# **Independent Auditors' Report**

To the Board of Finance Town of Windsor Locks, Connecticut

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Windsor Locks, Connecticut, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Town of Windsor Locks, Connecticut's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Windsor Locks, Connecticut, as of June 30, 2013 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 11, the budgetary comparison information on pages 43 through 50 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Windsor Locks, Connecticut's basic financial statements. The combining and individual nonmajor fund financial statements and schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of

America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2013 on our consideration of the Town of Windsor Locks, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Windsor Locks, Connecticut's internal control over financial reporting and compliance.

West Hartford, Connecticut

December 21, 2013

# TOWN OF WINDSOR LOCKS, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2013

Management of the Town of Windsor Locks, Connecticut (the Town) offers readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2013. Please read it in conjunction with the Town's financial statements, which immediately follow this section.

# **FINANCIAL HIGHLIGHTS**

- The assets of the Town exceeded its liabilities at the close of the most recent fiscal year by \$75.7 million (net position). Of this amount, \$21.6 million (unrestricted net position) may be used to meet the Town's ongoing obligations to citizens and creditors.
- On a government-wide basis, during the year the Town's total net position increased by \$3.3 million (4.6%) from \$72.4 million to \$75.7 million. The majority of the increase is attributable to the capital assets.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$9.9 million, a decrease of \$1.7 million in comparison with the prior year.
- At the end of the close of the current fiscal year, unassigned fund balance for the General Fund was \$10.2 million, or 23.3% of total General Fund expenditures and transfers out.
- The Town's bonded debt excluding capital leases decreased by \$1.7 million or 10.1% during the current fiscal year.

# **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

# **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Town's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The statement of activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements present only governmental activities whose functions are principally supported by taxes and intergovernmental revenues, since the Town does not operate any business-type activities. The governmental activities of the Town include general government, public safety, public works, health and welfare, recreation and education.

# **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

# Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Town's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains fifteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balance for the General Fund, Sewer Administration Fund and Capital Projects Fund, all of which are considered to be major funds. Data from the other twelve governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Town adopts an annual budget for its General Fund. A budgetary comparison statement has been provided as required supplementary information.

# **Proprietary Funds**

The Town maintains one type of proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Town's various functions. The Town uses an internal service fund to account for its medical insurance benefits. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

# Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the Town government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary type funds.

# **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The Town's net position from a year ago increased from \$72.4 million to \$75.7 million. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the Town's governmental activities.

# TABLE 1 NET POSITION In Thousands

	Governmental Activities				
		2013	_	2012	
Current and other assets	\$	28,207	\$	24,378	
Capital assets, net of accumulated depreciation		72,655		70,244	
Total assets		100,862		94,622	
Long-term debt outstanding		14,184		15,766	
Other liabilities		10,950		6,460	
Total liabilities	_	25,134	_	22,226	
Net Position:					
Net investment in capital assets		54,116		52,305	
Restricted		4		4	
Unrestricted		21,608		20,087	
Total Net Position	\$	75,728	\$	72,396	

Net position of the Town's governmental activities increased by 4.6%. Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - changed from \$20.1 million at June 30, 2012 to \$21.6 million at the end of this year.

# TABLE 2 CHANGE IN NET POSITION In Thousands

		Governmental Activities			
	_	2013		2012	
Revenues:					
Program revenues:					
Charges for services:	\$	4,206	\$	3,961	
Operating grants and contributions		11,645	-	12,314	
Capital grants and contributions		237		206	
General revenues:					
Property taxes		31,510		30,193	
Grants and contributions not restricted to specific		•		·	
purposes		6,217		6,091	
Investment income		82		131	
Miscellaneous		126		71	
Total revenues	_	54,023	_	52,967	
Expenses:					
General government		2,290		2,045	
Public safety		4,949		4,921	
Public works		5,326		6,647	
Health and welfare		422		464	
Recreation		1,198		1,119	
Education		36,116		35,397	
Interest on long-term debt		390		550	
Total program expenses	_	50,691		51,143	
Increase in Net Position	\$_	3,332	\$	1,824	

The Town's total revenues were \$54.0 million. The total cost of all programs and services was \$50.7 million. Our analysis below considers the operations of governmental activities.

# **Governmental Activities**

Approximately 58.0% of the revenues were derived from property taxes, followed by 21.5% from operating grants and contributions, 11.5% from other grants and 8.8% charges for services. The remaining 0.2% was derived from investment earnings and miscellaneous revenue.

Major revenue factors included:

- Property tax revenues recorded for fiscal year 2013 reflect an increase in the Town's tax rate of 4.6%. The additional tax rate resulted in additional revenues of \$1.3 million.
- Operating and capital grants decreased by \$669 thousand.
- Charges for services increased by \$245 thousand.
- Grants and contributions not restricted to specific purposes increased by \$126 thousand.

For the most part, decreases in expenses closely paralleled inflation and decrease in the demand for services. However, there were a couple of exceptions noted below.

