RE: CTH X Construction

Manitowoc County Highway Department in conjunction with WK Construction Company will be performing a pavement rehabilitation project on CTH "X" from Lax Chapel Road to County Trunk "A" starting on July 1<sup>st</sup>. The scheduled work to be performed within this three-mile segment will consist of a "Cold-in-Place Asphalt Recycling" method (milling/recycling of the existing asphalt surface). The initial process will take three days barring all weather. The Highway Department will pave the final asphaltic surface and shoulder this segment as the final phase later in the month of July.

Road closures and delays can be expected on a daily basis throughout the three (3) day duration of this project. The road will be closed and detoured although remain "Open to Local Traffic Only" allowing access to your residence at all times. Detour shall be STH 67 to CTH "XX" to CTH "A". Re-opening is expected to occur on July 3<sup>rd</sup> at the end of the day.

We greatly appreciate your patience and cooperation while dealing with this relatively short construction period.

**Marc Holsen**  
  
Highway Commissioner,  
Manitowoc County
