PRESS RELEASE

For Immediate Release – Wednesday, January 6, 2016

The Three Lakes Police Department announces in conjunction with the Three Lakes Trails that the snowmobile trails in the Town of Three Lakes will be open on Friday January 8, 2016 at 8:00 a.m.

Due to very poor ice conditions of the lakes the Three Lakes Town Board did grant temporary permission for operation on Three Lakes Town roads after the trails are open until Tuesday January 19, 2016 or until lakes can be marked. The use of the Town roads is only granted for this limited time.

All Three Lakes Trails will be open with the exception of the North Sugar Camp Trail # 13 between intersections 122 to 127.

The Three Lakes Police Department also would like to remind you that if are born after January 1, 1985 you are required to complete an approved snowmobile safety course for operation on public lands and of the new requirement for trail passes for operation for all snowmobiles on Wisconsin trails.

The Three Lakes Police Department encourages everyone visit the Facebook page for the Three Lakes Trails for updated trail conditions and updated local trail information.
