1-5	Official Newspaper

Sec. 2-1-1 Legal Status; General Town Powers.

The Town of Big Bend, Rusk County, Wisconsin is a body corporate and politic, with all of those powers granted by law. The Town shall be designated in all actions and proceedings by its name as the Town of Big Bend, and throughout Town ordinances as the “Town.”

Sec. 2-1-2 Village Powers.

The Town Meeting having, by resolution, directed the Town Board to exercise all powers relating to villages and conferred on village boards by Chapter 61, Wis. Stats., the Town of Big Bend shall have said powers through its Board. This is a continuing grant of powers.

State Law Reference: Sections 60.10(2)(c), 60.22(3) and Ch. 61, Wis. Stats.

Sec. 2-1-3 Polling Place.

The polling place serving all wards in the Town of Big Bend shall be the Town of Big Bend Town Hall.

Sec. 2-1-4 Election Workers.

(a) Number of Election Officials.

- (1) The Town Clerk-Treasurer shall be authorized to employ election officials (poll workers and tabulators) for each election sufficient to conduct said election effectively, the minimum number of election officials necessary at any one time for any one (1) election being three (3). It is further authorized that two (2) sets of election officials may be used at different times at any one (1) election with the total number of election officials working at one time to be an odd number.
- (2) The Town Clerk-Treasurer shall have the power to limit or reduce the number of election officials. The Town Clerk-Treasurer shall determine in advance of each

election whether the number of election officials for such election should be reduced from the number prescribed by the Wisconsin Statutes, and if such a reduction is so determined, the Town Clerk- Treasurer shall further redistribute duties among the remaining officials.

- (b) **Tabulators.** The Town Clerk-Treasurer may deem necessary from time to time to select and employ tabulators for certain elections due to the high projected voter turnout. Tabulators shall assist and be under the direction of the election officials after the close of the polls. The Town Clerk-Treasurer shall select and employ tabulators, if needed, for any election.
- (c) **Wards.**
 - (1) Wards have been established in the Town of Big Bend for election purposes. The wards reflect the school districts in the Town of Big Bend. However, there are various elections where Town electors from more than one (1) ward vote for offices that are identical to those in other wards, and the Town Board has determined that tabulating vote totals by ward requires more time by election officials and occasionally require more inspectors to work at elections. Thus, the Town Board has determined that there is no administrative advantage to having vote totals by ward when voting for common offices.
 - (2) For the reasons stated above, the Town Board has determined that wards will be combined for vote reporting purposes for those wards voting for common office(s).

State Law Reference: Section 7.30, Wis. Stats.

Sec. 2-1-5 Official Newspaper.

The Town of Big Bend shall use posting pursuant to the Wisconsin Statutes as its means of giving notice. When publication is required by the Wisconsin Statutes or when directed by the Town Board as a substitute to posting, the newspaper to be used shall be the *Ladysmith News*, or as otherwise determined by the Town Board.

The Town Board believes that a Code of Ethics for the guidance of elected and appointed officials and employees will help them avoid conflicts between their personal interests and their public responsibilities, will improve standards of public service and will promote and strengthen the faith and confidence of the citizens of this Town in their elected and appointed officials and employees. - (a) Each elected official is the legal custodian of his or her records and the records of his or her office, but the official may designate an employee of his or her staff to act as the legal custodian.
- (b) Unless otherwise prohibited by law, the Town Clerk-Treasurer or his/her designee shall act as legal custodian for all Town records, including records of the Town Board and any committees, commissions, boards or other authorities created by ordinance or resolution of the Town Board. In the event that the Town Clerk-Treasurer is not available, then the Town Clerk-Treasurer shall designate someone to act in his/her behalf as legal custodian.

- (d) Each legal custodian shall name a person to act as legal custodian in his or her absence or the absence of his or her designee.
- (e) The legal custodian shall have full legal power to render decisions and to carry out the duties of an authority under Ch. 19, Wis. Stats., and this Chapter. The designation of a legal custodian does not affect the powers and duties of an authority under this Section.

Depending on the nature and scope of the request, additional time may be required by the authority.

- (d) A requester shall be permitted to use facilities comparable to those available to Town employees to inspect, copy or abstract a record.
- (e) The legal custodian may require supervision during inspection or may impose other reasonable restrictions on the manner of access to an original record if the record is irreplaceable or easily damaged. No original public records of the Town shall be removed from the possession of the legal custodian.
- (f) A requester shall be charged a fee to defray the cost of locating and copying records as follows:
 - (1) The cost of photocopying shall be a per page fee in accordance with the Town Board's current fee schedule. The Town may charge actual, necessary costs in duplicating or communicating requested records, including facsimile transmissions. Said cost has been calculated not to exceed the actual, necessary and direct cost of reproduction.
 - (2) If the form of a written record does not permit copying, the actual and necessary cost of photographing and photographic processing shall be charged. The Town is not required to purchase or lease for any requesting person any equipment or facilities for photocopying, photographing or other copying.
 - (3) The actual full cost of providing a copy of other records not in printed form on paper, such as films, computer printouts and audio- or video-tapes, shall be charged.
 - (4) If mailing or shipping is necessary, the actual cost thereof shall also be charged.
 - (5) There shall be no charge for locating a record unless the actual cost therefor exceeds Fifty Dollars (\$50.00), in which case the actual cost shall be determined by the legal custodian and billed to the requester. The Town will determine the cost of locating a record by using the hourly rate in accordance with the Town Board's current fee schedule for employees involved in attempting to locate the record.

- (g) Pursuant to Sec. 19.34, Wis. Stats., and the guidelines therein listed, each authority shall adopt, prominently display and make available for inspection and copying at its offices, for the guidance of the public, a notice containing a description of its organization and the established times and places at which, the legal custodian from whom, and the methods whereby, the public may obtain information and access to records in its custody, make requests for records or obtain copies of records, and the costs thereof. Each authority shall also prominently display at its offices, for the guidance of the public, a copy of Sections 3-3-4 through 3-3-6 of this Chapter. This Subsection does not apply to members of the Town Board.

Sec. 3-3-5 Access Procedures.

- (a) A request to inspect or copy a record shall be made to the legal custodian. A request shall be deemed sufficient if it reasonably describes the requested record or the information requested. However, a request for a record without a reasonable limitation as to subject matter or length of time represented by the record does not constitute a sufficient request. A request may be made orally, but a request must be in writing before an action to enforce the request is commenced under Sec. 19.37, Wis. Stats.
- (b) Except as provided below, no request may be refused because the person making the request is unwilling to be identified or to state the purpose of the request. No request may be refused because the request is received by mail, unless prepayment of a fee is required under Section 3-3-4(f)(6).
- (c) The legal custodian generally may not request the name of the requesting person or the reasons for the need to access the public record except if the legal custodian keeps the public record at a private residence, or if the legal custodian, for security reasons, believes identification is necessary and appropriate or except if federal law and regulations requires identification of the requesting person. A requester may be required to show acceptable identification whenever the requested record is kept at a private residence or whenever security reasons or federal law or regulations so require.
- (d) Each custodian, upon request for any record, shall, as soon as practicable and without delay, either fill the request or notify the requester of the authority's determination to deny the request in whole or in part and the reasons therefor. If the legal custodian, after conferring with the Town Attorney, determines that a written request is so general as to be unduly time consuming, the party making the request may first be required to itemize his or her request in a manner which would permit reasonable compliance.
- (e) A request for a record may be denied as provided in Section 3-3-6. If a request is made orally, the request may be denied orally unless a demand for a written statement of the reasons denying the request is made by the requester within five (5) business days of the oral denial. If a written request is denied in whole or in part, the requester shall receive a written statement of the reasons for denying the request. Every written denial of a request shall inform the requester that, if the request for the record was made in writing, then the determination is subject to review upon petition for a writ of mandamus under Sec. 19.37(1), Wis. Stats., or upon application to the attorney general or a district attorney.

Sec. 3-3-6 Limitations on Right to Access.

- (a) A request may be denied in whole or in part pursuant to Sec. 19.36, Wis. Stats. and other applicable state law. The following are some of the reasons a record request may be denied:
 - (1) Records specifically exempted from disclosure by state or federal law or authorized to be exempted from disclosure by state law;
 - (2) Any record relating to investigative information obtained for law enforcement purposes if federal law or regulations require exemption from disclosure or if exemption from disclosure is a condition to receipt of aids by the state;
 - (3) Computer programs, although the material used as input for a computer program or

- the material produced as a product of the computer program is subject to inspection;
- (4) Pursuant to Sec. 905.08, Wis. Stats., a record or any portion of a record containing information qualifying as a common law trade secret. "Trade secrets" are defined as unpatented, secret, commercially valuable plans, appliances, formulas, or processes, which are used for making, preparing, compounding, treating or processing articles, materials or information which are obtained from a person and which are generally recognized as confidential;
 - (5) As provided by Sec. 43.30, Wis. Stats., public library circulation records are exempt from inspection under this Section.
- (b) In responding to a request for inspection or copying of a record which is not specifically exempt from disclosure, the legal custodian, after conferring with the Town Attorney, may deny the request, in whole or in part, only if he or she determines that the harm to the public interest resulting from disclosure would outweigh the public interest in full access to the request record. Examples of matters for which disclosure may be refused include, but are not limited to, the following:
- (1) Records obtained under official pledges of confidentiality which were necessary and given in order to obtain the information contained in them.
 - (2) Pursuant to Sec. 19.85(l)(a), Wis. Stats., records of current deliberations after a quasi-judicial hearing.
 - (3) Pursuant to Sec. 19.85(1)(b) and (c), Wis. Stats., records of current deliberations concerning employment, dismissal, promotion, demotion, compensation, performance or discipline of any Town officer or employee, or the investigation of charges against a Town officer or employee, unless such officer or employee consents to such disclosure.
 - (4) Pursuant to Sec. 19.85(l)(d), Wis. Stats., records concerning current strategy for crime detection or prevention.
 - (5) Pursuant to Sec. 19.85(l)(e), Wis. Stats., records of current deliberations or negotiations on the purchase of Town property, investing of Town funds or other Town business whenever competitive or bargaining reasons require nondisclosure.
 - (6) Pursuant to Sec. 19.85(l)(f), Wis. Stats., financial, medical, social or personal histories or disciplinary data of specific persons which, if disclosed, would be likely to have a substantial adverse effect upon the reputation of any person referred to in such history or data.
 - (7) Pursuant to Sec. 19.85(l)(g), Wis. Stats., communications between legal counsel for the Town and any officer, agent or employee of the Town, when advice is being rendered concerning strategy with respect to current litigation in which the Town or any of its officers, agent or employees is or is likely to become involved, or communications which are privileged under Sec. 905.03, Wis. Stats.
 - (8) Pursuant to Sec. 19.85(l)(h), Wis. Stats., requests for confidential written advice from an ethics board and records of advice given by such ethics board on such requests.
- (c) If a record contains information that may be made public and information that may not be made public, the custodian of the record shall provide the information that may be made public and delete the information that may not be made public from the record before release. The custodian shall confer with the Town Attorney prior to releasing any such record and shall follow the guidance of the Town Attorney when separating out the exempt material. If, in the judgment of the custodian and the Town Attorney, there is no

feasible way to separate the exempt material from the nonexempt material without unreasonably jeopardizing nondisclosure of the exempt material, the entire record shall be withheld from disclosure.

Sec. 3-3-7 Destruction of Records.

This extreme danger of fire affects the health, safety, and general welfare of the residents of the Town of Big Bend and constitutes a state of emergency. Sec. 6-4-2 Driveway and Culvert Location, Design and Construction Requirements.

(a) Approval; Inspection.

- (1) All new driveways proposed to be installed or any field access serving open land without improvements and proposed to be converted to a driveway to serve one or more structures shall be subject to inspection by any Town officer prior to the start of any permit. An approved driveway shall be in place before a building permit can be issued.
- (2) The applicant, who may be the owner, agent, or contractor shall submit a location construction plan showing specifications including grade, slope, width, and length of the driveway and erosion control procedures.
- (3) Authorization for a driveway permit is subject to the approval of the Town Board and when so approved, the Town Board shall notify the Rusk County Zoning Office. If there is a dispute on the adequacy of an alleged existing driveway the decision of the Town Board shall be the deciding factor.

(b) General Requirements. The location, design and construction of driveways shall be in accordance with the following:

- (1) *General Design.* Private driveways shall be of such width and so located that all of such driveways and their appurtenances are within the limits of the frontage abutting the street of the property served. Driveways shall not provide direct ingress or egress to or from any street intersection area and shall not encroach upon or occupy areas of the street right-of-way required for effective traffic control or for street signs or signals. A driveway shall be so located and constructed that vehicles approaching or using it shall have adequate sight distance along the street in accordance with

Wisconsin Department of Transportation standards and shall be subject to inspection by any town officer prior to construction. Driveway approaches shall be at least ten (10) feet apart except by special permission from the Town Board, and driveways shall in all cases be placed wherever possible as not to interfere with utilities in place.

