Village Ordinance- George Lake motor vehicles on the ice

Public Works Department

Public Works would like to remind residents of the following:

When snowblowing or shoveling your driveway, try to move the snow to the right of your driveway *as you are looking at the street.* If you put it on the left side, the snow plow may carry it back into the front of your driveway. This will not eliminate the snow but should reduce the amount that ends up at the end of your driveway. It also violates village ordinance to plow or blow snow onto the road. Any snow put into the road may cause the resident or business to be ticketed.

Snow and ice control of sidewalks and driveways is required of the property owner.

Piling of snow in front of fire hydrants or sprinkler connections is illegal.

Please help out by keeping fire hydrants clear of snow if they are near your residence or business.

www.mosmatic.com

Mosmatic AG, a family owned and operated business, was founded in Switzerland in 1978 for manufacturing and sales. Mosmatic Corporation in Bristol, WI, was established in 1988 as a US Sales and distribution facility. The company has two other locations, Coopers Plains, Australia, and Saint-Leonard, Quebec, Canada. Between all four locations, Mosmatic has over 100 employees.

The Bristol Facility is run by a Management Team including: Jaimie Sokolski (Sales Manager) and Ken Scheuneman (Production Manager). Our local branch has had 2 major expansions. US manufacturing started in Bristol in 2012. The Bristol location is successful because of loyal and forward looking employees that get the job done.

The Mosmatic branch in Bristol manufactures swivels/rotary unions for many different markets and industries. The warehouse also stores stock of their product, and is involved in US sales and marketing operations. Their products are of high quality, innovation power. Mosmatic is ISO 9001 certified and continues to develop and advance their distribution markets and product offerings.

Working with a dealer network along with OEM applications and production lines, Mosmatic touches many different markets and industries. With their diverse product lines, they work with food processing and sanitation, military, hydraulics, agriculture pressure and vehicle washing, just to name a few.

Mosmatic's plan is to keep investing and growing their Bristol Facility.
