

SITES to CELEBRATE:

Local History Revisited

This summer, **Sites to Celebrate: Local History Revisited** showcases over a dozen historic sites across the Roe Jan area, each with its own distinct story. From well-known landmarks to hidden gems — this exhibition brings the past vividly to life. The stories are told in displays, graphics, and via multimedia throughout the exhibit.

ALSO: Special pre-registered guided tours to actual locations are offered on selected Sunday afternoons.

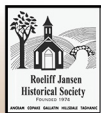

Join us in celebrating the places that have shaped our community.