- (2) *Island Area.* The island area in the street right-of-way between successive driveways or adjoining a driveway and between the highway shoulder and right-of-way shall constitute a restricted area and may be filled in and graded only as provided in Subsection (b)(4).
 - (3) *Driveway Standards.*
 - a. The following specifications shall apply:
 1. Minimum road surface width: Twelve (12) feet.
 2. Minimum height clearance: Eighteen (18) feet.
 3. Maximum grade: Ten (10) vertical feet every One Hundred (100) horizontal feet.
 4. Driveways shall be maintained sufficiently to provide adequate access to buildings for emergency vehicles.
 - b. The sides of the apron, at least to the culvert, should be beveled down to grade so as to have no abrupt surface that could damage a snow plow or create a hazard to any vehicle that should travel off the pavement.
 - c. No barricade, fence or guard that extends higher than the roadbed may be constructed in the area from the pavement to the center of the culvert.
 - (4) *Restricted Areas.* The restricted area between successive driveways may be filled in and graded only when the following requirements are complied with:
 - a. The filling or draining shall be to grades approved by the Town Board and, except where highway drainage is by means of curb and gutter, water drainage of the area shall be directed away from the street roadbed in a suitable manner.
 - b. Culvert extensions under the restricted area shall be of the same size and of equivalent acceptable material as the culvert under the driveway. Intermediate catch basins are required where the total culvert length is greater than three hundred (300) feet and/or where a bend or curve in the pipe is required.
 - c. Where no street side ditch separates the restricted area from the street roadbed, permanent provision may be required to separate the area from the street roadbed to prevent its use for driveway or parking purposes by construction of a border, curb, rail or posts as may be required by the Town Board.
 - (5) *Relocation of Utilities.* Any costs of relocating utilities shall be the responsibility of the property owner with approval of the Town Board necessary before any utility may be relocated and the driveway installed.
 - (6) *Slope; Base.* The driveway within the area of the public right-of-way shall slope away from the public road in a manner sufficient to prevent drainage or erosion onto the public road and to allow adequate stopping distance for a vehicle approaching the road. An adequate road bed base of suitable material to support the project traffic and any requirements for culverts shall be determined by the Town in considering an application for driveway approval.
 - (7) *Variances.* Any of the above requirements may be varied by the Town Board in such instances where the peculiar nature of the property or the design of the street may make the rigid adherence to the above requirements impossible or impractical.
- (c) **Prohibited Driveways and/or Filling.**

- (1) No person, firm or corporation shall place, construct, locate in, or cause to be placed, constructed or located in, any obstruction or structure within the limits of any public road, highway or street in the Town of Big Bend except as permitted by this Section. As used herein the word "structure" includes private driveways, a portion of which extends into any public road, highway or street, and which is in non-conformance with this Chapter.
 - (2) No driveway shall be closer than twenty-five (25) feet to the extended street line at an intersection. At street intersections a driveway shall not provide direct ingress or egress to or from the street intersection area and shall not occupy areas of the roadway deemed necessary by the Town for effective traffic control or for highway signs or signals.
 - (3) The grade of that portion of any private driveway located within the limits of any public road, highway or street shall be such as shall meet the grade of the existing public roadway at its edge and not cause an obstruction to the maintenance or clearing of such public roadway.
 - (4) Drainage from driveways shall run into adjacent ditches and not onto the road pavement.
 - (5) Filling of ditches and/or culverts located within a public right-of-way is prohibited without written approval from the Town.
 - (6) The placement of lawn sprinkler pipes in a road right-of-way is prohibited.
- (d) **Culvert Construction Standards.**
- (1) *Size.* All driveways, whether temporary or permanent, are required to have culverts as determined by Town Board. This includes but is not limited to temporary roads, i.e. construction sites, logging trails, etc. Culverts shall be installed prior to construction work being commenced on the property served. Culvert size shall be determined by the Town Board. All culverts shall be constructed of galvanized steel or engineered plastic, and shall be of new manufacture, unless specifically excepted by the Town Board Member.

Board. An application for transfer shall be made on a form furnished by the Town Clerk-Treasurer. Proceedings for such transfer shall be had in the same form and manner as the original application. The fee for such transfer is as stated in the town fee schedule. Stats., when taking suspension/revocation action against any alcohol beverage license issued by the Town Board.

- (2) If the action is initiated by a citizen or a board member, the Town Board may take immediate action and upon notice hold a hearing under Sec. 125.12, Wis. Stats.
- (3) If the action is resulting from the arrest of a license holder, or agent thereof, and upon conviction in circuit court, the Town Board shall hold a hearing under Sec. 125.12, Wis. Stats.

(b) **Penalties.**

- (1) All actions against a license holder being affirmed by the Town Board, or any conviction under Ch. 125, Wis. Stats., in Circuit Court against a license holder, shall be considered as a violation under this Section.
- (2) The Town Board may, based on the severity of any offense, revoke a license pursuant to Sec. 125.12 regardless of the number of offenses.

(c) **Continuing Business License Requirements.**

- (1) It shall be a condition of maintaining and keeping a license in the Town of Big Bend, that the licensee continue in business. Issuance of, or retention of, a license by a party not doing business or intending to resume doing business under conditions of this Chapter, as defined as follows, is declared to be against public policy.
- (2) Any license issued pursuant to this Chapter shall be subject to such further regulations and restrictions as may be imposed by the Big Bend Town Board by amendments or by the enactment of new ordinances. If any licensee shall fail or neglect to meet the requirements imposed by such law restrictions and regulations, his/her license may be revoked in accordance with this Chapter. In the event of revocation of any license or any violations of any provisions of this Chapter, or by the court for any reasonable cause except the imposition of new restrictions, no refund shall be made of any part of the license fee.
- (3) "Business continuation" of a license is hereby defined to mean as follows: Should a license issued under this Chapter not be used within sixty (60) days after its issuance and/or adoption of this Chapter, or its usage is discontinued for a period of sixty (60) days or more, such situation may be grounds for cancellation of the license in accordance with the provisions of this Section. For a license to be considered used, the licensee must be open for business a minimum of 150 days in a license term, unless the license was issued for a term less than 180 days.
- (4) Holders of such licenses are required to possess the following: A premise (facility) from which to conduct business, sanitary permit, building permits, Conditional Use Permits (CUPs) when required in accordance with the Rusk County Zoning and Shoreland Protection Ordinance, and meeting of any other requirements under the provisions of the Rusk County Ordinance. Further, holders of such licenses must possess necessary federal I.D. numbers, State of Wisconsin sales tax numbers, and shall meet and continue to meet on an ongoing basis all other state and federal requirements. Approval by the Town of Big Bend Town Board must also be obtained.
- (5) Exceptions to these requirements to continue to possess a necessary license would be any act of God which may damage or destroy the facility for which the license has been issued to operate the business from. In such cases, the holder of the license will be allowed a maximum of two (2) years to repair damages or rebuild the damaged or destroyed facility and again resume operating the business from the

premises for which the license issued was intended. The holder of a license of a damaged or destroyed business shall also be required to meet with the Licensing Board (Town Board) at that Board's discretion to discuss the situation and progress. Again, the Licensing Board reserves the right to revoke such license if, in its opinion, progress toward repair or rebuilding is not progressing in a timely manner. In such cases, the holder of the license has the express right to request a hearing, and any other appeal avenues which may be available to the license holder.

- (6) In the event any licensed party violates this Chapter, disciplinary action may be taken by the Town Board, including reprimand, suspension of the license for a specified number of days [maximum of ninety (90) days], or revocation of the license. Any license that has been revoked shall not be reinstated within the following six (6) months. Any disciplinary action taken shall follow notice to the licensee prior to a hearing. Both the hearing notice, which will specify the reason for the hearing, and the subsequent decision of the Board, will be sent by first class mail to the last known address of the licensee, or personally served, at the option of the Big Bend Town Chairperson.
- (7) In the event disciplinary action is taken against a licensee, the state procedure mandated under present Sec. 125.12, Wis. Stats., or its successor, will be followed. At present, said procedure requires personal service of the hearing notice (summons and complaint), and a hearing within three to ten (3-10) days thereafter.
- (8) As specified by law, there shall be no refund of any license fee paid to a party whose license is revoked.
- (9) In lieu of a hearing, the Town Board may accept surrender of the license, and the Town Board shall then determine the time period before another application for the same type of license will be accepted from the former licensee.
- (10) Evidence and testimony at the hearing shall be done in open session. The Board may go into closed session to deliberate with regard to its decision, where that possibility and option have been properly and legally listed on the hearing notice posted and/or published. The Town Clerk-Treasurer shall see that the hearing notice is posted and/or published pursuant to law.

Sec. 7-2-18 Nude Dancing In Licensed Establishments Prohibited.

(a) Authority.

- (1) The Town Board of the Town of Big Bend has explicit authority under Sec. 125.10(1), Wis. Stats., to adopt regulations governing the sale of alcohol beverages which are in addition to those set forth in Ch. 125, Wis. Stats.; and
- (2) The Town Board has authority under its general police powers set forth in Sec. 62.11(5), Wis. Stats., to act for the good order of the municipality and for the health, safety and welfare of the public; and may carry out its powers by regulation and suppression; and
- (3) The Town Board recognizes it lacks authority to regulate obscenity in light of Sec. 944, Wis. Stats., and does not intend by adopting this Section to regulate obscenity, since nudity in and of itself is not obscene, it declares its intent to enact an ordinance addressing the secondary effects of live, totally nude, non-obscene, erotic dancing in bars and taverns; and

- (4) Bars and taverns featuring live totally nude, non-obscene, erotic dancing have in other communities tended to further the increase of criminal and other offensive activity, to disrupt the peace and order of the communities, to depreciate the value of real property, to harm the economic welfare of the communities and to negatively affect the quality of life of the communities; and such secondary effects are detrimental to the public health, safety and general welfare of citizens; and
 - (5) The Town Board recognizes the U.S. Supreme Court has held that nude dancing is expressive conduct within the outer perimeters of the First Amendment to the United States Constitution and therefore entitled to some limited protection under the First Amendment, and the governing body further recognizes that freedom of speech is among our most precious and highly protected rights, and wishes to act consistently with full protection of those rights; and
 - (6) However, the Town Board is aware, based on the experiences of other communities, that bars and taverns in which live, totally nude, non-obscene, erotic dancing occurs may and do generate secondary effects which the governing body believes are detrimental to the public health, safety and welfare of the citizens of the Town of Big Bend; and
 - (7) Among these secondary effects are:
 - a. The potential increase in prostitution and other sex-related offenses, as well as other crimes and offenses;
 - b. The potential depreciation of property values in neighborhoods where bars and taverns featuring nude dancing exist;
 - c. Health risks associated with the spread of sexually transmitted diseases; and
 - d. The potential for infiltration by organized crime for the purpose of unlawful conduct; and
 - (8) The Town Board desires to minimize, prevent and control these adverse effects and thereby protect the health, safety and general welfare of the citizens of the Town of Big Bend; protect the citizens from increased crime; preserve the quality of life; preserve the property values and character of surrounding neighborhoods; and deter the spread of urban blight; and
 - (9) The Town Board has determined that enactment of an ordinance prohibiting live, totally nude, non-obscene, erotic dancing in bars and taverns licensed to serve alcohol beverages promotes the goal of minimizing, preventing and controlling the negative secondary effects associated with such activity.
- (b) **Nude Dancing in Licensed Establishments Prohibited.** It is unlawful for any person to perform or engage in, or for any licensee or manager or agent of the licensee to permit any person, employee, entertainer or patron to perform or engage in any live act, demonstration, dance or exhibition on the premises of a licensed establishment which:
- (1) Shows his/her genitals, pubic area, vulva, anus, anal cleft or cleavage with less than a fully opaque covering; or
 - (2) Shows any portion of the female breast below a point immediately above the top of the areola; or
 - (3) Shows the covered male genitals in a discernably turgid state.
- (c) **Exemptions.** The provisions of this Section do not apply to the following licensed establishments; theaters, performing arts centers, civic centers, and dinner theaters where live dance, ballet, music and dramatic performances of serious artistic merit are offered

on a regular basis and in which the predominant business or attraction is not the offering to customers of entertainment which is intended to provide sexual stimulation or sexual gratification to such customers and where the establishment is not distinguished by an emphasis on, or the advertising or promotion of nude erotic dancing.

