

Bristolboard

An answer from the past....

In reference to last months newsletter mystery photo: This train wreck occurred in Bristol on August 25, 1906 around 4:00 am approximately 3/4 miles east of Hwy 45 and 83rd Street (around Oakridge). The train of boxcars loaded with ice from western Kenosha County bound for Chicago was stopped on the tracks when it was rammed from behind by another train traveling at a speed of about 60 mph. The engineer and fireman aboard escaped unharmed but there was a loss of 500 tons of ice!

Halloween Health and Safety Tips

S

Swords, knives, and similar costume accessories should be short, soft, and flexible.

A

Avoid trick-or-treating alone. Walk in groups or with a trusted adult.

F

Fasten reflective tape to costumes and bags to help drivers see you.

E

Examine all treats for choking hazards and tampering before eating them. Limit the amount of treats you eat.

H

Hold a flashlight while trick-or-treating to help you see and others see you. Always WALK and don't run from house to house.

A

Always test make-up in a small area first. Remove it before bedtime to prevent possible skin and eye irritation.

L

Look both ways before crossing the street. Use established crosswalks wherever possible.

L

Lower your risk for serious eye injury by not wearing decorative contact lenses.

O

Only walk on sidewalks whenever possible or on the far edge of the road facing traffic to stay safe.

W

Wear well-fitting masks, costumes, and shoes to avoid blocked vision, trips, and falls.

E

Eat only factory-wrapped treats. Avoid eating homemade treats made by strangers.

E

Enter homes only if you're with a trusted adult. Only visit well-lit houses. Don't stop at dark houses. Never accept rides from strangers.

N

Never walk near lit candles or luminaries. Be sure to wear flame-resistant costumes.

Fall yard work

Every autumn, leaves inevitably will fall, leaving your yard cluttered and in need of clean-up. Keep these tips in mind when doing yard work. Don't hurt yourself enjoying the fall weather.

- Use a rake that is comfortable for your height and strength. Wear gloves or use rakes with padded handles to prevent blisters.
- Wet leaves can be slippery; wear shoes or boots with slip-resistant soles.
- Do not overfill leaf bags, especially if the leaves are wet. To avoid back injury, you should be able to carry bags comfortably.
- Never throw leaves over your shoulder or to the side. The twisting motion required to do so places undue stress on your back.
- Make sure the engine is off and cool before you begin any maintenance work or refuel your lawnmower.
- Wear protective gear like goggles and gloves, boots and long pants when mowing. Never mow barefoot or in sandals.
- Never use your hands or feet to clear debris from under a lawnmower. Use a stick or broom handle instead. Likewise, never touch the blades with your hands or feet, even if the engine is off. The blade can still move and cause serious injury.

Winter clean-up

With winter approaching quickly, there are several things to be aware of in order to be safe. When removing snow and ice from driveways and parking lots, do not place piles on the opposite side of the road. It is dangerous for traffic as the snow that is plowed across the road can cause icy conditions. A good rule of thumb is if your standing in your driveway looking towards the street-shovel the snow to the right. This way when the plows come through there not pushing snow back towards you're driveway.

With these few simple things in mind, we can all safely enjoy winter season.

All property owners are reminded not to plow snow around fire hydrants. Bristol's Ordinance states that it is unlawful to "Interfere with the accessibility of any hydrant by piling or dumping material near such hydrant."

Please allow a 15-foot radius from the hydrant.

Shoveling snow is inevitable. But if you do not own a snow blower it is hard work and you should be in good health before attempting it. Be sure to pace yourself and rest frequently to avoid over-exertion. When lifting, do so with your leg muscles rather than your back to prevent an avoidable back injury. Remember, a heart attack can occur at any age--if you experience any chest or arm pain, stop immediately and go inside.
