President Richard Lee
Village of Oakdale
133 Well Drive
Tomah, WI 54660

Dear President Richard:

In the near future, Department of Revenue staff will appraise a sample of properties in Village of Oakdale. The appraisal work consists of roadside inspections of residential, commercial, or agricultural properties and includes taking photographs from public roads. When necessary, staff may contact owners of commercial properties to request an onsite inspection. All employees conducting this review have Wisconsin Department of Revenue issued photo identification. The results of the appraisal project will be used to adjust the 2027 Equalized Value, certified on August 15, 2027. The appraisals do not impact an individual property's assessed value.

Our office has obtained the 2026 assessment roll data from the County Property Lister and has requested that your assessor provide access to the property record cards for the parcels to be reviewed. The cooperation of the municipality is greatly appreciated and will contribute to the development of an equitable Equalized Value.

If you have any questions or concerns, please feel free to contact me.

Sincerely,

Xee Xiong