- (d) **Definitions.** For purposes of this Section, the term "licensed establishment" means any establishment licensed by the Town Board of the Town of Big Bend to sell alcohol beverages pursuant to Ch. 125, Wis. Stats. The term "licensee" means the holder of a retail "Class A", "Class B", Class "B", Class "A", or "Class C" licensee granted by the Town Board of the Town of Big Bend pursuant to Ch. 125, Wis. Stats.
- (e) **Penalties.** Any person, partnership or corporation who violates any of the provisions of this Section shall be subject to a forfeiture pursuant to Section 1-1-6 of the Town Code. A separate offense and violation shall be deemed committed on each day on which a violation occurs or continues. In addition, violation of this Section constitutes sufficient grounds for suspending, revoking or non-renewing an alcohol beverage license under Sec. 125.12, Wis. Stats.

Sec. 7-2-19 through Sec. 7-2-29 Reserved for Future Use.

Article B: Operator's License

- (a) Notwithstanding any other provision of this Title 7, the Town Board may issue an operator's license, which license shall be granted only upon application in writing on forms to be obtained from the Town Clerk-Treasurer only to persons eighteen (18) years of age or older. Operator's licenses shall be operative only within the limits of the Town.
- (b) All applications are subject to an investigation by law enforcement authorities and/or other appropriate authority to determine whether the applicant and/or premises to be licensed complies with all regulations, ordinances and laws applicable thereto. These authorities may conduct an investigation of the applicant including, but not limited to, requesting information from the State, surrounding municipalities, and/or any community where the applicant has previously resided concerning the applicant's arrest and conviction record. Based upon such investigation, the authorities may recommend, in writing, to the Town Board approval or denial of the application. If the authorities recommend denial, the authorities shall provide, in writing, the reasons for such recommendation.

Sec. 7-2-32 Duration.

Licenses issued under the provisions of this Chapter shall be valid for a period of one (1) year and shall expire on the thirtieth (30th) day of June of each year.

Sec. 7-2-33 Operator's License Fee.

The annual fee for an operator's license or provisional license shall be in accordance with the Town Board's current fee schedule for the term or part thereof, plus actual records check costs. The fee for a provisional license shall be in accordance with the Town Board's current fee schedule.

Sec. 7-2-34 Issuance or Denial of Operator's Licenses.

- (a) After the Town Board approves the granting of an operator's license, the Town Clerk-Treasurer shall issue the license. Such licenses shall be issued and numbered in the order they are granted and shall give the applicant's name and address and the date of the expiration of such license.
- (b)
 - (1) If the application is denied by the Town Board, the Town Clerk-Treasurer shall, in writing, inform the applicant of the denial, the reasons therefore, and of the opportunity to request a reconsideration of the application by the Town Board in a closed session. Such notice must be sent by registered mail to, or served upon, the applicant at least ten (10) days prior to the Board's reconsideration of the matter. At such reconsideration hearing, the applicant may present evidence and testimony as to why the license should be granted.
 - (2) If, upon reconsideration, the Board again denies the application, the Town Clerk-Treasurer shall notify the applicant in writing of the reasons therefore. For purposes of this licensing procedure, "habitually been a law offender" is generally considered to be an arrest or conviction of at least two (2) offenses which are substantially related to the licensed activity within the five (5) years

Further, the Town Board, at its discretion, may, based upon an arrest or conviction record of two (2) or more offenses which are substantially related to the licensed activity within the five (5) years immediately preceding, act to suspend such license for a period of one (1) year or more.

Sec. 7-2-35 Training Course.

- (a) Except as provided in Subsection (b) below, the Town Board may not issue an operator's license unless the applicant has successfully completed a responsible beverage server training course at any location that is offered by a vocational, technical and adult education district and that conforms to curriculum guidelines specified by the board of vocational, technical and adult education or a comparable training course that is approved by the educational approval board or unless the applicant fulfills one of the following requirements:

Sec. 7-2-36 Display of License.

Each license issued under the provisions of this Chapter shall be posted on the premises whenever the operator dispenses beverages or be in his/her possession, or carry a license card.

Sec. 7-2-37 Revocation of Operator's License.

Violation of any of the terms or provisions of the State law or of this Chapter relating to operator's licenses by any person holding such operator's license shall be cause for revocation of the license.

(2) **Financial Assurance.** Each application for an explosives use permit as herein stated, or a renewal thereof, shall be accompanied by a certificate of insurance evidencing comprehensive general public liability insurance against claims for bodily injury, death, or property damage arising out of the blasting operation; such insurance to afford protection to the Town of Big Bend and its residents of not less than One Million Dollars (\$1,000,000) with respect to bodily injury or death to any one (1) person, not less than Three Million Dollars (\$3,000,000) with respect to any one (1) accident, and not less than One Hundred Thousand Dollars (\$100,000) with respect to property damage. The certificate of insurance shall name the Town of Big Bend and its residents as additional insureds under the relevant policy. Any insurance which the blaster is obligated to carry under the terms of this Chapter may be carried under so-called "blanket" policies covering other properties or liabilities of the blaster, provided, that such blanket policies otherwise comply with the provisions of this Subsection. Each insurance policy shall provide that it shall not be cancelled by the insurance company, except after not less than ninety (90) days' notice to the Town, in writing, by registered or certified mail. Not less than thirty (30) days prior to the expiration of the ninety (90) day notice of cancellation, the blaster must deliver to the Town a replacement insurance policy in absence of which all blasting shall cease. The liability insurance must be issued by a company licensed by the State of Wisconsin to issue the policy. The Town Board reserves the right to increase the amount of the insurance policy depending on the circumstances of the blasting activity.

(3) **Explosives Use Plan.** Each application for an explosives use permit or a renewal thereof shall include a written description of the total area within which explosives are

Blasting shall not be conducted at other times or on Sundays or legal holidays without written permission from the Town Board or its designee, which shall only be granted upon a showing of extreme need.
- (5) **Blasting Log.** An accurate blasting log shall be prepared and maintained for each blast fired, and a true and complete copy of said log shall be supplied to the Town Clerk-Treasurer within seven (7) working days of the initiation of the blast. The Town may require that the permittee furnish to the Town an analysis of any particular blasting log to be prepared by the permittee. In the event the permittee cannot or will not prepare a reliable analysis, the Town may obtain such analysis from an independent expert. The permittee shall be liable for the reasonable cost of such analysis if it is determined after an opportunity to be heard that this requirement was violated by the permittee. Each blasting log shall include, but not be restricted to, the following information:
 - a. Name and license number of blaster in charge of blast;

 - 2. Exact location of instrument and date, time and distance from the blast,
 - 3. Name and company affiliation of person taking reading;
 - 4. Name of the person and firm analyzing the seismographic and airblast data when required;
 - 5. Vibrations and airblast levels recorded; and
 - 6. Copy of the seismograph printout.

Sec. 7-5-4 Temporary Permits.

- (a) **Temporary Permit Requirements.** The Town Clerk-Treasurer, upon receipt of a properly completed temporary permit application form, may issue a temporary permit to allow for special construction or demolition activities requiring the use of explosives. Temporary permits shall be issued for a duration of fourteen (14) consecutive working days. The Town Board, in its discretion, may grant one (1) fourteen (14) day extension. Only one (1) temporary permit [and one (1) renewal] can be issued for any given site within the year of permit issuance. Applicants for temporary permits are required to provide financial assurance as specified in Section 7-5-3(b) and provide notice to all neighbors within five hundred (500) feet of the special construction or demolition activity.
- (b) **Temporary Permit Categories.** Permits shall be in the following categories:

No bond is required. However, proof of insurance and notice to all neighbors within five hundred (500) feet is required.
 - (4) **Agricultural.** This category includes stump removal, silo demolition, manure pits, etc. The fee shall be a fee in accordance with the Town Board's current fee schedule for the permit. No bond is required. However, proof of insurance and notice to all neighbors within five hundred (500) feet is required.

Sec. 7-5-5 Regulation of Blasting Resultants.

- (a) **Purpose of Section.** It is the purpose of this Section to provide for the establishment of uniform limits on permissible levels of blasting resultants to reasonably assure that blasting within the Town does not cause injury, damage or a nuisance to persons or property outside and beyond the permitted explosives use area.
- (b) **Instrumentation.** All blast-monitoring instruments used to produce data to support compliance with this Subsection shall meet the following minimum specifications:
- (1) **Seismic frequency range.** Two (2) to two hundred (200) Hz (± 3 Hz).
 - (2) **Acoustic frequency range.** Two (2) to two hundred (200) Hz (± 1 Hz).
 - (3) **Velocity range.** 0.02 to four (4.0) inches per second.
 - (4) **Sound range.** One hundred (100) to one hundred forty (140) dB linear.
 - (5) **Transducers.** Three (3) mutually perpendicular axes.
 - (6) **Recording.** Provide time-history of wave form.
 - (7) **Printout.** Direct printout showing time, date, peak air pressure, peak particle velocity

- and frequency in three (3) directions and a printed waveform graph of the event depicting measured air blast and particle velocity in the three (3) directions.
- (8) **Calibration.** At least once every twelve (12) months according to manufacturer's recommendations.
- (c) **Control of Adverse Effects Generally.** The permittee shall take necessary steps prescribed by the Town to control adverse effects from his/her activity.
- (d) **General Requirements.** Blasting shall be conducted so as to prevent injury and unreasonable annoyance to persons and damage to public or private property outside the permitted explosives use area.
- (e) **Airblast.**
- (1) **Limits.** Airblast shall not exceed the maximum limits listed in Table A-1 at the location of any dwelling, public building, place of employment, school, church or community or institutional building outside and beyond the permitted explosives use area. Notwithstanding this general requirement, an annual permit holder subject to this limitation may exceed the limitation on up to five percent (5%) of the blasts it initiates during the period from January 1 to December 31 without violating this Chapter, provided that the airblast produced by such blasts does not exceed the limitations on airblast imposed by the Wisconsin Department of Commerce in Subsection COMM 7.64(2), Wis. Adm. Code, as amended from time to time.

TABLE A-1

AIRBLAST LIMITS

Lower Frequency Limit of Measuring System in Hz	Maximum Level in db
2 Hz or lower – Flat response	123 peak
6 Hz or lower – Flat response	129 peak

- (2) **Monitoring.**
- a. The permittee shall monitor all blasts at the closest location to the blast of any dwelling, public building, place of employment, school, church or community or institutional building outside and beyond the permittee explosives use area, provided, however, that the permittee may monitor, at another location, approximately the same distance from the blast site, if the permittee is unable to obtain permission to conduct the monitoring from the owner of the preferred location. The Town Board or its designee may, at its discretion, require the relocation of monitoring equipment to a more suitable site and/or may conduct independent air-blast monitoring to spot-check data supplied by the permittee. If independent monitoring by the Town after hearing discloses that this Chapter was violated by the permittee, then in that event, the permittee shall pay the reasonable costs incurred by the Town for the independent monitoring. Upon receiving and approving billings for such expenses, the Town shall cause notice of the expenses to be mailed to the permittee, who shall reimburse the Town for

- such expenses within thirty (30) days after receipt of such notice.
- b. The measuring equipment used shall have an upper end flat frequency response of at least two hundred (200) Hz.
 - c. All measuring equipment during monitoring shall be spiked to the ground or sandbagged.
- (f) **Flyrock.** Flyrock produced as a result of explosives use shall be totally contained within the permitted explosives use area.
- (g) **Ground Vibration.**
- (1) **General.**
 - a. The maximum ground vibration at the location of any dwelling, public building, place of employment, school, church or community or institutional building outside or beyond the permitted explosives use area shall have a maximum peak- particle-velocity limit as provided by the Department, the scaled-distance equation provided by the Department, or the blasting level chart provided by the Department, whichever is applicable hereunder.
 - b. All structures in the vicinity of the permitted explosives use area, not listed in Subsection (g)(1), such as water towers, pipelines and other utilities, tunnels, dams, impoundments and underground mines shall be protected from damage by establishment by the permit holder of a maximum allowable limit on the ground vibration. The permit holder shall establish the limit after consulting with the owner of the structure.
 - (2) **Seismic Monitoring.**
 - a. The Town Board, in its discretion, may conduct independent seismic blast monitoring to spot-check data supplied by the permit holder. If the independent monitoring was done after good cause was shown therefor and after the permittee was given notice and an opportunity to be heard on the matter, the permittee shall be liable to the Town for all expenses incurred by the Town as a result of such independent monitoring. Upon receiving and approving billings for such expenses, the Town shall cause notice of the expenses to be mailed to the permittee, who shall reimburse the Town for such expenses within thirty (30) days after receipt of such notice.
 - b. The Town Board, upon good cause shown and after giving the permittee notice and an opportunity to be heard, may request analysis of records and data for any or all blasts which occurred within the permitted explosives use area.
 - (3) **Preblasting Notification.**
 - a. Each explosives use permit application and all reapplications shall include the names and addresses of all residents or owners of dwellings or other structures located within an area affected by the permitted explosives use. The affected area shall be determined based on the maximum pounds of explosive per eight (8) MS delay from the previous three (3) years' high. This calculation's square root x one hundred (100) shall determine the affected in area in feet. This calculation shall be the maximum distance from the boundary of the quarry where a preblast survey may be requested. One thousand (1,000) feet shall be the minimum distance for which a preblast survey may be requested regardless of the above calculation. Residents outside of these boundaries may petition the Town Board for a preblast survey, with the survey to be at the quarry

operator's expense. Residents denied this preblast survey may, at their own expense, secure a survey by a company acceptable to the quarry operator. The quarry operator may not unreasonably reject the company proposed to perform the survey. The surveys performed in this paragraph will serve as the basis for damage claims against the quarry operator. The blasting logs used to determine the previous three (3) years' high, as referenced in this Subsection, are available for inspection from the Town Clerk-Treasurer. [See Section 7-5-3(b)(5)].

