

July 23, 2021

Town of Peshtigo Chair, Cindy Boyle:

In my letter dated July 9, 2021, I expressed my support for assisting Town residents with the supply of fresh drinking water. Although I am in favor of the assistance based upon my current knowledge, I misspoke when I used the words "City of Peshtigo" instead of myself personally since as you know I cannot speak for the City Council which as the ultimate authority to act upon and approve such assistance. There, I wish to clarify the letter to that extent.

Should the Town desire the City's assistance with providing clean drinking water, I would suggest the Town Board provide that request in writing so that the matter can be properly brought before the City Council for consideration.

Sincerely,

A handwritten signature in cursive script that reads "Cathi Malke". The signature is written in black ink and is positioned below the word "Sincerely,".
