Driveway and highway culverts.

If the culvert runs under your driveway not only do you own that culvert, it is your responsibility to keep it clear and in operating condition. If there is a culvert on your property that is in the right-of-way, we ask that you maintain this area as well. It is very similar to the responsibility of any city or village property owner has to keep an adjacent storm drain clear. In extreme circumstances you should call the town hall at (608) 493-2588, but if it is an emergency situation (immediate damage to persons or property), please contact Sheriff Dispatch at (608) 356-4895.

No Parking!

Parking on the paved surface of the road is not permitted per state statute. Vehicles can be parked in the right-of-way (the shoulder) on a short-term basis, but long-term storage of vehicles is prohibited by town ordinance and cannot exceed 72 hours.