- b. At the time of permit application, the applicant shall have notified, in writing, all residents or owners of dwellings or other structures located within the affected area, previously defined in Subsection (g)(3)a immediately above, who may request a preblast survey. All preblast surveys shall include a water quality test for existing wells. The applicant shall cause a preblast survey to be conducted as to such dwellings or structures, and extensive water quality testing for existing wells, provided, however, that the applicant shall not be required to conduct a preblast survey more than once every six (6) years and a well water quality test more than once every four (4) years. The applicant or permittee are responsible for the costs of all requested preblast surveys and water quality tests.
- c. The survey shall include a written report signed by the person who conducted the survey. Copies of the survey report shall be promptly provided to the Town Clerk- Treasurer, the owner or resident, and the applicant/permittee. The owner, resident or applicant/permittee shall promptly submit in writing to the Town any objections to the survey report, setting forth in detail such objections.
- d. The owner of a dwelling or structure that is within the affected area defined in Subsection (3)(a) above, who subsequent to the preblast survey has substantially modified or improved the dwelling or structure by fifty percent (50%) or more of the fair market value may request a new preblast survey. If it is found that a preblast survey is appropriate, the permittee may conduct such surveys within a reasonable period of time, but not exceeding twice a year for all such requests by all owners. These updated surveys shall be requested in writing submitted to the Town Board, which shall promptly notify the permittee of the request.
- e. All expenses incurred as a result of such independent surveys shall be the responsibility of the applicant/permittee. Upon receiving and approving billings for such expenses, the Town shall cause notice of the expenses to be mailed to the applicant/permittee, who shall reimburse the Town for such expenses within thirty (30) days after receipt of such notice.

Sec. 7-5-6 Applicability.

- (a) **Effective Date.** All use of explosives and blasting activity conducted in the Town shall be subject to the provisions of this Chapter. Existing operations of whatever nature, including without limitation nonmetallic mining operations, shall comply with the terms of this Chapter.
- (b) **Other Ordinances.** Where the provisions of this Chapter conflict with any provisions of

any other Town Ordinance, the provisions of this Chapter, if more restrictive than those of the other ordinances, shall control and shall supersede the provisions of the other ordinances.

- (c) **State and Federal Laws.** Where the provisions of this Chapter conflict with the provisions of any applicable State or Federal law or regulation, the provisions of the most restrictive Ordinance, Statute or Regulation shall control, to the extent permitted by State and Federal law.

- (4) A setback equal to the average setback of existing principal buildings located within 500 feet of a proposed building site and on the same side of the street shall be permitted where five of these buildings do not conform with the appropriate setback line.
- (5) Minor, readily removable structures such as open fences or signs permitted by this chapter may be placed within setback lines. Public utility equipment without permanent foundations is also permitted. (b) *Visual clearance at intersections.* In each quadrant of every street intersection there shall be designated a visual clearance triangle bounded by the street centerlines and a line connecting them 300 feet from a Class A highway intersection, 250 feet from a Class B highway intersection and 200 feet from a Class C highway intersection. If two highways of a different class intersect, the largest distance shall apply to both centerlines. Within this triangle, no object over 2½ feet in height above the streets shall be allowed if it obstructs the view across the triangle. Posts or open fences are excluded from this provision. Tree trunks shall be exempt where they are unbranched to a height of ten feet and located a minimum of 30 feet apart.

Use of access is limited to the use authorized in the temporary access permit. This permit would be revocable when a frontage road is provided.
- (3) The maximum number and width of access driveways to highways and service roads shall be as follows:

Type of Access Driveway	Maximum Number of Access Driveways	Maximum Width of Access Driveways

- (1) Any permanent, roofed structure serving as an accessory, if attached to the principal building, shall be considered a part of the principal building. If such structure is a building and is not attached to the principal building, it shall conform to the setback and other dimensional requirements of the district within which it is located.

- (1) The Board finds that adult-oriented establishments, as defined in this chapter, require special zoning in order to protect and preserve the health, safety, and welfare of the Town.
 - (2) Based on its review of studies conducted in Phoenix, AZ; Garden Grove, CA; Los Angeles, CA; Whittier, CA; Indianapolis, IN; Minneapolis, MN; St. Paul, MN; Cleveland, OH; Oklahoma City, OK; Amarillo, TX; Austin, TX; Beaumont, TX; Dallas, TX; Houston, TX; Newport News, VA; Bellevue, WA; New York, NY; Seattle, WA; and St. Croix County, WI; and the Report of the Attorney General's Working Group of Sexually Oriented Businesses (June 6, 1989, State of Minnesota), and statistics obtained from the U.S. Department of Health and Human Services, Centers for Disease Control and Prevention; and the findings incorporated in *City of Renton v. Playtime Theaters, Inc.*, 475 U.S. 41 (1986), *Colman A. Young v. American Mini-Theaters, Inc.*, 427 U.S. 50 (1976), *FW/PBS, Inc. v. City of Dallas*, 493 U.S. 215 (1990), *Barnes v. Glen Theatre, Inc.*, 501 U.S. 560 (1991), *City of Erie v. Pap's A.M.*, 120 S. Ct. 1382 (2000), *East of the River Enterprises II v. City of Hudson*, 2000 Wisc. App. Lexis 734 (Ct. App. Aug. 1, 2000); *Ben's Bar, Inc. v. Village of Somerset*, 316 F.3d 702, 2003 WL 132541 (7th Cir. 2003); the board finds that there is convincing evidence that the secondary effects of adult-oriented establishments include an increased risk of prostitution, high-risk sexual behavior, crime, and other deleterious effects upon existing businesses and surrounding residential areas, and decreased property values.
 - (3) The Town intends to control the impact of these secondary effects in order to protect the health, safety, and welfare of the citizenry; protect the citizens from increased crime; preserve the quality of life; preserve the property values and character of surrounding neighborhoods and areas.
 - (4) It is not the intent of the Board to suppress any speech activities protected by the First Amendment, but to enact a content-neutral ordinance which addresses the secondary effects of adult-oriented establishments while providing an outlet for First Amendment protected activities.
 - (5) In order to minimize and control the secondary effects of adult-oriented establishments upon the Town, it is the intent of the Board to prevent the concentration of adult-oriented establishments within a certain distance of each other and within certain distance of other specified locations which are incompatible with and would suffer from the secondary effects of adult-oriented establishments.
- (c) *Standards.* The First Amendment and other provisions of the United States Constitution, as interpreted by the United States Supreme Court and other courts, require that adult-oriented establishments are entitled to certain protections. Therefore, an adult bookstore, an adult motion picture theater, and an adult cabaret are permitted as a conditional use permit in the I-1 Industrial zoning district and shall be

prohibited use in any other zoning district. The adult-oriented establishment may locate in the specified district only if applicable zoning district regulations are met:

- (1) Such use shall not be located within 1,000 feet of any residence.
- (2) Such use shall not be located within 1,000 feet of a public or private school, church, day care center, or park.
- (3) Such use shall not be located within 1,000 feet of another adult bookstore, adult motion picture theater, or adult cabaret.
- (4) The distances provided in this subsection shall be measured by following a straight line, without regard to intervening buildings, from the nearest point of the building which the proposed use is to be located, to the nearest point of the curtilage of the residence, school, church, day care center or park.
- (5) Such use shall not be located in a structure that has a door, window, or opening that is constructed in such a way that the public can view the interior contents or activities without entering the structure.
- (6) Such use shall display a two-foot by two-foot sign located within three feet of the structure entrance in such a position that any person approaching to enter will be able to read the following: "Must be 18 years old to enter" and "Material beyond this door may be offensive."
- (7) Violation of these provisions is declared to be a public nuisance Title 13 – 3.
- (8) Nothing in this subsection is intended to authorize, legalize or permit the establishment, operation, or maintenance of any business, building, or use which violates any county ordinances or statute of the state regarding public nuisances, sexual conduct, lewdness, or obscene or harmful matter or the exhibition or public display thereof.

Title 13 ► Chapter 10

Conditional Uses

13-10-1 General Provisions

13-10-2 Procedure

Sec. 13-10-1 - General provisions.

One of the purposes of this chapter is to divide the unincorporated portions of the Town into districts within which the use of land and buildings, and the bulk and location of buildings in relation to the land are mutually compatible and substantially uniform. There are certain uses that may be entirely appropriate and not necessarily incompatible with the basic uses permitted in any district, but not at every or any location thereon or without restrictions or conditions being imposed by reason of unique problems that use of its particular location presents from a zoning standpoint, including the impact of those uses upon neighboring land or public facilities, and the public need for the particular use at a particular location. Such uses may be necessary or desirable to be allowed in a particular district, provided that due consideration is given to their location, development and operation. Such uses are hereby classified as conditional uses and are subject to the provisions specified in this article.

(1) *Approvals required.*

- a. Any conditional uses listed in this chapter shall be permitted only after receiving the appropriate Town Zoning Ordinance Committee and then Town Board approval.
- b. Any person must make a request to the Town Clerk for a conditional use permit. The Town Clerk shall promptly send the application to the Town Zoning Administrator with any or all data the applicant deems pertinent to the situation. The Town Zoning Administrator shall make a determination and send such determination to the Town Zoning Ordinance Committee. The Zoning Ordinance Committee will then follow the procedures specified in this article to consider the conditional use application. The conditional use permit shall be then presented to the Town Board. (See Appendix A – Flow Chart)
- c. In those areas where the appropriate Town Board and the Zoning Ordinance Committee disagree, the Town Board will make the final determination,
- d. Upon such approvals, issuance of a conditional use permit will be granted.

(2) *Basis of approval.* The Town Zoning Ordinance Committee shall consider the effect of such grant on the health, general welfare, safety and economic prosperity of the Town and of the immediate area in which such use would be located, including such considerations as the effect on the established character and quality of the area, its physical attractiveness, existing topography, drainage features, erosion potential, vegetation cover, the prevention and control of water pollution, the location with respect to floodplains and floodways, the movement of traffic and the relationship to existing or proposed roads, the demand for related services, the possible hazardous, harmful, noxious, offensive or nuisance effects resulting from noise, dust, smoke or odor and other factors.

(3) *Conditions which may be required.* Upon consideration of the factors listed above, the Town Zoning Ordinance Committee may attach such conditions, in addition to those required elsewhere in this chapter, that it deems necessary to further the purposes of this chapter. Violation of any of these conditions shall be deemed a violation of this chapter. Such conditions may include, without limitations because of specific enumeration, increased setbacks and yards, specified waste disposal and water supply facilities, landscaping and planting screens, operational controls, sureties and deed restrictions.

Sec. 13-10-2 - Procedure.

- (a) *Application.* Application for a conditional use permit shall be made to the Town Clerk who shall promptly refer the application to the Town Zoning Administrator, forwarding immediately to the Town Zoning Ordinance Committee. Town Zoning Ordinance Committee may require the applicant to submit other pertinent data and information necessary to properly evaluate the request. The Zoning Ordinance Committee may further request information it deems necessary from the appropriate party to further evaluate the request.
- (b) *Fees.* The fee for filing of application for the conditional use permits shall be established by the Town Zoning Ordinance Committee and Town Board. A copy of the current fee schedule shall be kept on file in the office of the Town Clerk.
- (c) *Hearing.* The Town Zoning Ordinance Committee shall schedule a public hearing on the application within 30 days after it is filed or in a special situation, which shall be written into the minutes of the committee, may waive the public hearing requirements.
- (d) *Determination.* The Zoning Ordinance Committee shall report its decision within 90 days after the filing of the application. Its decision shall include an accurate description of the use permitted, of the property on which it is permitted, and all conditions made applicable thereto.
- (e) *Mapping and recording.* When a conditional use permit is granted, an appropriate record shall be made of the land use and building permits, and such grant shall be applicable solely to the structures, use and property so described.
- (f) *Termination.* Where a permitted conditional use does not continue in conformity with the conditions of the original approval, the conditional use permit may be suspended by the Zoning Administrator or Zoning Ordinance Committee or terminated by action of the Town Board.

In their interpretation and application, the provisions of this Chapter shall be held to be minimum requirements and shall be liberally construed in favor of the Town of Big Bend and shall not be deemed a limitation or repeal of any other power granted by the Wisconsin Statutes.

