Requested Action:

Describe request and applicable code section:

We are requesting a variance to Section 5-57(a)(3)e pertaining to length of dock facility. We propose to install a new boatlift on existing piling that were previously permitted to a length of more than 30' from the seawall.

Required LDC Regulation(s): [list all that apply]

Section 5-57(a)(3)e pertaining to length of dock facility.

TOWN OF REDINGTON BEACH
VARIANCE APPLICATION

DEC 18 2023

1. What special conditions or circumstances exist which are peculiar to the land, structure or building involved, and which are not applicable to other similarly situated lands, structures or buildings in the same district?

Shallow water conditions exist at several sites in this area. This is evident in the fact that this site, and others along the same street, already have docks or structures that extend beyond the limited 30' length allowance. The previous wetslip piling that will be used for the installation of the new boatlift are already out at a distance of more than 30' from the seawall.

2. What literal interpretation of the provisions of the applicable code would deprive the Applicant(s) of rights commonly enjoyed by other similarly situated properties in the same district under the terms of the applicable code?

If strictly interpreted, the code would restrict the homeowner's ability to make full use of the waterfront commonly enjoyed by others. There will be no navigational issues created as the proposed boatlift will simply be installed on piling that are already in place,

3. What special conditions or circumstances entitles the Applicant to a variance that are NOT self-created by the Applicant or an action taken with the Applicant's prior knowledge or approval?

The applicant purchased the property with the dock and wetslip already in place. They are simply looking to install a boatlift on the existing wetslip piling in order to more safely moor and access their boat.

4. Explain how the granting of the variance will not confer on the Applicant any special privilege that is denied by the applicable code to other similarly situated lands, structures or buildings in the same district.

If granted, this variance will not confer any special privilege to the homeowner. Any homeowner has the right to request a variance.

5. Explain how the variance requested is the minimum variance necessary to permit the reasonable use of the lands, structures or buildings, will be in harmony with the general purpose and intent of the applicable code and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

The requested variance is the minimum variance that will made reasonable use of the lands. We are simply asking to convert an existing wetslip to a boatlift.

Note: No variance may be granted arising from illegal construction of a structure or an illegal use of the premises which would otherwise have required a permit to be issued and which construction was commenced illegally. Under such conditions, the property owner shall have no legal right to apply for a variance and the Board shall have no legal right to grant a variance.

Section 6-290(g): Any variance granted under the provisions of this code shall expire within sixty (60) days from the date of the executed order granting the variance unless a building permit for construction or alteration has been issued in accordance with the plans and conditions upon which the variance was granted.

BOARD OF ADJUSTMENT
REGULAR MEETING MINUTES**

**Thursday, June 15, 2023
6:30PM**

The Board of Adjustment meeting was called to order at 6:30pm by Chairman Bellemore

The Pledge of Allegiance was recited.

Roll call was taken: Chairman Darcy Bellemore, Mr. James Sommer, Mr. Mike Morgan, Vice-Chairman Ken Sulewski, alternate member Mr. Robert Fronstin, and Attorney Jeremy Simon were present; also attending were Commissioner Shawntay Skjoldager; and Town Clerk, Adriana Nieves. Bruce Cooper, Building Official attended by telephone. Mr. Robert Rockell was absent (excused).

Approval of agenda: Agenda of June 15, 2023 was approved with all ayes.

Approval of minutes: Minutes of May 18, 2023 was approved with all ayes.

Attorney Simon swore in all witnesses and the Building Official, Mr. Cooper.

Attorney Simon read the following:

Property address 399 161st Ave. REDINGTON BEACH HOMES 6TH ADD BLK 2, LOT 1 & RIP RTS. The applicant is requesting a variance from Section 6-235 and Section 5, (b) **Appendix A* from the Town's Code of Ordinances to allow a spa and attached arbor to be located within the required 25-foot setback with a proposed setback of approximately 16 feet from the seawall.

*Attorney Simon added (for the record) the words *Appendix A*, for clarity.

Mr. Cooper explained the history behind the applicant's request. When the applicants' slab was inspected by the Building Official, they were approved for a slab only. Mr. Cooper's staff report supports the approval of the variance request due to the irregular shape of the lot and it would not be contrary to the public interest. Mr. Cooper also noted that the "arbor" above the spa is removable and is attached to the spa itself, not the concrete slab beneath it.

