Highway Department December 2025 Monthly Report:

Snow and Ice Control was the primary duty for the past month. During the month of December either our full crew or partial crew conducted snow and ice removal operations on 14 separate days. These include: days with storms, days with windblown drifts, days pretreating, and days cleaning up following storms

Between snow/ice storms we continued to clean, inspect and repair our equipment. All routine maintenance and nearly all equipment repairs are done in house.
