

Town of Caledonia, Columbia County  
c/o Barb Davis, Town Clerk, N5479 Beich Rd, Portage, WI 53901

## Advertisement for Pulverizing, regrading, compaction and paving for 3000 ft of Krejchik road.

Notice is hereby given that the Town of Caledonia ("The Town") will receive sealed bids for Pulverizing, grading, compaction and paving for 3000 ft on the northern 3000 feet portion of Krejchik RD beginning at the corner of Shanks Road and proceeding south on said town road for 3,000 feet. Bids will be accepted by the Town Clerk until 4:30 PM, Monday, June 22nd, 2026. Bids shall be mailed to the address above, OR can be delivered to the Town Hall, N5479 Beich Road, Portage, WI 53901 in an envelope marked "2026 Krejchik Road Paving Bid" prior to the above date and time.

Bids will be publicly opened and read at 6:00 PM on Monday, June 22, 2026. Additional detailed bid material and specifications information can be obtained by contacting James Zamzow, 608-742-2261. Caledonia Town Board reserves the right to change scope of project for budget or any other purpose. The Town of Caledonia reserves the right to reject any and or all bids.

### Information and Specifications for Bidders Scope of Work to be Performed

1. Road work will be performed on the northern 3000 feet portion of Krejchik road beginning at junction of Shanks Road and proceeding south for 3,000 feet. Obtain detailed measurements and road segments from the Town or its representative. All work shall be completed by September 30, 2026.
2. Bid proposals and award of contract shall be based on lump sum bid but shall include standard quantity rate prices as indicated in this document. Standard quantities shall be used as the basis for total contract adjustment, for any additions or reductions that are made to project.
3. The Town of Caledonia reserves the right to reject any or all bids and to add or remove portions of this project for budgeting or other purposes that are in the financial or other best interest of the Town.
4. Pulverizing shall be to full depth of existing pavement unless otherwise directed by the Town or its representative. Fine grading and compaction to be completed prior to the adding of a 3-inch hot mix road surface. Road width of 20 feet to be maintained. One foot of gravel shoulders to also be installed with this proposal.
5. The roadbed will have a 1 to 2 percent slope to the center of the roadbed. The contractor shall blend the slope into the overall lay of the roadbed.
6. All Road and driveway ends are to have saw cut joints.
7. Equipment and Employees: Contractor will furnish all machinery and equipment, labor and other necessary incidentals to properly clean, seal coat and roll various Town Roads. List of Employees (listed by job class), and Equipment (listed by piece) to be used on project shall be furnished.
8. Performance Bond: A performance bond may be required as a condition of award of contract.
9. Contract Contractor; will be required to sign a contract agreeing to these terms and specifications.
10. Documentation of asphalt, liquid asphalt and chip seal aggregate weigh slips with proper I.D. and dates shall be submitted with invoice to Town clerk.