- Conservative efforts by public works, public safety, and general government added to a positive position from budget to actual.
- Property, liability, and worker's compensation averaged a 13.6% increase. The Town has a self insured medical program and this year our medical insurance expenditures decreased by 18.6%.
- The cost of education services increased due to negotiated wage settlements, employee health insurance cost increases, special education cost.

Table 3 presents the cost of each of the Town's largest programs - general government, public safety, public works, health and welfare, recreation and education - as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the Town's taxpayers by each of these functions.

# TOWN FUNDS FINANCIAL ANALYSIS

# **Governmental Funds**

As the Town completed the year, its governmental funds (as presented in the balance sheet - Exhibit III) reported a combined fund balance of \$9.9 million, which is a decrease from last year's total of \$11.6 million. Approximately \$4.0 million (40.5%) of this total amount constitutes unassigned fund balance, which is available for spending at the Town's discretion. \$1.1 million (10.57%) is assigned as encumbrances and subsequent years appropriations. \$4.4 million (44.9%) is committed to designated use. The remainder of fund balance is restricted or nonspendable to indicate that it is not available for spending because it has already been obligated for permanently restricted endowments inventory (\$252 thousand).

# General Fund Budgetary Highlights

The General Fund is the operating fund of the Town. At the end of the current fiscal year, total fund balance and unassigned fund balance of the General Fund was \$11.3 million and \$10.2 million, respectively.

There has been a designated use of fund balance for next year's budget in the amount of \$650,000, while unassigned fund balance was \$10.2 million. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance and to total fund expenditures. Unassigned fund balance represents 23.3% of total General Fund expenditures and other financing.

The fund balance of the Town's General Fund increased by \$1.4 million during the current fiscal year. The key factor was a decrease in Town expenses for the budget year and an unanticipated one time revenue.

# Sewer Administration Fund

The fund balance increased by approximately \$92 thousand. A transfer to the General Fund of \$103 thousand was for debt service.

# Capital Projects Fund

This fund accounts for financial resources to be used for the acquisition of major equipment or construction of facilities. Appropriations are made annually by the Board of Finance and citizen referendum pursuant to the Town Charter. Expenditures for capital projects and equipment for 2012-13 were \$4.9 million.

The Town is continuing renovations and upgrade projects for Town Hall. A two year sewer and road construction project has been completed for South Center Street. In 2011, the Town was awarded a Small Cities Grant for road reconstruction on Pearl and Fern Streets and was completed during this year. There have been various sidewalk improvements.

# **CAPITAL ASSET AND DEBT ADMINISTRATION**

#### Capital Assets

At June 30, 2013, the Town had invested in a broad range of capital assets, including land, construction in progress, land improvements, buildings, building improvements, machinery and equipment, vehicles, furniture and fixtures and infrastructure (roads, sewer lines, sidewalks) on a gross basis of \$112.9 and \$72.7 million net of accumulated depreciation.

TABLE 4
CAPITAL ASSETS (Net of Depreciation)
In Thousands

		Gover Act	rnm tiviti	
		2013	_	2012
Land \$	<b>.</b>	3,694	\$	3,694
Construction in progress		3,169		4,575
Land improvements		1,983		1,537
Buildings		7,707		7,906
Building improvements		28,432		27,618
Machinery and equipment		5,463		5,919
Vehicles		2,097		2,081
Furniture and fixtures		177		168
Infrastructure		19,933	_	16,746
Totals \$	s	72,655	\$_	70,244

This year's major additional included:

- Completion of South Center Street
- North Street School Roof Project
- Various road and sewer projects

More detailed information about the Town's capital assets is presented in Note 1 and Note 5 to the financial statements.

# **Long-Term Debt**

At June 30, 2013, the Town had bonded debt outstanding of \$10.7 million. All of this debt comprises debt backed by the full faith and credit of the Town.

The Town's total debt decreased by a net of \$1.7 million. The Town maintains an "Aa1" rating from Moody's Investors Service and "AA" from Standard & Poor's for general obligation debt. The State limits the amount of general obligation debt that towns can issue on a formula determined under State Statutes based on type of debt and tax base. The Town's outstanding general obligation debt is significantly below this \$218.7 million State-imposed limit.

Other obligations include accrued vacation pay and sick leave. More detailed information about the Town's long-term liabilities is presented in Note 7 to the financial statements.

# ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The November 2013 unemployment rate for the Town is currently 7.2%, which is a decrease from a rate of 9.4% a year ago. This compares favorably to the State's average unemployment rate of 7.9% as of November 2013. Recessionary trends are consistent with national indices.

All of these factors were considered in preparing the Town's budget for the 2013 fiscal year.

During the current fiscal year, unassigned fund balance in the General Fund increased by \$731 thousand.

# **CONTACTING THE TOWN'S FINANCIAL MANAGEMENT**

This financial report is designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, 50 Church Street, Windsor Locks, Connecticut 06096-2348.

