- C. The Village Board has compared the impacts reasonably expected to result from the proposed action to the criteria listed in 617.7(c)(1) as indicators of significant adverse impacts:
1. Air quality, ground or surface water quality or quantity, traffic or noise levels, solid waste production, erosion potential, flooding, leaching or drainage problems;
 2. Removal or destruction of large quantities of vegetation or fauna, interference with migration fish or wildlife, impacts to special habitats, impacts to threatened or endangered species, or any other impacts to natural resources;
 3. Impairment of Critical Environmental Areas;
 4. Conflicts with currently adopted community plans and goals;
 5. Impairment of important historical, archeological, or aesthetic resources or community character;

 12. Two or more related actions undertaken, funded or approved by an agency that combined have a significant effect on the environment.
- D. 617.7(c)(2) – For the purpose of determining significant adverse impacts on the environment of those factors listed above, the long-term, short-term, direct, indirect and cumulative impacts, including simultaneous or subsequent actions, to the extent reasonable, as included in any long-range plan for the action, any action that is a result of the reviewed action or is dependent on the action were reviewed.
- E. 617.7(c)(3) – The significance of any likely consequences was assessed in connection with the setting of the action, the likelihood of occurrence, duration, irreversibility, geographic scope, magnitude and the number of people affected as a consequence of the action.

Based on this review, the Village of Millbrook Village Board has determined that no significant adverse environmental impacts would result from this Action.

Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Project :

Date :

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency’s reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer “**Yes**” to a numbered question, please complete all the questions that follow in that section.
- If you answer “**No**” to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box “Moderate to large impact may occur.”
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the “whole action”.
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: Type 1 Unlisted

Identify portions of EAF completed for this Project: Part 1 Part 2 Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the _____ as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

**NARRATIVE TO BE ATTACHED TO EAF FOR LOCAL LAW AMENDING
CHAPTER 230 OF THE VILLAGE CODE ENTITLED “ZONING” TO ESTABLISH
RULES AND REGULATIONS FOR SHORT-TERM RENTALS.**

The intent of this Local Law is to amend Chapter 230 of the Village Code Entitled “Zoning” to Establish Rules and Regulations for Short-Term Rentals. This amendment will is not intended to allow or create any new use of property in the Village. Rather, it is intended to impose regulations on an already existing use.

This local law is not expected to have any adverse impact on the environmental resources of the Village.

RESOLUTION No. LL0022024.4

Enacting Local Law No. 2 of 2024 Amending Chapter 230 of the Village Code Entitled “Zoning” to Establish Rules and Regulations for Short-Term Rentals

At a meeting of the Village Board of Trustees of the Village of Millbrook (“Village Board”), held at the Village Fire House, 20 Front Street, Millbrook, New York on the 14th day of February, 2024, at 6:00 p.m., Village Mayor, Tim Collopy called the meeting to order, and _____, seconded by _____ Trustee _____, moved the following resolution, to introduce the following local law, to be known as Local Law No. 2 of 2024, entitled “A Local Law Amending Chapter 230 of the Village Code entitled ‘Zoning’ to add a new Sub-Section 230-30(C) Containing Rules and Regulations for Short-Term Rentals” as follows:

WHEREAS, the following Local Law was introduced as Proposed Local Law No. 5 of 2023, by Resolution adopted at a regular meeting of the Village Board held on December 13th, 2023; and

WHEREAS, the Local Law was referred to the Dutchess County Department of Planning and Development as required under New York General Municipal Law §239-m, and the Dutchess County Department of Planning and Development in its response dated November 8, 2023, stated it is a matter of “Local Concern with Comments” without requesting modification or disapproval; and

WHEREAS, a properly noticed public hearing was held before the Village Board during the meeting on January 10th, 2024, and on February 14, 2024, on Proposed Local Law No. 5 of 2023; and

WHEREAS, the Village Board determined the enactment of this Local Law will have no adverse environmental impacts and issued a Negative Declaration pursuant to the New York State Environmental Quality Review Act; and

WHEREAS, the proposed Local Law set forth below is incorporated herein as if recited verbatim, and the Village Board directs that said Local Law be spread across the minutes of this meeting as if it, in fact, had been read verbatim during the meeting; and

NOW THEREFORE, BE IT ENACTED by the Board of Trustees of the Village of Millbrook (“Village Board”) as follows:

