The Village Board of the Village of Wales, Waukesha County, Wisconsin does ordain as follows:

Section One: Section 384-9(D)(1) of the Municipal Code is hereby deleted in its entirety and recreated to read as follows:

(1) Record Drawings. To ensure compliance with this Chapter and to serve as the basis for the engineering verification under Subsection (D)(2) below, record drawings shall be completed in accordance with Village standards and certified as accurate by a registered land surveyor or an engineer licensed in the State of Wisconsin. Record drawings shall be submitted to the Village Engineer/Building Inspector for all stormwater management BMPs, bridges and culverts pursuant to Section 384-11(D)(6)(d) below, and other permanent Best Management Practices or practice components as deemed necessary by the Village to insure their long-term maintenance. The Village will require final submittal of the record drawings in both paper copies and electronic format submittals as specified by the Village Engineer based on Village ordinances and policies and shall include field changes, if any. In conjunction with submission of the record drawings, the Village requires that the permit holder, or his agent, perform a joint inspection of the stormwater practices and facilities with the engineer or his designee.
