

## DELL BUTTERFIELD

My name is Dell Butterfield ([Dell4WB.Com](http://Dell4WB.Com)), and I am running for West Bountiful City Council.

### PERSONEL BACKGROUND:

For most of my life I have called South Davis County home. I attended Bountiful High School, played football at Utah State University, and married my high school sweetheart Teresa. Together we raised our three kids. A little over 14 years ago we moved to West Bountiful and have never looked back!

### PROFESSIONAL BACKGROUND:

I am an accountant by profession and worked for over 33 years at Union Pacific Health Systems; 20 years of those as the CFO, and 13 as the CEO. I was elected President of the National Association of Railroad Medical Executive for 13 years. In addition to my career with the Railroad, my wife and I co-founded an educational toy business which I was CEO for fourteen years before selling it.

### Why West Bountiful:

We were drawn to West Bountiful because of open space, charm and the people. When I was a teenager, I worked at the golf course when it was only nine holes, it's still one of my favorite places to hit a bucket of balls or play a round. I'll never forget drinking the cold clear water from the artesian well on 1100 west when I was a kid. With my professional and leadership background I can help move WB into the future while maintaining our current culture. I am proud to call West Bountiful home.
