## BUILDING PERMIT CHECKLIST

**Note:** Commercial and Industrial projects may require prior Plan Commission approval.

\_\_\_\_\_ **Completed and signed Town of Polk Building Permit Application.**

\_\_\_\_\_ **Submit two (2) Site Plans.**

- Plans must indicate the location of all proposed and existing buildings, including full lot dimensions.
- Plans must indicate all required setbacks from lot lines, existing buildings, and any right-of-way areas.
- Plans must show the location and description of all erosion control measures.
- Plans must show any easements (public & private) impacting the parcel.
- Plans must show environmental corridors.

\_\_\_\_\_ **Submit two (2) sets of State Approved Construction Plans.**

- State Conditional Approval Letter attached to the Construction Plans.
- Plans shall include scaled floor plans and elevations, dimensions of the building including rooms, doors, windows, etc.
- Plans must show the proposed elevation of all structures and the finish grade of the site, wall cross sections, and footing and foundation.
- Engineering specifications for all beams, girders, columns, footings (point loads), as well as manufactured floor and roof truss calculations and approvals must be provided at inspections.

\_\_\_\_\_ **Submit Washington County Erosion Control Permit.**

\_\_\_\_\_ **Submit Washington County Shoreland Permit (if applicable).**

\_\_\_\_\_ **Submit Washington County Sanitary Permit.**

\_\_\_\_\_ **Submit completed Access/Culvert Permit application (if a new access is from a Town of Polk Road).**

\_\_\_\_\_ **Deliver or Mail paper copies of the COMMERCIAL/INDUSTRIAL PERMIT APPLICATION materials to Town Hall.**  
There is a slot in the front door for after hour submittals. **Incomplete submittals will not be processed** and may be returned to the Applicant.

**Note:** Please be aware it is the responsibility of the property owner to be aware of deed restrictions/covenants associated with their parcel (i.e., architectural restrictions). The property owner should obtain appropriate approvals where required.

## APPLICATION PROCESS - May take up to 30 days, but typically two weeks.

1. Zoning staff reviews submittal for completeness.
2. Complete submittals are reviewed for a Zoning Permit.
3. Zoning Permitted submittals forwarded to Building Inspector for Building Permit Review.
4. Applicants will usually be notified by EMAIL of permit fees and requests for additional information.
5. Permits distributed after fees and additional information requested in Step 4 is received. Permits may be picked up at Town Hall or mailed at Applicant's request.

## CONSTRUCTION INSPECTIONS

1. **Footings** – **before** pouring concrete, all forms are set and bleeders installed.
2. **Foundation Rebar** – **before** pouring concrete, all forms are set and bleeders installed.
3. **Foundation**
  - Inspection of drain tile, after stoning
  - Inspection of waterproofing of exterior
  - Inspection of exterior insulation of foundation walls
4. **Under Floor Plumbing** (If applicable)
5. **Slab/Floor Inspection** – **before** pouring concrete
6. **Rough Inspections** (To be made **before** covering up work)
  - General construction, including framing
  - Rough electrical
  - Rough plumbing and pressure test according to SPS 382.21
  - Rough heating, ventilating and air conditioning
7. **Insulation Inspection**
8. **Final inspection must be complete PRIOR to occupancy. Additional inspections may be necessary.**

All work must be inspected, rough and final, by the Building Inspection Department. Failure to call for required inspections could result in removal of covering materials to allow the required inspections to be performed. Also, a fee could be assessed for failure to call for required inspections.

The builder or contractor will be responsible for notifying the Building Inspection Department and making sure the inspection is complete. This does not prohibit the right of the Inspection Department to make the inspection within 48 hours as allowed under the State Building Code. When calling for a required inspection, all work must be completed or a re-inspection fee will be charged to the contractor and would be required to be paid to the Town of Polk prior to the inspection being performed.

**Plumbing, Electrical and HVAC:** These permits must be applied for separately. State approved plans for Plumbing and HVAC are required.

## SCHEDULING INSPECTIONS

Instructions to Applicant:

## ***Town of Polk Road Access and Culvert REQUIREMENTS AND GUIDELINES***

**Culvert Requirements:** No culvert shall be less than 28 feet or more than 35 feet in length. Minimum diameter will be 18 inches. Material shall be galvanized and of the size and type as approved by the Town Board. No plastic or aluminum shall be allowed. No used culverts may be used.

**Driveway:** No concrete may be placed in the driveway on road right of way.

**Installation:**

- The driveway within the area of the public right of way shall slope away from the public road at a minimum of 1% and a maximum of 5% to prevent erosion onto the public road.
- The ditch shall be properly prepared to accept the placement of the culvert, the end of which shall be set at a minimum of six feet from the abutting property line.
- No object or obstruction may be placed on the road right of way without Town Board Approval.
- Any grading within 33 feet from the center of the road requires Town Board Approval.
- Diggers Hotline shall be notified by Applicant before digging commences.

**Road Damage:** The Applicant shall be liable to the Town for all damages which occur during the progress of said work as a result thereof. All debris carried onto any Town highway shall be removed by the responsible party immediately or be subject to the provisions of Section 86.07, Stats. If highway damage results, the highway may be restored to its former condition by the Town and the cost of materials, labor, and equipment incurred by the Town shall be billed to the Applicant property owner. If not paid within thirty (30) days, such amount shall be a special charge under Section 66.60 (16), Stats and shall be extended upon tax roll as a delinquent tax against the real estate. Applicant is responsible for any and all damage to underground utilities and assumes all liability for any work performed.

**Penalties:** Any person, firm, or corporation who fails to comply with the provisions of this Ordinance shall, upon conviction thereof, forfeit not more than One hundred Dollars (\$100), and costs of prosecution for each violation. Each day a violation exists, or continues shall give rise to a separate offense.
