- Courts are available for pickleball games, tennis or lessons when scheduled times are not in session.
- During scheduled pickleball times there are a total of 4 courts that may be used (2 dedicated-2 shared). Be considerate if tennis players show up during scheduled times and let them know when you will be done.
- You do not have to be a pickleball club member to play during scheduled times.
- Scheduled times are posted on the Town of Sevastopol's website and the Door County Pickleball Club's website.
- Door County Pickleball on Facebook is another place to find tips on pickleball.

Since this is the first season for these courts, adjustments can be made to the schedules based on demand.