## TOWN OF WINDSOR LOCKS, CONNECTICUT

# **BALANCE SHEET - GOVERNMENTAL FUNDS (CONTINUED)**

# **JUNE 30, 2013**

Reconciliation of the Balance Sheet - Governmental Funds to the Statement of Net Position:

Amounts reported for governmental activities in the statement of net position (Exhibit I) are different because of the following:

Fund balances - total governmental funds (Exhibit III)		\$ 9,890,249
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:		
Governmental capital assets Less accumulated depreciation Net capital assets	\$ 112,867,018 (40,212,307)	72,654,711
Other long-term assets are not available to pay for current-period expenditures and, therefore, are not recorded in the funds:		

Property tax receivables greater than 60 days	861,139
Interest and lien receivable on property taxes	606,490
Assessments receivable	238,844
Interest and lien receivable on assessments	83,267
Receivable from the state for school construction projects	1,106,750

Internal service funds are used by management to charge the costs of risk management to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities in the statement of net position. 4,594,631

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:

Bonds and notes payable	(11,557,035)
Interest payable on bonds and notes	(123,808)
Compensated absences	(942,763)
Capital leases	(522,429)
OPEB obligation	(1,031,678)
Heart and hypertension	(160,000)
Deferred charges on refunding	29,739_

Net Position of Governmental Activities (Exhibit I) \$ 75,728,107

# STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS (CONTINUED)

#### FOR THE YEAR ENDED JUNE 30, 2013

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities:

Amounts reported for governmental activities in the statement of activities (Exhibit II) are different because:

Amounts reported for governmental activities in the statement of activities (Exhibit II) are different because:		
Net change in fund balances - total governmental funds (Exhibit IV)	\$	(1,667,413)
Governmental funds report capital outlays as expenditures. In the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:		
Capital outlay Depreciation expense		4,835,725 (2,425,252)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, and revenues recognized in the funds are not reported in the		(=,:==,===)
statement of activities:		
School building grant receipts		(256,028)
Property tax receivable - accrual basis change		(65,479)
Property tax interest and lien receivable - accrual basis change		96,518
Sewer assessment receivable - accrual basis change		(11,835)
Sewer assessment interest and lien receivable - accrual change		(4,126)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are amortized and deferred in the statement of activities. The details of these differences in the treatment of long-term debt and related items are as follows:		
Bond and note principal payments		1,800,414
Capital lease proceeds		(174,922)
Capital lease payments		177,012
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:		
Compensated absences		27,025
OPEB obligation		(192,402)
Accrued interest		23,130
Amortization of deferred charge on refunding		(12,456)
Heart and hypertension claims		(42,500)
Internal service funds are used by management to charge costs to individual funds. The net		
revenue of certain activities of internal services funds is reported with governmental activities.	_	1,225,090

#### NOTES TO FINANCIAL STATEMENTS

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Windsor Locks, Connecticut (the Town) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the Town are described below.

# A. Reporting Entity

The Town of Windsor Locks was incorporated in 1854, under the General Statutes of the State of Connecticut. The Town adopted a Town Charter effective January 5, 1981, which was revised on December 2, 1993. The form of government includes a Board of Selectmen consisting of a First Selectman, who is the chief administrative and executive official of the Town, and two other members. The Board of Selectmen and the Town Meeting have the legislative power of the Town, and may enact ordinances consistent with the General Statutes of the State of Connecticut and specific provisions of the Town Charter. The Board of Education, which is not a separate legal entity, is responsible for the operation of the public school system.

Additionally, the Charter includes a Board of Finance and a Treasurer. The Board of Finance is responsible for presenting fiscal operating budgets for Town approval. The Treasurer receives all money belonging to the Town and makes expenditures based upon the appropriate authority.

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Agency funds do not have a measurement focus but are accounted for using the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, charges for services, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received.

The Town reports the following major governmental funds:

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund.

The Sewer Administration Fund accounts for sewer services provided to certain residents of the Town. The major source of revenue is sewer assessment charges.

The Capital Projects Fund accounts for the financial revenues to be used for major capital asset construction and/or purchases. The major sources of revenue are grants, capital leases and bond issuances.

Additionally, the Town reports the following fund types:

The Internal Service Fund accounts for risk financing activities for medical insurance benefits as allowed by GASB Statement No. 10.

The OPEB Trust Fund accounts for the activities of the Windsor Locks other postemployment benefits for town retirees and their beneficiaries.

The Agency Fund is used to account for monies held on behalf of students.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between certain Town's functions because the elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's internal service fund are charges to customers for medical insurance benefits. Operating expenses for the internal service fund include the cost of claims and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources are used in the following order: committed, assigned then unassigned.

#### **D.** Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the Town to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements and certain other investments as described in Note 3.

Investments are reported at fair value.

#### E. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." An amount of \$457,975 has been established as an allowance for uncollectible taxes. At June 30, 2013, this represents 29% of all property taxes receivable.

In the fund financial statements, all property taxes receivable at June 30, 2013, which have not been collected within 60 days of June 30, have been recorded as deferred revenue since they are not considered to be available to finance expenditures of the current fiscal year. Taxes collected during the 60-day period have been recorded as revenue.

