APRIL—2019

In This Issue:

- **New Website**
- **Village Employee ID badges**
- **Village Parking Ordinance**
- **Election Results-Village Board**
- **Code Red**
- **Appliance Recycling**
- **Emerald Ash Borer**
- **Annual Hazardous Waste Collection Event**

THE VILLAGE OF
BRISTOL IS
LOOKING FOR
PART TIME
OFFICE HELP
PLEASE APPLY
WITHIN!

The Village of Bristol has recently updated its website villageofbristol.org. You must select SUBSCRIBE TO UPDATES on the home page to *continue or begin receiving* village agendas, minutes, communications and newsletters.

Please sign up for the new alert service **CODERED** at the top of the website home page for emergency alerts such as street closings, water shut-off and snow emergencies.

You can also check out a new website that the Kenosha Area Business Alliance has developed for the Kenosha County communities at: lifebalancedkenosha.com

**Notice to all
Village of Bristol residents.**

All village employees have ID cards and drive a Village of Bristol marked vehicle. No employee will ever ask for money or be there to collect for any reason.

If ever in doubt do not let someone in your home without proper credentials. Please call 262.857.9371 or 262.857.2368 with any questions

**PUBLIC WORKS
WOULD LIKE TO
REMIND ALL RESIDENTS—**

not to park on Village streets. This not only prevents them from plowing snow during the winter months where cars are parked, but also makes it difficult for emergency vehicles from getting through. It is against our Village Ordinance and if not observed can carry a fine for parking on any Village roads.

CONGRATULATIONS TO
PRESIDENT MIKE FARRELL AND TRUSTEE JOHN MCCABE
ON THEIR RE-ELECTIONS TO THE VILLAGE BOARD.

ALSO —**CONGRATULATIONS AND WELCOME**
TRUSTEE KRIS KORDECKI TO THE VILLAGE BOARD!

In recognition of your service and dedication to the
Village of Bristol — Colleen Fisch

Colleen served many years on the following committees:

Zoning Board of Appeals

Park and Recreation Board

Town Supervisor

Town Chairman

Village Trustee from 2010-2019

**Thank you for serving your community for so many years-
your efforts are so appreciated!**

CodeRED

EMERGENCY COMMUNITY NOTIFICATION SYSTEM

The Village of Bristol has licensed the **CodeRED** Community Notification System to help disseminate important or critical information.

We encourage all residents and businesses to go to the Village of Bristol's website at <https://villageofbristol.org/>
Go to the TOP of homepage and click on the logo **CodeRED** to register.

- Situations warranting the use of this service might be the following (but not limited to) -
 - Snow Emergencies
 - Parking Restrictions
 - Alerts for missing persons or at risk individuals
- Warnings related to power outages, blackouts, water main breaks and road closures
 - Seasonal events
 - Issue wildfire, flood or other weather related alerts
- Holiday hours and changes to county/village services

****If interested in signing up for this service, you must visit our website at: villageofbristol.org**

If you do not have Internet access, please contact a friend or family member to help add your contact information to the emergency database.

APPLIANCE RECYCLING

5311 South 9th Street

Milwaukee, WI 53221

(Conveniently located just West of Mitchell International Airport off of 9th & Grange Ave)

OFFICE: (414) 627-1152

Business Hours/Drop off Hours: Monday - Friday 8:00 am – 4:00 pm

We accept the following residential and commercial items.....

- | | | |
|------------------------|---|--------------------|
| ✓ Air Conditioners | ✓ Boilers | ✓ Car batteries |
| ✓ Commercial A/C Units | ✓ Dehumidifiers | ✓ Dishwashers |
| ✓ Dryers | ✓ Exercise Equipment | ✓ Freezers |
| ✓ Furnaces | ✓ Grills <i>(No Propane Tanks Accepted)</i> | ✓ Lawn Mowers * |
| ✓ Microwaves | ✓ Range Tops | ✓ Refrigerators |
| ✓ Snow Blowers * | ✓ Stoves / Wall Ovens | ✓ Vending Machines |
| ✓ Washers | ✓ Water Coolers | ✓ Water Heaters |

ALL GAS AND OILS MUST BE REMOVED PRIOR TO DROP OFF.

