

Leaf Pick-Up

October 1st – November 30th

Leaf pick-up is a service provided to Village Residents from October 1st to November 30th. There will be **NO EXCEPTIONS** to the dates. After November 30th the trucks used to pick up leaves are equipped with road sanders in preparation for snow so please plan accordingly.

Residents are asked to place leaves curbside in wind rows for collection.

LEAVES ONLY – NO BRUSH, GRASS OR DEBRIS.

Materials other than leaves can damage our equipment and clog the drains.

Leaf pick-up is not an ongoing service offered throughout the year. You may compost yard waste or bring it to the Town of Washington Transfer Station for disposal. Transfer station passes may be purchased at the Town of Washington Town Hall located at 10 Reservoir Drive. For more information contact the Town Clerk at (845) 677-3419.

DO NOT place leaves out for pick up after November 30th

You will be directed to make other arrangements for leaf removal. The Town of Washington Transfer Station accepts recycled goods, brush, leaves and grass with a valid permit.

DO NOT pile leaves on storm catch basins

This can cause flooding situations and clog the storm drains.

DO NOT put out grass clippings

They are never eligible for curbside pick-up. During storms these materials find their way to catch basins and may cause backups in our system.

DO NOT put out brush or debris

Brush pick-up is provided from April 1st – May 31st and the 2nd Monday of the months of July, August & September. We reserve the right to remove brush or debris and will assess a removal fee to the property owner.

DO NOT put dirt or sod in the street for removal

This is not allowed under any circumstance. This can cause costly repairs to the catch basins.

DO NOT create a traffic hazard

Please do not place leaf piles behind obstacles such as trees, cars, fire hydrants, light poles or anywhere they will interfere with traffic. Try to keep the height and width to a minimum. For safety reasons, please do not allow your children to play in the piles that are placed by the road.
