

West Niles Fire Co.

3956 Valentine Rd.
Moravia, NY 13118
Phone: 784-5077

In an emergency, Could we find you quickly?

The 911 system was intended to make emergency responses quicker and easier. Is your address clearly displayed? Unless we can locate your address quickly, valuable time could be wasted in an emergency situation. As we attempt to quickly respond to 911 calls, we find ourselves hunting for the correct address only to find that we have passed a location and have to turn around. This is especially true in inclement weather and darkness. This wastes valuable time, creates a hazardous and stressful situation for both the responders and people in distress.

The West Niles Fire Department is offering reflective address signs as a public service. Our cost for these signs is \$12.00 per sign. Our limited budget prohibits us from providing these signs at no cost. We would appreciate a donation to at least cover the cost of the sign. Please help us to better help you by returning the application below to our address indicated on the letterhead.

911 Sign Application

Please print clearly

Residence Name: _____

Full Address: _____

Phone Number: _____ - _____

Sign Orientation
(check one)

☐ Horizontal

☐ Vertical

Donation Included: \$ _____