FREE Drop-Off: We will recycle your unwanted working/non-working item(s) dropped off at our facility. No appointment necessary.

**** NO RESIDENCY RESTRICTIONS OR I.D. REQUIRED FOR OUR FREE DROP OFF!!****

We value feedback from our customers please let us know how we are doing!

DNR Certified: #341244970

Emerald ash borer: the dangers and costs of infested trees

How does emerald ash borer kill ash trees?

Emerald ash borer (EAB) kills ash trees by cutting off the flow of water and nutrients as worm-like larvae create feeding galleries in the tissue beneath the bark. Signs of infestation include distinctive canopy thinning, branch decline and death, limb sprouting from the lower trunk, bark splitting above larval galleries and D-shaped exit holes created by emerging adults.

How quickly does EAB kill the tree?

EAB will kill nearly all of Wisconsin's ash trees that are more than an inch in diameter. The length of time it takes to see tree damage and mortality depends on a variety of factors, including EAB population levels and tree health. When populations are high, even trees that appear healthy can die within 3-4 years of infestation.

What should I do if I have healthy ash trees?

The first step is to decide if an ash tree in your yard is worth saving. If so, the only way to keep it alive long-term is to regularly treat the tree with insecticides. Several products are commercially available, although some can only be applied by a professional. Application methods and treatment frequency will vary for each product. Trees that are heavily infested are unlikely to be saved by insecticide application. For more information on chemical controls for EAB, explore the resources available at www.emeraldashborer.info.

Photo by Matthew Karst

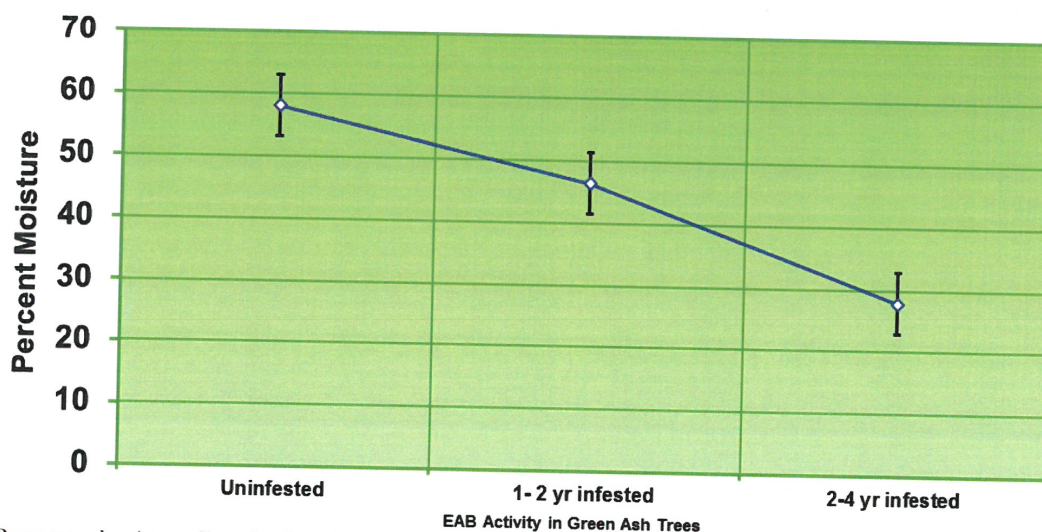

If you decide to remove your ash trees, it is typically safer and less expensive to do so before they become infested. Early signs and symptoms of infestation may appear minor, but don't be fooled. Infested trees are prone to breakage, which only increases the longer they are left standing. Many professional tree services won't let their arborists climb trees that show even 20% decline from EAB, so removing them often requires the use of expensive equipment.

