- ALL tests come with 2 empty bottles for sample collection.
- Field Blank test option comes with additional 2 bottles, 1 empty & 1 with PFAS-free water. The Field Test bottles serve as a control IF the other 2 bottles test positive for PFAS. **This method is recommended if data may potentially be used for legal purposes.**
- IF the samples provided do NOT test positive for PFAS the Field Blank will NOT be analyzed and there will subsequently be a refund.*
 - Exceptions:
 - ****ALS Environmental** – payment for laboratory services will require a credit card to begin the analytical testing. Payment is processed when the reports are generated. A \$100 fee will be billed initially to cover cost of bottles/water/shipping which is later applied to the final invoice amount. Return shipping is NOT included and is the responsibility of the customer.
 - *****Merit Laboratories** – testing WILL occur on ALL samples provided UNLESS instructions are given not to in which case there is a \$15 hold fee for received and not tested Field Blank bottle.
 - ******Pace Analytical Services** – they do not typically include Field Blanks for residential testing; if requested it would be an additional \$200.

Information provided is for reference only. Those interested in performing PFAS testing are encouraged to contact the labs above to confirm information provided. Property owners within the Town of Peshtigo who undergo testing are encouraged to share data with Town Officials and WDNR.