Property taxes are assessed on property as of October 1. Taxes are billed in the following July and are due in two installments, July 1 and the following January 1. Liens are effective on the assessment date and are continued by filing before the end of the fiscal year following the due date. Payments not received within one month after the due date become delinquent, with interest charged at 1-1/2% per month.

# F. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 for equipment, \$20,000 for improvements and \$100,000 for infrastructure and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

Assets	<u>Years</u>
Buildings	75
Building improvements	75
Land improvements	20
Roads	25-50
Sidewalks	25
Sewer plant	50
Sewer lines	70
Storm drains	70
Vehicles	8
Office equipment	5-10

#### **G.** Compensated Absences

Employees are paid by prescribed formula for absence due to vacation or sickness. For certain Town employees and Board of Education employees, vacation time and sick time may be accumulated and paid upon death or retirement, up to certain limits.

#### H. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of any significant applicable bond premium or discount. Significant bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### I. Fund Equity

Equity in the government-wide financial statements is defined as "net position" and is classified in the following categories:

Net Investment in Capital Assets - This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted Net Position - Net position is restricted because it is externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The Town currently has no net position under restriction.

Unrestricted Net Position - This component consists of net position that does not meet the definition of "restricted" or "net investment in capital assets."

The equity of the fund financial statements is defined as "fund balance" and is classified in the following categories:

Nonspendable Fund Balance - This represents amounts that cannot be spent due to form (e.g., inventories and prepaid amounts).

Restricted Fund Balance - This represents amounts constrained for a specific purpose by external parties, such as grantors, creditors, contributors or laws and regulations of their governments.

Committed Fund Balance - This represents amounts constrained for a specific purpose by a government using its highest level of decision-making authority (Windsor Locks Board of Finance and Town Meeting). Amounts can be committed, modified or rescinded by resolution of the Board of Finance or vote at Town Meeting.

Assigned Fund Balance - For all governmental funds other than the General Fund, this represents any remaining positive amounts not classified as nonspendable, restricted or committed. For the General Fund, this includes amounts constrained for the intent to be used for a specific purpose by a governing board or a body or official that has been delegated authority to assign amounts by the Town Charter (Windsor Locks Finance Director and Board of Education Business Manager).

Unassigned Fund Balance - This represents fund balance in the General Fund in excess of nonspendable, restricted, committed and assigned fund balance. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

#### J. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities including disclosures of contingent assets and liabilities and reported revenues, expenses and expenditures during the fiscal year.

#### 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

# A. Budgetary Information

The Town adheres to the following procedures in establishing the budgetary data included in the general fund financial statements. On or before February 1 of each year, each officer and the head of each office, board or commission supported wholly or in part from Town funds, files a detailed estimate of the expenditures to be made and revenues to be collected in the ensuing year with the Board of Finance.

The Board of Finance then prepares a proposed general Town budget and tax mill rate, holds a public hearing and presents the budget to the annual Town budget meeting, at which time it is legally adopted.

Funds for any additional appropriations less than \$10,000 or any emergency appropriations shall be drawn as directed by the Board of Finance from any available fund balance, an approved contingency fund or funds received or to be received from State, Federal or other sources.

Additional appropriations in excess of \$10,000 (except for emergency situations) require Town Meeting approval. Appropriations for capital expenditures in excess of \$200,000, to be funded by borrowing, require a referendum.

There were no additional appropriations made from fund balance during the year.

Formal budgetary integration is employed as a management control device during the year.

The legal level of control (the level at which expenditures may not legally exceed appropriations) is at the department level.

The Board of Education, which is not a separate legal entity but a department of the Town, is authorized under state law to make any transfers required within their budget at their discretion. Any additional appropriations must have Board of Education, Board of Finance and Town Meeting approval (in excess of \$10,000 in the aggregate for the year).

Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued, and, accordingly, encumbrances outstanding at year end are reported in budgetary reports as expenditures in the current year. Generally, all unencumbered appropriations lapse at year end, except those for the Capital Projects Funds. Appropriations for capital projects are continued until completion of applicable projects, even when projects extend more than one fiscal year.

#### **B.** Fund Deficits

The Capital Projects Fund has a fund deficit of \$4,055,146 which will be financed by permanent financing of General Fund transfers. The Special Education Grants fund has a deficit of \$841 which will be funded by future grants and contributions.

#### 3. CASH, CASH EQUIVALENTS AND INVESTMENTS

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a "qualified public depository" as defined by Statute or in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit in an "out of state bank," as defined by the Statutes, which is not a "qualified public depository."

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF). These investment pools are under the control of the State Treasurer, with oversight provided by the Treasurer's Cash Management Advisory Board, and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the fair value of the position in the pool is the same as the value of the pool shares.

#### **Deposits**

Deposit Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposit will not be returned. The Town does not have a deposit policy for custodial credit risk. The deposit of public funds is controlled by the Connecticut General Statutes. Deposits may be placed with any qualified public depository that has its main place of business in the State of Connecticut. Connecticut General Statutes require that each depository maintain segregated collateral (not required to be based on a security agreement between the depository and the municipality and, therefore, not perfected in accordance with federal law) in an amount equal to a defined percentage of its public deposits based upon the depository's risk-based capital ratio.

Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, \$4,800,172 of the Town's bank balance of \$5,300,172 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$	4,295,981
Uninsured and collateral held by the pledging bank's		
trust department, not in the Town's name	_	504,191
	-	
Total Amount Subject to Custodial Credit Risk	\$	4,800,172

# **Cash Equivalents**

At June 30, 2013, the Town's cash equivalents amounted to \$13,573,793. The following table provides a summary of the Town's cash equivalents (excluding U.S. government guaranteed obligations) as rated by nationally recognized statistical rating organizations. The pools all have maturities of less than one year.

	Standard & Poor's
State Short-Term Investment Fund (STIF) Cutwater Asset Management - Connecticut	AAAm
CLASS Plus Money Market Funds*	AAAm
*Not rated	

#### **Investments**

As of June 30, 2013, the Town had the following investments:

			Invest	ment Maturities (Years)			
_	Credit	Fair	Less		More		
Investment Type	Rating	<u>Value</u>	Than 1	1-10	<u>Than 10</u>		
Interest-bearing investments:							
Certificates of deposit	*	\$ 6,847,648	-	\$ 6,847,648 \$			
Other investments:							
Mutual funds	n/a	1,550,968					
Total Investments		\$ 8,398,616					

<sup>\*</sup>Subject to coverage by Federal Depository Insurance and collateralization.

Interest Rate Risk - The Town limits their maximum final stated maturities to five years, unless specific authority is given to exceed. To the extent possible, the Town will attempt to match its investments with anticipated cash flow requirements.

*Credit Risk - Investments -* As indicated above, State Statutes limit the investment options of cities and towns. The Town has no investment policy that would further its investment choices.

Concentration of Credit Risk - At the time of acquisition, no more than 10% of the overall portfolio may be invested in deposits with a single bank, unless the deposits are fully insured or fully collateralized, or in repurchase agreements for a period longer than two days conducted through a single dealer.

Custodial Credit Risk - Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the Town or that sells investments to or buys them for the Town), the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have a policy for custodial credit risk. At June 30, 2013, the Town did not have any uninsured and unregistered securities held by the counterparty, or by its trust department or agent that were not in the Town's name.

#### 4. RECEIVABLES

Receivables as of year end for the Town's individual major funds and nonmajor, internal service and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	_	General	Ad	Sewer Iministration	_	Nonmajor and Other Funds	_	Total
Receivables: Taxes	\$	1,577,913	\$		\$		\$	1,577,913
Accounts Sewer assessments		76,793		4,463 243,344		95,254		176,510 243,344
Intergovernmental Gross receivables	-	1,369,342 3,024,048	_	247,807	-	95,017 190,271		1,464,359 3,462,126
Less allowance for uncollectibles	_	(457,975)	. <u> </u>	(4,500)	_			(462,475)
Net Total Receivables	\$	2,566,073	\$	243,307	\$	190,271	\$	2,999,651

Note: Above does not include accrued interest and liens on property taxes of \$606,490 and sewer use charges of \$83,267.

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

		<u>Unavailable</u>	_	Unearned
1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	\$	861,139	\$	
Special assessments		238,844		
Grant drawdowns prior to meeting all eligibility requirements				64,764
School building grants		1,106,750		
Premium on bond anticipation notes	_			82,397
Total Deferred/Unearned Revenue for Governmental Funds	\$	2,206,733	\$	147,161

# 5. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2013 was as follows:

	Beginning Balance	Transfers	Increases	Decreases	Ending Balance
Governmental activities:					
Capital assets not being depreciated:					
Land	\$ 3,694,247	\$	\$	\$	\$ 3,694,247
Construction in progress	4,575,017	(4,188,816)	2,783,176		3,169,377
Total capital assets not being depreciated	8,269,264	(4,188,816)	2,783,176	-	6,863,624
Capital assets being depreciated:

	-	

# 6. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Individual fund interfund receivable and payable balances at June 30, 2013 are as follows:

Receivable Fund	Payable Fund		Amount
General Fund	Sewer Administration Fund Capital Projects Fund	\$	7,664 8,346
	Nonmajor Governmental Funds		116,354
			132,364
Capital Projects	Nonmajor Governmental Funds	_	38,450
Nonmajor Governmental Funds	General Fund		186,296
Internal Service Fund	General Fund	_	105,685
		\$_	462,795

All interfund receivables and payables are the result of regularly recurring transactions and represent temporary balances.

	Transfers In			
	General Fund	-	Capital Projects	Total Transfers Out
Transfers out: General Fund Sewer Administration Fund	\$ 103,183	\$	685,283 132,114	\$ 685,283 235,297
Nonmajor Governmental  Total Transfers In	\$ 30,026 133,209	\$	817,397	\$ 30,026 950,606

All transfers represent routine transactions that occur annually to move resources from one fund to another.