Researchers and tree care experts agree that removing an infested tree may cost twice as much as removing a healthy tree, and removing a dead tree may cost three times as much. Making a decision early is important to avoid rising costs and safety hazards that come with infested and dead ash trees.

What makes infested trees so dangerous?

The structural integrity, or strength, of ash branches and tree trunks begins to decline as soon as the tree becomes infested and the wood begins to dry (see chart below). Lower moisture content increases the risk of branch and trunk breakage, and the timing of breakage is usually unpredictable. Breakage is more likely in places where bark has split and at branch junctions where a smaller branch connects to a larger one. Infested trees may also have total trunk failure soon after death, further increasing the chance of dangerous impacts to people and property.

Percent wood moisture of branches from three groups of ash trees with varying EAB chronology/length of activity in a static loading evaluation in Perrysburg, OH in 2009.

Photo by John Hielijc

What should I do now?

Don't delay in making a decision about ash trees in your yard. Treatment costs will be greater if you wait and safety hazards will only get worse. Your local extension office can help connect you with resources to identify the trees in your yard and learn more about treatment and removal options if any of your trees are ash. Explore the identification information at

<http://labs.russell.wisc.edu/eab/> or find contact information at <http://extension.wisc.edu/>.

**Kenosha County Executive
Jim Kreuser**
announces a
**Household Hazardous Waste,
E-waste & Refrigerant
Collection Event**

Household hazardous waste items include:

Household cleaning items, aerosol cans, bug sprays, vehicle related fluids, oil-based paints, paint removal products, fluorescent bulbs, pool chemicals and garden/outdoor related products.

E-waste (electronic waste) items include:

Computers, laptops, fax machines, keyboards, mice, stereos, scanners, iPods, TVs, VCRs, DVD, CD and MP3 players, printers, phones, copiers, power tools, toner cartridges and electronic toys.

Refrigerant waste (containing freon) items include:

Refrigerators, water coolers, freezers, air conditioners, water heaters, dehumidifiers, microwaves and other household appliances.

Do NOT bring the following materials:

Lead acid (vehicle/power tool) batteries, latex paint, tires, infectious or biological waste, compressed gas cylinders, explosives, radioactive waste, medical and pharmaceutical waste and commercial or business waste. These materials will NOT be accepted.

**Bring your items to the
Kenosha County Center
19600 75th Street, Bristol, WI 53104**

**on Saturday, May 4, 2019
from 8:00 AM to 1:00 PM**

For more information, please visit the Kenosha County website at www.kenoshacounty.org or contact the Kenosha County UW-Extension at 262-857-1945.

USEFUL INFORMATION

CREDIT CARD PAYMENTS

The Village of Bristol is now accepting credit card payments for anything payable to the Village.

There is a convenience fee of 3%.

RENAISSANCE FAIR TICKETS

We will no longer be taking “walk-in’s” at our office for Renaissance Fair tickets. If you would like tickets for the 2019 season, please submit a self addressed, stamped envelope.

BURN PERMITS

Outdoor fires require a burn permit, which is valid January - December.

First time permits—\$25

Renewal permits—\$15

Please call the Fire Dept. burn line at **857-4063** for the current burn status just prior to burning.

Permits can be purchased at the Village Hall or at the Fire Department nights and weekends.

BUILDING PERMITS

Our building permits are now online! If you need to do any home renovations please visit our website and fill one out.

Website: villageofbristol.org

Select: *Departments, Building & Inspections, Forms & Reports*

Click on Application Button to access the permit application.

RECYCLING CENTER

Monday-Friday: 7am-3pm

April-Nov: 1st & 3rd Wed 3pm-6pm

1st & 3rd Sat 9am-12pm

Dec-March: 1st Saturday 9am-12pm

Accepts:

Brush, Grass, Leaves
Cooking Oil, Waste Oil
Anti-Freeze
Scrap Steel