Section 1. Legislative intent: Section 230-30 of the Village of Millbrook Village Code entitled “Overnight accommodations” contains regulations for Inns and Bed-and-breakfast establishments but does not include any regulations for short-term rental accommodations such as those commonly advertised on websites such as Airbnb and VRBO. The Village Board has observed that more and more residents of the Village are either currently offering short-term rental accommodations or seeking to offer short-term rental accommodations in their homes. That combined with the need for both short-term and long-term housing in the Village has led the Village Board to determine it is in the best interest of the Village to amend the Village Code to establish regulations for such short-term rental accommodations. The Village Board now, therefore, wishes to amend Chapter 230 of the Village Code entitled “Zoning” to add a new subsection 230-30(C) to Section 230 entitled “Overnight accommodations” to establish rules and regulations for short-term rental accommodations in the Village.

Section 2. Section **230-30** of the Village Code entitled “Overnight accommodations” is hereby amended by adding a new Sub-Subsection 230-30(C) to read as follows.

“C. Short-Term Rentals.

- (1) Purpose. The purpose of this section is to establish a set of regulations applicable to the short-term rental of residential real property in the Village of Millbrook. These regulations are in addition to all other provisions of this Chapter. In the adoption of these standards, the Board of Trustees of the

Village of Millbrook (the “Village Board”) find that short-term rentals (“STRs”) have the potential to be incompatible with surrounding residential uses, especially when several are concentrated in the same area, thereby having the potential for a deleterious effect on the adjacent full-time residents. The Village Board recognizes the benefits of short-term rentals to allow homeowners to supplement their income to defray the cost of housing and to provide lodging for visitors to the Village. The Board of Trustees also find that STRs have the potential to have a detrimental effect on affordable housing and economic diversity in the Village, by removing dwelling units from the long term rental market and driving up demand for the limited remaining housing supply. This can result in fewer available units and increased prices or rents for those units that are available. Special regulation of these STR uses is necessary to ensure that they will be compatible with surrounding residential uses, protect the health, safety and welfare of Village residents and will not act to harm and alter the neighborhoods they are located within.

(2) Definitions.

- a. Short-Term Rental - A single-family dwelling or two-family dwelling or portion thereof, or an accessory apartment, offered for rent or lease, for an occupancy of fewer than thirty-one (31) consecutive days, the rates for which include lodging only, and no other commercial services are offered. A qualifying property is limited to the applicant's Primary Residence. The term “short-term rental” does not include Bed and Breakfast, Group Home, Hotel/Conference Center, or Inn, as regulated by the Village of Millbrook Zoning Code.
- b. Hosted Short-Term Rental – A Short-Term Rental where the owner is present on the property overnight during the period when guests are on-site for the short-term rental.

- e. Primary Resident – a natural person(s) who is the main occupant or occupants of the property containing the Short-Term Rental.
- f. Agent – Person designated by host to act on host’s behalf in the absence of the host.
- g. Host – the person who owns the property in the Village being offered for Short-Term Rental.

(3) Presumption of Dwelling Unit as Short-Term Rental Property.

- a. The presence of the following shall create a presumption that all or a part of the property is being used as a Short-Term Rental:
 - 1. All or part of the property is offered for lease on a short- term rental website, including but not limited to Airbnb and VRBO, for a rental period of less than thirty-one (31) days; and/ or

Applications will be accepted on a first-come, first serve basis until fifteen (15) permits are issued. Subsequent applications will be placed on a waitlist. If and when there are fewer than fifteen (15) Permits, the waitlist will be utilized starting with the application that has been on the waitlist the longest amount of time.
- b. Permits shall be issued to a specific Primary Resident and are not transferrable or assignable. A Primary Resident is not eligible to possess more than one STR Permit. The term of a Permit shall be two (2) years.

- j. An annual satisfactory inspection from the CEO is mandatory prior to issuance of a Permit. The owner shall arrange for and schedule such inspection directly with the CEO and give reasonable access for inspections to be conducted to ensure compliance with the provisions of the Village of Millbrook Code, the NYS Uniform Fire Protection and Building Code and Life Safety Code.
- k. All STR guests are subject to the provisions of Section 230-14 of the Village Code, the Performance Standards, and of the enforcement provisions of Section 230-60. The Host or Agent is responsible for informing each guest of these provisions.
