Three Lakes Area Information Technology Fair

Three Lakes Area Information Technology Fair will be held July 14th, from 7-9 pm at the Reiter Center in Three Lakes. Receive the latest information and demonstrations of all High Speed Broadband/Cellular options in the Three Lakes area. In the last 6 to 12 months, there are more options for High Speed Broadband than ever before. From cable, to wireless, to DSL, to satellite, our citizens now have several options available and can meet with all of the providers at the Three Lakes Area Information Technology Fair. You can also learn how the Three Lakes School District is promoting and integrating technology into their curriculum during this event.

Admission is free and refreshments will be provided. Hosted by Three Lakes Plan Commission.
