

WEST BOUNTIFUL PROCESS TO VACATE AN EASEMENT

If a need arises to reduce or vacate a public utility easement or drainage easement, the following process can be used. Contact Tauna Sessions, Deputy City Recorder, at 801-292-4486 or tsessions@wbcityut.gov with any questions.

Applicants will need to provide: **1)** *Utility releases from the companies listed below - please ask that they also send copies to tsessions@wbcityut.gov; 2)* Application to Vacate Easement with payment; **3)** *Electronic copy of map/plat clearly showing the easement; 4)* Legal description of easement to be released (work with city to determine what, if any, part of the easement can be released before creating the legal description).

Once the utility releases are received and payment has been submitted, the city will provide public notice of the application as required by state law (UCA 10-9a-208) 10 days before the city council holds a public hearing on the request.
