158.0ft. from Centerline of Road
500.0ft. from OHWM of Lake

Applicable Zoning District(s):

Conditions of Permit Approval:

This request has been conditionally permitted based on details and information provided in the application. It is assumed all information provided with the application is factual and accurate. This approval is subject to the conditions listed above, and does not constitute or allow for any construction, alteration, modification, or disturbances unless expressly listed above. It is the applicant's responsibility to ensure compliance with any other Local, State, or Federal regulations. It is highly recommended to contact your local municipality to inquire about any other necessary approvals that may be necessary.

This permit is valid until the expiration date listed above. If you would like to renew the permit, please submit a formal request to this department prior to the expiration date. A copy of the permit placard accompanying this approval should be posted at the site until construction has been completed, and must be visible from a public viewpoint and/or public roadway. If you have any questions about the approval or conditions upon which this permit has been issued, contact this department immediately.

I understand that I: am subject to all applicable codes, laws, statutes and ordinances, including those described on the reverse side of the last ply of this form; am subject to any conditions of this permit; understand that the issuance of this permit creates no legal liability, express or implied, on the state or municipality; and certify that all the above information is accurate. If one acre or more of soil will be disturbed, I understand that this project is subject to ch. NR 151 regarding additional erosion control and stormwater management and the owner shall sign the statement on the back of the permit if not signing below. I expressly grant the building inspector, or the inspector"s authorized agent, permission to enter the premises for which this permit is sought at all reasonable hours and for any proper purpose to inspect the work which is being done.

☑ I vouch that I am or will be an owner-occupant of this dwelling for which I am applying for an erosion control or construction permit without a Dwelling Contractor Certification and have read the cautionary statement regarding contractor responsibility on the reverse side of the last ply of this form.
