

Refuse and Recycling Carts?
Jan 14, 2015

What is your opinion?

The Village is currently reviewing proposals for recycling and refuse pick up. One of the determining factors for the Village board is if you, the resident, is interested in using a cart? One recycling and one refuse cart per residence will be provided. The footprint of the 95-gallon cart is approximately 26" x 34" x 46" high. The cart holds 7-8 kitchen bags which are 13 gallons each. Please let the village office know if you are or are not interested by contacting us by email: ctwyocena@gmail.com , phone: (608) 429-2349 or by stopping in at the office.