Sec. 14-1-4 Severability.

If any provision of this Chapter is invalid or unconstitutional, or if the application of this Chapter to any person or circumstances is invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the other provisions or applications of this Chapter which can be given effect without the invalid or unconstitutional provision or application.

Article C: General Provisions

Sec. 14-1-20 General Provisions.

- (a) **Compliance.** No person shall divide any land located within the jurisdictional limits of these regulations which results in a subdivision, minor subdivision, land division or a replat as defined herein; no such subdivision, minor subdivision, land division or replat shall be entitled to record; and no street shall be laid out or improvements made to land without compliance with all requirements of this Chapter and the following:
- (1) The provisions of Ch. 236, Wis. Stats.
 - (2) The rules of the Department of Safety and Professional Services, contained in Wis. Adm. Code Chapter SPS 383 for subdivisions not served by public sewer.
 - (3) The rules of the Division of Highways, Wisconsin Department of Transportation contained in Wis. Adm. Code Chapter Trans 233 for subdivisions which abut a state trunk highway or connecting street.
 - (4) The rules of the Wisconsin Department of Natural Resources contained in the Wis. Adm. Code for Floodplain Management Program.
 - (5) Comprehensive plans or components of such plans prepared by state, regional, county or municipal agencies duly adopted by the Town Board.
 - (6) All applicable Town and county regulations, including zoning, sanitary, building and official mapping ordinances.
 - (7) Applicable provisions of the Rusk County Zoning Code.
 - (8) All applicable rules contained in the Wisconsin Statutes or Administrative Code not listed in this Subsection.
- (b) **Jurisdiction.** Jurisdiction of these regulations shall include all lands within the corporate limits of the Town of Big Bend. The provisions of this Chapter, as they apply to divisions of tracts of land into less than five (5) parcels, shall not apply to:
- (1) Transfers of interests in land by will or pursuant to court order;
 - (2) Leases for a term not to exceed ten (10) years, mortgages or easements;
 - (3) The sale or exchange of parcels of land between owners of adjoining property if additional lots are not thereby created and the lots resulting are not reduced below the minimum sizes required by this Chapter or other applicable laws or ordinances.
- (c) **Multiple Jurisdiction.** This ordinance does not in any way replace or annul any other lawful governmental authority, such as Rusk County, which has regulatory jurisdiction applicable to a subdivision, and where any conflict between any ordinances exists, the greater restriction shall apply.
- (d) **Certified Survey.** Any division of land other than a subdivision as defined in Sec. 236.02(12), Wis. Stats., shall be surveyed and a certified survey map prepared as provided in Sec. 236.34, Wis. Stats.
- (e) **Building Permits.** The Town of Big Bend shall not issue any building permit relating to any parcel of land forming all or any part of lands included in a subdivision, minor subdivision, land division, replat or certified survey originally submitted to the Town of Big Bend on or after the effective date of this Chapter until the applicant has complied with all of the provisions and requirements of this Chapter.

- (f) **Applicability to Condominiums.** This Chapter is expressly applicable to condominium developments within the Town's jurisdiction, to the extent permitted by Chapters 236 and 703, Wis. Stats. For purposes of this Chapter, a condominium unit and any associated limited common elements shall be deemed to be equivalent to a lot or parcel created by the act of subdivision.

Sec. 14-1-21 Land Suitability.

- (a) **Suitability.** No land shall be subdivided for residential, commercial or industrial use which is held unsuitable for such use by the Town Board for reason of flooding, inadequate drainage, adverse soil or rock formation, unfavorable topography or any other feature likely to be harmful to the health, safety, or welfare of the future residents of the proposed subdivision or of the community. The Town Board, in applying the provisions of this Section, shall in writing recite the particular facts upon which it bases its conclusion that the land is not suitable for residential use and afford the subdivider an opportunity to present evidence regarding such unsuitability if he/she so desires. Thereafter the Town Board may affirm, modify, or withdraw its determination of unsuitability.
- (b) **Existing Flora.** The subdivider shall make every effort to protect and retain all existing trees, shrubbery, vines, and grasses not actually lying in public roadways, drainageways, building foundation sites, private driveways, soil absorption waste disposal areas, paths, and trails. Such trees are to be protected and preserved during construction in accordance with sound conservation practices, possibly including the preservation of trees by well islands or retaining walls whenever abutting grades are altered, pursuant to a landscaping plan filed by the subdivider.
- (c) **Additional Considerations.**
 - (1) Areas of archaeological and/or historical interest shall be designated by the State Historical Society.
 - (2) Areas of geological interest shall be designated by the State Geological and Natural History Survey.
 - (3) Suitability of land for private sewerage systems shall be determined in accordance with Chapter SPS 383, Wisconsin Administrative Code.

Sec. 14-1-22 Condominium Developments.

- (a) **Purpose.**
 - (1) The Town Board hereby finds that certain issues arise in condominium developments that require limited applicability of this Chapter to condominium developments. The State Legislature has recognized that subdivision ordinances may apply to condominiums, but that subdivision ordinances shall not impose burdens upon condominiums that are different from those imposed on other property of a similar character not subject to a declaration of condominium.
 - (2) The factor that makes this Chapter applicable to a condominium development is the creation of multiple, distinct property entities at or near the ground surface, subject to property taxation as separate "parcels", with each property entity having

different ownership and management. The Town determines that this factor makes a condominium development dissimilar, both physically and in ownership, from developments in which the land and improvements are under unitary ownership, management and control.

- (3) Thus, the Town Board hereby finds that new condominium developments can place impacts on community resources in the same manner as other new developments which are characterized by division of land into lots. These impacts include:
 - a. Additional population density;
 - b. Possibility of use of particular land in a manner unsuitable to the land's characteristics;
 - c. Additional demands upon Town area parks, recreation areas, utility facilities and schools;
 - d. Additional traffic and street use.

- (b) **Portions of Chapter Applicable to Condominium Developments.** The following sections of this Chapter shall apply to condominium developments:

- (1) Sections 14-1-21, relating to land suitability and construction practices;
- (2) Sections 14-1-30 through 14-1-32, relating to preliminary plat approval. This stage of approval shall be the only approval required for a condominium development. The technical requirements for preliminary plats set forth in Section 14-1-40 shall not apply, since condominiums have separate technical standards set forth in Chapter 703, Wis. Stats.;
- (3) Section 14-1-34, relating to fees for review;
- (4) Article F, relating to required improvements;
- (5) Article G, relating to design standards for improvements.

- (c) This Section shall not apply to the following condominiums:

- (1) Any condominium plat recorded prior to the effective date of this Chapter;
- (2) Any conversion of a structure or structures in existence on the effective date of this Chapter to a condominium after the effective date of this Chapter.

Sec. 14-1-23 through Sec. 14-1-29 Reserved for Future Use.

Article D: Plat Review and Approval

Sec. 14-1-30 Preliminary Consultation.

Before filing a Preliminary Plat or certified survey, the subdivider is encouraged to consult with the Town Board and/or other professionals assisting the Town for advice regarding general subdivision requirements. Information on meeting dates, agenda deadlines and filing requirements may be obtained from the Town Clerk-Treasurer. To facilitate this initial consultation, the subdivider should submit a location map showing the relationship of the proposed subdivision to traffic arteries and existing community facilities. This consultation is neither formal nor mandatory but is intended to inform the subdivider of the purpose and objectives of these regulations, the comprehensive plan, comprehensive plan components and duly adopted plan implementation devices of the Town and to otherwise assist the subdivider in planning his/her development. In so doing, both the subdivider and planning agency may reach mutual conclusions regarding the general program and objectives of the proposed development and its possible effects on the neighborhood and community. The subdivider will gain a better understanding of the subsequent required procedures.

Sec. 14-1-31 Submission of Preliminary Plat.

- (a) **Submission.** Before submitting a Final Plat for approval, the subdivider shall prepare a Preliminary Plat and a letter of application. The subdivider shall submit eight (8) copies of the Preliminary Plat. The Preliminary Plat shall be prepared in accordance with this Chapter and with Sec. 236, Wis. Stats., and the subdivider shall file copies of the Plat and the application as required by this Section with the Town Clerk-Treasurer at least fifteen (15) days prior to the meeting of the Town Board at which action is desired. The Town Clerk- Treasurer shall submit a copy of the Preliminary Plat to the Town Board and to the Rusk County Zoning Office for review and written report of their recommendations and reactions to the proposed plat.
- (b) **Public Improvements, Plans and Specifications.** Simultaneously with the filing of the Preliminary Plat or map, the owner shall file with the Town Clerk-Treasurer twelve (12) complete sets of engineering reports, plans and specifications for the construction of any public improvements required by this Chapter, specifically addressing septic and water service feasibility, drainage facilities, traffic patterns, typical street cross sections, erosion control plans, pavement design and other improvements necessary in the subdivision.
- (c) **Property Owners Association; Restrictive Covenants.** A draft of the legal instruments and rules for proposed property owners associations, when the subdivider proposes that common property within a subdivision would be either owned or maintained by such an organization of property owners or a subunit of the Town pursuant to Sec. 236.293, Wis. Stats., and proposed deed restrictions or restrictive covenants, shall be submitted at the time of filing the Preliminary Plat with the Town Clerk-Treasurer.
(Note: Deed restrictions and restrictive covenants in subdivisions are private contractual

- agreements and are generally not enforced or enforceable by the Town.)
- (d) **Affidavit.** The surveyor preparing the Preliminary Plat shall certify on the face of the plat that it is a correct representation of all existing land divisions and features and that he/she has fully complied with the provisions of this Chapter.
 - (e) **Supplementary Data to be Filed with Preliminary Plat.** The following shall also be filed with the Preliminary Plat:
 - (1) **Use Statement.** A statement of the proposed use of lots stating type of residential buildings with number of proposed dwelling units; types of business or industry so as to reveal the effect of the development on traffic, fire hazards and congestion of population; and
 - (2) **Zoning Changes.** If any zoning changes are contemplated, the proposed zoning plan for the areas, including dimensions; and
 - (3) **Area Plan.** Where the subdivider owns property adjacent to that which is being proposed for the subdivision, the Town Board may require that the subdivider submit a Preliminary Plat of the remainder of the property so as to show the possible relationships between the proposed subdivision and future subdivision. In any event, all subdivisions must be shown to relate well with existing or potential adjacent subdivisions.
 - (f) **Street Plans and Profiles.** The subdivider shall provide street plans and profiles showing existing ground surface, and proposed and established street grades, including extensions for a reasonable distance beyond the limits of the proposed subdivision when requested.
 - (g) **Soil Testing.** The subdivider shall provide a preliminary soils report, listing the types of soil in the proposed subdivision, their effect on the subdivision and a proposed soil testing and investigation program. Pursuant to the public policy concerns prescribed in Section 14-1-21, the Town Board may require that borings and soundings be made in specified areas to ascertain subsurface soil, rock and water conditions, including depth to bedrock and depth to ground water table.
 - (h) **Referral to Other Agencies.**
 - (1) The subdivider shall, within two (2) days after filing, transmit two (2) copies to the appropriate sanitary district (if applicable), four (4) copies to the County Planning Agency, two (2) copies to the Director of the Planning Function in the Wisconsin Department of Administration, additional copies to the Director of the Planning Function for retransmission of two (2) copies each to the Wisconsin Department of Transportation if the subdivision abuts or adjoins a state trunk highway or a connecting street and the Wisconsin Department of Commerce if the subdivision is not served by the public sewer and provision for such service has not been made. The County Planning Agency, the Wisconsin Department of Administration, the Wisconsin Department of Transportation and the Wisconsin Department of Commerce shall be hereinafter referred to as objecting agencies.
 - (2) Within twenty (20) days of the date of receiving the copies of the plat, any state or county agency having authority to object under Subsection (h)(1) above shall notify the subdivider and all approving or objecting authorities of any objection based upon failure of the plat to comply with the statutes or rules which its examination is authorized to cover, or, if all objections have been satisfied, it shall so certify on the face of a copy of the plat and return that copy to the approving authority from which it was received. The plat shall not be approved or deemed approved until any objections have been satisfied. If the objecting agency fails to act within the twenty

- (20) day limit it shall be deemed to have no objection to the plat. Sanitary or utility districts within the Town may file objections with the Town Board at any time prior to, and including, the Board's public hearing on the land division.
- (3) In lieu of the procedure under Subsection (h)(1), the subdivider or the subdivider's agent may submit the original plat to the Department of Administration which shall forward two (2) copies to each of the agencies authorized to object. The Department shall have the required number of copies made at the subdivider's expense. Within twenty (20) days of the date of receiving the copies of the plat, any agency having authority to object shall notify the subdivider, and all agencies having the authority to object, of any objection based upon failure of the plat to comply with the statutes or rules which its examination is authorized to cover, or if there is no objection, it shall so certify on the face of a copy of the plat and return that copy to the Department of Administration. After each agency and the Department have certified that they have no objection or that their objections have been satisfied, the Department shall so certify on the face of the plat. If an agency fails to act within twenty (20) days from the date of the receipt of copies of the plat, and the Department fails to act within thirty (30) days of receipt of the original plat, it shall be deemed that there are no objections to the plat and, upon demand, it shall be so certified on the face of the plat by the Department.
- (i) **Drafting Standards.** The subdivider shall submit to the Town Clerk-Treasurer and to those agencies having the authority to object to plats under provisions in Chapter 236 of the Wisconsin Statutes copies of a Preliminary Plat (or certified survey) based upon an accurate exterior boundary survey by a registered land surveyor which shall show clearly the proposed subdivision at a scale of not more than one (1) inch per one hundred (100) feet having two (2) foot contour intervals, shall identify the improvements (grading, tree planting, paving, installation of facilities and dedications of land), easements which the subdivider proposes to make and shall indicate by accompanying letter when the improvements will be provided. Any proposed restrictive covenants for the land involved shall be submitted.