Applicant Charles Wimpee 399 161st Avenue stated that they informed the Building Official the slab was for a spa. He also stated, that they believed they were in compliance with all the Codes but apparently were not.

The Board asked questions to both the applicants and the Building Official.

The Chairman closed public comment. Mr. Morgan noted that no letters of support or opposition were submitted. The Board concluded their discussion.

Mr. Morgan made a motion to approve the application as submitted. Second by Mr. Sommer.

Chairman Bellemore called for a roll call vote. Motion carried with all ayes.

Variance request for 16113 5th St E.

The board of adjustment shall have the following powers and duties:

- (1) To authorize upon application in specific cases such variances from the terms of the Town's Code of Ordinances unless otherwise specifically excepted, that as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of those provisions would result in unnecessary and undue hardship.
- (2) To consider written applications for a variance when it is demonstrated that:
 - a. Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other similarly situated lands, structures, or buildings in the same district; and
 - b. A literal interpretation of the provisions of the applicable code would deprive the applicant of rights commonly enjoyed by other similarly situated properties in the same district under the terms of the applicable code.

STAFF COMMENT:

The applicant is requesting a variance from Section 5.57 (a) (3) e, to build a boatlift 40 feet from the seawall whereas the code limits the lift to 30 feet.

c. No variance shall be granted unless the applicant demonstrates by relevant, competent, and substantial evidence that the following criteria have been satisfied:

1. The property has an unusual hardship not suffered by other similarly situated properties within the same district;

STAFF COMMENT:

The board approved a previous variance on January 20, 2022 to construct a dock and wet slip 40 feet from the seawall. At that time, the board determine that there was special conditions due to the water dept. This variance would put the boat lift on the same piles for the wet slip.

2. The hardship of the property was not self-created by the applicant and was not the result of an action taken with the applicant's prior knowledge or approval. Further, no

variance may be granted arising from illegal construction of a structure or an illegal use of the premises which would otherwise have required a permit to be issued and which construction was commenced illegally. Under such conditions, the property owner shall have no legal right to apply for a variance and the board shall have no legal right to grant a variance.

STAFF COMMENT:

The special conditions were not created by the applicant.

3. The requested variance is the minimum variance necessary to permit the reasonable use of the property;

STAFF COMMENT:

Based on the above conditions, this request is reasonable.

4. The requested variance will not confer on the applicant any special privilege that is denied by the applicable code to other similarly situated property owners;

STAFF COMMENT:

Granting the variance would not confer any special privilege.

5. The literal interpretation of the applicable code would deprive the applicant of rights commonly enjoyed by other similarly situated property owners;

STAFF COMMENT:

Literal interpretation would deprive the applicant of rights commonly enjoyed by other properties

6. The requested variance will not be contrary to the public interest and will be in harmony with general intent and purpose of the applicable code.

Re: 16113 5th St. E Variance Request

To whom it may concern,

Carrie and I own the new construction at 16120 5th St. E, and are the prior owners of 16113 5th St. E for full disclosure. In our opinion, the majority of people investing on the bay do so primarily because of an affinity for boating- that alone justifies approval in our view.

Secondly, and just as important, these types of investments enhance all of our property values, not just theirs.

Carrie and Skip Phillips support approval of the variance

Ref: Variance application pertaining to dock length to install boat lift
16113 5th St. E. Redington Beach FL 33708

Deputy Clerk:

My husband and I received a notice in the mail that the property at: 16113 5th St. E. Redington Beach FL 33708 has requested a variance pertaining to lengthening their existing non-conforming dock to install a boat lift. It is our understanding that their existing dock has already been lengthened from 30' maximum allowed to 40'; thus, an additional 10' was approved. Nevertheless, a boat lift with a boat on it will block our water view and should the dock be lengthened, our view will be even more limited.

We do not want our water view to be impacted by anything in addition to what is already allowed in our community. This variance will affect our home value as well as our water view. It's our opinion that everyone should conform to our township's agreed upon policies.

Thank you for your consideration in this matter. Should you need anything further from us, please let us know.

Kind Regards,

Trina & Chip
