

NOTICE

VILLAGE OF SCANDINAVIA RESIDENTS

BRUSH DISPOSAL SITE

For your convenience, brush disposal for branches and limbs created by the April 2nd 2026 Ice Storm is open to Village of Scandinavia residents at the Sewer Lagoon site at E2199 Silver Lake Road. As a courtesy to your neighbors, please take advantage of this site rather than burning on your property.

The site will be monitored to assure that only brush and leaves are deposited at this site. If use of this site is abused, it will be necessary to discontinue it.

Please place your brush as far back (South) and to the EAST SIDE as you are able. Please DO NOT place any brush near the Sewer Lagoon fence or in a way to block access into the area.

Also please latch the gate behind you.

Thank you!