Sec. 14-1-32 Preliminary Plat Review and Approval.

- (a) **Board Review; Public Hearing.** The Town Clerk-Treasurer shall schedule a public hearing on the Preliminary Plat before the Town Board. The Town Clerk-Treasurer shall give notice of the Town Board's review and public hearing on the Preliminary Plat by listing it as an agenda item in the Board's meeting notice published in the official Town newspaper or posted. The notice shall include the name of the applicant, the address of the property in question and the requested action. Property owners within two hundred (200) feet of the proposed land division shall receive written notice of the public hearing.
- (b) **Board Action.** The Town Board shall, within ninety (90) days of the date the plat was filed with the Town Clerk-Treasurer, approve, approve conditionally or reject such plat and shall state, in writing, any conditions of approval or reasons for rejection, unless the time is extended by agreement with the subdivider. Failure of the Town Board to act within ninety (90) days or extension thereof shall constitute an approval of the Preliminary Plat, unless other authorized agencies object to the plat. The Town Clerk-Treasurer shall

communicate to the subdivider the action of the Town Board. If the plat is approved, the Town Clerk-Treasurer shall endorse it for the Town Board.

- (c) **Town Engineer.** The Town Board may engage an engineering firm to act as Town Engineer to assist in review of any plat or CSM, and the cost of such engineer shall be paid by the Subdivider (refer to Section 14-1-34).
- (d) **Effect of Preliminary Plat Approval.** Approval or conditional approval of a Preliminary Plat shall not constitute automatic approval of the Final Plat, except that if the Final Plat is submitted within six (6) months of Preliminary Plat approval and conforms substantially to the Preliminary Plat layout, the Final Plat shall be entitled to approval with respect to such layout. The Preliminary Plat shall be deemed an expression of approval or conditional approval of the layout submitted as a guide to the preparation of the Final Plat, which will be subject to further consideration by the Town Board at the time of its submission.
- (e) **Preliminary Plat Amendment.** Should the subdivider desire to amend the Preliminary Plat as approved, he/she may resubmit the amended plat which shall follow the same procedure, except for the fee, unless the amendment is, in the opinion of the Town Board, of such scope as to constitute a new plat, in which such case it shall be refiled.

Sec. 14-1-33 Final Plat Review and Approval.

(a) Filing Requirements.

- (1) The subdivider shall prepare a Final Plat and a letter of application in accordance with this Chapter and shall file eight (8) copies of the Plat and the application with the Town Clerk-Treasurer at least fifteen (15) days prior to the meeting of the Town Board at which action is desired. The Town Clerk-Treasurer shall give notice of the Town Board's meeting in the manner prescribed in Section 14-1-32(a)(2). The owner or subdivider shall file eight (8) copies of the Final Plat not later than six (6) months after the date of approval of the Preliminary Plat; otherwise, the Preliminary Plat and Final Plat will be considered void unless an extension is requested in writing by the subdivider and for good cause granted by the Town. The owner or subdivider shall also submit at this time a current certified abstract of title or registered property report and such other evidence as the Town Attorney may require showing title or control in the applicant.
- (2) The subdivider shall, within two (2) days after filing, transmit two (2) copies to the appropriate sanitary district, four (4) copies to the County Planning Agency, two (2) copies to the Director of the Planning Function in the Wisconsin Department of Administration, additional copies to the Director of the Planning Function for retransmission of two (2) copies each to the Wisconsin Department of Transportation if the subdivision abuts or adjoins a state trunk highway or a connecting street and the Wisconsin Department of Commerce if the subdivision is not served by a public sewer and provision for service has not been made. The County Planning Agency, the Wisconsin Department of Administration, the Wisconsin Department of Transportation, and the Wisconsin Department of Commerce shall be hereinafter referred to as objecting agencies.
- (3) The Final Plat shall conform to the Preliminary Plat as approved and to the requirements of all applicable ordinances and state laws and shall be submitted for certification of those agencies having the authority to object to the plat as provided by

Sec. 236.12(2).

- (4) Simultaneously with the filing of the Final Plat or map, the owner shall file with the Town Clerk-Treasurer twelve (12) copies of the final plans and specifications of public improvements required by this Chapter.
 - (5) The Town Clerk-Treasurer may refer copies of the Final Plat to Rusk County Zoning, and a copy each to the telephone and power and other utility companies. The abstract of title or registered property report may be referred to the Town Attorney for his/her examination and report. The Town Clerk-Treasurer may also refer the final plans and specifications of public improvements to Rusk County Zoning for review. The recommendations of Rusk County Zoning shall be made within thirty (30) days of the filing of the Final Plat. Rusk County Zoning shall examine the plat or map and final plans and specifications of public improvements for technical details and, if he/she finds them satisfactory, shall so certify in writing to the Town Board. If the plat or map or the plans and specifications are not satisfactory, Rusk County Zoning shall return them to the owner and so advise the Town Board.
 - (6) The objecting state and county agencies shall, within twenty (20) days of the date of receiving their copies of the Final Plat, notify the subdivider and all other approving and objecting agencies of any objections, except that the Wisconsin Department of Administration has thirty (30) days in which to make objections. If there are no objections, they shall so certify on the face of the copy of the Plat and shall return that copy to the Town. If an objecting agency fails to act within twenty (20) days, it shall be deemed to have no objection to the Plat.
 - (7) If the Final Plat is not submitted within six (6) months of the last-required approval of the Preliminary Plat, the Town Board may refuse to approve the Final Plat.
- (b) **Board Review and Approval.**
- (1) The Town Board shall, within sixty (60) days of the date of filing the original Final Plat with the Town Clerk-Treasurer, approve or reject such Plat unless the time is extended by agreement with the subdivider. If the Plat is rejected, the reasons shall be stated in the minutes of the meeting and a written statement of the reasons forwarded to the subdivider. The Town Board may not inscribe its approval on the Final Plat unless the Town Clerk-Treasurer certifies on the face of the Plat that the copies were forwarded to objecting agencies as required herein, the date thereof and that no objections have been filed within twenty (20) days or, if filed, have been met.
 - (2) The Town Board shall, when it determines to approve a Final Plat, give at least ten (10) days prior written notice of its intention to the Municipal Clerk of any municipality within one thousand (1,000) feet of the Final Plat.
 - (3) Failure of the Town Board to act within sixty (60) days, the time having not been extended and no unsatisfied objections having been filed, the plat shall be deemed approved.
 - (4) After the Final Plat has been approved by the Town Board and required improvements either installed or a contract and sureties insuring their installation is filed, the Town Clerk-Treasurer shall cause the certificate inscribed upon the Plat attesting to such approval to be duly executed and the Plat returned to the subdivider for recording with the county register of deeds. The register of deeds cannot record the Plat unless it is offered within six (6) months from the date of last approval.
 - (5) The subdivider shall file eight (8) copies of the Final Plat with the Town Clerk-

Treasurer for distribution to the approving agencies, affected sanitary districts, and other affected agencies for their files.

- (c) **Partial Platting.** The Final Plat may, if permitted by the Town Board, constitute only that portion of the approved Preliminary Plat which the subdivider proposes to record at the time.

- (c) **Administrative Fee.** The subdivider shall pay a fee equal to the cost of any legal, administrative or fiscal work which may be undertaken by the Town in connection with the plat or certified survey map. Included as such administrative fees shall be the cost of publication and meeting fees that are paid to Town Board members.

Sec. 14-1-35 Replat.

- (a) Except as provided in Section 70.27(1), Wis. Stats., when it is proposed to replat a recorded subdivision, or part thereof, so as to change the boundaries of a recorded subdivision, or part thereof, the subdivider or person wishing to replat shall vacate or alter the recorded Plat as provided in Sections 236.40 through 236.44 of the Wisconsin Statutes. The subdivider or person wishing to replat shall then proceed, using the procedures for Preliminary and Final Plats.
- (b) The Town Clerk-Treasurer shall schedule a public hearing before the Town Board when a Preliminary Plat of a replat of lands within the Town is filed, and shall cause notices of the proposed Replat and public hearing to be mailed to the owners of all properties within the limits of the exterior boundaries of the proposed Replat and to the owners of all properties within two hundred (200) feet of the exterior boundaries of the proposed Replat.
- (c) Where lots are more than double the minimum size required for the applicable zoning district, the Town Board may require that such lots be arranged so as to allow re-subdivision of such parcels into normal lots in accordance with the provisions of the Chapter.

If the required improvements are not complete within the specified period, all amounts held under performance bond, deposit or letter of credit, shall be turned over and delivered to the Town and applied to the cost of the required improvements. Any balance remaining after such improvements have been made shall be returned to the owner or subdivider. (**Note:** Rusk County Zoning review is optional at the discretion of the Town Board.)
- (c) **Construction and Inspection.**
 - (1) Prior to starting any of the work covered by the plans approved above, written

authorization to start the work shall be obtained from the Town Board upon receipt of all necessary permits and in accordance with the construction methods of this Chapter. Building permits shall not be issued until all improvements required by this Chapter are satisfactorily completed.

- (2) Construction of all improvements required by this Chapter shall be completed within two (2) years from the date of approval of the Preliminary Plat by the Town Board, unless good cause can be shown for the Town Board to grant an extension.
- (3) During the course of construction, Rusk County Zoning shall make such inspection as the Town Board deems necessary to insure compliance with the plans and specifications as approved. The owner shall pay the actual cost incurred by the Town for such inspection. This fee shall be the actual cost to the Town inspectors, engineers and other parties necessary to insure satisfactory work.
- (d) **Record Plans.** After completion of all public improvements and prior to final acceptance of said improvements, the subdivider shall make or cause to be made three (3) copies of record plans showing the actual location of all valves, manholes, stubs, sewers and water mains and such other facilities as Rusk County Zoning shall require. These plans shall be prepared on the original mylars of the construction plans and shall bear the signature and seal of a professional engineer registered in Wisconsin. The presentation of the record plans shall be a condition of final acceptance of the improvements and release of the surety bond assuring their completion. Two (2) copies shall be retained by the Town and one (1) copy of such record plans shall be forwarded to the appropriate sanitary district.

Sec. 14-1-53 Street Improvements.

The subdivider shall construct streets, roads and alleys as outlined on the approved plans based on the requirements of this Chapter:

- (a) **Street Construction Standards.** The design and construction of all roads, streets and alleys in the Town shall fully comply with the requirements and specifications of Section 14-1-70.
- (b) **Grading.**
 - (1) With the submittal of the Final Plat, the subdivider shall furnish drawings which indicate the existing and proposed grades of roads, streets and alleys shown on the plat.
 - (2) Proposed grades will be reviewed by Rusk County Zoning for conformance with Town standards and good engineering practice. Street grades require the approval of the Town Board after receipt of the Rusk County Zoning's recommendations.
 - (3) After approval of the street grades, the subdivider shall grade the full width of the right-of-way of the streets and alleys proposed to be dedicated, including the vision clearance triangle on corner lots.
 - (4) In cases where an existing street right-of-way is made a part of the plat or abuts the plat, the subdivider shall grade that portion of the right-of-way between the existing pavement and the property line.
 - (5) The bed for the roadways in the street rights-of-way shall be graded to subgrade elevation.
 - (6) The Town Board shall approve all grading within rights-of-way and said grading

shall extend for a sufficient distance beyond the right-of-way to insure that the established grade will be preserved.

