Chairman Report: Sheriff has to report the down trees to highway department so residents need to call them.

Supervisors Reports Micah completed the WISLR course so can help Dave. WISLR is moving to online mapping. This will be helpful for future planning.

Other reports: Officer Pel reviewed the monthly report. Things have been relatively quiet in the town,

Audience communication none

Old business

Public works/roads: Most of the roads are done. Berstein washed out again after heavy rain. Dickey Rd is good. Townline is good.

Orfordville EMS hit overhang at church again.

Waiting for grant information with the fire department. Fire Department hydrant budget was passed to the city of Brodhead. City wants to charge on per capita. \$146,000 could be added to the fire department budget. More discussion to come on this issue. Steve doesn't know how this will be assessed. It will likely cause an increase in costs to rural residents if passed.

Public works will credit over charge on bridge assessment. Two letters were sent to Steve about the bridge on Potter Rd. Currently stop signs are needed on both sides of the bridge. Dave will contact DPW about signs and the bridge repair.

Steve talked to Mike from M&D about the brush cutting. Probably should be done after the last mowing. Micah would consider doing some of the brush cutting if we rent the machine. Steve will ask Tom Popp for a quote for mowing and brush cutting.

New business

Review of CUPS: No complaints. Blonhaven is doing work on their building. Work was permitted by the state not the town. In the future CUPS will not go with the property at sale. CUPS will be issued to the current property owner.

There is a dispute over Condon property line on T. This is a county issue not the town.

ATV club agreement: Dave can ask for an estimate from DPW for putting up signs. Club says we can put them up ourselves. We will need the hours and dates on the new signs. Dave says we should ask the attorney if the dates and times need to be on the signs. Micah says we need to be explicit with the signs. Randy said two signs is better in case something changes. White and black to catch attention for the specific dates and times. Rock County will make the signs through the jail.

Future Agenda items Hearing for Miller/SVE rezone/land division. Roads, ATV

Payment of bills: Motion by Dave Brethauer to pay the bills of \$41,133.41. Second Micah Ends. Motion carried 3-0.

Adjournment 7:15

Respectfully submitted,

Dela Ends
