~ PHOTO SUBMISSION ~

- Scanning Tips to Ensure Best Banner Results
- Ensure file submitted is high resolution.
- File should be a minimum of 300 dpi for a 4x6 photo while smaller photos should be scanned at 600-1200 dpi or greater.
- Save files at maximum print/resolution settings for JPG & PDF with the honoree's name (not dad's pic, scan1, etc).
- View our Scanning Tips for more detailed scanning instructions:
<https://militarytributebanners.org/about/photo-scanning-tips.html>

NOTE: Photos from social media / websites are generally low resolution and should not be used, if possible, to ensure best results. You want the best results possible so take the time to find the best photo and have it scanned in properly. If you are not able to scan it yourself, enlist the help of a family member, friend, or your local photo place (Walgreens, CVS, Walmart, etc.) You will be happy that you did when you see the finished banner on display.