- (7) Where electric and other communications or utilities facilities are to be installed underground, the utility easements shall be graded to within six (6) inches of the final grade by the subdivider, prior to the installation of such facilities; earth fill piles or mounds of dirt or construction materials shall not be stored on such easement areas.
- (c) **Street Construction.** After necessary utilities have been installed, where required by the Town, the subdivider shall construct and dedicate, as part of the subdivision, streets. Construction shall be to Town standard specifications for street improvements.
- (d) **Completion of Street Construction.**
 - (1) Prior to any building permits being issued on lands adjacent to streets, all street construction shall be completed by the subdivider and accepted by the Town Board.
 - (2) The Town Board may issue a waiver of these requirements in unusual or special circumstances such as excessively severe weather conditions, heavy construction temporarily in area or construction material shortages (i.e., cement, asphalt). The issuance of a waiver shall be at the discretion of the Town Board.
 - (3) The subdivider requesting a waiver shall do so in writing, presenting such information and documentation as required by the Town Board. The waiver shall be in written form and shall detail which improvement requirements are temporarily waived and for what period of time.

Sec. 14-1-54 Storm Water Drainage Facilities.

- (a) Pursuant to Section 14-1-70(g), the subdivider shall provide storm water drainage facilities which may include curb and gutter, catch basins and inlets, storm sewers, road ditches and open channels, as may be required. Storm sewers are to be of adequate size and grade to hydraulically accommodate the ten (10) year storm; culverts shall be designed to accommodate the ten (10) year storm and shall be sized so that the twenty-five (25) year frequency storms do not cause flooding of the adjacent roadway. Upon the approval of Rusk County Zoning, storm water swales and ditches may be sized for from twenty-five (25) to one hundred (100) year frequency storms, depending upon the estimated amount of damage that would be incurred by adjacent properties if flooding did occur. Storm drainage facilities shall be so designed as to minimize hazards to life or property, and the size, type and installation of all storm water drains and sewers proposed to be constructed shall be in accordance with the plans and specifications approved by the Town Board, upon the recommendation of Rusk County Zoning. Storm sewers oversized to handle runoff from offsite properties will be installed by the subdivider; however, the cost of oversizing above a twenty-four (24) inch diameter storm sewer shall be paid by other users connecting to the system.

Sec. 14-1-55 Other Utilities.

- (a) The subdivider shall cause gas, electric power and telephone facilities to be installed in such a manner as to make adequate service available to each lot in the subdivision,

certified survey or land division. All new electrical distribution television cables and telephone lines from which lots are individually served shall be underground unless the Town Board specifically, allows overhead poles for the following reasons:

- (1) Topography, soil, water table, solid rock, boulders, or other physical conditions would make underground installation unreasonable or impractical; or
 - (2) The lots to be served by said facilities can be served directly from existing overhead facilities.
- (b) Plans indicating the proposed location of all gas, electrical power and telephone distribution and transmission lines required to service the plat shall be approved by the Town Board and such map shall be filed with the Town Clerk-Treasurer.

Sec. 14-1-56 Street Signs.

The subdivider shall install at the intersections of all streets proposed to be dedicated a street name sign of a design and installation specified by the Town Board.

Sec. 14-1-57 Erosion Control.

Pursuant to the County's or Town's Construction Site Erosion Control Ordinance, the subdivider shall cause all gradings, excavations, open cuts, side slopes, and other land surface disturbances to be mulched, seeded, sodded or otherwise protected so that erosion, siltation, sedimentation and washing are prevented. The subdivider shall submit an erosion control plan that specifies measures that will be taken to assure the minimization of erosion problems.

Sec. 14-1-58 Easements.

- (a) **Utility Easements.** The Town Board, on the recommendation of appropriate agencies serving the Town, shall require utility easements for poles, wire, conduits, storm sewers, gas, water and head mains or other utility lines. It is the intent of this Chapter to protect all established easements so as to assure proper grade, assure maintenance of the established grade, prohibit construction of permanent fences or retaining walls over underground installation and prevent the planting of trees in the easement area.
- (b) **Drainage Easements.** Where a subdivision is traversed by a watercourse, drainage way, channel or stream:
- (1) There shall be provided a storm water easement or drainage right-of-way conforming substantially to the lines of such watercourse and such further width or construction, or both, as will be adequate for the purpose and as may be necessary to comply with this Section; or
 - (2) The watercourse, drainage way, channel or stream may be relocated in such a manner that the maintenance of adequate drainage will be assured and the same provided with a storm water easement or drainage right-of-way conforming to the lines of the relocated watercourse, and such further width or construction, or both, as will be adequate for the purpose and may be necessary to comply with this Section.
 - (3) Wherever possible, it is desirable that drainage be maintained by an open channel with

landscaped banks and adequate width for maximum potential volume flow. In all cases, such water course shall be of a minimum width established at the high-water mark or, in the absence of such specification, not less than thirty (30) feet. If, in the opinion of Rusk County Zoning, the easement will be for a major drainage swale, the easement shall be of sufficient width to contain a one hundred (100) year frequency storm. If the drainage easement is located in an established floodway or flood fringe district, the entire floodplain area shall be included within the drainage easement.

- (c) **Easement Locations.** Such easements shall be at least twelve (12) feet wide, or wider where recommended by Rusk County Zoning, and may run across lots or alongside of rear lot lines. Such easements should preferably be located along rear lot lines. Evidence shall be furnished the Town Board that easements and any easement provisions to be incorporated in the plat or in deeds have been reviewed by the individual utility companies or the organization responsible for furnishing the services involved.

Sec. 14-1-59 through Sec. 14-1-69 Reserved for Future Use.

Sec. 14-1-70 General Subdivision and Road/Street Design Standards.

- (a) **Compliance with Statutes.** In laying out a subdivision, the owner shall conform to the provisions of Ch. 236, Wis. Stats., and all applicable Town regulations. In all cases where the requirements of this Chapter are different from the requirements of Chapter 236, the more restrictive provision shall apply. For the purposes of this Chapter, the terms roads and streets includes all public thoroughways and right of ways under the Town's jurisdiction, including vehicle, bicycle and pedestrian thoroughways. For the purposes of this Chapter, the terms street, road or highway (as defined by 340.01(22) Wis. Stats) mean town roads, and roads that are proposed to become town roads.
- (b) **Dedication.** The subdivider shall dedicate land and improve streets as provided in this Chapter and Sections 6-2-1 and 14-1-53. Streets shall be located with due regard for topographical conditions, natural features, existing and proposed streets, utilities and land uses and public convenience and safety. Streets shall conform to official maps adopted by the Town Board. The subdivision, certified survey parcel or land division shall be so designed as to provide each lot with satisfactory access to a public street or road.
- (c) **Compliance with Comprehensive Plan.** The arrangement, character, extent, width, grade and location of all streets shall conform to any Town Comprehensive Development Plan or Official Map and to this Chapter and shall be considered in their relation to existing and planned streets, to reasonable circulation of traffic, to topographical conditions, to run-off of storm water, to public convenience and safety, and in their appropriate relation to the proposed uses of the land to be served by such streets. The arrangement of streets in new subdivisions shall make provision for the appropriate continuation at the same width of the existing streets in adjoining areas.
- (d) **Areas Not Covered by Plan.** In areas not covered by a Town Comprehensive Plan, or Official Map, the layout of streets shall conform to the plan for the most advantageous development of adjoining areas of the neighborhood. Streets shall be designed and located in relation to existing and officially planned streets, topography and natural terrain, streams and lakes and existing tree growth, public convenience and safety and in their appropriate relation to the proposed use of the land to be served by such streets.
- (e) **Road Standards.** Streets/roads/highways shall comply with the standards in Chapter 82 and 86, and all Town Ordinances, and if any conflict between such standards shall exist, the stricter standard shall govern.
- (f) **Access.** Every lot shall front or abut on a public street/road for a distance of at least thirty (30) feet. In unique hardship cases where it is impossible for a lot to abut a public street, a private way may be used for access purposes provided the private way is adequate for emergency services to access the lot as determined by Rusk County Zoning, and provided a statement is included on the face of the plat indicating that the lot is served by a private way and that the Town has no responsibility for the maintenance of the private way. Any such private way is subject to applicable County ordinances, if any.
- (g) **Drainage System Required.** As required by Sec. 14-1-54, a drainage system shall be designed and constructed by the subdivider to provide for the proper drainage of the surface water of the subdivision and the drainage area of which it is a part. A Final Plat shall not be

approved until the subdivider shall submit plans, profiles and specifications as specified in this Section, which have been prepared by a registered professional engineer and approved by the Town Board, upon the recommendations of Rusk County Zoning (if consulted).

- (h) **Fee in Lieu of Land Dedication; Park Fund.** The Town may require a fee in lieu of land dedication, pursuant to 236.45(6)(am), Wis. Stats. Any funds paid to the Town under this provision are to be placed in a separate account designated for the purposes allowed under 236.45(6)(am), Wis. Stats.

Sec. 14-1-71 through Sec. 14-1-89 Reserved for Future Use.

Article H: Variances; Penalties and Violations

Sec. 14-1-90 Variations and Exceptions.

- (a) Where, in the judgment of the Town Board, it would be inappropriate to apply literally the provisions of this Chapter because exceptional or undue hardship would result, the Town Board may waive or modify any requirements to the extent deemed just and proper. Application for any such variance shall be made in writing by the subdivider at the time when the Preliminary Plat is filed for consideration, stating fully all facts relied upon by the petitioner, and shall be supplemented with maps, plans or other additional data which may aid the Town Board in the analysis of the proposed project.
- (b) The Town Board shall not grant variations or exceptions to the regulations of this Chapter unless it shall make findings based upon the evidence presented to it in each specific case that:
 - (1) The granting of the variation will not be detrimental to the public safety, health or welfare or injurious to other property or improvements in the neighborhood in which the property is located;
 - (2) The conditions upon which the request for a variation is based are unique to the property for which the variation is sought and are not applicable generally to other property;
 - (3) Because of the particular physical surroundings, shape or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, financial hardship or self-imposed hardship, if the strict letter of the regulations were carried out.
- (c) Such relief shall be granted without detriment to the public good, without impairing the intent and purpose of this Chapter or the desirable general development of the Town in accordance with any Town Comprehensive Plan or component thereof, this Chapter, or applicable Zoning Code. A majority vote of the entire membership of the Town Board shall be required to grant any modification of this Chapter, and the reasons shall be entered in the minutes of the Board.
- (d) The Town Board may waive the placing of monuments, required under Sec. 236.15(b), (c) and (d), Wis. Stats., for a reasonable time on condition that the subdivider executes a surety bond to insure the placing of such monuments within the time required.

Sec. 14-1-91 Enforcement, Penalties and Remedies.

- (a) **Violations.** It shall be unlawful to build upon, divide, convey, record or monument any land in violation of this Chapter or the Wisconsin Statutes and no person shall be issued a building permit by the Town authorizing the building on, or improvement of, any subdivision, land division or replat with the jurisdiction of this Chapter not of record as of the effective date of this Chapter until the provisions and requirements of this Chapter have been fully met. The Town may institute appropriate action or proceedings to enjoin violations of this Chapter or the applicable Wisconsin Statutes.
- (b) **Penalties.**
 - (1) Any person, firm or corporation who fails to comply with the provisions of this

Chapter shall, upon conviction thereof, forfeit no less than Fifty Dollars (\$50.00) nor more than Five Hundred Dollars (\$500.00) and the costs of prosecution allowed by law for each violation, and in default of payment of such forfeiture costs may be imprisoned in the County Jail until payment thereof, but not exceeding thirty (30) days.

- (2) Each day a violation exists or continues shall constitute a separate offense.
 - (3) Recordation improperly made has penalties provided in Sec. 236.30, Wis. Stats.
 - (4) Conveyance of lots in unrecorded plats has penalties provided for in Sec. 236.31, Wis. Stats.
 - (5) Monuments disturbed or not placed have penalties as provided for in Sec. 236.32, Wis. Stats.
 - (6) Assessor's plat made under Sec. 70.27 of the Wisconsin Statutes may be ordered by the Town at the expense of the subdivider when a subdivision is created by successive divisions.
- (c) **Appeals.** Any person aggrieved by an objection to a plat or a failure to approve a plat may appeal therefrom, as provided in Sections 236.13(5) of the Wisconsin Statutes, within thirty (30) days of notification of the rejection of the plat. Where failure to approve is based on an unsatisfied objection, the agency making the objection shall be made a party to the action.

- (b) **Purpose.** This Chapter provides certain minimum standards, provisions and requirements for safe and stable design, methods of construction and uses of materials in buildings and/or structures hereafter erected, constructed, enlarged, altered, repaired, moved, converted to other uses or demolished and regulates the equipment, maintenance, use and occupancy of all such buildings and/or structures. Its purpose is to protect and foster the health, safety and well-being of persons occupying or using such buildings and the general public.
- (c) **Wisconsin Uniform Dwelling ("UDC") Code Adopted.** The Wisconsin Uniform Dwelling Code, Chapters SPS 320 to 325, of the Wisconsin Administrative Code, is adopted and incorporated by reference.
- (d) **Scope.**
 - (1) New buildings hereafter erected in, or any building hereafter moved within or into the Town, shall conform to all the requirements of this Chapter except as they are herein specifically exempted from part or all of its provisions. Any alteration, enlargement or demolition of an existing building and any installation therein of electrical, gas, heating, plumbing or ventilating equipment which affects the health or safety of the users thereof or any other persons is a "new building" to the extent of such change.
 - (2) This Code applies to all dwellings, commercial buildings/structures, in ground swimming pools, garages, structures, buildings, and residential accessory buildings.