## 7. LONG-TERM DEBT

### **Governmental Activities**

### Changes in Long-Term Liabilities

Long-term liability activity for the year ended June 30, 2013 was as follows:

	_	Beginning Balance		Additions	Reductions	-	Ending Balance	-	<b>Due Within One Year</b>
Governmental Activities:									
Bonds and serial notes payable:									
General obligation									
bonds	\$	12,430,000	\$		\$ 1,715,000	\$	10,715,000	\$	1,695,000
Clean water notes		927,449			85,414		842,035		87,138
Total	-	13,357,449	-	-	1,800,414	•	11,557,035	-	1,782,138
Less deferred amounts

OPEB obligation		839,276		192,402			1,031,678		
Compensated absences		969,788			27,025		942,763		112,150
Heart and hypertension									
claims	-	117,500	-	42,500			160,000	_	-
Total Governmental Activities									
Long-Term Liabilities	\$	15,766,337	\$	409,824	\$ 1,991,995	\$	14,184,166	\$	2,072,095

The following is a summary of bond and note issues at June 30, 2013:

Description	Date of Issue	Date of Maturity	Interest Rate (%)	Amount of Original Issue	Balance Outstanding June 30, 2013
Bonds/notes:					
Town:					
General obligation	11/1/2009	8/1/2024	2.0-4.0	5,518,350 \$	4,442,555
Schools:					
Refunding bond	3/1/2005	9/15/2018	3.0-5.0	10,705,000	4,235,000
Refunding bond	3/15/2003	3/15/2016	2.125-4.0	6,630,000	1,380,000
General obligation	11/1/2009	8/1/2024	2.0-4.0	816,650	657,445
Sewer:					
Clean water loan	5/31/2003	5/31/2022	2.0	1,715,669	842,035
				\$	11,557,035

All long-term liabilities are generally liquidated by the General Fund except for sewer notes, which are liquidated by the Sewer Administration Fund.

The following is a summary of long-term debt principal and interest maturities:

Year								
Ending		Bond	S	Note	S	Total		
June 30,		Principal	Interest	Principal	Interest	Principal	Interest	
2014	Ф	1 607 000 0	260 504 ф	07.120 A	16045 0	1.702.120 A	27.6.620

2024-2025	_	850,000	33,575			850,000	33,575	
	-							
Total	\$	10,715,000 \$	1,607,151 \$	842,035 \$	78,012 \$	11,557,035 \$	1,685,163	

## **Bond Anticipation Notes**

The following is a schedule of changes in bond anticipation notes for the year ended June 30, 2013:

Date	Maturity	Interest		Balance				Balance
Issued	<b>Date</b>	<b>Rate (%)</b>	-	July 1, 2012	Issued		Retired	June 30, 2013
10-6-11	7-5-12	1.50	\$	4,400,000 \$		\$	4,400,000 \$	-
7-5-12	4-13-13	1.00			7,250,000		7,250,000	-
4-4-13	10-4-13	0.75	_		8,700,000			8,700,000
			\$ _	4,400,000 \$	8,700,000	* =	4,400,000 \$	8,700,000

### **Capital Projects**

As of June 30, 2013, the Town had authorized unissued bonds of \$4,231,483 available to fund capital projects.

#### **Debt Limit**

The Town's indebtedness does not exceed the legal debt limitations as established by Connecticut General Statutes as reflected in the following schedule:

	Debt				
Category	 Limitation	_	Indebtedness	_	Balance
General purpose	\$ 70,287,937	\$	7,482,555	\$	62,805,382
Schools	140,575,874		6,357,178		134,218,696
Sewers	117,146,561		842,035		116,304,526
Urban renewal	101,527,020				101,527,020
Pension deficit	93,717,249				93,717,249

The total overall statutory debt limit for the Town is equal to seven times annual receipts from taxation, \$218.7 million.

The indebtedness reflected above includes bonds outstanding in addition to the amount of bonds authorized and unissued against which bond anticipation notes are issued and outstanding. School building grants receivable of \$1,106,750 for bond principal are reflected as deductions in the computation of net indebtedness.

## Capital Leases

The Town has entered into capital lease agreements for the purchase of a catch-basin vacuum truck, a dump truck, a pay loader and a fire truck.

The assets acquired through capital leases are as follows:

	Amount
Asset: Equipment Less accumulated depreciation	\$ 1,085,625 106,543
Total	\$ 979,082

The following is a schedule of the future minimum lease payments under the capitalized leases together with the present value of the minimum lease payments as of June 30, 2013:

Year Ending June 30	Amount			
2014	\$	191,706		
2015		178,221		
2016		91,508		
2017	_	91,508		
Total minimum lease payments		552,943		
Less amount representing interest	_	(30,514)		
Present Value of Future Minimum Lease Payment	\$	522,429		

#### 8. FUND BALANCE

The components of fund balance for governmental funds at June 30, 2013 are as follows:

						Major Special Revenue Fund	_			
		General Fund		Capital Projects Fund		Sewer Administration Fund	_	Nonmajor Governmental Funds		Total
	-	Fund	-	runu	-	Fund		Fullus	-	Total
Fund balances:										
Nonspendable:										
Endowment	\$		\$		\$		\$	3,000	\$	3,000
Inventories								9,335		9,335
Restricted for:										
Grants								239,645		239,645
Committed to:										
Sewer assessment						1,817,214				1,817,214
Capital projects				2,067,192						2,067,192
General government								835		835
Public safety								67,412		67,412
Public works								302,357		302,357
Health and welfare								88,101		88,101
Education								26,916		26,916
Recreation								106,444		106,444
Assigned to:										
General government - encumbrance	es	30,048								30,048
Public safety - encumbrances		10,961								10,961
Public works - encumbrances		28,375								28,375
Recreation - encumbrances		1,597								1,597
Education - encumbrances		363,984								363,984
Subsequent year's appropriations		650,000								
Unassigned		10,200,012	-	(6,122,338)	-	_		(841)		4,076,833
Total Fund Balances	\$	11,284,977	\$	(4,055,146)	\$	1,817,214	\$	843,204	\$	9,240,249

Encumbrances of \$434,965 are contained in the above table in the assigned category of the General Fund.

#### 9. RISK MANAGEMENT

The Town is exposed to various risks of loss including torts; public official liabilities; police liability; heart and hypertension claims; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Town purchases commercial insurance for all risks of loss except medical insurance. The Town established an internal service fund, the medical insurance fund, to account for and finance the retained risk of loss for the Town's medical benefits claims.

A third party administers the medical insurance plan for which the Town pays a fee. The medical insurance fund provides coverage for most Town employees. The Town has purchased a stop loss policy for total claims in any one year exceeding an aggregate of 125% of expected claims and for individual claims exceeding \$100,000. During the year, deductibles paid by the Town were insignificant. Settled claims have not exceeded commercial coverage in any of the past three fiscal years. There were no significant reductions in insurance coverage from amounts held in the prior year.

The medical insurance fund is substantially funded by the Town's General Fund based upon estimates for the number of employees and type of coverage (single or family) and trends in the insurance claims and estimates for administration. The claims liability reported is based on the requirements of GASB Statements No. 10 and 30, which require a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is possible that a liability has been incurred at the date of the financial statements and the amount of the possible loss can be reasonably estimated. The amount of claim accrual is based on the ultimate costs of settling the claim, which include past experience data, inflation and other future economic and societal factors and incremental claim adjustment expenses, net of estimated subrogation recoveries. The claim accrual does not include other allocated or unallocated claims adjustment expenses.

An analysis of the activity in the claims liability is as follows:

_	Medical Insurance Fund	Balance July 1	Current Year Claims And Changes In Estimates	Claims Payments	Balance June 30
	2011-2012 2012-2013	\$ 358,958 316,665	\$ 4,641,849 3,781,354	\$ 4,684,142 3,814,412	\$ 316,665 283,607

The Town has Traveler's Insurance Company for workers compensation coverage. The premium is subject to payroll audit at the close of the coverage period. Traveler's retains \$1,000,000 per occurrence. To limit liability, the Town has additional umbrella coverage provided by American Alternative Insurance Company in the amount of \$10,000,000 per occurrence.

#### 10. PENSION PLANS

#### **Municipal Employees' Retirement Fund**

#### A. Plan Description

Town employees, excluding teachers, participate in the Municipal Employees' Retirement System (MERS). MERS is a cost sharing, multiple employer public employee retirement system (PERS) established by the State of Connecticut and administered by the State Retirement Commission to provide pension benefits for the employees of participating municipalities. MERS is considered to be a part of the State of Connecticut's financial reporting entity and is included in the State's financial reports as a pension trust fund. MERS issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the State of Connecticut Retirement and Benefit Services Division, Office of the State Comptroller, 55 Elm Street, Hartford, Connecticut 06106.

Plan provisions are set by Statute of the State of Connecticut. MERS provides retirement benefits, as well as death and disability benefits. All benefits vest after 10 years of continuous service. Members who retire after age 55 with 10 years of continuous service or after 25 years of service, irrespective of age, are entitled to an annual retirement benefit, payable monthly for life.

#### **B.** Funding Policy

Covered employees are required by State Statute to contribute 2-1/4% of earnings upon which Social Security tax is paid plus 5% earnings on which no Social Security tax is paid. Each participating municipality is required to contribute the amounts necessary to finance the remaining costs of the plan.

The required and actual contributions for the years ended June 30, 2011, 2012 and 2013 were \$617,037, \$700,489 and \$732,126, respectively.

#### **Teachers' Retirement Plan**

All Town teachers participate in the State of Connecticut Teachers' Retirement System, a cost sharing plan with a special funding situation, under Section 10.183 of the General Statutes of the State of Connecticut. This is a multiple-employer PERS. A teacher is eligible to receive a normal retirement benefit if he or she has:

- Attained age 60 and has accumulated 20 years of credited service in the public schools of Connecticut, or;
- Attained any age and has accumulated 35 years of credited service, at least 25 years of which are service in the public schools of Connecticut.

The Board of Education withholds 7.25% of all teachers' annual salaries and transmits the funds to the State Teachers' Retirement Board. Teacher payroll subject to retirement amounted to \$13,726,681.

