

# Well and/or Septic Permit

	Code Enforcement Office Town of Moira and Village of Brushton Well and/or Septic Permit 518-529-6080x8
---	---

## Inspection Requirements:

I understand that I must call to schedule appointments 48 hours in advance to ensure visitation and availability. **An immediate response is not guaranteed.** I am responsible for ensuring that the inspections required under this application are performed as construction progresses AND that NO construction may proceed beyond any required inspections until approved by the Code Official. I understand that failing to have required inspections performed would constitute a violation punishable under NYS Legislative Law §382 by a fine not to exceed \$1000/day and imprisonment not to exceed one year.

West construction must be by New York State approved well installer. Water will be tested and GPM flow rate will be supplied by driller, well cap will identify driller per Department of Environmental Conservation licensing and required operations for potable water.

## Well Driller:

Well drilled