- (3) This Code does not apply to any building or structure which is less than two hundred (200) square feet and does not have electricity or plumbing.

Sec. 15-1-2 Building Permits and Inspection.

(a) **Permit Required.**

- (1) **General Permit Requirement.** No building of any kind shall be moved within or into the Town and no new building or structure, or any part shall hereafter be erected, or ground broken for the same, or enlarged, altered, moved, demolished, razed or used within the Town, except as herein provided, until a permit therefor shall first have been obtained from the Town Clerk or Building Inspector. Prior to commencing any of the following work, the owner or his/her agent shall obtain a valid permit for:

- a. New buildings and structures, including garages, other accessory buildings, and agricultural buildings.
- b. Additions that increase the physical dimensions of a building including decks.
- c. Alterations to the building structure to the building's heating electrical or plumbing systems.
- d. Any electrical wiring for new construction or remodeling.
- e. Any HVAC for new construction or remodeling.
- f. Any plumbing for new construction or remodeling.
- g. Exempt are normal repairs performed in Subsection (a)(1)e-g.
- h. Re-roofing is exempt; however, no more than two layers of roofing shall be installed on a roof, unless an engineering report with structural calculations is provided showing such re-roofing is safe.
- i. Also exempt are re-siding, and finishing of interior surfaces, installation of cabinetry, and minor repair.
- j. Permits are not required for replacement of major building equipment and appliances such as furnaces, central air conditioners, water heaters, and plumbing, venting, electrical or gas supply systems when altered

- (2) **Alterations and Repairs.** The following provisions shall apply to buildings altered or repaired:

- a. **Alterations.** When not in conflict with any regulations, alterations to any existing building or structure accommodating a legal occupancy and use but which is of substandard type of construction, which involves either beams, girders, columns, bearing or other walls, room, heating and air condition systems, arrangement, light and ventilation, changes in location of exit stairways or exits, or any or all of the above, then such existing construction shall be made to conform to the minimum requirements of this Chapter applicable to such occupancy and use and given type of construction.
- b. **Repairs.** Repairs for purposes of maintenance, or replacements in any existing building or structure which do not involve the structural portions of the building or structure or which do not affect room arrangement, light and ventilation, access to or efficiency of any existing stairways, exits, fire protection, or exterior aesthetic appearance and which do not increase a given occupancy or use, shall be deemed minor repairs.
- c. **Alterations; When Not Permitted.** When any existing building or structure, which, for any reason whatsoever, does not conform to the regulations of this Chapter, has deteriorated from any cause whatsoever to an extent greater than fifty percent (50%) of

the equalized value of the building or structure, no alterations or moving of such building or structure shall be permitted. Any such building or structure shall be considered a menace to public safety and welfare and shall be ordered vacated and thereafter demolished and debris removed from the premises.

- d. **Alterations and Repairs Required.** When any of the structural members of any building or structure have deteriorated from any cause whatsoever to less than their required strength, the owner of such a building or structure shall cause such structural members to be restored to their required strength; failing in which, the building or structure shall be considered a menace to public safety and shall be vacated and thereafter no further occupancy or use of the same shall be permitted until the building or structure is in compliance with the regulations of this Chapter.
- e. **Extent of Deterioration.** The amount and extent of deterioration of any existing building or structure shall be determined by the Building and/or Fire Inspector as appropriate.

(b) **Application.**

- (1) Application for a building permit shall be made in writing upon a form furnished by the Town Clerk-Treasurer or his/her designee and shall state the name and address of the owner of the land and also the owner of the building if different, the legal description of the land upon which the building is to be located, the name and address of the designer, the use to which said building is to be put and such other information as the Building Inspector may require.
- (2) Sanitary permits and county permits, if applicable, must be applied for and received prior to issuance of Town permit by the Clerk-Treasurer.
- (3) A Uniform Dwelling Code permit application is required by the State of Wisconsin for new dwellings. There is no Town charge associated with this form.

(c) **Dedicated Street and Approved Subdivision Required.** No building permit shall be issued unless the property on which the building is proposed to be built abuts a street that has been dedicated for street purposes. No building permits shall be issued until the subdivision and required improvements are accepted by the Town Board.

(d) **Permit Lapses.** A building permit shall lapse and be void unless building operations are commenced within six months (6) or if construction has not been completed within twenty-four (24) months from the date of issuance thereof.

(e) **Revocation of Permits.**

- (1) The Fire Inspector, Building Inspector, or the Town Board may revoke any building, plumbing or electrical permit, certificate of occupancy, or approval issued under the regulations of this Chapter and may stop construction or use of approved new materials, equipment, methods of construction, devices or appliances for any of the following reasons:
 - a. Whenever the Town Board or its designee shall find at any time that applicable ordinances, laws, orders, plans and specifications are not being complied with and that the holder of the permit refused to conform after written warning or construction has been issued to him/her.
 - b. Whenever the continuance of any construction becomes dangerous to life or property.
 - c. Whenever there is any violation of any condition or provisions of the application for permit or of the permit.
- (2) The notice revoking a building, plumbing or electrical certificate of occupancy or approval shall be in writing and may be served upon the applicant of the permit, owner of

- the premises and his/her agent, if any, and on the person having charge of construction.
- (3) A revocation placard shall also be posted upon the building, structure, equipment, or premises in question by the Building Inspector.
 - (4) After the notice is served upon the appropriate persons and posted, it shall be unlawful for any person to proceed thereafter with any construction operation whatsoever on the premises, and the permit which has been so revoked shall be null and void, and before any construction or operation is again resumed, a new permit, as required by this Chapter, shall be procured and fees paid therefor, and thereafter the resumption of any construction or operation shall be in compliance with the regulation of this Chapter. However, such work as the Building Inspector may order as a condition precedent to the reissuance of the building permit may be performed, or such work as he/she may require for the preservation of life and safety.
 - (f) **Report of Violations.** Town officers shall report at once to the Town Clerk-Treasurer any building which is being carried on without a permit as required by this Chapter.
 - (g) **Display of Permit.** Building permits shall be displayed in a conspicuous place on the premises where the authorized building or work is in progress at all times during construction or work thereon.

Sec. 15-1-3 Unsafe Buildings.

Whenever the Fire Inspector or Town Board, or its designee, find any building or part thereof within the Town of Big Bend to be, in their judgment, so old, dilapidated or out of repair as to be dangerous, unsafe, unsanitary or otherwise unfit for human occupancy or use and so that it would be unreasonable to repair the same, they shall order the owner to raze and remove such building or part thereof or, if it can be made safe by repairs, to repair and make safe and sanitary, or to raze and remove at the owner's option. Such order and proceedings shall be as provided in Sec. 66.0413, Wis. Stats.

Sec. 15-1-4 Regulation and Permit for Razing Buildings.

- (a) **Demolition Permit Required.** All persons, except the Town operating pursuant to Sec. 66.0413, Wis. Stats., who demolish or cause to be demolished any structure or part of a structure larger than four hundred (400) square feet within the Town of Big Bend shall apply for and obtain a demolition permit from the Town of Big Bend Clerk prior to undertaking any steps to demolish the structure.
- (b) **Application.** An application for a permit to demolish all or part of a building shall include the following information:
 - (1) The name and address of the owner of the building on date of application and, if different, on date of demolition;
 - (2) The name, address and telephone number of the contractor(s) performing the demolition work;
 - (3) The date upon which demolition is to commence;
 - (4) The date by which demolition shall be complete.
- (c) **Demolition.** The demolition shall be conducted in a manner that is safe and that does not adversely affect the environment.
- (d) **Clearing and Leveling the Site.**

- (1) The site of any demolition shall be properly cleared of debris, rubbish and pavement and shall be properly graded and leveled to conform with the adjoining grade of the neighboring property; and when so graded and leveled, the site shall be seeded, sodded or treated in same other manner acceptable to the Town Board so as to prevent blowing dust, dirt, or sand. Excavations remaining after demolition shall be filled, graded and leveled off, not later than ninety (90) consecutive days after demolition is completed.
- (2) Excavations from demolished buildings or structures shall not be filled with any materials subject to deterioration.
- (e) **Removal and Disposal.** Removal, transportation and disposal of all hazardous waste, hazardous and toxic substances, and asbestos shall be conducted in compliance with all applicable federal, state, county and local statutes, ordinances and regulations.
- (f) **Miscellaneous Provisions.** All demolitions shall be carried out in compliance with all federal, state, county and local health and safety laws, regulations and ordinances, including but not limited to erosion, dust and pest control.

Sec. 15-1-5 Basements; Excavations.

- (a) **Basement Subflooring.** First floor subflooring shall be completed within sixty (60) days after the basement is excavated.
- (b) **Fencing of Excavations.** The owner of any premises on which there exists an opening or excavation (including for sewer and water lateral excavations) which is located in close proximity to a public sidewalk or street right-of-way as to constitute a hazard to pedestrian or vehicular traffic shall erect a fence, wall or railing at least four (4) feet high between such opening or excavation and the public right-of-way before workers leave the job site.
- (c) **Closing of Abandoned Excavations.** Any excavation for building purposes or any uncovered foundation which shall remain open for more than three (3) months shall be deemed abandoned and a nuisance and the Fire Inspector shall order that unless the erection of the building or structure on the excavation or foundation shall commence or continue forthwith, suitable safeguards shall be provided to prevent accidental injury to children or other frequenters or that the excavation or foundation be filled to grade. Such order shall be served upon the owner of record or the owner's agent, where an agent is in charge of the premises, and upon the holder of an encumbrance of record in the manner provided for service of a summons in the circuit court. If the owner or the holder of an encumbrance of record cannot be found, the order may be served by posting it on the premises and make publication in the official newspaper for two (2) consecutive publications at least ten (10) days before the time for compliance stated in the order commences to run. Such time shall be not less than fourteen (14) nor more than twenty (20) days after service. If the owner of the land fails to comply with the order within the time required, the Fire Inspector shall cause the excavation or foundation to be filled to grade. The cost of such abatement shall be charged against the real estate and entered on the next succeeding tax roll as a special charge and shall bear interest at a rate established by the Town Board from the date of the report by the Fire Inspector on the cost thereof.
- (d) **Fill Dirt.** Fill dirt used at a site shall be graded within four (4) weeks.

Sec. 15-1-6 Construction Sites; Maintaining Clean Streets.

Town streets are to be kept clean of dirt and debris from all construction sites. The primary contractor for any construction project shall be responsible for sweeping streets of debris within twenty-four (24) hours of the incident. The Town of Big Bend will clean said street(s) if the work is not done within twenty-four (24) hours of the incident; and charge the current established costs to the contractor for the work. Failure to pay said costs within thirty (30) days of receipt of the billing shall be deemed a violation of this Section, and be subject to the penalty provisions of Section 1-1-6.

Sec. 15-1-7 Fees.

Fees. Fees are as shown on the Town Fee Schedule.

Sec. 15-1-8 Severability.

If any section, clause, provision or portion of this Chapter, or of the Wisconsin Administrative Code adopted by reference, is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remaining provisions shall not be affected.

Sec. 15-1-9 Penalties and Violations.

- (a) Any building or structure hereafter erected, enlarged, altered or repaired for any use hereafter established in violation of the provisions of this Chapter shall be deemed an unlawful building, structure or use. Town employees shall promptly report all such violations to the Town Board which shall bring an action to enjoin the erection, enlargement, alteration, repair or moving of such building or structure or the establishment of such use of buildings in violation of this Chapter or to cause such building, structure or use to be removed. Violators may also be subject to a penalty as provided in the fee schedule or general penalty provisions of the Code of Ordinances. In any such action, the fact that a permit was issued shall not constitute a defense. Compliance with the provisions of this Chapter may also be enforced by injunction at the suit of the owner or owners of any real estate within the jurisdiction of this Chapter.
- (b) Procedures.
 - (1) If an inspection reveals a noncompliance with this Chapter, the Town Clerk-Treasurer shall notify the applicant and the owner, in writing, of the violation to be corrected. All cited violations shall be corrected within thirty (30) days after written notification unless an extension of time is granted by the Town Board.
 - (2) If, after written notification, the violation is not corrected within thirty (30) days, a stop-work order may be served on the owner or his or her representative and a copy thereof shall be posted at the construction site.
 - (3) Each day each violation continues after the thirty (30) day written notice period has run shall constitute a separate offense. Nothing in this Chapter shall preclude the Town from maintaining any appropriate action to prevent or remove a violation of any provision of this Chapter.