The retirement system for teachers is funded by the State based upon the recommendation of the Teachers' Retirement Board. Such contribution includes amortization of actuarially computed unfunded liability. For the year ended June 30, 2013, the Town has recorded in the General Fund intergovernmental revenue schools and schools expenditures in the amount of \$2,878,485 as payments made by the State of Connecticut on behalf of the Town. The Town does not have any liability for teacher pension.

The State of Connecticut Teachers' Retirement System is considered to be a part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports may be obtained by writing to the State of Connecticut, Office of the State Comptroller, 55 Elm Street, Hartford, Connecticut 06106.

#### 11. POSTEMPLOYMENT HEALTHCARE PLAN - RETIREE HEALTH PLAN

#### A. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Retiree Health Plan (RHP) are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Administrative costs of the plan are paid by the Town.

#### **B.** Plan Description

The RHP is a single-employer defined benefit healthcare plan administered by the Town of Windsor Locks. The RHP provides medical benefits to eligible retirees and their spouses. All employees of the Town are eligible to participate in the plan. Benefit provisions are established through negotiations between the Town and the various unions representing the employees.

The plan is considered to be part of the Town's financial reporting entity and is included in the Town's financial report as the Other Postemployment Benefits Trust Fund. The plan does not issue a stand-alone financial report.

At July 1, 2011, plan membership consisted of the following:

	Retiree Health Plan
Retired members and their spouses Active plan members	42 321
Total Participants	363

### C. Funding Policy

The contribution requirements of plan members and the Town are also negotiated with the various unions representing the employees. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly towards the cost of health insurance premiums as follows:

#### Town Employees

The cost per month for Town employees receiving coverage is \$604 per month for retiree only coverage and \$1,257 per month for retiree and spouse coverage.

#### **Board of Education Employees**

The cost per month for Board of Education employees receiving coverage is \$596 per month for retiree only coverage and \$1,242 per month for retiree and spouse coverage.

For the year ended June 30, 2013, plan members contributed \$345,715, and claims and benefits paid were \$392,124. Employer contributions were \$179,841. The Town is required to contribute the balance of the current premium cost and may contribute an additional amount as determined by the Town in order to prefund benefits.

### D. Annual OPEB Cost and Net OPEB Obligations

The Town's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the Town's annual OPEB cost for the year, the amount actually contributed to the plan and changes in the Town's net OPEB obligation:

	-	Retiree Health Plan		
Annual required contribution (ARC) Interest on net OPEB obligation	\$	375,382 62,946		
Adjustment to annual required contribution		(66,085)		
Annual OPEB cost Contributions made		372,243 179,841		
Increase in net OPEB obligation Net OPEB obligation, beginning of year	•	192,402 839,276		
Net OPEB Obligation, End of Year	\$	1,031,678		

The Town's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for the fiscal years ended June 30, 2011, 2012 and 2013 are presented below.

Fiscal Year Ended	Annual OPEB Actual Cost (AOC) Contribution		Percentage of AOC Contributed	Net OPEB Obligation		
6/30/11 6/30/12 6/30/13	\$ 441,141 \$ 451,913 372,243	330,534 222,980 179,841	74.93 74.92 48.31	% \$	610,343 839,276 1,031,678	

### **Schedule of Employer Contributions**

Fiscal Year Ended	Annual Required Contribution (ARC)	Actual Contribution	Percentage of ARC Contributed	
6/30/11 6/30/12 6/30/13	\$ 443,010 \$ 454,196 375,382	330,534 222,980 179,841	74.61 49.09 47.91	%

#### **Schedule of Funding Progress**

Valuation Date	Actuarial Value of Assets	_	Actuarial Accrued Liability (AAL)	 Unfunded AAL (UAAL)	Funded Ratio	_	Covered Payroll	UAAL as a Percentage of Covered Payroll
7/1/2007	\$	\$	5,248,420	\$ 5,248,420		%	\$ 23,806,952	22 %
7/1/2009	374,934		4,105,823	3,730,889	9		24,096,139	15
7/1/2011	1,065,348		3,924,205	2,858,857	27		23,952,238	12

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as accrual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections for benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2011 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 7.5% investment rate of return, which is the rate of the expected long-term investment returns of plan assets calculated based on the funding policy of the plan at the valuation date. The annual healthcare cost trend rate is 8% initially, reduced by decrements of 1% to an ultimate rate of 5% for 2014 and later. The actuarial value of assets was determined using the closed group method. The UAAL is being amortized each year over a constant 30 year period, as a level dollar amount.

#### 12. CONTINGENT LIABILITIES

The Town is a defendant in various lawsuits. It is the opinion of Town officials that such pending litigation will not be finally determined so as to result individually or in the aggregate in a final judgment against the Town that would materially adversely affect its financial position.

#### 13. SUBSEQUENT EVENTS

On October 1, 2013, the Town issued \$4,740,000 of General Obligation Bonds. The bonds carry interest rates ranging from 2.0% to 4.0%.

On October 4, 2013, the Town issued \$4,510,000 of Bond Anticipation Notes. The notes carry an interest rate of 1.25% and will mature July 1, 2014.
