# HAPPY NEW YEAR 2014

**New** for 2014: Changes on the City Council

With the beginning of the New Year, we say **goodbye to Councilman David Tovey and welcome newly elected Councilman Kelly Enquist.**

**Councilman Tovey** served West Bountiful City honorably for three and a half years on the City Council and 4 years on the Planning Commission. Thinking back on his accomplishments, Councilman Tovey is proud to have been involved with the improvements at the City Park and golf course as well as helping to get the city back on track with improvements to the roads and water system. We will all miss serving with Councilman Tovey and wish him the very best as he continues to be an asset to our community.

## We are also excited to welcome Councilman Kelly Enquist!

A lifelong resident of south Davis County and a 38 year resident of West Bountiful City, Councilman Enquist has deep roots to say the least. Asked why he put his name forward to serve on the council, he stated that he is thrilled at the chance to give back to the community he has benefited from so much over the years. Prior to being elected, Councilman Enquist was an active member of the community, and made a positive impact on our parks and trails. His goals moving forward include having the City continue to earn the trust of its residents, promoting transparency, and keeping the community informed of the developments at the Holly refinery.

All of the elected and appointed officials for West Bountiful City, with our many volunteers and dedicated employees, sacrifice and work hard to help make this such a great place to live. West Bountiful City's future is bright moving in to 2014!

## WINTER REMINDERS

**OVERNIGHT PARKING IS NOT PERMITTED ON STREETS** November 15 - April 1st. NO PARKING ANYTIME on streets when snow is visibly falling or streets have not been plowed.

**FREEZING TEMPERATURES**-When temperatures reach sub-freezing levels, plumbing along the outside walls has greater chance of freezing. Leaving cabinet doors open and faucets open enough to allow a trickle of water to flow, and installing insulated covers on all hose bibs will help avoid frozen pipes.

**SIDEWALKS** - Must be cleared within 24 hours of each snowfall. Remember that all snow from your property must remain on your property and not in the street or your neighbor's property.

**ADOPT A HYDRANT**- As snow accumulates, fire hydrants disappear. If you have a hydrant in your yard, please take time to shovel around it to make it visible and readily available in case of emergency.

**THANK YOU!!!** We appreciate your cooperation and patience as we work to keep our city streets free of snow and ice.

## Future Projects

### 900 West

We are looking forward to reconstructing 900 West south of Pages Lane. The project will include replacing water lines, valves, fire hydrants and water laterals up to and including the water meter and setter, followed by a rebuild of the street (road base and asphalt). We anticipate this project will be completed before school begins in August.

### 800 West

Reconstruction will also be done this year along 800 West between 1600 North and 1950 North, and 2200 North to 2320 North. The project will include replacing water valves, fittings and laterals, removing asphalt and rebuilding the road. This project is expected to take place in the summer of 2014.

### FEMA Flood Potential Maps

The Federal Emergency Management Agency (FEMA) has the responsibility of assisting individuals and communities in the event of natural disaster. Besides assisting in the aftermath of such disasters, FEMA also has the responsibility to evaluate flooding potentials. The flood potential from natural drainages is shown on Flood Insurance Rate Maps (FIRM) for the more developed areas across the United States, including our community. The FIRM maps are available for review at the City offices and the Davis County Library. Anyone interested in reviewing the FIRM maps can contact the City.

The packets include an agenda and the information to be discussed at the meeting. To access the information, go to the Calendar on the front page of the website and click on the meeting.

# Shopping Local – What's In West Bountiful?

There are many benefits to shopping locally: we keep our tax dollars within our community, we support local business owners and employees, and we help with air quality by driving less. West Bountiful City is fortunate to have a great small-town feel while also benefiting from a vibrant commercial district. But as our community borders are sometimes hard to distinguish, some may ask, "What stores and restaurants are in West Bountiful?" In this article, we will spotlight our commercial district on the east side of I-15.

East of I-15, West Bountiful's commercial district can be divided into three areas: The Gateway, The Commons, and the area north of 400 N.

*The Gateway:* West Bountiful's first modern commercial project, this is the area just north of 500 South. It includes stores such as Shopko, Ross, TJ Max, and Barnes & Noble; restaurants such as Chuck-A-Rama, Café Rio, Pizza Factory and Taste of India; and entertainment with Cinemark Theaters.

*The Commons:* North of the Gateway area, the Commons boasts stores such as Costco, Lowes, Petco, Deseret Book, and Office Depot; and eating places such as Texas Roadhouse, Applebee's, Arella's, Chipotle, Mikado, and Jimmy John's Sandwiches.

*North of 400 N:* While this area isn't a shopping center, the area between I-15 and 500 West is an important part of our business community. Larry H Miller Bountiful Chrysler & Jeep is the City's largest auto dealer and the Country Inn & Suites is a prime hotel/meeting center.

With so many great options, it is simple to see how easy it is for all of us to support our community by utilizing the services available in our City and shopping locally to keep sales taxes working to benefit West Bountiful.

**WEST BOUNTIFUL PD – Lieutenant Corie Hamilton**

As we come to the close of the 2013 year, we as a Police Department want to extend our thanks to our city co-workers, the City Council, and to the citizens of West Bountiful for the support that has been extended to us. We feel grateful for the opportunity to work here and we want you to know how invested we are in this community.

As we experienced **Christmas on Onion Street** this year and saw the great turnout, we were impressed with the way the city invests in the children and their futures. Think of the great memories these events will produce in their lives as these children grow to have children of their own. This is a great place to live and work!
